

THE DOMAIN OF SCIENCE.

The following lecture on the Domain of Science was delivered by F. M. Bishop at a joint meeting of the Young Men's and Young Ladies' Mutual Improvement Societies of Park ward, on the evening of November 17.

My Friends—The subject assigned to me by your committee is too broad and sweeping in its comprehension to be intelligently discussed in a single evening, and in the brief space allotted to the subject in our program, if we but set out to do the most on the glittering beach of that boundless ocean which science reveals to the earnest student and gather a few drops of knowledge from the great bosom of Creation, we shall do well. First, we must determine what we mean by science, and then we must see how far we have advanced in our knowledge of it.

Science is systematic knowledge, and in the study of our earth, its contents and structure, we have made great and clearly defined progress under three great divisions. First, the mineral, vegetable and animal kingdoms.

In the beginning God created the heavens and the earth. And earth was without form, and void; and darkness was upon the face of the deep; and the Spirit of God moved upon the face of the waters.

THE MINERAL KINGDOM. For the rock which earth was, its rich stores of coal and iron, and all the other minerals which we use in our daily life, were created by the Spirit of God.

THE VEGETABLE KINGDOM. And God commanded the sun, moon and stars to be signs, and the earth brought forth plants and trees, and the Spirit of God moved upon the face of the waters.

THE ANIMAL KINGDOM. First then the skeleton of man was created, and the Spirit of God moved upon the face of the waters, and the earth brought forth man.

In advanced stages of Consumption, Scott's Emulsion soothes the cough, checks the night sweats and prevents extreme emaciation. In this way it prolongs life and makes more comfortable the last days.

Utah Conservatory of Music. MISS S. P. BROWN, Manager. The conservatory is now open for the reception of students. It is a place where the young can learn to play the piano and sing.

Dr. H. Beckstrom Dentist.

DR. O. B. HEWETT, The Sewing Center.

SALT LAKE BUSINESS COLLEGE, To West Second South.

Through course in Bookkeeping, Northland, Typewriting and the common branches.
