LOCAL NEWS.

STAKE CONFERENCE.

A Conference of the Saints of the Salt Lake Stake of Zion will be held in the Salt Lake Assembly Hall on Friday, Saturday and Sunday, February 17, 18 and 19, 1894, commencing at 10 a.m. on Friday, Feb. 17.

ANGELO M. CANNON, President of the Stake.

About Complete.—The picture and book entitled "Representative Women of Deseret," of which our readers have heard from time to time as being under preparation by Sister Augusta J. Crecherson, are nearly finished. The picture includes twenty portraits of ladies prominent in this community, and the book is a record of their lives, necessarily made brief and pointed, but of great interest, and written up in excellent style by a talented pen. The picture and book are dedicated to Sister Eliza R. Snow Smith.

Filling the Vacancy.—The vacancy caused in the Presidency of the Thirtieth Ward Relief Society, by the removal from the Ward, of Sister Bathsheba W. Smith, was filled yesterday by the following arrangement. Sister Smith having held the position of First Counselor to President Rachel R. Grant, Sister Lydia Ann Wells, the Second Counselor, was appointed to succeed her, and Sister Louise King Spencer chosen to succeed to the office vacated by Sister Wells.

Enlarging His Store.—Mr. George W. Davis, the enterprising merchant, has enlarged his establishment on Main Street, so that his store now includes that formerly occupied by D. O. Calder's musical ware-rooms. The new addition, formed by taking out the partition which separated the two places, has been fitted up for dry goods. Mr. Davis also keeps the best of groceries, etc., as usual, and is prepared at all times to meet the wants of the public in his line.

EMERY COUNTY.

CONCERNING AFFAIRS IN THAT REGION.

Brother William Howard, of Huntington, Emery County, is in the city for a few days on business, intending to return Monday. He says that matters in general are improving and on the increase in that locality. No trouble is met in raising whatever is needed by the settlers. Things are quiet and peaceable as a rule, and but little sickness prevails.

The Prosecuting Attorney for the County has been making things lively for the liquor men along the line of the D. & R. G. Railway, and has succeeded in getting them to take out licenses, the first yet issued in the County. There is no liquor sold, that our informant knows of, away from the line of the railroad.

Huntington is about 150 miles from this city, and 25 miles from Price Station on the D. & R. G., the nearest railroad point to the settlement. Considerable dissatisfaction is felt and expressed over the exorbitant rates and overcharges made by the railway company, and efforts are being put forth towards the construction of a new wagon road through Huntington Cañon to Sanpete, for freight teams, as a means of avoiding the payment of heavy railroad rates. Several teams are being readied for use in this city, loading up with freight, with the same motive in view.

An instance of what the people there regard as unfair treatment from the railway, is the fact that it compels them to buy coal in car-lots and lots, instead of by the ton, an arrangement which is not only unsatisfactory to the rich, but oppressive to the poor, who must in many cases do without the fuel in consequence. A bill will be presented at an early day to the Legislative Assembly asking for an appropriation to help construct the wagon road above mentioned, and to build a bridge over Price River.

Huntington has much improved during the past year. About 60 or 70 new houses have been put up, and water for the home-sites got out upon the land. Our informant, a former resident of Randolph, Rich County, has been in Emery County three years. The people there have a tri-weekly mail service, which so far has given good satisfaction. Some excitement prevails among certain classes over mining discoveries in the Cedar Mountain district.

The Abduction Case.—The examination before United States Commissioner McKay of the defendant Samuel P. Hitch, which has taken up most all of to-day, only substantiates the comments already made in yesterday's issue of the News. Hitch says he is 40 years of age, has been in the Territory four years and in Salt Lake City about four weeks. He has been engaged in canvassing for a silver wash, and arrived in Evanston on New Year's day and met Tanner (the abducted child's grandfather) on the train with a little child dressed in girl's clothing. Tanner said to him: "If you keep your mouth shut about this and not tell anything about it I will make you a present of a thousand dollars. Hitch replied, "All right."

He said he might have told Mr. Mahon (the Evanston banker) about being offered \$5,000 by Tanner to steal the boy for him, but he did not remember it. The evidence for the prosecution shows that Hitch was in possession of the child on the evening of Dec. 31st, under circumstances of such a character that he would "swear" his conviction. From the evidence adduced there is no doubt that Hitch will be bound over to await the action of the grand jury.

LATER.—The following copy of a dispatch was introduced by the defense:

SALT LAKE CITY, January 18, 1894.

Wm. Tanner, McConnersville, Ohio: Sam. Hitch has been arrested for kidnapping claims for stealing your child, and liberate Sam. (Signed) MARY A. MORTON.

The accused was held to answer to the Grand Jury in the sum of \$5,000.

