The treaty between Prussia and Saxony has been fully ratified. Saxony pays 10,000,000 florins and disbands her army.

The Baden House of Deputies rejected the proposed alliance with Prussia.

Money is unchanged. Governments steady. Gold decidedly stronger, under a bull attempt to run up prices.

After the 1st of November the tariff on all cable messages will be reduced fifty per cent.

The Herald's Paris correspondent says the Empress Carlotta is insane. She is at Mirami. During her frequent interviews with the Pope she gave evidence of excited mysticism and puerile piety. Her failure with Napoleon and the pending downfall of her throne in Mexico, added to the reverses of her own family in Europe, the humiliation of Austria, and the death of her father Leopold, so preyed upon her mind that, fleeing to Rome, she threw herself at the feet of Pius IX, imploring his protection, and absolutely refused to quit the Vatican.

The Emperor of Austria has ordered a special steamer to proceed with haste to Vera Cruz, but for what errand is not publicly known. It is certain, however, that the cable has been liberally used to confer with Maximilian.

Most of the French Journals give up the cause of Maximilian in Mexico.

Advices from Mexico to the 9th say, the affairs of the Empire are daily growing worse, and an important conference had taken place between Maximilian and his ministers.

The Herald's Charleston correspondent says, prominent South Carolina politicians are aiding Governor Orr to carry the constitutional amendment through the Legislature.

Washington, 25.

Gen. Sherman arrived here to-night. Gov. Swan was again here to-day, in consultation with the President, but there are no new developments in the Baltimore imbroglio, the tendency being, however, toward a peaceable adjustment.

Cuthbert Bullitt has been removed from the U. S. Marshalship of Louisiana, and D. H. McKee of New Orleans appointed.

The amount of gold in the Treasury has reached \$95,000,000, including eleven million in certificates. Twenty-four million will be disbursed on the 1st of November, on twenty-five coupons.

Col. Lynch of Louisville, Kentucky, one of the leaders of the Fenian raid, captured at Fort Erie, and since held prisoner, was to-day, after trial before the civil court, sentenced to be hung on the 13th of December.

New Orleans, 26.

The following important letter, addressed to Gen. E. L. Sedgwick, commanding the United States forces at Brownsville, appears this evening:—

Headquarters, Department of Gulf, New Orleans, Oct. 23rd.

General:—I am satisfied there is only one way in which the state of affairs on the Rio Grande can be bettered, and that is, by giving the heartiest support to the only Government in Mexico recognized by our own, the only one which is friendly to the United States. You will, therefore, warn all adventurers of any party or pretended government in Mexico, or in the State of Tamaulipas, that they will not be permitted to violate the neutrality laws between the Liberal Government of Mexico and the United States, and that they will not be permitted to remain in our territory or receive protection from our flag in order to complete their machinations for the violation of our neutrality laws. These instructions will be enforced against the adherents of Imperial buccaners representing the so-called Imperial Government of Mexico, and also against the Ortega, Santa Anna and other factions. The President is the acknowledged head of the Liberal Government of Mexico.

I am, General, very respectfully, your obedient servant,

P. H. SHERIDAN, Maj.-Gen. Commanding.

Toronto, Canada, 26.

The Court resumed the trial of Fenian prisoners. The Rev. John McMahon, Catholic priest, being arraigned, was proved to have been among the Fenian invaders at Fort Erie; his counsel urged that he was there by compulsion as spiritual adviser for the wounded and dying, and was not himself a combatant. Judge Wilson charged the jury, who returned a verdict of guilty, and the prisoner was sentenced to be hung on the 13th of December, the same day as Colonel Lynch, already condemned. Rumours prevail of an attempt to rescue Lynch and McMahon, and there is considerable excitement.

New York, 26.

The Fenian trials at Toronto cause great indignation in Fenian and Democratic circles. Mayor Hoffman convened the Common Council, who adopted resolutions, asking President Johnson to interfere. Tammany Hall had a rousing meeting, and also adopted resolutions.

Roberts' headquarters are unusually animated. The Fenians loudly declare if Lynch and his fellow-prisoners are hung Canada will suffer a fresh invasion and their revenge.

Washington, 27.

Gen. Sherman, with Grant, had an

interview with the President to-day, and the belief prevails that he will temporarily assume the War Department after Stanton has finished his annual report.

Sherman, Grant, and Romero occupied a private box at the Theatre last night.

Gen. Connor, formerly commanding in Utah, telegraphs from Salt Lake that the Gentiles are panic-stricken, and advises the Rev. Norman McLeod not to return.

New York, 27.

The Tribune's Berlin letter of the 11th says, Dr. Laugenbeck, Chief Surgeon of the Prussian army, left several days ago for Birratz, to consult with the physicians of the French Emperor on the possibility of an operation. Yesterday a despatch was received from the Prussian Embassy at Paris, which says, there is no hope of the recovery of Napoleon.

Chicago, Oct. 27.

Pennsylvania official vote—Geary, 307,991; Clymer, 289,855. Ohio official—For Secretary of State, Smith, Rep., 106,302; Lefevre, Dem., 213,606. Indiana official—Secretary of State, Truster, Rep., 169,618; Manson, Dem., 155,102. It will be seen that the totals are in all cases largely increased over the votes for Lincoln and McClellan two years ago.

New York, 29.

