······ SEMI-WEEKLY NEWS ... CIRCULATION

January 1, 1899, 10,280. (Issued Tuesdays and Fridays.)

OUR AIM: 20,000 by the 20th Century!

lo-day's Metals. SILVER, Bar. 60 LEAD, \$4.57 1.2 CASTING COPPER 15 1.2 cents a fb.

LOCAL BRIEFS.

Alexander Reid Noble, a native of England, was today admitted to citizenship.

Reinder Fruit of Bountiful has been dismissed from bankruptcy in the Federal court.

The Salvation Army's annual week of prayer and self-denial occurs from March 25th to April 2nd.

Prof. Stewart, of the University of Utah, was feeling better today and it is expected that he will be able to re-turn to the school room early the comintroduced at last Tuesday evening's Council meeting, provided for the con-struction of a bloycle track along the Irive in Liberty Park, is meeting with popular favor among the wheelmen, o whom there are said to be 10,000 in Salt Lake City. Yesterday Mr. Har-tenstein and City Engineer Kelsey vis-ited the park and secured the necessary information looking to the building of the track. Mr. Kelsey will report next Tuesday, and Mr. Hartenstein is hope-ful that his scheme will meet with

favor among his colleagues. Mr. Joseph Goegheagan, local manager of Father Cashman's lecture at the Theater tonight, is very jubilant over the outlook. It is certain that a rare treat is in store for those who attend, and that the event will be a success financially and otherwise. Mr. Goegheagan is of the opinion that not ess than one thousand dollars will be turned over to St. Ann's Orphanage as a result of the lecture. It is expected that Father Cashman will be introfuced by Judge Powers, The remainder of the program has already been pub-lished in the "News." There has been much willingness and generosity ex-hibited on the part of citizens in arranging for the entertainment. Daynes & Son furnished the plano, the Union Light and Power Company the light, and the management of the Salt Lake Theater, the building, while all scr-vices are also gratuitously given.

DOCTRINE AND COVENANTS. A New Edition in Danish to be Printed

Under Supervision of Apostle Lund. The work of printing a new edition of the Doctrine and Covenants in the Danish language has been commenced by the Deseret News printing establishment. There has been a strong demand for a new edition of this work for some years past and the Church authorities appointed Apostle Anthon H. Lund to

appointed Apostic Aninon H. Lund to translate and revise the book prior to publication. Apostle Lund has just completed his work and it is expected that the book will be printed within the next three months, the work of type setting in the Danish language being necessarily somewhat slow. An edi-tion of from three to five thousand copies will be printed and it will be

executed in modern style, clear type and on good paper. The princip I inquiries for the work comes from Denmark, Norway and several parts of the United States, notably Minnesota and Wisconsin and from 1,500 to 2,000 copies have been spoken for as soon as the work is ready. There has been no edition of the Doctrine and Covenants in Danish since 1873. That edition was somewhat

crude, and it is now entirely out of print. It is believed that the present publication will be a timely one, and that there will be a strong demand for the work among the Danish and Nor-wegian people of this section. The proof reading and supervision of the work will be under the personal direction of Apostle Lund.

International Bimetallism at the Rate of 16 to 1-Secretary Gage Explains.

apprehension as to the exact scope and meaning of the country's new financial bill, signed by President McKinley on Thursday of this week, and the 'News" has received numerous requests for an interpretation of it or the publication of the bill in full. The measure has not yet come to hand, but the following excerpts from a Washington special to the Chicago Times-Herald of Wednesday last, will doubtless be sufficient to answer all queries in relation to the matter, containing as they do explanations from Mr. Overwho introduced and had charge

of the bill, and from Secretary Gage of treasury department, from whom it emanated EXPLAINED BY MR. OVERSTREET.

Mr. Overstreet said that President McKinley will sign the bill to-morrow, and this will be the finishing touch. Gold will then be the standard of value

beyond question or dispute. Mr. Oversireet (Ind.) explained in detail the modification of the House and Senate bills agreed upon by the conferees. Mr. Overstreet said that every principle contained in the House bill had been preserved in the conference report except the provision relative to the taxation of national bank franchises. The establishment of the gold standard into law was still its all important and essential feature. This law would, he said, become the

foundation of business prosperity of the country. 'Has the secretary of the treasury the power to redeem a silver dollar in gold under the amalgamated bill?" asked Mr. Shafroth (Colo.).

'He has not," replied air. Overstreet, "and he did not have the power under the original House bill." "Under this bill will private obliga-tions be made payable in gold?" in-

quired Mr. Snodgrass (Tenn.). PRIVATE OBLIGATIONS.

