PATENTS

obtained for new inventions, or for improvements on old ones, for medical or other compounds, trade-marks and labels. Caveats, Assignments, Interferences, Appeals, Suits for Infringements, and all cases arising under the Patent Laws, promptly attended to—Inventions that have been REJECTED by the Patent Office may still, in most cases, be patented by us. Being opposite the U. S. Patent Department, and engaged in Patent business exclusively, we can make closer searches, and secure Patents more promptly, and with broader claims, than those who are remote from Washington. INVENTORS send us a model or sketch of your device; we make examinations and advise as to patentability free of charge. All correspondence strictly confidential. Prices low, and NO CHARGE UNLESS PATENT IS SECURED.

We refer to Washington, to Hon. Postmaster General D. M. Key, Hon. F. B. Power, The German-American National Bank, to officials in the U. S. Patent office, and to Senators and Representatives in Congress; and especially to our citizens in every state in the Union and in Canada. Address

BEAUTY:

OR, THE

Secret of a Fair Face

An Item of Interest to Every Lady who Desires to be More Beautiful than she now is.

Unfortunately not one woman in a hundred, subjected to the whims of an American climate possesses that basis and starting point of real beauty—a pure and clear complexion.

What nature has thus denied, art must be called upon to furnish.

It can be done; it is done daily. Prof. W. E. Hagan placed beauty within the reach of every unblessed daughter of Eve when he discovered that surprising article known in fashionable circles as the true secret of beauty, and called

MAGNOLIA BALM

The Magnolia Balm is a sure device for creating a pure and blooming complexion.

It conceals all natural blemishes in the most surprising and effective manner.

It removes all roughness, eruptions, redness, blotches, freckles, and tan with magical power.

It drives away all evidences of fatigue and excitement.

It makes the plainest face beautiful.

It gives the complexion a dazzling purity and makes the neck, face, and arms appear graceful, refined, and plump.

It makes a matron of 35 or 40 look not more than 20 years old, and changes the rustic maid into a cultivated city belle.

The Magnolia Balm removes all the marks and conceals every drawback to beauty; and, while it is as harmless as water, it is so life-like in its effects that the closest observer cannot detect its use.

Ladies who want to make themselves attractive can make an absolute certainty of it by using Hagan's Magnolia Balm, and we know of no other way. It is the cheapest preparation in the world, all things considered, and may be had at any drug store.

Mrs. ELLIS R. SHIPP,

Physician and Surgeon.

EASTERN.

Evarts Speaks.

NEW YORK, 24.—Hon. Wm. M. Evarts addressed an immense and enthusiastic audience at the Cooper Institute this evening. The vast hall was insufficient to contain the multitude who tried to crowd inside. In twenty minutes the hall was crowded to overflowing. Elliott C. Cowdin presided. Mr. Evarts was received with prolonged applause. He said: I cannot sufficiently express my acknowledgement at this magnificent attendance and this cordial greeting, as no man can be worthy, for his own sake, such an attendance and greeting; no man can repay them by his speech, but it is when great interests are at stake that masses themselves make the speech and set at work the influences to be distributed through the land. Sectional animosities are disappearing, and cursed be the man who would reopen the dissensions or deny any man a free, equal and peaceable enjoyment of any constitutional right. This is the only platform we can stand on, and that principle will bring peace, plenty and prosperity, equality and fraternity. These remarks were warmly applauded. There was a reception in the evening, and at 11 p. m. the party left for Washington, after a most agreeable visit.

Further Details of the Destructive Hurricane.

