

SPECIAL BUSINESS NOTICES.

READ stray notices, Fillmore district.

The publication of the selections from the Book of Mormon in the Spanish language will be completed about the 10th instant, and as soon thereafter as possible the brethren called will leave on their mission to preach among the people by whom the Spanish language is spoken.

There are still a few individuals and a few Wards who have not paid the amounts they promised to assist in the publication of the above-named work, and as their means are necessary to pay the expense of publication, they are respectfully requested to forward their several amounts immediately to the "Deseret News" Office, as it is desirable that the printer's bill be paid before the missionaries leave, and they desire to leave, at the latest, by the 15th of the present month.

IMPORTANT TO THE TRAVELING PUBLIC.

It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more roads leading to the same point, to decide which is the safest and pleasantest to travel.

We take pleasure in stating, that the CHICAGO & NORTH-WESTERN RAILWAY is the oldest, and several miles the shortest, route between Omaha and Chicago. Within the past two years the road bed has been put in admirable condition, and almost the entire line has been re-laid with steel rails.

The Depot in Chicago is central in location, and as their trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making East 8th connections.

Close connections are made at Chicago with the Lake Shore & Michigan Southern, Michigan Central, Baltimore & Ohio, Pittsburg, Fort Wayne & Chicago, Kaakakee Line and Pan Handle Routes, for all points EAST and SOUTH-EAST.

If you are going to Chicago, or East, you should, by all means, purchase your tickets the Old Pioneer Route.

The Chicago and North-Western.

You will find on all through trains Pullman Sleepers, new and magnificent Day Coaches, and the best Smoking and Second Class

Can now on any road in the United States.

EVENING NEWS.

Thursday, September 2, 1875.

Local and Other Matters.

THEMOMETER 71 degrees F in the shade at 1 p.m. to-day. Fine.

Returned.—President D. H. Wells and Apostles Lorenzo Snow and Franklin D. Richards returned to the City last evening.

"A Little More Older."—This morning, Brother Thomas Fenton, nurseryman, brought to this Office a specimen of his excellent apple cider, made yesterday. It is the pure juice, with the genuine flavor of the apple preserved in it. As a cider maker he is a success.

The Water Works.—The excavations for the water pipes in City Creek Canyon are progressing under the immediate direction of the supervisor. This portion of the work has been completed a distance of 1500 feet from the head of the works down the canyon, and in that distance there are alternate tunnelings and open excavations, some of which are nearly twenty feet deep from the surface of the ground. In visiting the locality this morning we were not a little surprised to find so much of the work already done, it having been mainly accomplished by prison labor. Day before yesterday Mr. T. W. Ellerbeck, superintendent of construction, and Alderman Sharp, of the committee on waterworks, went over the ground and expressed themselves satisfied with the job so far. Besides the distance of 1500 feet already mentioned, considerable digging has been done in various places below.

The pipes will cross City Creek immediately below Prest. Young's saw-mill. Mr. Ellerbeck, who has been in the East, on business connected with the waterworks, having returned, the laying of the pipes, under his supervision, will probably commence within a few days.

A Most Brutal Outrage.—Yesterday afternoon, about four o'clock, a piece of the most dastardly ruffianism was perpetrated a short distance this side of the mouth of Farley's Canyon. Near the hour aforementioned John C. Lambert, of Rhodes' Valley, when he espied his way to this city with a load of butter and eggs, when he espied four teams, with wagon loads of coal, a short distance ahead, and four men and a boy accompanying them. When he got nearly alongside of them and was about to pass on, some of the four men told him to stop, as they wanted him to drink with them and couldn't allow him to pass in that manner. He said he was in a hurry and didn't want to drink, and attempted to go on ahead, but one of them, named William Murray, seized his horses and stopped them. Thinking it would appease them and cause them to let him go on, he took a drink. He then started on, when he heard Murray and another, named John Macfarlane, quarreling, and one of them called on him again to stop, but he pressed on, when they ran up, stopped his team and took hold of him by the wrist. He then got out of the wagon and Macfarlane drew a pocket knife and told Lambert he was going to have a fight, at the same time striking at him with the weapon. Mr. Lambert, warding off the blows with his arm, and finally striking Macfarlane with his fist on the forehead, knocking him down, and taking the knife from him. Murray, who is a stout, powerful fellow, then attacked Lambert, and Macfarlane, on recovering, renewed his assault also, and they pounded him with rocks, knocked him down and kicked and beat him in a most shocking manner.

Mr. Lambert thinks that he was also struck by another of the four men, named D. McAllister, but being nearly blinded and half insensible during part of the time he could not be certain of that, but at all events McAllister pulled him about and otherwise assisted the other two.