Emily Faithful.—Miss Faithful will lecture at the Salt Lake Theatre on Wednesday evening, and those who miss her discourse will lose a genuine treat. When she lectured in Boston, Tremont Temple was crowded with an audience of exceptional brilliancy and culture, and she was specially invited to give this address by Wendell Phillips, John A. Lowell, Julia Ward Howe, Maynor Green, Oliver Wendell Holmes, H. O. Houghton, John G. Whitier, and other prominent men. Her platform was a noted body of men—the leading representatives of the learning and the culture of America.

The Boston Traveller, in commenting on the lecture, remarked:

This address of Miss Faithful will take rank with the most inspiring utterances of the age. Space permits us to present a brief abstract of the address, whose logic, whose the divination of underlying spiritual forces, of the action of matter, and whose profound religiousness are beyond all question.

The lecture, which is a remarkable degree an exceptional brilliancy and sparkle, with a depth of feeling, a logic drawn from existing facts, and a profound religiousness, is a treat to all who hear it.

"God sends his teachers unbidden, and he sends them to be privileged to recognize them. And what woman has not felt this gift of a noble woman than that the world, the nineteenth century, is better because Emily Faithful lives in it."

Last Night's Party.—The reunion in the Social Hall last evening was attended by some of the best people in the community, and proved, what everyone predicted, to be a genuine social affair. The First Presidency, several of the Apostles and many prominent Elders graced the occasion with their presence, and among old, middle aged and young, it would be difficult to imagine a happier, more homelike feeling than that which prevailed.

Peterson's band furnished the music, and excellent music it was. James Currie was prompter. During a lull in the dancing, President John Taylor made a few timely remarks and the local quartette "Come where my Love has Dwellings," was beautifully rendered by Messrs. H. G. Whitney, J. D. Spencer, Misses Agnes Olsen and Louie Wells. The committee have every reason to feel gratified at the winter inauguration of the Social Hall series.

Mysterious Disappearance.—On Wednesday, Nells Hansen, aged 30 years, was in the city from his home in Contrevelle, Davis County. About 6 o'clock the same evening, a man in town blithely told his horse for him, as he (Hansen) was himself under the influence of liquor. He started for home, but did not reach there, and has been missing ever since.

Feet are entertained that he wandered out of the proper road and perished, as the night on which he started for Contrevelle was bitter cold. He had a light spring wagon and sorrel mare. Any information concerning him will be gratefully received by his anxious family.

Burns and Shakespeare.—Miss Bowison, of Cincinnati, a noted lecturer, is in the city. On the 4th and 5th of February she will deliver lectures on Robert Burns and Shakespeare, two of her favorite themes. They will be given at the 15th Ward Assembly Rooms.

PERSONAL.

John C. Swan, of Bingham, is at the White House.

A. Hubbert and son, of Rhinels, France, are guests of the Walker House.

E. R. Johnson, of Chicago, registered this morning at the Walker House.

Mr. Sands and wife, of Butte, Montana, arrived in the city last evening, and are stopping at the Walker House.

Samuel Memmett Wanted.—Sam's Memmett, of Scipio, Millard County, is wanted at the police office in this city, to claim and take away an overcoat belonging to him, which was recovered from George Smith who stole it out of Memmett's wagon, while the latter was several days ago. The coat had been sold to a second hand store.

Smith claims to have paid 75 cents for it to another person, but not much is known in his story, and he is believed to be the actual thief.

Suspicion against him is strengthened by the fact that he has been convicted of stealing three palmed blankets from a lodging house, at which he put up last Monday night, for which theft he is now serving out a term of ninety days. The police would like Memmett to appear some time before the expiration of that period in order that the overcoat larceny may also be fastened upon Smith, and he be dealt with accordingly.

The blankets stolen were found at the Morgan Smelter, several miles south of this city, and have been returned to the owners. It seems that Smith parted with them to one of the employees, a foreigner, at the Smelter, for the sum of \$4, and immediately returned to town to make another haul, which it is believed, he succeeded in doing in the master of the overcoat. He is doubtless an adept at the light-fingered business.

We were shown this morning some flowers grown in the open air that were picked from a garden in Ontario, Canada, the 11th inst. It is said that a milder winter has never been felt there.

A GENUINE AFFAIR.

Our readers can rely upon it that if they have any rheumatism in the system, they can by using Britania become entirely cured. It is so to be cured. A great many persons have tried it in Salt Lake City and Ogden, and other parts of Utah whose testimony can be privately obtained, and who say that no remedy ever reached the disease before. It removes pain at once, and conquers the cause of the pain, and moves it, builds up the general health, restores the system to its normal condition, and gives an appetite and a relish for food, and prevents its returning on the system. It can be without it in the house as a family medicine. Sold at Z. C. M. I. Drug Store.
