

THE SEMI-WEEKLY NEWS

THE GREAT COUNTRY PAPER OF THE WEST

Is issued Mondays and Thursdays and contains all the cream of the Daily and Saturday News.

LOCAL BRIEFS.

Mrs. Sarah F. Lilley, wife of a draftsman and former resident of this city, is dead at Spokane of consumption.

The remains of Mrs. Azella Betty of Cedar City, Utah, who died in this city yesterday, were shipped today to Cedar City for interment.

Miss Burkella Pierce of the Pierpont School of Oratory lectured to a large audience yesterday on "Cymbeline," one of the plays of Shakespeare.

Three cases of smallpox were reported to the health office late yesterday afternoon. They are Mrs. Jack and John Peit, residing at 190 north First West; Mrs. Homm, 905 Rice street.

It is the W. R. Servis Candy company and not the W. R. Lewis Candy company that has made application for dissolution of the corporation with a view to retiring from business.

Rector Lawrence B. Ridgely of Los Angeles, formerly rector of St. Paul's Episcopal church in this city, will return to his missionary labors in China, this time as a professor in the University of Peking.

The funeral of Samuel L. Jones of Kayville, who died in this city yesterday, was held today from the Kayville meetinghouse under the auspices of the Woodmen of the World, and with local interest.

A complaint has been issued by County Attorney Christensen against W. B. Randall, charging him with being implicated in the Albany salaried robbery on Jan. 10. One of the men robbed says he can identify Randall as one of the robbers.

The feature of last evening's reception and entertainment at the Elks' club house in honor of the governor and Legislature, was a mock session of the Legislature, which was very funny. The hits were good and much enjoyed. The attendance was large, and refreshments were served.

The North Jordan Canal company is not ready yet for favorable action in the matter of its charter. The company at the Utah Lake outlet, and the other companies who are "ready and willing," hope the North Jordan folks will be ready also by the time of the adjourned meeting Monday next.

The Thomas Stead association of Farmington has filed a copy of its articles of incorporation in the secretary of state's office. The company is capitalized at \$10,000, divided into shares of the par value of \$1 each. Thomas Stead is president; W. W. Stead, vice president; J. J. Stead, secretary and treasurer. The company will engage in the real estate and loan business.

The funeral of W. H. H. Kinsel, the old timer, will be held tomorrow at 2 p. m. from his residence, 237 west First South street. The deceased was a veteran of the Civil war, serving with the Eighty-fourth Pennsylvania volunteers, and his death was the result of complications brought about through wounds received in the second battle of Bull Run. Civil war veterans will generally attend the funeral.

Prof. Porter's class in law at the University featured at the Wilson after their long examination. The class was under an agreement that the bill should be met by the three passing the highest test. The boys received back their papers yesterday afternoon, and the "lucky" lawyers and doctors were declared to be: Douglas Rod-bank Joseph Porter, T. M. Reese, and J. H. Jones, the last two having tied for third place.

Early last evening there was a fight on State and Fourth streets in which John Wilson received a fractured leg and Frank Nash various bruises. Both were arrested, but Wilson was taken to the hospital to have his injuries attended to. It was reported that Wilson provoked the trouble and was assaulted by Nash. A gun was flourished during the melee but there was no shooting. The cause that led to the fight was not learned.

It is probable that at least one more charge will be filed against ex-Banker B. H. Schettler. Timothy Hall claims that the sum of \$100 was paid to Schettler to apply on a promissory note due to Mr. Hall from a man named Reed. The banker received the money, it is said, gave the man the note marked paid, but made no entry on his books in favor of Mr. Hall. The note in question, which was for \$100, was paid, and payment had been made, was lost for a time, but it has now been found, and figures strongly in the controversy between Mr. Hall and Mr. Schettler. The creditors of the defunct bank have secured the services of a firm of lawyers to help them in securing the money due them. It has not yet been given out who the attorneys are that have been retained.

Zion's Savings Bank and Trust Company was organized in 1873, and now opens an average of more than 10 new accounts every day. We want YOUR business. Jos. E. Smith, President; George M. Cannon, Cashier.

AIM FOR MORE SALT LAKE POLICE

Chief Lynch Presents Strong Reasons to the Members of the City Council.