PHILADELPHIA, 24.—By yesterday's storm in this city, 384 dwellings and stores were unroofed and otherwise injured, and several completely demolished. Besides, there were badly injured 31 churches, 23 schools, 55 factories and warehouses, five hotels, two elevators and fifty other large buildings, such as depots, ferry houses, mills and railroad offices. The fatal accidents were six, and seriously injured 13. In the southern part of the city, known as "The Neck," the Delaware overflowed its banks for a distance of one mile from the usual course, and the residents had to be taken from the second stories of the houses in boats sent out from the navy yard. Only one man was drowned in this section, but the loss of life to stock was very great and eleven wooden bridges were swept away. The well-known land mark, the large ship house at the League Island navy yard, was levelled to the ground. It is impossible to estimate the loss in money, as it is distributed in various amounts between hundreds of owners, but it is generally estimated at $2,000,000, the following being among the heaviest losers: Christ's Protestant Episcopal Church, Germantown, $40,000 to $50,000; Pennsylvania Railroad depot, West Philadelphia, $22,000; bridge at the falls of the Schuylkill, $50,000; Walnut Street Presbyterian Church, $25,000; First Baptist Church, $25,000; Schomakers' piano factory, $15,000 to $20,000; and Jones & Son's knitting mills, $20,000. The shipping interests suffered severely, eight vessels being reported sunk and twenty-two damaged in this harbor. On the Delaware river, below the island and abreast of the range, the light tug *W. G. Fowler* was wrecked, and her captain and a boy drowned. From Delaware breakwater many vessels are reported ashore. The captain of the oyster sloop, *Mary Ann*, which arrived this morning, reports that of the oyster fleet of 100 vessels, bound to this city on the morning of the storm, a number sunk, many were damaged and two lives were lost. The captain, first mate and a seaman of the sloop *F. Dever* were drowned.

At Phoenixville, yesterday morning, the storm unroofed houses, uprooted trees, demolished barns and otherwise did great damage to the property and products from the various points in the Schuylkill valley. All speak of a great loss of property. Out of all the collieries in Mayhonay district, only thirty are able to work, owing to the storm.

Williamsport was inundated. Walnut, Centre, Elmira, Hepburn, Pine and Market streets were all badly flooded, and the Philadelphia and Erie Railroad is under water at several points. The damage is estimated at $30,000. Reports from Easton, Lancaster, West Chester and Reading all tell the same story, and it seems the country surrounding Philadelphia suffered almost as heavily as the city.

Absecon, N. J., 24.—A schooner is reported ashore on the north point of Peck's Beach. There are no signs of the crew. Two bodies have been washed ashore.

Wilmington, Del., 24.—The wind storm yesterday was one of the most destructive experienced here. The river rose higher than ever before, causing a flood and much damage to property and shipping. Two barges plying between here and Philadelphia were lost in the Delaware. Several small boats sunk. South Wilmington was completely inundated and a number of people had to seek refuge in the upper stories of the houses. About seventy-five buildings were wholly or partially unroofed in this city, four or five were carried away by the flood and six blown down. The schooner *Buckeye*, from this port, Captain Appleton, Master, was wrecked about three miles from Newcastle, the captain, his wife and two sons and a seaman were drowned. The schooner *Estelle Bright*, of this city, was wrecked on the Jersey shore opposite Newcastle, and Captain James Tounlain and two colored men were drowned.

Wrestling Match.

DETROIT, 24.—The Detroit Opera House was crowded this evening to witness the wrestling match between John McMahon, champion of California, and Robert Wright, of this city—stakes, $750 and door money. Time was called at 8.30 and, in a few minutes, Wright was on his back. The second round was called at 9 o'clock, and after twenty minutes' hard work, McMahon threw Wright, but the referee decided that it was no fall. The third round was called at 9.35, and in five minutes Wright was down and it was decided no fall. The fourth round was called at 9.40, in which McMahon easily threw Wright—time, eight minutes. The referee decided the match in favor of McMahon.

Wreck of the Steamer "Express."

BALTIMORE, 24.—Captain Barker, of the steamer *Express*, which left here on Tuesday for Washington, reports that his vessel foundered in a gale in the mouth of the Potomac, and the passengers and crew are probably lost. The captain was rescued while drifting with fragments of the boat.

