Something About Indian Nasses. The Indiane have a neat way of fixing it. This Rain'n the-Face, spotted. Tail, Man-Afraid-of-lis-Horses, is good comagit to pain off on the whites, but each Indian has another mome the whites never hear. First he is named after his mother's family. There are only half a dozen each. Stake, Wold, Turtle, Bear, Eagle, and so on. Year tencomber how, in "The Last of the Mollicane," the young belevance chief was found to have a bortoise tathoed on his breast, that gave his family. He was a furthe, just as the built of the Steich are divided into a fow class, the Stew-arts, Campbelle, Camerons, Me-fergors and others. To the Indi-an's family mane is attached an-other. But it would be had meeth-ring the would be had meeth-ring the mouth the bash consider the analy drive is apoleen outside the analy drives in spoken outside the samily circle, and give some of his have it spoken outside circle, and give some a es a chance to work spell b him. The Spotted Tail

subject. Relative to the grading of Ninth North Street, I would say that the supervisor of streets informed me that in had not done any work whatever on said street whatever wurk has been or to being done at present on said street was done by the county this wild legal notice to creations has been given in the estate of Edward Davies, decensed. The case of the estate of R. L. Cutter, decensed, was continued till March J.1980. A to arr, and thet of March J.1980. It is arr, and thet of Autrow Polesson till Thursday
