

ONAPPED AND SOLD INTO SLAVERY

Seventeen Survivors of Several Hundred South Sea Islanders Arrive in San Francisco.

EIGHTEEN YEARS IN BONDAGE

Captured by British Captain and Sent to Bucaeamla—Return Home at British Government's Expense.

San Francisco, July 17.—Nineteen survivors of several hundred South Sea Islanders kidnapped 18 years ago from their native strand and sold into slavery among the coffee plantations of Guatemala, arrived here today on the steamer City of Para. They are from the island of Cook, today are being sent home by the British government paying expenses. The natives were kidnapped by Capt. Cookburn, who visited the islands in 1890, when the Monseratt and enticed them aboard sailed away. They were supposed to be contract laborers, but to their Guatemalan employers three years, ignorant of the language and in a land where the law is the dictator's will, it was impossible to keep them on the plantations. They stayed until their plight was made known to the British government. This, however, was not until 18 years had passed and most of the natives had died. Those returning have come to show for their years of toil. Capt. Cookburn was lost at sea in December, 1894, when the Monseratt went down with all hands. The islanders have been taken in by the British consul here who arranged transportation for them on the steamer City of Puebla, which sails tomorrow for Vancouver. There are several babies in the party and all showed signs of illness resulting from their long sea voyage.

LARGEST MOTOR DRIVEN YACHT IN THE WORLD

New York, July 17.—The largest yacht in the world driven by motor power was launched yesterday at Morris Heights, in the presence of the owner, Charles H. Fletcher, and a number of friends who had been invited to see the new pleasure vessel take the water. Mrs. Fletcher broke a bottle of champagne over the stem and named her Jimma.

The yacht is named after Mrs. Fletcher, and is the third Jimma on the list. She is a graceful, well built vessel of 130 tons yacht register, classed A-1 at Lloyd's, 111 feet over all,

80 feet at the water line, 21 feet beam, 4 feet draught, 250 horsepower, twin screws, and has a speed of 14 knots. The interior work in the cabin is artistically constructed of San Domingo mahogany and the exterior of the cabin and decks are built entirely of teakwood from Burma.

The Jimma F. III. has tanks to hold 1,500 gallons of gasoline on which she is guaranteed by the builders to travel 500 miles at a speed of 14 knots.

PROHIBITIONISTS NAME THEIR CANDIDATES

Columbus, O., July 16.—For president—Eugene W. Chaffin, of Chicago. For vice president—Aaron S. Watson, of Ada, O.

The above ticket was nominated today by the prohibition national convention, both men being chosen unanimously. The full endorsement of the convention was not, however, given to Mr. Chaffin until after three ballots had been taken.

On the first two ballots, Mr. Chaffin did not show a great amount of strength, receiving 185 out of 1,083 votes on the first and 358 out of 1,087 on the second ballot. His nomination was practically assured, however, when the roll call began for the third ballot. His own state, which had voted largely for Daniel R. Keen of Florida, II, and the New York delegation, followed by those of Indiana and Wisconsin, came over to Mr. Chaffin, and on the third ballot he received a total of 636 votes.

Eugene W. Chaffin, who leads the prohibition party this year, is an attorney residing in Chicago. He is a native of Waukegan, Wis., and for some years has been practicing law here. He is at the same time a candidate for governor of Wisconsin on the prohibition ticket, and was this year placed in the running for the same position in Illinois by the prohibitionists of that state.

RUNNING DOWN RACE TRACK GAMBLERS

New York, July 16.—There were exciting scenes at the Brighton Beach track today, resulting from the tactics of the police in their determination to run down and round up the track gamblers. Arrests were made right and left by plain clothes detectives detailed to the track in the place of the uniformed squad that has been on duty there. The crowd of 5,000 in the field and the stand was wrought up to a pitch of excitement when detectives not only took a score or more of suspects into custody, but proceeded to search some of them in full view of the spectators. There were no demonstrations against the officers, however, and the work was accompanied by nothing more serious than outspoken remarks of disapproval at the treatment accorded the prisoners, some of whom were brought handcuffed from the field through the grandstand.

It had been hinted before the afternoon's racing began that extreme measures would be taken, even to the extent of closing the track, if the anti-betting law was flagrantly violated or if there were riotous demonstrations. The behavior of the crowd in general was excellent, however, and no radical action was deemed necessary.

Some of the men arrested on the

track were released after being escorted out of the grounds. Eight men, however, were taken to Brooklyn police headquarters and afterward released on bail for a hearing tomorrow morning.

Grand jury investigation of conditions at the tracks is proceeding, and District Atty. Elder of Kings county said today that within 24 hours he expected indictments of important persons in connection with the alleged violations of the anti-betting law.