"Under section 2 , of the original House bill," replied Mr. Overstreet, "public and private debts were made conformative to the gold standard. That section is omitted from the report, first, because it is a question in law wheth-er it would not be retroactive, and, second, because, having fixed the gold standard and recognized it by convertond. ing all public obligations into gold obli-

gations, there will be no necessity to legislate concerning private obligations, as they will invariably reflect the character of government obligations." Mr. Williams (III.) asked whether it

would not be impossible in case an in-ternational bimetallic agreement was reached, to escape paying the refunded thirty-year 2 per cent gold bonds in gold, and such being the case, whether the bill could be considered an encouragement to international bimetalligm.

"The bonds could be paid only in gold," responded Mr. Overstreet, "This bill holds out not the slightest hope of international bimetallism under present conditions.

BIMETALLISM IMPOSSIBLE.

I say frankly that this bill will

There appears to be a widespread mis. | \$100,660,600. There has for years been a scarcity of subsidiary silver during periods of active retail trade, but this provision will give the treasury ample opportunity to supply all the subsidi-ary silver that is needed. Another ary sliver that is needed. Another provision that the public will greatly appreciate is the authority given to the secretary to recoin worn and un-current subsidiary silver now in the treasury or hereafter received. The makes a continuing appropriation for paying the difference between the face value of such coin and the amount the same will produce in the new coin THE REFUNDING FEATURE.

"A distinct feature of the bill is in

A distinct refunding the 3 per cent Spanish war loan, the 2 per cent bonds maturing in 1907 and the 5 per cent bonds maturing in 1904, a total of \$339. 000,000, into new 2 per cent bonds. These new 2 per cent bonds will not be offered for sale, but will only be issued in exchange for an equal amount, face value, of old bonds.

"The holders of old bonds will receive a premium in cash to compensate them in a measure for sacrifice of interest which they make. The cash premium will be computed on a basis of the present worth of the old bonds at 2% per cent, and will be on April 1, the date that the new 2 per cent bonds will bear, \$105.6851 for the 3s, \$111.6765 for the 4s and \$110.0751 for each \$106 of the 5s. "This exchange will save the government, after deducting the premium paid, nearly \$23,000,000, if all the holders the old bonds exchange them for the new ones,

"National banks that take out circulation based on the new bonds are to be taxed only one-half of 1 per cent on the average amount of circulation out-standing, while those who have cir-culation based on a deposit of old bonds will be taxed, as at present, 1 per cent.

CHANGE IN BANKING ACT. "There are some other changes in the

national banking act. The law per-mits national banks with \$25,000 capital to be organized in places of 3,000 inhabitants or less, whereas heretofore the minimum capital has been \$50,000. "It also permits banks to issue cir-culation on all classes of bonds deposited up to the par value of the bonds, instead of 90 per cent of their face, as heretofore. This ought to make an immediate increase in national bank irculation of something like \$24,000,000 as the amount of bonds now deposited to secure cidculation is about \$242,000, 000. If the price of the new 2s is not forced so high in the market that there is no profit left to national banks in taking out circulation, we may also ook for a material increase in national bank circulation based on additional deposits of bonds.

National banks are permitted under the law to issue circulation up to amount equal to their capital. The The to tal capital of all national banks is \$616.-000,000. The total circulation outstand-000,000. ing is \$253,000.000. There is, therefore, a possibility of an increase in circulation of \$253,000,000, although the price of the new 2 per cent bonds, as already foreshadowed by market quotations in advance of their issue, promises to be so high that the profit to the banks in taking out circulation will not be enough to make the increase anything

ing week.

Rev. L. H. Baker of Delaware, O., who has been speaking to the congregation of the First M. E. church, will speak at the Iliff church tomorrow morning at 11 o'clock.

The local lodge Knights of Pythias, celebrated the thirty-sixth anniversary of the founding of Pythianism at Cas-tle hall last evening. The evening was spent in toasts, speeches and eating.

rank Foote, a nephew of Proprietor Ewing, of the Cullen hotel, was oper-ated upon by Dr. Niles at the Holy Cross hospital for appendicitis last night. Mr. Foote was reported this afternoon as doing well.

Mrs. Annie B. Holland, wife of Dr. N. Holland, who died on Thursday, was formerly the president of the Mc Kean Post Woman's Relief corps. He funeral will take place from the Odd fellows' temple at 3 o'clock tomorrow.

The students of All Hallows college, celebrated St. Patrick's eve in a be-fitting manner last evening. The profitting manner last evening. The pro-gram consist d of famous songs relating to Ireland, and closed with a few ap propriate remarks by Rev. C. P. Grey-

The Westminster Presbyterian church people have decided to erect their new house of worship at the corner of Fourth South streets and Pleasant avenue. The thoroughfare runs south from Fouth South street between First and Second West.