Mr. Lambert, who is known to be a respectable and sober young man, is fearfully bruised and maimed. His left eye is black and swollen, and his upper lip is lacerated and swollen very badly, there being one cut clear through the whole of the lip to the root of the nose. The under lip is also injured, and some of his teeth were knocked out and others loosened. His back and other portions of his body are also covered with the evidences of the terrible abuse and maltreatment he received, in the shape of marks, where the ruffians kicked him. His hand, with which he struck Macfarlane, is also swollen, by the force with which it came in contact with the latter's face.

Mr. Lambert came to town as best he could last night, and came to the City Hall, accompanied by Mr. Malin, of the 10th Ward, and reported what had taken place. He was able to be about this morning, but is in a bad condition.

It is to be hoped the perpetrators of this place of unprovoked brutality will be punished as they so richly deserve. One of the four men, Mr. Lambert says, was very drunk, and took no part in the affair.

The Excursion to Cache.—The sale of tickets for the forthcoming excursion to Cache Valley commenced yesterday, at the office of John W. Young, and those who intend going should step up and secure theirs early. If the present agreeable weather continues a pleasant time for such a trip could not well be selected.

Fruit Shipping Commenced.—Today the well-known city freighter, John Mackay, took to the depot the first load of apricots shipped from this city this present season. They were from Mr. S. P. Teasdel's, and destined for the house of Franklin, Macvagh & Co., Chicago.

A Reminder.—In another part of the paper will be found a card from Brother Daniel W. Jones, stating that the selected portions of the Book of Mormon in the Spanish language will be out of the hands of the printers about the 10th inst.

It is expected that the brethren going on a mission to the Spanish speaking people will leave in a few days thereafter, and means are still wanting to meet the printing and other expenses, which it is desirable should be settled before they leave. This can be accomplished providing those brethren who have promised donations and not yet sent them in will forward them to this office without delay. Brother Jones, being otherwise busily engaged, cannot personally call on those brethren for the means they have agreed to furnish.

Madame Le Vert's Readings.—Madame Octavia Walton Le Vert will give a series of readings at the Presbyterian Church, on Wednesday evening, Sept. 14, commencing at eight o'clock. Here are a few extracts from the press concerning this lady's readings:—"The great attraction was Madame Le Vert, once the leader of society in Mobile, and the most popular belle of her day and country. What Holland House used to be to the brains and beauty of London, Mme. Le Vert's hospitable salons were to the pilgrims of literature and art whose feet strayed to the fragrant south. Actors, painters, writers, talkers, persons of lofty rank, and those distinguished by genius, all were welcomed by her in the golden prime of her fortune, with a cordiality, the memory of which still lingers pleasantly with those who were her guests."—Brooklyn Eagle.

"Mme. Le Vert read from her own work, interesting accounts of her interview with the Pope of Rome, and of a bull-fight she witnessed in Spain. She reads in a natural and graceful manner."—New York Herald.

"Madame Le Vert read her own account of her last interview with Elizabeth Barrett Browning, with a brief history of the love and courtship of that poetess, in an easy, natural, unaffected style, which was most agreeable."—Home Journal.

"Her literary culture and taste are a guarantee for the excellence of the matter she reads. Years of foreign travel, familiarity with the courts and the nobility of different countries, and acquaintance with choice fruit trees and vines, cut-houses, etc. Some building materials taken in part payment for her services."—C. SANSOM, 20th Ward Co-op Store. d234

OUR COUNTRY CONTEMPORARIES.

Ogden Junction, Sept. 1.—"Reporter" writing to the Junction from Portage, Aug. 30, says:—"William Mason, son of George Mason, of Willard, fell off a load of hay to-day on a fork, and one of the lines entered his breast, about two inches above the nipple, and came out two inches below the point of the shoulder blade on his left side. Dr. W. H. Emerson was sent for, and says he is all right so far."

"We had a heavy frost Friday night, August 27, and blowing from the north; looks like rain. Lots of grasshoppers at Portneuf Canyon, so say the freighters just down from Montana."

Utah County Times, Aug. 31.—"On last Friday night in Alta, Little Cottonwood, the ice formed to the thickness of half an inch."

"On Saturday night there was a slight frost in this city which will do the corn on the bottom lands and slightly damaged tomato and cucumber vines. We are informed that in Wasatch County there was quite a heavy frost, which killed the potato and all other tender vegetables."

We are informed by Mr. David Cluff, Jr., who has just returned from a trip to Wasatch County, that on yesterday morning a hunting party were organized in Brown Canyon for the purpose of killing bears, as these animals had become quite numerous and were making away with the stock. The party succeeded in killing three, one brown bear and two grizzlies. We are informed that the bears are getting quite numerous in the Canyon, and are very bold in their raids on the stock."

We are informed that Mr. W. J. Harris of this city, but who has been engaged for some time working on a contract in American Fork Canyon, shot himself in that place on last Sunday evening. It appears he had been drinking and while flourishing a pistol around his head it went off the ball striking him behind the right ear, inflicting a painful though not dangerous wound. Mr. Harris was brought to this city yesterday and placed under the medical treatment of Dr. R. M. Rogers. He is now in a fair way of recovery.
