

COLOMBIA IS READY TO FIGHT.

Threatens to Send an Army to
Panama Unless the United
States Recedes.

MAKES A STRONG PROTEST.

Prompt Reply Asked, and if Not Satisfactory
Diplomatic Relations May
Be Severed.

New York, Nov. 19.—Official reply was made today, says the Herald's Bogotá, Colombia, correspondent, under date of Nov. 13, to the note presented by United States Minister Beaupre, informing the Colombian government that Washington had entered into official relations with the republic of Panama. The reply was framed by Senator Carlos Ricos, minister of foreign affairs, who vigorously defends his government and threatens to march an army on Panama unless the United States immediately recedes from its position.

"That the Colombians are willing to fight for their dignity and, if possible, to make Panama, is shown by the strong support offered the government and the popular approval of Minister Ricos' stand."

The minister in his note to the United States through Mr. Beaupre says: "The Colombian government protests energetically at the attitude taken by the United States, by the recognition of Panama and the warning that the United States will not allow Colombia to put down the rebellion the heretofore friendly relations existing between the two governments have arrived at such a critical state that it is absolutely impossible to continue diplomatic relations, unless the Washington government should immediately give notice that it has no intention to prevent Colombia from retaking the isthmus or to extend any recognition to the belligerents."

The note concludes by stating that "a prompt reply is awaited from Washington, as the Colombian army is ready to march on Panama at once."

Adding to the indignation of the people and stirring them in their preparations for war is a dispatch alleged to have been received by saying Germany "disapproves of the course taken by the United States and conspires for interference at Panama."

This message has caused general rejoicing, and on all sides are heard cheers for Germany.

Gen. Perdomo has been appointed commander-in-chief of the Colombian army. He is possibly the best informed officer in Bogotá on affairs on the isthmus, having acted in an official capacity at Panama during exciting times there. He was once governor of Panama.

It is announced that the French colony at Bogotá has extended sympathy to the government, and offers to contribute \$500,000 for its support.

A WOMAN'S BACK.

The Aches and Pains Will Disappear if the
Advice of This Lake City Citizen
Is Followed.

A woman's back has many aches and pains most times 'tis the kidney's fault. Backache is really kidney ache. Back's my Doan's Kidney Pills cure it. Many Lake City Women know this. Read what one has to say about it:

Read what one has to say about it: Mrs. Sarah Pearson, rear of 542 Elizabeth street, says: "I honestly think I inherit liver and kidney complaint attacks of which I have had for years. I had a sister who died of liver trouble, and many a time I have been over anxious about my own condition for the persistent aching just across the joints which radiated towards the shoulders, which hurt when I stooped or lifted anything, often kept me in bed. When there was added to it backache, trouble with the kidney secretions and dimness of vision I knew my kidneys needed attention. I had used a great many remedies for kidney complaint and liver trouble, some of which may have had a slight effect, but from none did I obtain half the satisfactory results as from Doan's Kidney Pills, procured at the F. J. Hill Drug Co.'s store. This remedy acts directly upon the kidneys. You can tell that from the behavior of the kidney secretions. They are first affected and when they become normal the aching across the joints ceases. In hopes that my testimonial may induce others to use Doan's Kidney Pills who have kidney trouble I unhesitatingly allow it to be published."

Doan's Kidney Pills are for sale by all dealers, price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States.

U. S. SHIPBUILDING CO.

Mercantile Trust Co. Wants a
Receiver Appointed.

Trenton, N. J., Nov. 18.—Application was made to Judge Kirkpatrick of the United States circuit court today for the second appointment of a receiver for the United States Shipbuilding company. The application was made by the Mercantile Trust company of New York, representing the holders of \$16,000,000 worth of bonds of the company. A rule to show cause was granted, returnable at Newark on Tuesday next.

The application sets forth that there has been a default in the payment of interest on these bonds, and that under the terms of the Morgan instrument guaranteeing these bonds it was stipulated that in case of default of interest the bondholders would be entitled to the appointment of a receiver.

It is stated also that James Smith, Jr., the present receiver of the company, has charged that these bonds were issued without adequate consideration. This allegation is denied.

in Danger of Starvation.

Missoula, Mont., Nov. 18.—Word was sent to the Missoulian from the Trout Creek district this evening that there are several parties of emigrants along the Spokane road in the west end of

Missoula county, snowbound and on the verge of starvation.

The family is living in an eight-foot tent, with the snow up to the wagon bed, unable to get out or secure food for the stock. Three other emigrant parties are reported along the trail, snowed up in the passes, and all in a precarious condition. Efforts are to be made tomorrow to send out relief parties through the board of county commissioners.

A DENVER DUEL.

Italian Priest and a Fellow Com-
patriot Fatally Wounded.

