PARLIAMENT FOR THE PHILIPPINES

President Preparing to Redeem His Promise Made to People of Islands.

TO CALL GENERAL ELECTION.

Inhabitants Showing Signs of Agitation and Expecting Benefit That Cannot be Realized.

Voters Must Possess Certain Prescribed Qualifications, Which Will Largely Restrict the Suffrage.

Washington, Oct. 30.—The president is preparing to redeem his promise made to the Philippine people through Sec. Taft that they shall have a parliament of their own, conditioned upon their good behavior for a term of two years, and it is understood that Sec. Taft himself will proceed to the Philippines next spring to witness the installation of the new form of representative government. March 27, 1906, the Philippine census was published and consequently two years from that date, March 27, 1908, under the terms of the act of Congress, the president will direct the Filipino commission to call a general election for which the voters must be at least 21 years of age; must be able to read and write either Spanish or English; must own a certain small amount of property, or must have been in the past an employer under a Spanish government. The new assembly will consist of two houses, one known as the Philippine assembly, and the other as the Philippine senate, and will have 100 members. It is possible that the present commission will be merged in the upper house.

CONDITIONS IN PHILIPPINES.

San Francisco, Oct. 30.—Henry Clay, late governor general of the Philippines, arrived here yesterday on the liner Hongkong Mail, accompanied by his daughter, Miss Marjorie Ide. He has come home after more than five years' service in the far east, to attend the marriage of his daughter to Louis C. Ide. The wedding will take place at the Ide home in St. Johnsbury, Vt., shortly after Gov. Ide's arrival. Speaking of conditions in the islands, he said: "The Philippines are today in better shape than they ever were under Spanish or American rule. The labor question is no longer a problem. "What the Philippines need, however, is a square deal in the matter of the tariff. By annexation we killed the sugar market for the sugar and tobacco of the Philippines, and by our tariff we barred these products from the United States. Both industries are in a state of prostration. "The people are suffering almost entirely in the hands of the natives, and most in Leyte and Samar, where wild tribes make war on the lowlanders, and peace in the Philippines."

CHICAGO & ALTON CASE.

Railroad Charged With Discrimination in Freight Rates. Chicago, Oct. 30.—President S. M. Felton of the Chicago & Alton railroad was the witness called today in the hearing of the case brought by the Brotherhood of Sleeping Car Porters and the Brotherhood of Railroad Trainmen against the Alton road for alleged discrimination in freight rates. It is alleged by the union men that the railroad company charged as much for hauling a certain amount of freight from East St. Louis to Springfield as it did for hauling the same amount of freight from East St. Louis to Peoria. President Felton in answer to questions said he did not know if the rates were more than the rates between East St. Louis and Springfield, and whether or not the Alton road ever made a discriminatory charge. In the conclusion of President Felton's evidence the case was adjourned until tomorrow.

The association has turned for the moment from the consideration of cattle, sheep and hogs to the culture of humans, and it will be the ultimate business of the committee of eugenics, just appointed, to keep an eye out for ill-mated pairs. CALIFORNIA SEEMS TO BE BOOMING.

San Francisco, Oct. 30.—Marked improvement has been noted in all industrial lines in California during the month of October. The California Industrial promotion committee shows that the entire state is benefiting by the era of recovery. More than 30,000 people have come to the state in this fall's tourist season, who have spent in improvements in the state. More than 35,000 men are doing construction work and 20 carloads of debris are being removed daily. Market and its debouching streets have been practically cleared of debris and sidewalks are being repaved. The trucks, which have a number of 4,496 have been issued at a total valuation of \$2,000,000, or within a matter of days. The state is being more during the two years after the fire in that city. Continued high percentage increase in bank clearing after the insurance settlements shows that business is on a substantial basis.

FIFTY-TWO BODIES CLAIMED.

Killed in Sunday's Accident Near Atlanta City Will Not Exceed Sixty.

