AMERICAN.
Governor Ramsey Interviewed.

ST. PAUL, Oct. 2.—In an inter-
view with Governor Ramsey, Chair-
man of the Utah Commission, who
has just returned from Salt Lake
City, he says: The only thing we
had to do was to separate the poly-
gamists from the lawful voters, and
that we accomplished at a very early
day. After the arrival of the Com-
mission, the leading polygamists
came and said they desired to assure
us that they would make no attempt
to vote, and that they would do all
in their power to assist us in a gen-
eral way. I think they kept their
word; in fact, the Mormons con-
firmed themselves fairly so far as we
could learn. There has been some
talk about delay in the work of the
Commission, but it will be recom-
mended that the appropriation for our
work was not passed by Congress
until just before adjournment in
August, and we were obliged to
await that action. We began work
as soon as we could, and we have be-
sides completing the registration ap-
pointed a county register in each of
the twenty-four counties in
Utah and selected a register
for each voting precinct making
about 600 judges. Now with regard
to these appointments, there has
been a good deal of nonsense in the
papers about the Commission favor-
ing the Mormons. While there are
whole counties where none but
Mormons reside, and as the law in-
tends to make polygamy odious, and
does not discriminate non-poly-
gamist Mormons, we could not do
otherwise than do what the law
does, recognize that class. So far as
the election is concerned, they
will of course be carried by the Mor-
mons. The politics of Utah are not
represented in any degree by par-
ties, republican or democratic, but
by the politics of the entire anti-
Mormon class, and the People's
party, as the Mormons delight to
style themselves. Of course the
Mormon vote, which is at least
one-half of the total vote, will elect
a Delegate to Congress, and the
polygamists, knowing that their
human and official friends will be
chosen, can well afford to acquiesce
in their own disfranchisement. I
heard it said that the present Mayor
(Recorder) of Salt Lake City, Mr.
Cain, stood good show for the
Mormon nomination and election.

What will be the general effect
of the law as it pertains to election?

It will take pretty nearly all of
the first class and wealthiest of the
Mormon church out of politics
and make polygamy odious, espe-
cially to the rising generation
who will be the voters of the future.

How will the law affect the Mor-
mon vote, which is at least one-
half of the total vote?

THE EGYPTIAN QUESTION.

New York, 2.—The Tribune's
London special says Egyptian mat-
ters are being handled with great
suspense. The chief point of the
recent telegrams is the alleged pre-
valence of hatred for foreigners in the
Cairo population. The incidents re-
ported indicate rather religious fan-
aticism than the existence of the al-
leged natural feeling. The English
confession in the Egyptian tribu-
nal for the trial of Arabi is a re-
velation. There are no signs here of a
vindictive feeling, but Sir William
Gregory's appeal for Arabi will only
lead to a further intensification of
the feeling. The public are thus far
in absolute ignorance. No cabinet
minister who has opened his mouth
in an attempt to extract a
speech from Gladstone this week but
has failed.

The press generally has no definite
light, and the repeated efforts of
the Times to commit the country to
the policy of annexation have evoked
a feeble response. There is very
little evidence of a general desire
for annexation; even the Tories
admit that the Egyptian question
is a difficult one. Gladstone's per-
sistent demand means that he wishes to
be able to tell France that he would
have saved her rights had he had
the power.

Political.

The executive committee of the
anti-monopoly league agreed without
a dissenting voice that Grover Cleve-
land, and David R. Hill, the Demo-
cratic nominees for Governor and
Lieutenant Governor, should have
the anti-monopoly endorsement.

The committee agreed that the
Democratic platform was satisfac-
tory to their organization, and as the
Democratic candidates stood square-
ly upon it there would be no further
need of separate action by the anti-
monopoly league.

The World publishes a letter from
a correspondent, in whose accuracy
it has great confidence, who says, in
effect, that the French and German
Robertson conspired at the Grand
Central Hotel to get up the French
forfeited dispatch. He says the day
before the Saratoga convention he
overheard a conversation between
them, in which Robertson expressed
annoyance because he had committed
himself to French for Folger, and
he asked Husted to protect him
against the consequences of the
dispatch. He had given in the event of a
certain emergency which he thought
most likely to arise at Saratoga.