AGAIN THOSE TRADING STAMPS.

Committee at Liberty Park Today With a View to Enlarging the Lake.

The addition of 10 or 20 men to the city's police force was the chief topic of discussion before the city council committee on police and prison last evening. Chief of Police Lynch appeared before the committee and urged that the force be increased. In his annual report he pointed out the needs of the department in that respect and recommended the addition of 20 men. The committee now has two petitions in its hands from a large number of taxpayers asking that they be given additional police protection and the chief is of the opinion that immediate action should be taken in the matter.

Chief Lynch produced figures showing that Salt Lake has the smallest police force in proportion to its size of any city in the United States and it costs less to maintain. Some members of the committee favored increasing the force by 10 men but no action will be taken in the matter until after Mayor Morris submits his message.

TRADING STAMP FEUD.
The committee on municipal laws decided to recommend the passage of the trading stamp ordinance fixing the license of trading stamp companies at \$100 per annum instead of \$1,000 as was at first contemplated.

LIBERTY PARK LAKE.
A much needed improvement is now being contemplated at Liberty park. The committee on public grounds visited the park today in company with City Engineer George W. Riter to make plans for enlarging the lake by about one-third its present size. It is the intention to have the work completed by the time the season opens in the park, and those who visit the park next summer will have better boating than ever before.

TO STOP BRUTALITY.
The committee on markets last night instructed Dog Tax Collector Hugo Hoffer to discontinue the use of the vicious bulldog which the colored driver of the dog wagon has been using the past few months in catching canines. Hoffer said that the exhibition of the bulldog in the market was disgusting. Hence it will be stopped.

Cured His Mother of Rheumatism.
"My mother has been suffering for many years from rheumatism," says Howard of Husband, Pennsylvania. "At first she was unable to move at all, while at times walking was painful. I presented her with a bottle of Chamberlain's Pain-Expeller and after a few applications she decided it was the most wonderful pain reliever she had ever used. It is so simple to use without it ever being in pain that she was able to walk. An occasional application of Pain-Expeller keeps her free from the pain that was formerly troubling her. For sale by all druggists."

SUES FOR DIAMONDS.

Mrs. Alice Walker Sues to Recover \$1,105 from Deseret National.

The Deseret National bank has been made defendant in a suit filed in the district court by Mrs. Alice Walker, who seeks to recover \$1,105 alleged to be the value of articles taken out of her safety deposit box at the bank on March 17, 1904. Mrs. Walker alleges that she rented the box from defendant bank for \$5.00 per month, and deposited therein \$75 in cash and diamonds valued at \$480. On March 17, she claims that some unknown person entered the bank and opened the box which had been rented to her and took all of her money and diamonds. She alleges that the bank was negligent in not guarding the deposit boxes more carefully. She has demanded that the bank pay her the value of the articles taken, but it has refused to do so, hence this action was filed.

WANTS DAMAGES.

S. W. Beck Sues Utah Light & Railway Company for \$5,200.

A damage suit has been filed in the district court by S. W. Beck, against the Utah Light & Railway company to recover \$5,200 for personal injuries received by plaintiff while in the employ of defendant on July 24, 1904. The complaint alleges that plaintiff was employed as a conductor on a South Temple street car and that while attempting to put the trolley on the wire between Fifth and Sixth East streets on the above date, the car gave a sudden lurch and threw him violently against the railing, injuring him internally. He claims that the company was negligent and that his injuries are permanent.

Contracted Chronic Diarrhoea While in the Philippines.
"While with the U. S. Army in the Philippines, I contracted chronic diarrhoea. I suffered severely from this terrible disease for many months, and tried in vain the prescriptions of numerous physicians, but found nothing that did me any good until I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. Two small bottles entirely cured me and I have since been in perfect health."—Herman Stein, 212 N. Union Ave., Pueblo, Colorado. For sale by all druggists.

DEATH OF GOOD WOMAN.
The news of the sudden and unexpected demise of Sister Alice Young, wife of John W. Young, which occurred in Auckland, N. Z., Dec. 21, 1904, will bring sorrow to her many friends, both among the Elders and Saints. Collette was the cause of her death. Sister Young was a good mother and faithful Latter-day Saint, and was highly respected by all of her associates. She leaves a husband, six children and many relatives and friends, all of whom sincerely mourn the loss of one whom they so dearly loved.

