FALLS DOWN AN ELEVATOR SHAFT

Frightful Experience of Horace Mann in Opera House Building.

PIONEER DAY AT HUNTSVILLE.

Streetcar Company and Its Men Reach Amicable Agreement.

Ogden, July 22.—Horace Mann, leading man for the Zinn Travesty company, now playing at the Utahna theater, fell through an open door, into the elevator shaft of the Grand Opera House building, suffering serious injuries to his shoulder, side and head.

Mr. Mann and wife have apartments in the Opera House block and after the afternoon performance at the Utahna park he went to the building to take the elevator to his rooms. The entrance to the place is somewhat dark. Mr. Mann coming as he did from the bright sun light, into the dark hall, had his vision considerably impaired. The elevator door was open and he presumed the elevator to be landing even with the floor and stepped into the opening, falling a distance of about 12 feet into the basement of the building. His cries for assistance were heard by others in the building, who went to his rescue and assisted him to the street landing. The ambulance was called and he was taken to the Ogden general hospital where his wounds were dressed by Dr. G. A. Dickson. An examination showed that the actor had received a compound fracture of the shoulder, a severe scalp wound and a badly lacerated side. The gash in the head required several stitches to close it up and the skull may be slightly fractured.

The two warehouses will be joined together by an underground passage way sunk beneath Wall avenue. When the new building is completed it will give Scowcroft & Sons company the largest warehouse in the west.

Mutual Workers of First, Fourth and Fifth Wards Meet.

Ogden, July 22.—The district conference of the Mutual Improvement associations of the First, Fourth and Fifth wards was held at the Fifth ward meetinghouse yesterday afternoon, 2 o'clock. One of the special features of the meeting was the excellent music furnished by the junior choir of girls.

The reports of the associations shows them to have been doing very progressive work during the past year. Miss Minnie Brown, of the First ward, gave a very instructive talk on "The Benefit of Literature in Mutual Work," showing conclusively that by the studying of proper literature the mind is expanded and much good is derived.

Miss Alice Flowers sang a beautiful solo. "The Arts and Artists in the days of Christ," was the title of an interesting paper read by Miss Marion Beisner, of the Fourth ward.

Miss Fowler sang a sweet solo. President L. W. Shurtliff, Bishop D. H. Ensign and John Watson, Sisters Wallace and Campbell, of Salt Lake City, and Elizabeth Y. Stanford, addressed the gathering, encouraging the young people in their excellent work, and assuring them that through the efforts put forth they would receive great blessings.

There was a large attendance at the services.

SITE FOR FEDERAL BUILDING.

Many Propositions Under Consideration—District Court Business.

Special Correspondence.
Provo, Utah Co., July 22.—Considerable interest is being taken in the location of the federal building to be erected in Provo and there are several sites under consideration and all receiving support from interested citizens. Other sites will undoubtedly be presented before the time for offering them expires, and more business will be taken up as the time for selection draws nearer.

Some of the sites now considered are: A corner of the city property on Academy avenue and Center street, across from the Knight building. Petitions asking the city council to donate a site there are being circulated and largely signed.

Many citizens favor a site on the tabernacle block, the northwest corner, and have signified a willingness to purchase it from the church authorities, if it can be obtained. They argue that this location is so nearly central that no objections can be found with it on that score by citizens in any part of the city.

Options are being taken on ground north of the postoffice, corner of Academy avenue and First North street, and if the necessary arrangements can be made by the parties intended a site will be offered on this corner. The Martin corner across the street west is also favorably considered and may be offered. A site will also be offered on the corner of Center street and Third West street, on the vacant lot between the church and the site of the people owning the land there can be united in the arrangements precedent to an offer. If not some other good corner in that neighborhood will be secured and an offer made of it.

The guests of honor will be the Pioneers of 47, and the only one of the original Pioneer Mormon Battalion boys, Horace Thornton, and now living here. There are several others who came to Utah later the same year. Of the battalion veterans the following four are living here: Hon. Luther T. Tuttle, Daniel Henrie, Asaria Smith and William Johnston.

SAD DEATH BY DROWNING.

