

THE ITALIAN PEASANTRY.—You meet what looks like an opera chorus of every depth, — men and women dressed, may be, in rags, but it is sure to be in colors, and with a touch of theatrical grace that is peculiar to Italy alone. The Italian peasant is a natural coquette. He tumbles into graceful attitudes as naturally as the workmen of most countries fall into awkward ones. The Italian peasant is a jaunty fellow, with his jacket as jauntily as an English beggar.
