SABBATH MEETINGS. - Yesterday the F. Smith, the service being closed by President Geo. A. Smith.

In the afternoon, in the New Tabelian, get the benefit of the sermon; but then Elder George Q. Cannon delivered an interesting discourse, and was followed by President George A. Smith, who spoke for bies, and bear it! a few minutes, taking as a text the passage in the 12th chapter of Ecclesiastes, which reads: "And the grasshoppers shall be a

President Smith reminded the congregation that on two occasions since the settlement of these valleys, the people have been account of the ravages of grasshoppers and crickets, the members of families being reduced in many instances to less than half-apound of bread per day. He hoped never to see such scenes repeated; and though the grasshoppers, during the present season, have committed a great amount of destruction, perhaps as much as three-fourths of all the grain sown, he urged the necessity and importance of planting as long as there was any hopes of crops ripening: For F williams and w.f. the imthe encouragement of the people he stated that corn of the "King Phillip," "White Geo W Resert, Forth dec. I we Flint" and other varieties would fipen if M. Schung V. Block and N. Schung V. S. School (1985) planted two weeks hence; and also urged the planting of buck wheat and peak if the seed could be procured, so that the want of bread, or the necessity of being regain reduced to rations, might be avoided if possi-

DROWNED -We are serry to have to chronicle the death, by drowning, and boy named John Allen, son of Brother Allen, of the 10th Ward, of this city. It seems he was allowed to go down to the river, yesterday, to fish, his father charging him strictly not Ekwin N Smithy Ogden to fish, his father charging him strictly not to go into the water. In the afternoon his clothes were brought home by a companion who went with him, with the sad intelligence that he had gone in bathing and got drowned. This news was a heavy blow to the parents, who had, on former oceasions, refused to let him go to the river, fearing some such accident as this. He was drowned the Jordan about halffa mile ARRIVAL AND CLOSING OF MAILS above the Sixth Ward Bridge, and though search has been made for the body, it has not been found. He is reported to be about thirteen years of age. This boy's untimely death should prove a warning to others who are in the habit of going down to fish and bathe. Parents cannot be too careful of their children in this respect. The parents have our sympathy in their great bereave-

> LITTLE COTTONWOOD, Jane 11th, 1870.

Editor Desertt News - Dear Sir: I am one of your subscribers for the Evening NEVS. To give you an idea as to how the mail is carried to South Cottonwood, I need only state that, on an average, I only get your valued paper about once a week. The other subribers here are laboring under the same grievance as myself. 'A remedy is desirable. Respectfully,

C. B. ATWOOD.

We have lately received several complaints with regard to the Cottonwood Mail. Some time since, a gentleman brought to this office a package of NEWS which he had | gast-Through Mail Daily picked up a few miles south of this city, on the State Road, rather a novel place for the delivery of mail matter!

IN Town.-George E. Gray, Esq. consulting engineer of the Central Pacific road; Colonel Crocker, Vice Presi dent of the same road; Judge Sanderson, of Sacramento, and General Colton, of San Francisco. The party arrived here from the West yesterday, in a car of their own, drawn by their own engine. They leave for Ogden this afternoon.

PLEASANT INTERVIEW .- This - morning we had a call from, and a very pleasant interview with, Mr. Alexander Clark, A. M. Pastor of the First Methodist Protestant Church, Pittsburgh, Penn., who arrived in this city on Saturday evening, entroute for the Pacific Coast, on a visit of relaxation and recreation. He brought introductions to friends here, and has enjoyed his wisit very much. Since Mr. Clark left the East we understand he has been elected editor of the organ of the denomination to which he belongs. Besides being editor of the Schoolday Visitor, he is the author of several works, one of which - Workday Christianity -will shortly be published. Mr. Clark believes in practical, every day religion.

DRILL.-On Saturday afternoon, Company B. 2d Regiment, N. L., Capt. Jessie West, met and had a first rate time in practising the skirmish drill. Over thirty members of the Company were present.

THE LAKE SIDE EXCURSIONISTS, OR Saturday, had a good time, and spoke highly of the manner in which the place is fitted up. There is a good bowery for dancing, swings for all who want them, and boats manufactured for the special accommodadation of rowing parties on the bosom of Salt Lake, all at the service of the excursionists free of cost. Lake Side should become a very fashionable resort for pleasureseekers during the summer months.

DIED, in the First Ward of this city, June 11th, of rheumatic fever, Richard Siddon, aged fifty-seven years.

THEATRE.-On Saturday evening there was a moderately good house to witness the variety bill offered on the occasion. Of the syle or character of the performance we can not say much that is commendatory. We have seen "Handy Andy" played better. The singing of "Sweet Spirit hear my Prayer," and "Barney O'Hay" was mode-

The usual "gymnastic feat" by the "American Brothers" was not encored. Of the negro sketches, which have been introduced at the Theatre, the past two Saturday evenings, the less said the better we would not say a word in relation to them, but we think the credit of the Theatre will suffer by their continu-The one on Saturday ev HILL Weekwas intolerable boshy, but it was very much superior to that on Saturday evening. The wild beast scene was extremely ridiculous. Our theatre has gained an enviable reputation for the high class of its performances, and at this late date, it is too bad to introduce such trashy affairs, as the exhibition of wild animals, ("prepared for the occasion") as on Saturday even-

THE BARIES. - We delight to hear the sweet voices of children. We discovered yesterday afternoon in the Tabernacle that we were not alone in our admiration of the vocal efforts of infants; indeed we thought that, with some mothers, the fondness which they have for their noise amounts to almost a passion and causes them to be oblivious to all else passing around. This is not the case with all for we noticed some must be handed in to this Office not later than | who left the house with their children right time o'clock on the day an which advertisers in the midst of their best efforts, fearing they might create a disturbance. Not a few mothers, however, possessing more firmness, advocates of infants' rights, doubtless, stayed, determined that the little things should enjoy themselves. We noticed an inclination on the part of several gentlemen present to be unappreciative; one ill-naturedly remarked that the noise congregation at the Tabernacle, in the of the infants was a crying evil, which morning, was addressed by Elder Joseph ought to be abated. Another irate individual seemed in favor of thorough measures to stop what he called the nuisance. True, it is an annoyance to those old gentlemen In the afternoon, in the New Tabernacle, who are hard of hearing, and anxious to