The engineer of the Walker House states that he would like it known for the benefit of his friends and others that he was not the man who stole an overcoat at that place yesterday. He says it was the house man who made away with that article of apparel.

John Held, Jr., met with an accident at the corner of Second South and East Temple street yesterday afternoon. Young Held was riding his bicycle at the time and came in violent collision with an express wagon. His left side and arm were considerably bruised and his wheel much damaged.

A Christian Endeavor rally was held in the East Side Baptist church last evening, us a sort of preparation for evening, as a sort of preparation to the annual convention to be held in this city from April 27th to 29th. A number of papers were read by various clergy-men and other Christian Endeavor workers. The orator of the convention will be Rev. David N. Beal of Denver.

Idaho Falls Register: William Shurtliff came down this week from Swan valley to meet his family who have been spending some time in Ogden. Mr. Shurtliff says he has over a hundred tons of hay left over after-wintering his herd of about 300 head of cattle. He hasn't lost an animal during the winter

The Progressive Literary and Debat-The Progressive Literary and Depat-ing society held an interesting meeting last night at the residence of Henry Kirkham. The program consisted of pratorical declamatory and debating numbers. Mr. Dunn was victorious in the oriatorical contest. Mr. Angell in the declamatory and Mr. Kirkham in the debate

The Utah Poultry association was en-tertained by C. J. Trump, last even-ing, by a lecture and an ocular demon-stration of artificial chicken hatching and raising. Mr. Trump has obtained good results, largely due, he says, to his disregard of the advice of the incuba-tor experts. At the next pouliry show it is probable that Professor Russell an eastern expert, will be here to award the prizes

The State Forestry association met in office of Superintendent Bark yesterday afternoon for the main purpose of electing officers for another year, but owing to the meagre attendan that business was postponed until April 7th. It was decided to revise the constitution of the association and President John R. Park was authorized point a committee for that pur. Prest, Park was also directed to pose. Prest, Park was also directed to select a committee to walt on the City Council to induce it to furnish trees to be planted in City Creek canyon.

Councilman Hartenstein's resolution,

Two Year-Old Boy Found Wandering Around the Streets by an Officer.

LOST CHILD.

Officer Roberts found a 2-year-old boy tottering along Second South near East Secretary Gage today made the fol-

Temple street this morning and took him over to the station. The little fellow seemed perfectly content to remain at the station and takes considerable interest in the officers.

WOMAN'S STRANGE ACTIONS.

Wanders Aimlessly About the Streets -Officers Unable to Find Her.

Early this morning the patrol wagon was sent east on First South street to look for a woman who was reported to be wandering aimlessly about the streets. She called at Undertaker Watson's residence and asked for lodg-Being toid that there was no ing. place for her she went up the street. The officers are unable to locate the woman.

TRANS-ATLANTIC TRAVELERS Furnished Special Attendants by the Van-

dalla-Pennsylvania System,

The bureau of attendants for trans-Atlantic travelers established in Jersey City and New York City twenty years ago by the Pennsylvania System, has proven a great convenience to persons making European trips and to tourists arriving in America at that port. will be particularly convenient for visitors to the Paris Exposition because the departure docks of most of the Atlantic Steamship Lines are conven-ient to the new Jersey City Passenger Station of the Pennsylvania Railroad Company

This bureau consists of experienced agents whose duties are to meet pas-sengers arriving in Jersey City and New York over the Vandalia-Pennsyl-yania Lines and assist them in arranggold ing for trans-Atlantic trips via any of the steamship lines by conducting them to steamships and alding in preparations for a trip abroad. These agents will provide cabs oper-

ated by the Pennsylvania System and and passengers with their baggage. They are fully posted on matters per-taining to steamships leaving New York, and arrangements can be made through them for procuring steamship tickets in advance. They also meet incoming steamships

to ald travelers in shaping details for continuing journeys from New York over the Pennsylvania Lines by furnishing tickets, arranging for the transfer of baggage from steamship docks after it has been passed by customs inspectors, and having the same checked through to destination. They will reserve sleeping car accommodations and relieve persons of the foregoing details, making themselves useful as attend-ants and guides free of charge.

Further information on the subject may be obtained by addressing J. M. Chesbrough, Ass't. General Passenger Agent, No. 809 Century Building, St. Louis.

Z. C. M. I. SPRING MILLINERY OPENING.

Monday, Tuesday and Wednesday, March 19, 20 and 21. Come.