Captain Barker, describing the wreck of the *Express*, says the sea was running at a great height, every wave washing the boat from stem to stern. Shortly after 5 o'clock on Wednesday morning there came a terrific splash, and the joiner work parted from the stanchions. The passengers and crew had hardly time to realize what had occurred before a wave tore the saloon deck like so much paper work, and the following wave swept it off to sea, and with it nearly all on board. All on board had secured life preservers at the earliest period of the gale. Some of the officers tried to secure the boats but they were washed away and broken up. A moment after the upper deck had been carried away, the hull rolled over and sunk, bottom upwards. Those of the passengers and crew that could reach portions of the wreck, clung to them, but a heavy sea washed them off again, and in the breaking down only about eight persons could be seen. The *Express* had a crew of 21, all told, and as far as known, eight passengers. It is supposed that twenty lives were lost.

James Douglass, wheelsman, who was rescued, was badly hurt by being struck by timbers from the wreck.

The Defaulting Cashier.

CHICAGO, 24.—The *Inter-Ocean's* Auburn, Ind., special says: George A. Hazzard, the defaulting cashier, has compromised with the National Bank by paying $17,000 in bank certificates, and the bank reopened to-day. Hazzard was thereupon released. He was re-arrested for a third time this afternoon by S. A. Larney, for obtaining money under false pretenses, and bound over for trial. This evening he escaped from the jail to the dense woods, where he still eludes the officers. It is generally believed that he has all the stolen funds in his possession, and public indignation is at a dangerous pitch.

The Extension of Trade and Commerce.

In pursuance of a meeting of manufacturers, merchants, and citizens, held here on the 16th inst., looking towards the extension of trade and commerce across the continent and with foreign countries, the committee propose to hold a convention in Chicago on the 12th of November, to which the President, Governors of States, members of Congress and ministers from the South American States, Mexico, China, and Japan, have been invited. Governor's of States, chambers of commerce, mayors of cities, and manufacturers associations favoring the objects of the convention, are requested to send delegates and notify the committee of the intention to attend, addressing George S. Bowen, 4 Ogden building, Chicago. The completion of the Northern and Texas Pacific railroad is one of the objects of the convention.

Yellow Fever Reports.

MEMPHIS, 24. — The board of health officially reports eight deaths from yellow fever for the past 24 hours ending at 6 o'clock. Nine additional interments are reported by the undertakers of deaths in the country. Fifteen physicians of the Howard medical corps report 24 new cases. A majority of the new cases occurring in the city are of returned refugees. Dr. R. M. Mitchell, medical director of the Howard Association, warns those at a distance to remain away until officially notified that it is safe to return.

New Orleans, 24.—Applications for relief to the Young Men's Christian Association, 35; Howards, 124. The Howard Association, to-night, passed a resolution to close their labors on Saturday, the 26th. As to the new cases, the Howards believe that by Saturday the epidemic will no longer exist, that is, the deaths from fever will be less than from other causes.

Clinton, La., 24.—Mrs. Libbie Nesom died yesterday, leaving George Riley, her brother, as the last remaining member of a family of six.

Mysterious Murder.

VINCENNES, Ind., 24.—John D. Vacelet, wife and two sons were murdered last night about two miles south of this city. Pierre Provost, who lived with them as a farm hand gave the alarm to the nearest neighbor, about half a mile away, at 4 o'clock in the morning, having come to them in his night clothes, and saying in broken English: "They had a hell of a time over at Vacelet's." On going to the house the neighbors found his sons, aged 14 and 16, in bed, the father lying in the doorway, to an adjoining room, and in the next room the mother in bed, all dead and cold. The deed had evidently been done with an axe, the heads and throats of the victims being cut and gashed by such a weapon. Two or three bloody axes were found. Provost is under arrest, and can given no satisfactory account of the affair. He claims to have been attacked by the murderers and escaped, but this is already proven to to be untrue. Circumstances, to-night, are against him. Threats of lynching him do not disturb him, and he preserves the most astonishing composure amid the excitement. The inquest was adjourned until to-morrow.