Denver, Nov. 18.—Rev. Felix M. Lepore, pastor of Mount Carmel Catholic church, and another Italian named Joe Sorici were fatally wounded at 9:30 to night in a duel supposed to have arisen over a card game they were playing in the priest's apartments in the church building. Father Lepore was shot in the abdomen and once in the face, and Sorici was shot once in the abdomen. There seem to have been no eye-witnesses of the affair, and all those who were near the scene are very reticent. Both men were taken to St. Joseph's hospital, where it is said they cannot recover. No statement has been secured from the men. Father Lepore has been a resident of Denver for many years. Sorici is said to have recently come here from Pittsburgh. The two men have been friends.

Mine Workers Organizers Ar-
rested for Trespassing.

Trinidad, Colo., Nov. 18.—National Organizers Kenneth W. Johnson and Campbell of the United Mine Workers went to Hastings, a Victor Fuel company camp, this morning and were arrested for trespassing by company guards. They were locked up for several hours. They were released in time to arrive here this evening. Miners' families were evicted from company houses at Hastings and Delacorte today and a wagon load of tools was sent from union headquarters here, but the guards refused to allow the tools to be delivered. Although the bitter cold, convalesces were sent to bring the evicted families to Trinidad.

Trouble is feared at Hastings and more guards have been added. The miners are being harassed over the evictions. Of late a great many banks have failed, especially in Harlem and Delft, and also in the south of Holland. The proprietors of the De Hollandsche bank are endeavoring to arrange affairs with their creditors.

A COMMAND FROM DOWIE.

It is to His Followers to Raise
Two Million Dollars.

Chicago, Nov. 18.—John Alexander Dowie, general overseer of the Christian Catholic church, has issued a call for \$2,000,000. The head of the Zion industries does not make the call in the form of a request for money or advice to his followers to take up that amount of additional stock, which he is attempting to float.

"This is not my advice to you—whom God has committed to my care—I is my command," as Dowie's messenger and your leader," says the letter which is published in the Zionist.

"Realize by immediate sale the cash proceeds of all your properties, invest in Zion, and come with all your house to Zion city," is the general command. The overseer says that he is not doing this for the depression of the business of the Zion industries, but because they demand for Zion products is greater than the producing power of its present capital.

Charities for Jews.

Chicago, Nov. 18.—Marks Nathan, the "scrap-iron king," whose will has just been filed, left provision for the erection of a synagogue in Jerusalem. He also left instructions that land be purchased in the holy city and dwellings erected for the free housing of the families of poor and deserving Jews. Out of a total fortune of \$120,000 made in the buying and selling of scrap iron—Mr. Nathan bequeathed \$46,500 to charity. The amount named for expenditure in the erection of a synagogue was set aside for the erection of a Jewish hospital or asylum for Jewish orphans.

Saved His Wife from Drowning.

New York, Nov. 18.—At the risk of his life in a cold sea, a well known portrait painter, has rescued his wife from drowning.

Mrs. Clarke has been ill for several months, having broken down through over-exertion in charitable work among the west side poor. While walking near the river side with her mother and husband she suddenly rushed out on a pier and plunged into the river. The artist throwing off his coat swam after her. She was frightened by the coldness of the water and tried to keep afloat, but in the excitement she headed out into the stream. Finally, just as the husband reached her side, she went down. He managed to bring her to the surface and after a struggle of 20 minutes a tug picked the exhausted couple up.

Mrs. Clarke was carried to a hospital, and it is believed that the shock caused by her attempt at self-destruction will restore her health. Meanwhile, she is under arrest for attempting to commit suicide.

"PROF." KENDALL WANTED.

Sixteen Indictments Returned
Against the Palmist.

Chicago, Nov. 19.—Police Inspector Cleary of Boston, who has been in Chicago for a month trying to secure H. R. Kendall, a palmist, and clairvoyant, who is wanted in the eastern city on 16 indictments charging swindling, returned today without his prisoner.

"Prof." Kendall was arrested here on Oct. 12. Inspector Cleary on Oct. 17, with requisition papers and copies of the indictments, went to Springfield to secure the governor's warrant and signature, but Governor Yates was not there. Meanwhile Kendall had been released on bonds. His attorney sent a telegram to the governor, asking him to delay signing the warrant. Inspector Cleary then telegraphed to Boston to Miss Smith, one of Kendall's alleged victims, asking her to come to St. Paul, and went to Springfield and identified a photograph of Kendall.

Hearing of the case was continued by Governor Yates and Kendall was taken to De Kalb and surrendered to Sheriff Rompf of that place. A habeas corpus

proceeding heard before Judge Bishop secured the man's release yesterday.

In speaking of the case Inspector Cleary last night said: "The judge ruled arbitrarily against us. Instead of being tried in Chicago the prisoner was smuggled away to De Kalb county. As my papers to the governor were all right the prisoner should have been turned over to me."

WESTERN MARKET LETTER.

Special Correspondence.