NOTICE.

and re-opened on April 5th, 1900. T. G. WEBBER, Secretary. SIXTY-FIR T DIVIDEND.

Z. C. M. L., Salt Lake City,

March 17, 1900. At a meeting of the directors held on the 15th inst. a dividend of four per cent for the half-year was declared upon the capital stock of this Institution of record March 26th, 1900, payable on and after April 14th next to stockhold. ers personally upon presentation of their stock certificates, or upon their

written order. T. G. WEBBER, Secretary.

make it practically and absolutely im-possible ever to have international bimetallism at the ratio of 16 to 1, MR. GAGE INTERPRETS IT.

owing statement in explanation of the provisions of the financial bill which passed the riouse: "The financial bill, which now awaits only the signature of the President to

become a law, has for its first object what its title indicates, the fixing of the standard of value and maintain-ing at a parity with that standard of all forms of money issued or coined by the United States.

'It reaffirms that the unit of value is the dollar, consisting of twenty-five and eight-tenths grains of gold ninetenths fine, but from that point it goes on to make it the duty of the secretary of the treasury to maintain all forms of money, issued or coined at a parity with this standard. It puts into the hands of the secretary ample power to do that. For that purpose the bill provides in the treasury bureaus of issue and redemption, and transfers from the general fund of the treasury's cash \$150,000,000 in gold coin and bullion to the redemption fund, that gold to be used for the redemption of United States notes and treasury notes,

THE REDEMPTION FUND.

"That fund is henceforth absolutely cut out of and separated from the cash balance in the treasury, and the avail-able cash balance will hereafter show a reduction of \$150.000,000 from the figures that have heretofore prevailed. This \$150,000,600 redemption fund is to be used for no other purpose than the redemption of United States notes and treasury notes, and those notes so redeemed may be exchanged for gold in the general fund or with the public, so that the reserve fund is kept full with to the \$150,000,000 limit.

"The secretary is given further pow-er. If redemptions go on so that the gold in this reserve fund is reduced below \$100,000,000, and he is unable to build it up to the \$150,000,000 mark by exchange for gold in the general fund or otherwise, he is given power to sell bonds, and it is made his duty to re-plenish the gold to the \$150,000,000 mark by such means.

ENDLESS CHAIN IS BROKEN.

"The 'endless chain' is broken by a provision which prohibits the use of notes so redeemed to meet deficiencies in the current revenues. The act pro-vides for the ultimate retirement of all the treasury notes issued in payment for silver bullion under the Sherman act. As fast as that bullion is coined into sliver dollars treasury notes are to be retired and replaced with an equal amount of silver certificates.

The measure authorizes the issue of gold certificates in exchange for de-posits of gold coin, the same as at present, but suspends that authority whenever and as long as the gold in the redemption fund is below \$100,00,000, and gives to the secretary the option to suspend the issue of such certificates whenever the silver certificateas and United States notes in the general fund of the treasury exceed \$60,060,000.

"The bill provides for a larger issue of silver certificates by declaring that hereafter silver certificates shall be issued only in denominations of \$10 and

under, except as to 10 per cent of the total volume. ROOM FOR SILVER CERTIFICATES.

" Room is made for this larger use of silver certificates in the way of small bills by another provision, which makes it newssary, as fast as the present sil-ver certificates of high denominations

are broken up into small bills, to cancel a similar volume of United States notes of small denominations and replace them with notes of denominations of \$10 and upward. Further room is made for the circulation of small sllver certificates by a clause which permits na-tional banks to have only one-third of

their capital in denomination under \$10. "One clause of the bill which the public will greatly appreciate is the right that it gives to the secretary to coin any of the 1890 builion into subpublic will greatly appreciate is the right that it gives to the secretary to coin any of the 1890 bullion into sub-sidiary silver coins up to a limit of McDonald's Yankee Snaps,5c. Try them.

like such a possible total."

SALT LAKE'S NEW HOTEL.

Located in the exact geographical con ter of the main business portion of Salt Lake City. Corner of Main and Second South Streets. 282 rooms, 81 bath sultes,

The eye of the luxury loving com-mercial man or the swell tourist, al-ways rolling a favoring glance towards

a very centrally located and elegant, first class hotel, rests with complacent satisfaction upon this palatial hostlery. The Kenyon with all its luxurious appointments is as much ahead of thi ordinary so-called modern hotels as the Pullman sleeper is ahead of the coaches of long ago. The new hotel has been leased to Mr.

Don Porter. The enviable reputation and unqualified success attained for the Kenyon is the result of that favorable impression always made with each guest. The excellent table and home-like air that pervades is invariably praised by all