Guilty of Libel.

PATERSON, N. J., 24.—The jury in the case of J. H. McDonell, editor of the Paterson *Labor Standard*, indicted for libel, in styling some of the laboring men "scabs," after remaining out fifty hours, brought in a verdict of guilty.

The Postal Service.

WASHINGTON, 24.—The official estimates required for the postal service the next fiscal year, aggregate $35,537,900. The estimated total postal services will fall short of supplying this sum by $5,907,876. The amount appropriated for the current fiscal year is $33,256,378, of which $4,225,274 comes from the general treasury. It is estimated therefore, that $1,685,631 more than this year's appropriation from the Treasury will be required for the next fiscal year.

The Road Agents.

CHEYENNE, Wyo., 24. — While *en route* to this city, in custody of W. M. Ward, stage agent, Doug. Goodale, one of the participants in the late murder and stage robbery at Cañon Springs, escaped by throwing himself from the window of a passenger train at Lone Tree, Neb., last night, and is still at large, although shackled. Of the treasure taken from the coach on this occasion, about $15,000 has been recovered. One of the robbers, Thomas Price, lies dangerously wounded in Deadwood, whilst two, who are known to have been engaged in the same robbery, namely McBride and Carey, have not yet been captured. The former is known to have been wounded by one of the messengers. There are, at present in confinement here and at Laramie, four of the gang who, although the evidence is not clear that they were in this last robbery, have confessed to having been engaged in others.

Dead

BOSTON, 24.—Gen. Jas. S. Whitney died suddenly, to-night, of apoplexy. Deceased was commissioned a brigadier-general by Gov. Everett, made superintendent of the Springfield armory by President Pierce, and collector of customs of Boston by Prest. Buchanan. He has been a leader in the democratic party of the State for many years.

PURIFY THE LIFE CURRENT.

SCOVILL'S

Blood AND Liver Syrup

A FEEBLESS REMEDY FOR

Scrofula, White Swellings, Cancer, Erysipelas, Chronic Sores, Gout, Syphilis, Tumors, Carbuncles, Salt Rheum,

And all Diseases indicating an IMPURE CONDITION of the BLOOD

Cutaneous eruptions upon the face or body do not necessarily indicate the taint of Scrofula, but whether the malodorous poison of that dire malady is present in the system or not, certain it is that

Scovill's Blood & Liver Syrup

completely cures such disorders. If the virus of scrofula does exist in the veins, this matchless purifier will root out every vestige of it. No eruptive malady, be it scrofulous or otherwise, can resist the purifying action of this safe and potent remedy, which renders the skin

CLEAR, SOFT AND BEAUTIFUL,

when ordinary medicines utterly fail to arrest the progress of scrofulous and other eruptive disorders, the persistent use of the incomparable Syrup departent secures the desired result. From

THE ARRAY OF PROOF

of its reliability in our possession we make the following condensed extracts:

Mr. Samuel H. Matthews, Woltestown, Accomac Co., Va., states that his child, when a month old, was attacked with an eruption which covered its head, face, arms, feet and knees, converting them into "literally one solid sore," but that two and a-half bottles of **Scovill's Blood and Liver Syrup** effected a complete cure, *without a scar.*

Martin Robbins, Jr., writes that he suffered from Scrofulous White Swelling with twelve running ulcers on his legs from which more than 100 pieces of bone sloughed away, but by the time he had finished the twenty-fourth bottle of the Syrup he was completely cured.

THIS GRAND REMEDY

is a compound of vegetable extracts, the chief of which are

Sarsaparilla and Stillingia.

The cures effected by **Scovill's Blood and Liver Syrup** are *absolute*, and their record is unsullied by failure. For sale by all Druggists.

Price, $1.00 per bottle.
