

POWERS MEETS OLD TIME CHUM

Salt Laker and Omahan Renew
Acquaintance of Thirty-five
Years Ago.

HERE'S HOW IT ALL HAPPENED

Mr. Powers Drove Into Derigat Garage
And Owner Remembered Attorney
After Long Separation.

(Special to the "News.")
Omaha, Neb., Aug. 25.—After an automobile journey of 400 miles, O. W. Powers, a Salt Lake attorney, who spent two days in Omaha, met for the first time in 35 years a boyhood chum in the person of J. J. Derigat, who operates one of the largest automobile garages in the city.

Powers drove his machine up to Derigat's garage and registered. The proprietor of the place looked at him a moment and thought he remembered the face. He said nothing, however, but when the stranger came into his place the next day, Derigat said:

"Say, is your name Powers?"
"It is," he replied.

"I believe you and I were school boys together," said Derigat. "Did you ever live in Putneyville, N. Y.?"
"I certainly did, and I have just made an automobile tour of the east, stopping at that place," was the reply.

The greeting was a hearty one. They soon got to swapping reminiscences.

"You look like a young man," said Derigat. "Both started out to make their fortunes in the world at about the same time. Powers looks like the picture of success, and Derigat displays with considerable pride one of the largest automobiles in the city."

Atty. Powers started today for his home, in his big automobile. He will make the trip to Salt Lake by easy stages.

SALT LAKE JUST WINS OUT IN TRAP MATCH.

Salt Lake's trap shooters yesterday beat Ogden by one point, the score being 451 to 450. This match was a return one and now both clubs are tied, each having won a match apiece. A coin will be tossed to decide which city gets the final match.

The game saw little sensational shooting although both sides ran high when Bigelow killed 55 straight birds during practice, and Speed 64 out of 75. Bigelow's score was 73 out of 75 with Sherry two birds and three Houlihan, making a total of 451.

Reaction the Ogden players fell away below average and Salt Lake had an off day as the match seemed to sort of hang on for supremacy as to decide who could keep from shooting lower. The score follows:

Salt Lake.	Ogden.
Burgess	Bigelow
Houlihan	Sherry
Keefe	Speed
Mills	Sherry
Parker	Sherry
Ricknell	Sherry
Cowan	Sherry
Speed	Sherry
McMillan	Sherry
J. F. Sharp	Sherry

Jimmy Britt is training at Shannon's meet with Joe Gans. Jimmy has been up in the mountains doing long runs and similar stunts but is going in for gymnasium training now.

The Grand Western handball came to an end in Denver Friday afternoon with T. E. Graham of Long Lake, Ill., at the head of the list. Graham made a score of 18 out of a possible 100. W. H. Heer of Colorado Springs, Colo., was second with a score of 17. Hughes lead the amateurs in the tourney with 48; Powers followed with 45 and Garrett and Bonace tied with 43.

It is out that "Philadelphia Jack O'Brien, who lost out with the true sports recently in having a hand in a fight with Tony Burns, that didn't look good, is going to star in a play written by himself and called "The Double Cross."

O'Brien is to be the hero and Burns, the villain. O'Brien will probably feel the loss of a few dollars in the fight, but he is sure to strut around behind the footlights, singing, "Stand back, I'll stab thee through the apoplexy!" than facing a determined fighter.

Prolonged Life

There are many persons living to-day, whom doctors have given up to die. Dr. Miles' Heart Cure has added years to their lives. It strengthens the heart nerves and muscles, restores normal heart action, so that it can send the blood through the veins to nourish and sustain life.

"I am glad to recommend Dr. Miles' Heart Cure and Nerve Food, for they have been of great benefit to me. The doctors said I was liable to die any time; my case was incurable. I was told this by doctors in this village and Southern Minnesota. I have used four bottles of Dr. Miles' Heart Cure and Nerve Food, and although not a young man, having passed through the worst of heart trouble, I feel better in every way and sleep like a healthy six year old boy. I was advised to use your medicine by a man who is now a perfect specimen of manhood. He tried Dr. Miles' Heart Cure and Nerve Food, and he said, 'I have been given up to die by the doctors, but I have been given up to die by Dr. Miles' Heart Cure and Nerve Food.'"

CHAS. E. MURPHY, Veranda, Minn.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

droon or go up. George Winters of Boston, Charles Patton of Washington and Larry Howell of St. Louis are working with it.

Bookmaker Jack Wrenn of Australia is willing to risk another \$500 of real American money in backing up Bill Squires, who showed up on the coast right before some time ago and then dropped behind the ridge suddenly. Friends of the Australian want him to go against the winner of the Schreckbach-Klein bout scheduled for Sept. 21. Squires seems anxious to have another chance to make good and a man really spelling for a fight usually gets something sooner or later.

Walter Johnson, a Welsh pitcher, is playing with Washington in the American league and is attracting considerable notice. Here's what Field Hill Donovan, the Detroit curve-baller, has to say of the Idahoan: "It is no wonder to me that Johnson pitched 35 innings without allowing a run and struck out 131 men in 12 games up in Idaho. It is only wonderful to me that he did not strike out every one of these batters up there. He has remarkable speed and a great shot on his fast ball, and to tell you the truth, he is the best new pitcher I have ever seen. If nothing happens that follow, he will be a greater pitcher in two years than Johnson ever dared be. Mark that prediction."

ALLEGED MEXICAN CONSPIRATORS ARRAIGNED

Los Angeles, Aug. 25.—Ricardo Flores Magon, Antonio Villareal and Librado Rivera, the Mexicans arrested here last week on charges of conspiracy against the Mexican government, were arraigned before Justice Frederickson today and held in the sum of \$10,000 bail. The formal charge was resisting a police officer. Villareal was also charged with being a fugitive from justice and held without bail. It is charged that he broke jail at El Paso while being held for extradition to Mexico.

Justice Frederickson held court during the noon hour today in order that the charges might be filed against the men without habeas corpus proceedings, which they had instituted.

The attorney for the consul stated that he would not discuss the case further than to say that the state departments of Mexico and the United States have taken the cases up. The expected papers warranting further proceedings against the men are expected to arrive from Washington within a few days.

The men are held in strict solitary confinement. They are allowed to see no one excepting their attorney. Violators are denied admittance. This morning a young Mexican woman, becoming incensed at such denial and created a scene at the police station by denouncing the governments of the United States and Mexico and declaring that private citizens would take the law into their own hands.

The overturning of a lamp is thought to be the cause of a fire, which for a time threatened to wipe out the entire business portion of the town.

Volunteer firemen, after hours of work, got the flames under control. Besides the Commercial hotel, several other buildings were burned. The loss is \$10,000.

King Edward to Get WORLD'S LARGEST DIAMOND

Pretoria, Transvaal, Aug. 26.—In accordance with the resolution introduced by Premier Botha, the Transvaal assembly, by 12 to 19 votes, authorized the government to purchase the Cullinan diamond, the largest in the world, valued at \$1,000,000, as a present to King Edward in token of the appreciation of the people of the Transvaal for the bestowal of a constitution on the colony.

The Cullinan diamond was found in January, 1905, by Fred Wells, the superintendent of the Premier Diamond Mining company, and was named after the chairman of the company. Fred Wells was making an inspection after the workmen had left before closing the mine for the night when he saw the diamond glinting. It was sticking out from the rough wall of the excavation directly above a rocky ledge. In spite of the great size of the stone it is considered very pure in purity and color. Its length is 4 1/2 inches, height 2 1/2, and breadth 2 1/2. Its weight is 3,106 1/4 carats. Under the diamond law as the government owns three-fifths of it, the price to be paid to the company would be \$400,000.
