About six weeks age I was perfectly cured of a cancer in my tengue. The suffering through which I passed previous to its re-moval cannot be described. The cure was effected without any surgical operation, and I gradually experienced great relief from the commencement of Dr. Plant's skillful treatment. The entire cure was performed in six weeks. I am sixty-ene years old, and am prepared to answer any or all inquiries in relation to the matter. But the case, to myself, seems so wonderful that I think it my duty to take the present