A vast concourse of nearly 50,000 people assembled in Jones' Woods yesterday, to hear James Stephens, it being understood that this was his last public speech before returning to Ireland, where he said the blow would be struck before the beginning of the New Year. He urged the Fenians in America to renewed exertions in aid of the Brotherhood in Ireland.

A meeting of Fenian circles in the German Assembly room last night, resolved to avenge the death of the convicted Fenians in Canada, should their sentence be executed.

The Commander of our squadron in Peruvian waters refuses to salute the Peruvian flag when displayed on their flag-ship, because Admiral Tucker served in the rebel navy. The Secretary of the Navy has referred the matter to Secretary Stanton for decision.

New Orleans, 28.

Gen. Hentzleman succeeds Gen. Getty in command of the Department of Texas. Ten more companies of infantry are ordered to Texas, and all the cavalry has gone to the frontier.

Chicago, 29.

Secretary Seward has directed our Consul at Toronto to procure a copy of the record of the trial and conviction of Lynch and McMahon, and also of all further trials and convictions of a similar character; and he has addressed Sir Frederick Bruce, the British Minister at Washington, notifying him that our Government will take the action required by the highest considerations of national dignity. Seward says to Bruce: It would be very gratifying to the President if you should be able to give assurances that the execution of the sentences will be suspended, if occasion for delay shall arise. Finally, I deem it proper to say that the offenses involved in these trials are in their nature eminently political, and it is the opinion of this Government that sound policy coincides with the best impulses of a benevolent nature in recommending tenderness, animosity and forgiveness. This suggestion is made with freedom and earnestness, because the same opinions were proposed to the United States, in our recent civil war by all the Governments and public bodies of Europe, and by none with greater frankness and kindness than by the Government and Statesmen of Great Britain.

Judge Wilson, in pronouncing sentence of death on Col. Lynch last Thursday, said the evidence brought to bear in the court is clear and conclusive that you were not in Canada as a newspaper reporter, on the occasion charged in the indictment, but that you were armed and in some kind of command. But even if you were there as a reporter you are not guiltless; your object in that case was to encourage others to come. If these men had been successful, or if a reverse had happened, looking at your conduct in that light you cannot be surprised that the law should be enforced,

and you suffer its penalty. You complain unjustly that those who were in command on that occasion were not allowed to come here to testify in your behalf. If the Crown had given any such pledge of safe conduct as has been spoken of, it could not be carried out. You have had all the justice you could possibly get. As the law now stands you might be sentenced to immediate execution, but inasmuch as that law is *ex post facto* as to you, I shall not exercise any discretion I may have to shorten your existence one hour. Moreover, you have a right to bring the whole case into Court upon appeal, and God forbid that I should deprive you of that opportunity. The period of your execution will, therefore, be delayed till the end of the next term.

Prisoner Robert B. Lynch is a native of Galway, aged 48 years, and was connected with the Quarter-master's Department at Louisville during the war. He claims to have been in Canada as a correspondent of the Louisville Journal, and, before sentence of death was pronounced, said:—I am innocent of the crime charged against me, of which I have been found guilty, and I here pledge myself before that God in whose presence I must appear some day, that I am innocent.

Washington, 28.

The Mexican Minister has received dispatches from the city of Puebla, Mexico, containing an official report of the battle at Ixmiquillan, where the Belgian legion was entirely cut to pieces. Col. Vandervessen, the Belgian commander, attacked Ixmiquillan, a place 30 leagues from the City of Mexico, defended by Mexicans, and was repulsed. The legion lost 20 officers killed on the spot, and retired to Tutulla, leaving their artillery in the hands of the Mexicans. Their officers who survived the battle have since embarked at Vera Cruz for Belgium.

The following is a translation of a letter received here to-day:—Vera Cruz Oct. 12. The St. Mazaire steamer arrived here early this evening, Gen. Castleman being on board. His instructions are to send to France, in two detachments, all the troops that are here. He brings besides a message from Napoleon to Maximilian, advising him to abdicate in favor of anybody he pleases, and to go home. He is authorized to offer Maximilian the protection of the French flag, with a view that he may return in safety to Miramir. The Marquis De Gallifet has no mission of any kind, and only comes to join his regiment and return to France. Gen. Bazine came to Puebla to meet Gen. Castleman. The General feels very sore against Maximilian for the very discreditable reports that Carlotta has spread in Europe.

New York, 29.

Gov. Orr authorizes the South Carolinian to say that he is utterly and unequivocally opposed to the constitutional amendment, and will not recommend its adoption by the legislature.

The London Star, of a late date, says Colonel Taylor, the government whipper-in, has forwarded a circular to the conservative agents throughout England, urging them to devote special attention to the new register, as an appeal to the country will be made next session. Great reform demonstrations are to be held in London, Edinburgh and Glasgow.

Chicago, 29.

The excursionists over the Pacific railroad, from Omaha to the 100th meridian, returned here last evening, and the officers, directors and commissioners of the Union Pacific Railroad, will have a public reception today. Their was a light fall of snow throughout the northwest on the 27th.

A THRIVING CITY.—A correspondent writing from the West says, Kansas City, Missouri, will soon be a city of one hundred thousand inhabitants. Its annual review of trade as published in the annals of that city, showed a business of \$6,011,300 34. Behind, and commercially tributary to Kansas City, is a grain and fruit producing country larger than the States of Ohio, Indiana, Illinois, Michigan, Iowa and Minnesota, with no other outlet save through that city.