Rev. Carlisle P. B. Martin, L.L.D.
Of Waverly, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm, which produces a cough and is very hard to dislodge, but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble."—22 E. 2d and 410. Sold by Z. C. M. L. Drug Dept.

GROCERS AFTER THE DEAD BEATS.

Retail Men of Salt Lake Discuss A Number of Knotty Problems.

MEASURES OF IMPORTANCE.

Tradesmen Hold Informal Debate Over Proposed Measures for the Consideration of the Legislature.

Many measures of importance to the retail trade of Salt Lake were talked over at the meeting of the Grocers and Butchers' association in the Modern Woodman hall last night.

One of them was to prepare a measure for the Legislature so amending the laws as to get at the "dead beats in the City and County buildings." In explaining the need for this new measure one prominent grocer said that whenever a man asked him for credit and said he was working for the city or county, the man was always told to pass on his way without purchasing. At present a legislative bill forbids the garnishing of wages unless 90 days' wages are due, and the rate of pay is over \$2.50 per day, and the grocers feel that the passage of this bill would render a credit business impossible.

Another project discussed was the formation of a collection agency, at which all lead accounts would be turned in for collection. One big object of it would be to act as an information bureau to grocers as to what bills an applicant for credit owed other grocers. It is aimed at stopping the dead beat who runs out his credit at one store only to start in at a new account at another. This class of people have in the past, it was stated, formed an actual menace to business, and the putting of a stop to their operations would be a big gain for retailers.

The final item discussed was the matter of short weights. Secy. Burt did not read out the list of offending concerns, as he stated that they had all agreed to stop the practice. The threatened exposure, and promised to be good in the future in the matter of making pounds consist of 16 ounces. A bill drawn up in the interest of fair weights, in pounds, is now before the Legislature and its provisions are that all things sold by weight shall be marked with their actual weight in pounds and ounces.

The people who put their ranch eggs in cold storage and sell them as fresh an indefinite period after that are to be the subject of legislation compelling them to brand their product as cold storage eggs, and not "fresh laid." The meeting last night was more largely attended than any since the organization of the association some time ago. The discussion on proposed measures to protect the interests of dealers was preceded by a talk from Hon. Fisher Harris of the Commercial club on the benefits to be derived from association in business affairs. Mr. Harris stated that the work of the association to which he was speaking in giving full weights, and protecting each dealer from dead beats, as an example of great benefit both to the dealer and to the customer. He concluded by urging them to continue their association until it was firmly entrenched behind a good membership and in active operation.

The Colonel's Waterloo.
Colonel John M. Fuller, of Honey Creek, Texas, nearly met his Waterloo from Liver and Kidney trouble. In a recent letter, he says: "I was nearly dead, of these complaints, and, although I tried my family doctor, he did not cure me. So I got a bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold everywhere. Beware of cheap imitations. Biliousness and Kidney Disease, by Z. C. M. L. Drug Dept., at 50c a bottle.

AT THE HOSPITALS.

Mrs. Fred Schwindler of Sugar City, Idaho, was operated upon for appendicitis at the Latter-day Saints' hospital yesterday. The operation was successful, and the patient is improving.

At the Latter-day Saints' hospital an operation was yesterday successfully performed upon Mrs. Daniel Anderson of Moroni. Mrs. Anderson was troubled with appendicitis and abdominal tumors.

Mrs. R. E. Wells, who underwent a serious operation at the Holy Cross hospital, is progressing favorably. Mrs. Wells is the wife of the new manager of the San Pedro railway.

Her father, Mr. L. H. Falls, who was operated upon for a hernia at the same time ago, has been at his home.

Strikes Hidden Rocks.
When your ship of health strikes the hidden rocks of Consumption, Pneumonia, etc., you are lost, if you don't get help from Dr. King's New Discovery of Taliaferro Springs, Ala., writer. "I had been very ill with Pneumonia, under the care of two doctors, but was getting no better when I began to take Dr. King's New Discovery. The first dose gave relief, and one bottle cured me." Sure cure for sore throat, bronchitis, coughs and colds. Guaranteed at Z. C. M. L. Drug Store, price 50c and \$1.00. Trial bottle free.