Atlanta City, Oct. 30.—With all the recovered bodies identified and names reported missing, the authorities are certain that the number killed on Sunday in the bridge disaster will not exceed 60. Fifty-two bodies have been claimed, two of these placed among the missing are known to be dead and five are still unaccounted for. These seven victims are believed to be wedged beneath the second passenger coach, which is held fast in the muddy bottom of the thoroughfare. Efforts last night to dislodge this car produced little result. The trucks, weighing about 10 tons, have sunk deep into the mud. As a last resort it was suggested that the bridge be taken down and several days of work, but this will not be done unless all other plans fail. The investigation will begin on Thursday, and Coroner Cassell thinks that it may be a week or more before a verdict is reached.

Stensland, the former president of the Milwaukee Avenue State bank and now a convict in Joliet prison, was called today in the custody of an officer to testify in the trial of Henry W. Hering, the former cashier of the bank, whose trial commenced today. At the opening of court it was thought that the witness part of the case would be consumed in the effort to obtain a jury. It is not expected that Stensland will take the stand for several days. Soon after the case was called the attorneys for Hering announced that they desired a verdict in the case, and that they would make application to the court for a change of venue on the ground that Hering cannot be given a fair trial in this county.

St. Petersburg, Oct. 30.—The morning of the first anniversary of the proclamation of the imperial manifesto to giving a constitution, passed in St. Petersburg without any disorder being reported. To Demus were celebrated in the cathedrals and churches, and only small crowds of people were to be seen in the flag decorated streets, many of the residents deciding to stay indoors owing to the fear of becoming involved in trouble. Students in uniform were conspicuously absent as the result of a warning issued at the meeting held in the university yesterday that hands of reactionary rowdies had been formed to beat pedestrians in student garb. The gathering of the city was distributed in accordance with the emergency regulations for preserving order. Large forces of infantry and cavalry were concentrated in the vicinity of the Kazan cathedral, whose portico was guarded by soldiers and a large number of troops were gathered in the neighborhood of the university, but the military were kept out of sight, so far as possible, in the interior of courts and buildings. Special guards were stationed at all the railway stations.

CHAIRMAN WOODRUFF MAY APPEAL TO THE PRESIDENT

New York, Oct. 30.—Timothy L. Woodruff, chairman of the state Republican committee, said today that he would advise President Roosevelt to repudiate a campaign document issued by the Independence league in support of William H. Hearst's candidacy for governor. Mr. Woodruff objects to the publication in parallel columns of extracts from the speeches of the president and Mr. Hearst as to the proper use of wealth. Mr. Woodruff said: "I am greatly disappointed that President Roosevelt, who has a long and distinguished record, should be so unfairly treated. His attention was called to the Hearst publication and I made an investigation which disclosed the facts regarding the publication of the parallel columns of the president and Mr. Hearst. It is a serious matter and will urge upon the president the advisability of breaking his rule of silence in local political matters and reply to this insinuation. "I am aware that the president is not inclined to interfere in state politics, but in view of this publication, I would strongly urge that the president break his silence and repudiate the statement. The publication referred to by Mr. Woodruff quoted President Roosevelt's speech at Oyster Bay, Sept. 8, 1906, in which he is reported as saying that the multimillionaire is not a harm but a good to the community if he appreciates that he is only a trustee for that wealth and uses it for causes of goodness. "From the speech of the president at Washington on July 6 last he is quoted as saying that every wealthy man may some time play a useful part in life, but they rarely are as useful as lives which are expended in different fields from those of money-getting. Against this, Mr. Hearst is quoted in a parallel column as saying there should be as soon as possible an equal distribution of wealth; that I believe in organizations that tend to distribute wealth; that its distribution is as important as its creation; and that one law driving millions will do more than any other single thing to regulate trust inequality.

GEORGE B. DAVIS FATAALLY HURT

Old Time Bookkeeper the Victim Of An Automobile Accident.

