Court Clerk's Office. The written decree of Judge Mar-shall, suspending the injunction against the United States, Smelting, Refining & Mining company, has been filed in the office of the clerk of the court and covers the ground indicated by the court orally last March. Briefly stated the conditions agreed to between the attorneys of the farm-ers, who brought the original suit, and the smelting company are as follows: (1) No more than 1.500 tons of or-can be treated daily at the smelter. This is to be entirely lead ore, no cop-per being allowed. The support acid in this ors must not exceed 19 per cent. The Sloux Con, is making good progess in developing its property, says the Eureka Reporter, Since the installation of the plant in September, the per cent.

comes news of the discovery of means of to murder Europeans by means of bombs. The conspiracy appears to be of an extensive enaracter, and many arrests have been made. The ve-spon-ibility for the plot is placed on the natives, a number of incriminat-ing documents having been selzed to-gether with a supply of bombs and other explosives. The discovery of the plot was made through the arrest and confession of the author of the bomb outrage at Almocufferpur, the capital of the pro-vince of the same name in Ben, al, in which two Europeans were killed. The indian news generally concur that there is no cause for alarum or for grave anxiety, if, as is hoped, the ameer is not directly responsible for the attitude of the Afghan border tribes, but they point out that until

the attitude of the Alguna bottell tribes, but they point out that until the uncer's attitude is definitely known, it behooves the government to be alert and prepared for eventuto pe a alitics.