Many of Mantl's citizens mourn over the sad death of Russel Hougard, by drowning in the Sevier river Monday afternoon, July 16, while in bathing. Russel was the son of Mr. and Mrs. Peter Hougard, who moved to Sevier county some years ago from here. He was born in Mantl, Dec. 22, 1884, and spent his early boyhood days here. Being the oldest son he became the main support of the family when his father died. He is survived by his widowed mother, three sisters and two brothers, one the sisters, Mrs. Lewis McKelisen, living in this city. The young man was an active worker in the Sunday school and the Young Men's association of his ward.

Farmington, Davis Co., July 22.—Funeral services were held yesterday at Farmington over the remains of Theron Abbott, aged seven years, who died on July 20, after several months' of suffering from a tumor on the brain.

KANAB.

GRAND CANYON VISITORS.

Lively School Election—Frank Little, Democrat, Elected.

Special Correspondence.

Kanab, Kane Co., July 19.—A party of young people left here to visit the Grand Canyon this afternoon. Parley Day of Fillmore, John Christensen of American Fork and B. Y. Woolley, of Kanab made up the party. This is the second of the parties to visit the canyon on this side this summer. There are four or five more parties planned here to visit the canyon in the near future.

At the school election held here on the 16th Frank Little, the Democratic candidate, was elected school trustee in place of H. S. Cutler. Mr. Cutler, the Republican candidate, polled only 18 votes to Mr. Little's 35.

There have been thunder showers all around Kanab lately, but so far no rain to amount to anything has fallen in Kanab for three months. The clouds gather every day, only to disappear at night without unloading.

Nobody was killed in celebrating the 4th of July here, but everybody felt as patriotic as the heat would allow.

Frank Little has taken his wife to Cedar City to the hospital. She was just recovering from a dangerous operation when she suffered a relapse.

WOULD YOU BE COOL?

Then go to Saltair. The trip is quick, by and comfortably made. It costs but 25 cents. The bathing is glorious—the best in the world. The dancing pavilion is as smooth as glass and the music is furnished by Christensen's orchestra.

BOISE, IDAHO.

CREMATED IN HIS OWN HOME.

Shocking Fate of Edwin P. Houston—Serious Haying Accident.

Special Correspondence.

Boise, Idaho, July 22.—At an early hour yesterday morning Edwin P. Houston was cremated in his own home on River street, west of Riverside Park. The fire was discovered by neighbors about 4 o'clock and an alarm was turned in. The fire department responded within a few minutes, but the frame building was quite completely and could be rendered.

After the fire had been extinguished, Cret Two good entered the ruins and found Houston lying near the kitchen door, face downward. His body was burned to a crisp, his limbs being entirely burned off. Not a feature was recognizable.

The origin of the fire is not definitely known, but it is supposed that it was caused by his carelessness of Houston himself in handling matches, as he was in an intoxicated condition, and the sole occupant of the house at the time.

His wife and 11-year-old son had gone to Pine, Ore., on a visit to relatives, while he stayed to work assessment upon certain mining claims, which he held. Immediately upon the departure of his family, three weeks ago, he began drinking and has been in an intoxicated condition ever since.

SHOCKING HAYING ACCIDENT.

Samuel Bolter, a rancher residing about eight miles down the Boise valley, met with a very serious accident yesterday while engaged in haying. His accident was attending the stack upon a Jackson's barbed fork, when it swung around and caught Bolter, who was standing on one end of the loaded wagon, talking to a friend. One of the huge tines of the fork pierced his abdomen just below the naval, running under the skin and fast layer underneath for about six or eight inches. He was hoisted in the air and his body hung there suspended 14 feet above the ground until he was let down by the assistants of other hands. His wounds have been dressed and his physicians think he will recover.

The Story of the White Heart

It's Easy to Figure the economy of Pillsbury's Best Breakfast Food-VITOS

PILLSBURY'S

The quality question is easily disposed of when you know it's Pillsbury's. The blackboard diagram below tells the economy story. A two pound package of Pillsbury's Best Breakfast Cereal makes 12 pounds when served. A package of the ordinary cooked kinds usually contains 7/8 of a pound and costs 15 cents—a pound would cost about 17 cents, 12 pounds \$2.04. \$2.04 minus 17 cents, the cost of 12 pounds of Pillsbury's Vitos, equals \$1.84. How much is this saving worth to you in a year? Pillsbury's Cereal Food never gets sticky or lumpy. Good in summer or winter.
