Important to Second and Third Class

Passengers to or via New

York City.

It is well known that the Erie

Railway Company has for a number

of years provided a commodious

passenger boat, fitted especially

for the transfer of its emigrant

passengers and luggage direct from

Castle Garden to their depot, from

which trains depart for the West—

thus effectually protecting those

"consigned to their care" from un-

authorized persons or outside influ-

ence, while passing through New

York.

To afford similar protection to

second and third class passengers

from the West, going to New York,

or passing through New York on

route to Europe, they have now

arranged for a SPECIAL OMNI-

BUS TRANSFER, starting from

under cover of their Jersey City

depot, (the arrival place of

through trains from the West), to

convey passengers and their luggage

direct to steamships, Hotels,

Boarding Houses, or wherever they

may be assigned—thus affording

them absolute protection, and free-

dom from contact with the "sharps"

who seek to prey upon strangers

arriving in a great city. The Erie

Company will perform this service

with its own omnibuses, in charge

of trustworthy servants, at cost price,

for transfer of single passengers,

families or parties, and their baggage.

A transfer agent of the Company

boards each incoming train from

the West an hour or more before

its arrival in Jersey City, and tend-

ers to passengers the facilities

above announced.

# EVENING NEWS.

March 15, 1878.

## PRICE OF GOLD.

Gold and Silver at Denver National Bank.  
SALT LAKE CITY, March 15, 1878.  
Denver at 12 1/2. Selling at 12 1/2.

## LOCAL AND OTHER MATTERS.

Four Days.—Bishop Sharp was four days in the snow blockade.

The detained passengers on the E. P. R. R. were made as comfortable as the circumstances would admit, while made the delay much less than to them than it would otherwise have been.

Brigham City.—The Brigham City Dramatic Association has recently been giving performances in the settlements of Malad Valley.

In aid of the building fund of the new woolen factory. They were everywhere being greeted by crowded houses.

Well Known Citizen.—We observe from the Territorial Enquirer that E. Stephen Markham, an old and well known citizen of Utah, died last Sunday, at Spanish Fork. He had reached the age of seventy-eight years. The funeral services over the remains were conducted, at the meeting house of the settlement, last Tuesday.

Mould on Gooseberries.—Bro. Chas. F. Kempe, of Richfield, Sevier, explains that the small fruits, which are the only kind that can be raised at present in that region, are spotted every year by mould, and he would be thankful if some of our fruit growers would suggest a remedy. Gooseberries in particular are spoiled by this disagreeable fungus. Who can enlighten him?

Third Anniversary.—Last evening the Young Ladies' Mutual Improvement Association of the Thirtieth Ward held its third anniversary, at the home of Mrs. C. J. Thomas. Members of the Society rendered some pleasing exercises in the form of essays, recitations, etc. Miss R. R. Snow and Mesdames Woodruff, Horne, Howard and others delivered brief addresses.

The affair concluded by the party partaking of a sumptuous supper.

Levettale.—The next number of "Joseph Smith's Levettale," which is the 10th, will contain the whole of the 10th and the six first pages of the 11th chapter, the contents of which are as follows:

Spring Hill or Adam-ondi-Ahman.—The Garden of Eden, etc.—The conversion of the House of the Lord at Far West is laid—An Important Revelation Concerning the Twelve.—The City of David is founded.—The Saints at Kirtland go to Missouri, in a Camp Capacity, where the Angel of Mobocracy again is warning for Renewed persecutions against the Saints.

A Combat at Gallatin.—Judge Black makes a Peace Declaration.—The New Endowment, published by W. J. Forbes, died of rapid consumption, superinduced by a death of ready cash, July 8th, 1873.

The Salt Lake Daily Reporter went out of sight Aug. 14th, 1873. Cause—an excess of expenditure over income.

The Daily Press went under Aug. 17, 1874.

The College Lantern got short of oil and wick, and was extinguished May, 1870.

The Utah Mining Journal flattered in 1873.

The Kecipatichinia was pitched out of journalistic existence in 1870. As its editor's announced intention was to publish "semi-weekly," it is in the habit of re-appearing. After all it may not be dead, but merely sleeping.

The Footlights ceased to shine after December 22d, 1875.

The Utah County Times came to a stopping place December 31st, 1875.

The Weekly Miner became too weakly to longer exist September 11th, 1876.

The Utah Evening Mail became non est June 28th, 1876.

The Utah Educational Journal went out of sight August, 1870.

The Utah Posten (Scandinavian) was not seen any more after September 5th, 1874.

The Utah Mining Gazette made its final exit August 22nd, 1874.

The Silver Reef Echo ceased to sound after February 24th, 1877.

Last of all was that short-lived sheet, apparently wanting in vitality, the Salt Lake Independent, which disappeared from the journalistic arena March 12th, 1873. As the paper itself made no statement, in its expiring moments, as to the cause of its sudden dissolution, the public are left to infer that it was the potent one of a depleted exchequer.

Besides the foregoing there were the Daily Telegraph, Ogden Times, Utah Scandinavian, Corinne Reporter, Corinne Journal, Beaver Daily Enterprise and others.
