A duet was rendered by Miss Philie Hancock and Mrs. N. P. Jones, a solo by Julian Edwards and a cantata by Claude Marriott and the choir.

HANS MADSON SUMMONED.

Hans Madson, another of Weber county's pioneers, passed to the great beyond late Saturday afternoon, after a lingering illness, at the family residence on West Twelfth street. Mr. Madson was a long and personal of the late Lorin Farr and like the latter was one of the upbuilders of a splendid district that will always be a monument to his name. He is survived by a wife and five children, Oscar Madson, county commissioner; Dell Madson of the Harriman dining car department; N. F. Madson of the Utah Mountain Bell Telephone company; Roy Madson and Mrs. John Peterson, and three grandchildren.

The notice of the funeral will be made later.

FUNERAL OF JAMES YERGER.

Most impressive and yet simple were the funeral services held over the body of James Yerger, the 14-year-old son of Mr. and Mrs. William Yerger, who died at the family residence in this city. The services were held from the lamn ward meetinghouse Sunday afternoon at 2 o'clock, with Bishop Oscar Turquist presiding.

TO PLAIN CITY BY RAIL.

The officials of the Amalgamated Sugar company have taken up with the Oregon Short Line the construction of a spur from the factory to Plain City and Warren. Recently representatives of the sugar company have made a trip over the proposed route together with their engineer and they are of the opinion that it can be built without very much expense in the matter of grading. If the road is built it will prove of inestimable value to the farmers residing in the northwestern part of the county which is one of the best beet and grain districts in that part of the state. The fields in that section are very bad in

Must prescribe some of the ingredients that are contained in Hood's Sarsaparilla—for all troubles of the blood, stomach, kidneys and liver. They include sarsaparilla, stillingia, yellow dock, gentian, wild cherry bark, mandrake, dandelion, juniper berries, pipsissewa, etc.

The combination and proportions are our own formula and give power to cure beyond the reach of any other prescription. There is no real substitute for it. If urged to buy any preparation said to be "just as good" you may be sure it is inferior, costs less to make, and yields the dealer a larger profit.

A meeting was held in the morning of the officers of the ward. The afternoon session was devoted mostly to the reorganization of the ward. Bishop Miller, whose health has been impaired for more than a year past, tendered his resignation as bishop of the ward, which was accepted, with deep regret. He was also tendered a hearty vote of thanks for his efficient labors during the eight years during which he has presided over this ward with fidelity and integrity. Bishop Miller is not only loved and esteemed by his own people but by every person in the community regardless of his faith and creed. During his incumbency a new ward house, costing in the neighborhood of \$25,000, has been built.

Michael Mauss was chosen as Bishop Miller's successor, and in Elder Mauss the people have every confidence. He is well known and highly esteemed by everybody, having been the city marshal for a number of terms. He is also known throughout the state as the father of the famous Murray triplets. Elders P. G. Johnson and Charles Brown were retained as counselors in the bishopric.

The superintendency of the Sunday school was also reorganized. Superintendent C. A. Soderberg is moving out of the ward and tendered his resignation. Thomas Martin was named as his successor with C. H. Banks as first assistant and G. M. Mordant as second assistant, all of whom are experienced Sunday school workers.

ACHES AND PAINS.

You know by experience that the aches and pains of rheumatism are not permanent, but only temporarily, relieved by external remedies. Then why not use an internal remedy—Hood's Sarsaparilla, which corrects the acidity of the blood on which rheumatism depends and cures the disease? This medicine has done more for the rheumatic than any other medicine in the world.

INJURIES PROVE FATAL.

Mrs. James B. Christensen Run Down By Horse—Successful Co-op Store.

Special Correspondence.
Spanish Fork, Utah Co., Jan. 21.—Mrs. James B. Christensen of this city died yesterday afternoon, as the result of an accident, which occurred about four weeks ago. While walking on Main street she was run down by a horse and sustained very severe injuries. After being confined at home for about two weeks, she contracted pneumonia, which was the immediate cause of her death. What makes the case more sad is the fact that Mr. Christensen was in Denmark on a mission at the time of the accident. A message was forwarded to him two weeks ago, and it is supposed he is now on his way home although no word has yet been received from him. The family is awaiting his arrival or some word before any arrangements for the funeral are announced.

BRANCH NORMAL GYMNASIUM.

Completed and Furnished—Smallpox Scare—Prohibition Sentiment.

Special Correspondence.
Cedar City, Iron Co., Jan. 21.—The last legislature made an appropriation of \$10,000 for the erection of a new shop and gymnasium at the branch normal. That building is now completed, and the shop and gymnasium material has been installed. It is a model structure of its kind, and will be of great value in the shop and physical culture courses.

SMALLPOX SCARE.

There was considerable excitement in Cedar on the return of the students from the holiday festivities owing to the fact that some had been exposed to smallpox. One case broke out among the Panguitch students; but Principal Decker and the local board adopted stringent measures. Some of the students were vaccinated, but all were disinfected, and the Panguitch students were quarantined for several days. No new cases have broken out, so it is thought the situation is well under control. The schools have not been interrupted.

PROHIBITION TALK.

Prohibition seems to be the absorbing talk in Cedar. Yesterday at the chapel exercises at the normal, instructor Hansen made a strong plea for temperance. He urged the necessity of total abstinence on the part of the young men, but maintaining that to be successful the prohibition movement must educate the young people to see the necessity of letting intoxicants alone.

The local electric power plant has been put into shape again, and everything will run as smoothly as ever. The lights will be on until midnight and again at 5 a. m.
