LOCAL BRIEFS.

Eleven hundred dollars is now offered for the apprehension of the Australian who murdered William Farro at Murray.

The Grand Stair of Oddfellowship, John B. Goodwin, will be in this city Sept. 14, and the local lodges will entertain him.

Mrs. Sarah A. McCrystal has bought from Dr. H. J. Richards of Provo the premises 35-54 East Temple street, 33 feet front, for \$23,000, and expects to tear down the old two story building there, erecting in its stead a four story business block.

Stephen Hays, W. C. Hall and Bishop L. Scanlan, executors of the estate of Patrick Phelan, deceased, have filed their petition asking for final distribution of the estate. The petition shows that the balance on hand is \$75,518.82. The entire estate is bequeathed to the St. Ann's orphanage.

A quantity of fireworks in Brantingham's store, Fourth East and Seventh South streets, caught fire last night, and exploded all at once, making a startling display, and frightening Andrew Jacobson, the butcher "out of a year's growth." An impromptu fire brigade extinguished the flames.

Lineman J. P. White of the Bell Telephone company, was working at the site of a pole on First South street, near Ninth East, felt the pole beginning to fall under him, and concluded to jump rather than take chances with the pole. White dropped 30 feet striking on his heels, and fracturing both ankles. He was removed to the Holy Cross hospital where he will recover from his injuries.

Robert Thomas Petty, one of the original settlers of Richmond in 1859, died in that city Tuesday of stomach trouble. The funeral services will be held tomorrow at 11 a. m. Deceased was born Sept. 22, 1841, at Nashville, Tenn., and came to Utah from Iowa in 1859. He leaves a wife, nine children and 16 grandchildren.

The Salvation Army is collecting \$75 to pay the railway fare of Mrs. A. A. DeCoar and five little children to California. The family were found destitute at No. 1 Morris avenue, and their immediate wants are being supplied by the army and the neighbors. The poor woman was deserted by a drunken husband at Montrose, Colo., after he had squandered all her property, and she is now almost helpless with rheumatism.

A W. A. Nelden Drug company delivery horse ran away from the D. & R. G. depot yesterday afternoon, dashed through a crowd of people, overturned a hack, and caused another hack team to runaway. Frank Davidson, driver of the first hack, was thrown down and considerably bruised. The drug company horse broke loose from the wagon and chased east on Second South street to Second West where it was captured.

The runaway hack team ran almost to the old Continental hotel corner of West Temple and First South before stopping. Both wagon and hack were badly wrecked.

Chief D. E. Salmon of the U. S. Bureau of Animal Industry arrived last evening from Colorado, and registered at the Knutsford. He is en route north, and then east. Mr. Salmon is interested in eradicating scab in sheep and mange in cattle in the western states; and as far as the sheep are concerned, he reports satisfactory progress. In the case of the cattle the work is yet in its early stages. A strict dipping system is insisted upon wherever the presence of scab is suspected, and the Utah sheep board is heartily co-operating with the government. A great improvement in conditions over last year is reported by the visiting official.

TARGET PRACTICE WAS AN EYE OPENER

Splendid Shooting by Utah Artillery the Feature at Camp Yesterday.

PRAISE FROM A U. S. OFFICER.

Superior to Any Militia Work He Had Ever Seen—At Camp Black Hawk.

(Special to the "News.")

Camp Black Hawk, Aug. 23.—The guardsmen in camp here continue to do first class work, and it is getting better each succeeding day. At the artillery target practice yesterday, the marksmanship was something magnificent. A six-foot square target, set up in the lake at a distance of from 1,800 to 2,000 yards, was shot into minute pieces and the boat on which it was set was sent to the bottom of the lake. Lieut. Green of the Twelfth battery, U. S. A., expressed himself in very complimentary terms concerning Capt. Webb and his battery. He considered the work done superior to any militia artillery work he had ever seen. He estimated that the target must have received 250 shrapnel hits, and that 95 per cent of the shots fired struck within 30 feet of the target.

Capt. Jamerson gave the signal corps a test yesterday in flag signaling. The message was transmitted in quick time and without error, and was entirely satisfactory.

Lieut. Col. J. A. Greenwald offers two gold medals, to be given at next year's encampment, as follows: The first to the best drilled sergeant in extended order of a section, and the second to the best drilled corporal of extended order of a squad. The medals will be given in appreciation of the successful drill work in the several companies of the regiment during the year.

CAUGHT IN THE ACT.

Lieut. Skidmore makes a vigilant officer at the guard, of which a number of guardsmen, including one non-commissioned officer, are now firmly convinced. In attempting to sneak by the guard on Tuesday night, after taps, they were firmly brought to a standstill. They will be given extra fatigue duty or otherwise punished. It is possible that the non-commissioned officer may be reduced to the ranks. Gen. Cannon is in his determination to check the spirit of contempt for sentinels manifested by some of the boys.