Husted's support of Folger
through French must only be used
for the purpose of pirating from
Folger upon another candidate. Husted
and the Collector had a long under-
standing, and Husted assured the
Collector that he would fix the mat-
ter; that he had a young man in
Saratoga, who, if necessary, could
turn the postoffice and telegraph in-
side out.

Apparently there is no doubt that
Folger will accept the republican
nomination for Governor. He is now
engaged in preparing the letter of
acceptance.

A Desperate Cornered.

CHICAGO, 2.—Captain J. W. Lee,
Chief Detective of San Francisco,
was in the city yesterday, accom-
panied by Captain Alf. Assistant
Chief of the Wells-Fargo police, in
search of Charles Dorsey, alias
Moore, charged with murdering an
express messenger in Eldorado, Cal.,
last week, and a large reward was
offered for his capture.

The visiting detectives sup-
posed the criminal to be in jail in
this city, and not finding him, left
last night for Union City, Ind., in
pursuit of the man.

Dorsey is said to have served three
terms in San Quentin Penitentiary
for highway robbery, burglary and
murder. The man has been
regarded with the most intense
dread, being one of the most daring
express and stage robbers on the
coast, and his capture will be hailed
as a triumph of the police.

It was found that the man had
been engaged there in many masked
burglaries, compelling the people to give
him whatever they had.

Last Decision.

WASHINGTON, 2.—The Commis-
sioners of the general Land Office
have, in a decision rendered today,
reversed a decision in the matter
of the survey of the rancho
Casamalia, with Antonio Oliverio as
confirmer. The decision was twice
reversed in 1880, and the bound-
aries fixed as now patented. It was
alleged that the lines on the north-
east and southeast were incorrectly
laid down, and that on the side the
boundaries should extend one
quarter of a mile further. The land
thus claimed includes a part of the
patented rancho of Guadalupe, and
so of the patented rancho of Tomas
Bantos and settled public land on the
southeast. The Commission de-
cided against the application for a
renewal and relocation of the bound-
ary lines, and that the only change
that can be directed will be to close
the public surveys upon the lines of
this private claim as patented.

Foreign.

The Lord Lieutenant.

LONDON, 2.—Lord Spencer, Lord
Lieutenant of Ireland, arrived today
on his first visit since the Phoenix
Park murders.

Longman.

A Galway landowner writes to the
Globe that he believes the body of
Huddys has been exhumed by the
peasantry and again thrown into
Longman.

War Medals.

It has been decided to bring a
number of non-commissioned officers
of the Indian regiments from
Egypt to England so that the
Queen may present them with war
medals.

More Dynamite.

ST. PETERSBURG, 2.—A large
quantity of dynamite was discover-
ed in railroad trucks at Kief. It is
believed to have been shipped by
Nihilists.

Floating Bodies.

Owen Sound, Ont., 2.—The tug
Ana Long, which arrived here this morn-
ing, has on board the following
bodies lost off the McDougall: Par-
son E. Sparks, Ottawa; Jackson
Farmer, from near Lacombe; Mrs.
Kirk, of Cloverhill. Sheppard
and one unknown body were buried
at Killarney. Captain Noble, of the
tug Ana Long, reported a large num-
ber of bodies floating around near
where they were picked up, and
which could easily be recovered
if a tug with proper appliances for
the purpose were dispatched at once.

Corean Complications.

Yokohama, 18.—The Corean Gov-
ernment has sent itself to the follow-
ing conditions:

First. To arrest the insurgents
within twenty days and inflict due
punishment, the Japanese delegates
being present at the trial.

Second. To properly bury the
murdered bodies and pay \$50,000 a
year to their families.

Third. To pay Japan \$5,000 a year
as indemnity for expenditures, etc.,
in five yearly installments.

Fourth. To allow Japanese troops
in Seoul for the protection of the
system, and to provide proper ac-
commodations for them.

Fifth. To send an apology by
special embassy to Japan.