Kansas City, Mo., Nov. 18.—Receipts last week included \$9,958 cattle and 7,202 calves at Kansas City against 62,317 cattle and 6,957 calves the same week last year. Fat western steers sold better the first of the week than close of previous week, and did not change much during the week. Buyers neglected the best kinds of long fed steers, and directed their attention in the steer line to the cheaper kinds, ranging from \$5.50 to \$4.50. Branded cows sold higher all week, ranging 30 to 35 cents, including culling grades. Cow sales ranged from \$2.25 to \$2.50 mostly. Stockers and feeders were quiet all week, but did not change much in price. Demand felt somewhat, lower prices on the best fat steers frightening off some prospective buyers. Movement to country was 30 cars short of previous week, though supply was about the same. Thursday and Friday, several strings of state thin westerns were sold as canners, at about cow prices. Most sales of westerns were below \$3.50, and many sales under \$3.00. The run today is 17,000, and market lower on fat steers, slow on stockers and feeders, and strong to 10 cents higher on cows, and the latter active.

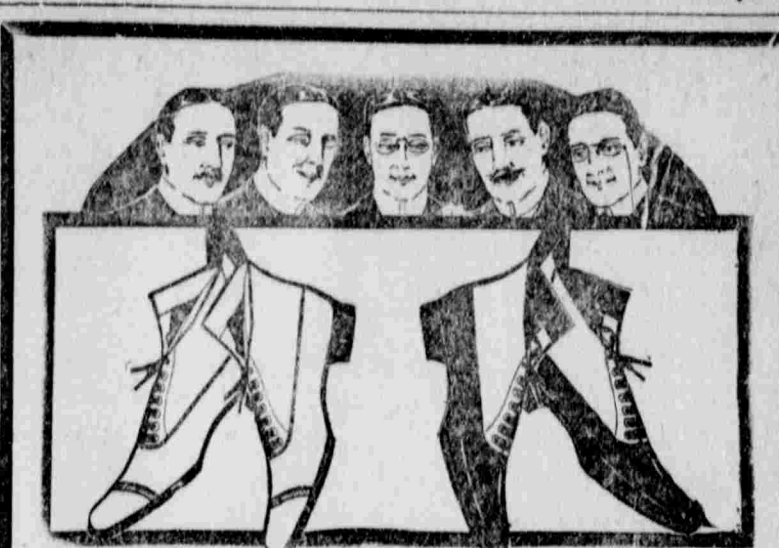

Sheep run amounted to 43,361 last week, half or more of which arrived Monday. All kinds of fat sheep and lambs sold 20 to 30 cents higher, particularly western yearling wethers. Feeding grades were about steady all week. Majority of sheep and lambs last week were feeders, but they were promptly taken and went to many points, one herd of New Mexico coming to Vincennes, Indiana, one to Troy, Ohio, and one to Seneca, New York. Run today is light at 6,000 head, and market strong to 10 cents higher, although Chicago reports 10 to 15 cents lower. Utah yearlings, 92 pounds, brought \$3.75. New Mexico yearlings, \$3.50, and fat ewes \$2.90, today. No good western lambs are in, but they are worth \$5.25. Feeding wethers bring \$3.00 to \$3.10, lambs \$3.50 to \$3.85, although one bunch of Utah feeding lambs sold at \$4.00 last week.

RHEUMATISM THE DREAD OF WINTER.

The coming of winter, with its icy winds, damp, foggy weather, and sudden changes in temperature, will set the old rheumatic joints to aching and the muscles to throbbing and twitching with such pains as only Rheumatism can inflict. Chronic sufferers need no better weather signals to warn them of approaching storms than their aching bones and muscles. They know from experience how the damp, easterly winds and night air increase their misery and rob them of restful sleep. Rheumatism is always worse in winter. Cold and dampness are exciting causes; they affect the circulation, stop perspiration, and the poisonous acids in the blood, no longer able to escape through the pores, settle upon the nerves and tender linings of the joints and muscles, causing inflammation and swelling and such terrible piercing pains that no wonder the nerves are shattered, the health undermined, and the patient often crippled and deformed for life.

Rheumatism begins and develops in the blood; it is not a disease that comes in a night or that can be rubbed away in a day, but is a constitutional, well-grounded blood disorder that all the liniments and plasters ever invented cannot remove. Yet some people will go on dallying with external remedies for years, leaving the real cause of the disease untouched, the blood growing weaker and thinner and the joints and muscles more useless with each attack. This formidable disease and Dread of Winter is due to a general sluggish condition of the system and the presence of uric and other acid poisons in the blood. It is an internal disorder, that can only be cured by internal remedies. The aches and pains are only symptoms which you may scatter or relieve for a time by liniments or other outside applications, but they gather in some other part of the body, shifting from one set of muscles to another, and from joint to joint, and frequently strike the delicate machinery of the heart or some other vital spot. Rheumatism is never permanently cured till the blood has been purified and the sluggish system aroused to better action; and this is exactly what S. S. S. does. It thoroughly cleanses the blood and renovates the system by neutralizing the acids and expelling from the system all acrid matter. S. S. S. war