The militia is provided with shelter tents, dog kennels, and are termed, which can be hastily erected in case of a sudden shower, each tent covering two men. This morning the regulars gave an exhibition drill in pitching shelter.

Captain Jamerson last night lectured on "Outpost Duty," before the officers of the guard. This morning the guardsmen were given a drill on outpost duty.

This evening Lieut. Haskell will lecture on patrol duty, and will give suggestions relative to selecting camp sites.

The officer of the day yesterday was Capt. O. H. Hanning; officer of the guard, Lieutenant Lander.

At retreat parade this evening, General Cannon will review the guard. Inspection and muster will take place on Friday.

Robert Birkin, Jr., private in the hospital corps, has been promoted to the office of hospital steward. The promotion is given by Major Anderson, and approved by Col. Benedict.

Hospital Steward P. W. Schmale enlisted as a soldier twelve years ago, and has been in the service almost continuously ever since. Next month, he will leave for the East, where he expects to take a four years' course in medicine at Columbia University.

Dr. N. H. Harrison, who was known as "Noodles," while riding Col. Benedict's spirited horse, yesterday, was thrown violently to the ground. No serious damage done.

TO ENTERTAIN OFFICERS.

The Provo Commercial club will entertain the officers from Fort Douglas, and of the guard, at the Mozart this evening. Invitations are the committee: J. W. Farrer; arrangements, Hyrum Jensen and Alex. Redquist; finance, J. T. Paoli.

The officers at the camp have under consideration the matter of entertaining members of the Provo Commercial club and other citizens of the state on Friday.

At the close of the retreat parade last evening, a short but lively runaway occurred. A farmer had left his team standing untied, while he reviewed the parade. The horses became frightened by the music and columns of marching soldiers. They plunged directly towards the tents, and would not doubt have leveled some of them to the ground except for the flag staff. The wagon came in contact with the staff, which stopped the wagon, breaking the rack, and set the horses free.

The flag staff was knocked down and broken. The horses did not run far, and were soon caught and brought back by the owner, who regretted the demolition of the flag staff and his own bad luck, which he said had lasted all day, the reach of his wagon having been broken at an earlier hour, together with other minor accidents.

Among the conveniences which the officers and soldiers at the camp would like, may be enumerated a telephone, connecting the camp with the city.

It is still uncertain that the governor will be present on Friday. It is expected, however, that his staff will come, even if the governor should be detained by official business.

Sprains.

S. A. Read, Cisco, Texas, writes, March 11th, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to any one suffering from sprains." 25c, 50c, and \$1.00. Sold by Z. C. M. I. Drug Dept.

RECORD FOR LAGOON.

Huge Crowd at Resort on Butchers' and Grocers' Day.

All previous records from the point of attendance were yesterday broken at Lagoon when the grocers and butchers of Salt Lake and Ogden together with farmers spent the day at the popular Farmington resort. (Of actual paid tickets there were between 7,000 and 8,000 while Ogden sent a contingent some 300 strong to swell the ranks. The big features were the barbecue and the balloon ascension. In all 3,664 pounds of prime beef were consumed. Each patron was allowed to eat his fill and

the bread cutting machine worked overtime slicing the loaves to make the 20,000 sandwiches that were turned out from first to last. The cooking of this immense amount of meat necessitated the heating of the big brick furnace adjoining the bawery for 24 hours prior to the serving of the free lunch. The members of the barbecue committee headed by Chairman George F. Newman did yeoman service and everyone voted the result as being done to a turn. The "hand-out" free feed commenced at 4 o'clock and the way the sandwiches in the hands of the thousands of men, women and children disappeared was emphatically unique.

Aside from the program the ball game between the local butchers and grocers and a nine from Ogden was the occasion for considerable rooting by the spectators, and some star plays by the contestants. When the smoke of battle eventually cleared away it was found that the score was 14 to 2 in favor of the home team.

Practically every butcher and grocer's shop in Salt Lake was crowded with those residents in the city who had overlooked such a contingency were forced to dine at restaurants. The majority of the people who went out to Lagoon did not return until late in the evening with the result that there were some very heavy trains coming in up to midnight. The day passed off without accident and was voted a decided success.

SCHOEBERT GOES FREE.

Murray Bartender Discharged—Not Enough Evidence to Hold Him.

At the preliminary hearing held before Justice Holm at Murray yesterday, Matt Schoebert, who was charged with being an accomplice after the fact to the murder of William Farro at Murray, was discharged from custody, as there was not sufficient evidence to show that Marko Ziegler handed his knife to Schoebert after he had fatally stabbed Farro.

W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cord of my leg to contract, and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store who is now in Denver, Colo. He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world."