HE DIED THIS AFTERNOON.

Car Was Driven at a Rapid Rate Of Speed and Not Provided With a Horn.

CHAUFFEUR CHARLES H. NORBERG SAID THE MACHINE WAS A STRANGE ONE TO HIM.

George B. Davis, an old-time bookkeeper of this city, was run down by an automobile at the intersection of West Temple and Second South streets at 10:45 this morning and fatally injured. Davis died at St. Mark's hospital at 1:45 this afternoon without regaining consciousness. The automobile was an "American" party campaign vehicle rented from the Utah Auto Co. and driven by Charles H. Norberg, a young chauffeur who lives in Forest Dale.

SHOUTED WARNING.

The car was not provided with a horn and was driven at a rapid rate when the unfortunate man was struck. Just prior to the impact, both Norberg and W. O. Norrell, the occupants of the automobile, shouted, and Davis immediately in front of the car. He was hit squarely on the left hip and for a moment sprang over the hood and then by the momentum of the machine was thrown backwards on the pavement, his head striking the ground with a sickening crash, which was distinctly heard across the street. One wheel of the machine passed over his left arm, breaking it and twisting it out of shape.

TAKEN TO HOSPITAL.

Bystanders and the two men in the automobile picked him up and carried him into Hill's drug store, where first aid was rendered until the arrival of Dr. F. B. Steele, who immediately summoned an ambulance and had the injured man taken to St. Mark's hospital without delay. The unfortunate man's body was badly bruised, his arm broken, and it is believed his skull was fractured.

CONFLICTING STORIES.

The stories told by eyewitnesses are conflicting. W. O. Norrell, who was riding in the car, when he first entered the drug store, where the unfortunate man, stated that the chauffeur took the crossing at a high rate of speed. R. L. Kelly, who rooms at the Continental, said he could not for the life of him see how it was that the chauffeur ran him down. It looked to me as though he had plenty of time to stop. I could have pulled him out of the way had I thought that he was going to be hit. Davis seemed to be confused and at the last moment dodged immediately in front of the machine.

WERE NOT LOOKING.

Mr. Norrell's story points to the fact that the chauffeur turned his head at the crossing and did not look where he was going. "We just passed another automobile in which was a man I was looking for," he said, "and we both turned round to call to him. The next moment we were right on to the man Davis."

WHO DAVIS IS.

Mr. Davis, who roomed at the Lincoln House, has been a bookkeeper at St. Mark's for 30 years. For years he worked for Cunningham & Company. Of late years he has kept books for a number of small business concerns, working for two or three hours a day at each. When he was struck this morning he was on his way to the bank for George Roper and the fact that the book was found on him led to the report that Mr. Roper had been killed. He is a widower and has two sons whose addresses at this time are unknown.

DUBOIS PROGRAM.

Plan of the Disappointed Senator to Disfranchise the Mormons.

The following special dispatch to the organ of knuckers and destruction is causing no end of comment in political circles in the two states:

Boise, Ida., Oct. 29.—The Mormons in Idaho are to be challenged at the Nov. 6 election, under the provisions of the Idaho state constitution. Much interest has centered about this matter for some days past, but now it is assured.

The Democratic state committee, which has been making a persistent campaign for the past 60 days against the Church all over the state, yesterday gave out tonight the following statement on the matter:

"The Mormons of Idaho will be challenged as to their constitutional right to vote in Idaho. Hon. Charles H. Jackson will leave today for the southeastern part of the state to take charge of the organization of the work leading up to these constitutional challenges."

"The state committee took the view of the situation that under the sworn testimony of the leaders of the Church, given in to Smoot case, no Mormons can vote under the provisions of the Idaho state constitution."

"The committee's view of the situation has been based upon the sworn testimony of the leaders of the Church, given in to Smoot case, no Mormons can vote under the provisions of the Idaho state constitution, as provided in section 3 of article 6."