Sixth. To gradually extend the
privileges of Japanese residents.

Seventh. To offer proper con-
veniences for travel throughout Corea
by Japanese Government officials.

While this was going on the Chi-
nese Envoy, who had remained in-
active with his escort until August
25th, suddenly called upon a full body
of his troops, some three or four
thousand, to the capital. What
degree of pressure he may have ex-
ercised is not yet known, but it is
certain that the chief rebel and as-
sassin, Hui-Chun, was taken on
board one of the Chinese ships and
carried to Tien Tsin. It is alleged
his departure was by no means vol-
untary, and some physical efforts
were required to get him ashore on
arriving at his destination. What-
ever is the object of this proceeding
it must have been dictated by Li
Hun-Chang, Viceroy of the Province
of Shantung, who has been aban-
doned his demeanor of calm stolidity
during these active Corean transac-
tions. It is claimed by Chinese
party that the only purpose was to
rescue the Tai-on-Kun from the
dangers that threatened him, and
by another that the intent was still
to maintain sovereign control over
Corea's ruler, which Li Hun-
Chang has been striving for.

Shanghai, 2.—United States Min-
ister Xong arrived at Peking in the
middle of August and has since as-
sumed the duties of his office. His
first act of importance was to dis-
patch the ship of war Albatross to
proceed to Corea, with orders to
investigate the alleged murder of an
American citizen. This was intended
as an expression of moral sympathy
towards Japan. Even if the Japa-
nese need practical support in their
efforts to suppress the rebellion, it
is understood, had no con-
nection with the existing relations
between Corea, China and the United
States.

Brief Telegrams.

Six hundred Jewish families left
Petersburg on account of the riots.

Nelson Walling, a wool manufac-
turer at Millbury, Mass., failed with
liabilities at \$90,000.

The application for a writ of habe-
as corpus in the case of Sergeant
Mason was denied yesterday at Utica,
N. Y.

The resignation of the United
States minister at Copenhagen, W.
Wickham, has been received at the
State Department at Wash-
ington.

Blanche Fontaine, "Adeline
Wade," for many years a well-
known temperance performer, died at
Detroit, Michigan, of cancer in the
stomach.

The amount of silver dollars issued
from the mints during the week
ending September 30th was \$541,499
against \$556,293 for the correspond-
ing week of last year.

The Grand Army of the Republic
of Pennsylvania, Eastern Ohio and
West Virginia are holding a reunion
at Pittsburgh, Pa. The city has put
on its gala dress.

At Matamoras, the fever cases are
decreasing, and the deaths and
deaths. Reliable information re-
ceived states that 800 cases have oc-
curred in Monterey since September
10th. In Milo the fever is still bad.

Private information received here
is to the effect that the political risk
of the election has been relieved at
the State Department at Wash-
ington. It now turns out that
seven persons were killed and some
twenty-one wounded.

At New York, Louis DeGouvenor
and Dr. Felix Walders were arrested
for counterfeiting Cuban postage
stamps. The officers seized a large
number of dies and plates and a
quantity of finished and unfinished
stamps. The counterfeiters were
seized with the dies, plates and
stamps, and the accused were
engaged in the manufacture of
counterfeit revenue stamps, some of
which were for four dollars.

Eight young trotters belonging to
ex-Governor Stanford, of California,
reached New York on Saturday
morning. They are being kept at
Mayfield, California, and are stable
on the ground of the gentlemen's driv-
ing association. The stud includes
Phantom, a three year old filly;
Wildflower, and the two year old
filly Hinda Rose. Wildflower has
a two-year-old record of 2:31, and
will start tomorrow during the
meeting of the National Association
of Horse-breeders, in the Fall stake,
worth \$4,000 against three other
horses selected as the best repre-
sentatives of the breeding establish-
ments of the North and South.
Hinda Rose has a yearling record of
2:26, and though not engaged in
any special event, she is expected to
be shown, and she will give an ex-
hibition of her speed. The owner is
expected to be present himself dur-
ing the meeting, and he has declar-
ed that Wildflower is ready to beat
the records of all previous two, three
and four-year-olds.