DEMOCRATIC SPEAKERS WANTED

Birmingham, Ala., July 16.—John W. Tomlinson, the Alabama member of the national democratic committee, announced that volunteers to assist in the campaign throughout the United States would be accepted and asked all speakers to advise him immediately as to states and time desired by the orators. Said he: "Each speaker will be a volunteer fighter, devoting his own time and money to the cause."

WATSON SAYS BRYAN PRESUMES TOO MUCH

Nashville, Tenn., July 16.—Thomas E. Watson, candidate for president, addressed the state People's party convention which met here today, arousing much enthusiasm.

In an interview, later, Mr. Watson said: "Bryan made a mistake in dealing with the political situation in this fact, and I will take advantage of this fact. He has gone to the limit in presuming upon the political help of the south."

KILLED IN STREET FIGHT

Chicago, July 16.—Robert H. Gurley, 25 years old, was shot and killed early today in a fight at Wabash avenue and Forty-third street. The shot is believed by the police to have been fired by Charles Pretschold, who, with E. J. Denike, is under arrest. Besides Gurley, Pretschold and Dennis, the police learned that another man and a woman named Annie Shanahan were also in the fight. Several witnesses have told the police that Gurley and the unidentified fugitive had encountered the woman and her two companions and after they had had a few heated words one of the men struck Gurley. There was a general fight in which the woman and Gurley's companion escaped.

MURDERED BY MANIAC

Pittsburg, July 16.—Suddenly seized with a mania to kill, George Tussel, an inmate of the insane department of the Allegheny City home at Clearmont, near here, yesterday murdered Harry Speller, also an inmate, and injured two guards who fought a desperate battle with the lunatic before overpowering him. The affair did not become public until today.

TAKE STOCK OF NATION'S NATURAL RESOURCES

Washington, July 16.—Although scarcely more than a month has elapsed since President Roosevelt appointed the nation's conservation commission, the work of taking stock of the nation's natural resources has begun. This work will be carried on vigorously in order to enable the commission to make its report to the president by Jan. 1 next.

A large amount of the material, embracing the subject of conservation of waters, lands and minerals is already available in the department's accounts, departments, the leads of which have offered hearty co-operation in the great task the commission has undertaken. Other important data will be collected through special channels, including state conservation commissions now being formed, and some of the great national

organizations represented at the White House conference recently.

By early fall the president expects to have in hand sufficient material to begin the study of the inventory of the nation's resources, and by the middle of October it is hoped to have the great part of this material in hand. The full commission, which will hold its first meeting in December, may at once take up the study of facts the summer's work has brought together. One week later the commission will hold a joint meeting in Washington with governors of the states, or their representatives, with the view of securing further and closer co-operation with the various state commissions.

BONI FILES SUIT FOR REVISION OF DIVORCE DECREE

Paris, July 16.—Count Boni de Castellane today formally filed suit for revision of the decree of divorce granted against him by his wife, who was Miss Anna Goudy of New York, as will give him custody of his three children. The hearing has been set for July 27.

The principal ground set forth by Count Boni is that the past record of the Princess de Sagan makes him an unworthy to be in close relationship to the children. The conduct of the princess in traveling with the prince prior to the marriage of the pair also is involved. If allowed to remain with the children, the summons declares, the children would be brought up to dislike their father.

In an interview, later, the count said: "I am a sufficient guaranty for the children to contribute \$20,000 annually toward the maintenance of each child."

M. Cachard, attorney for the Princess de Sagan, had this comment to make on Count Boni's modest request for \$20,000 a year: "A sufficient guaranty for the children."

M. Cachard anticipates a long legal fight, but he is convinced that the princess will win. As much time will be required to prepare the case, it probably will not be argued before the fall term of the court.

PRESIDENT REFUSES TO SPEAK INTO PHONOGRAPH

Oyster Bay, N. Y., July 16.—President Roosevelt has refused an offer to make speeches into the receiver of a talking machine for the purpose of making records for public use.

The president attended to official business this morning and this afternoon assisted in the parish charitable cases, and Mrs. Roosevelt each year entertains its members.

MRS. EDDY.

Founder of Christian Science Celebrates Her 84th Birthday.

Newton, Mass., July 16.—Mrs. Mary Baker Eddy, founder of the Christian Scientist church, today reached her eighty-seventh year, but beyond congratulations from members of the household and officials of the church, there was no observance of the event. Mrs. Eddy is reported in good health and maintains the same routine which governed her life at Concord, N. H., during the past several years.

TEHERAN SITUATION.

European Residents There Never in Any Danger.

Berlin, July 16.—John B. Jackson, the American minister to Persia, arrived in Berlin today on his way to the United States for his annual leave

of absence. Mr. Jackson said that quiet reigned at Teheran when he left that city a few days ago, and that he and other foreign observers believed that the country had entered upon a period of tranquility. The country, however, had not been between the parliament and the shah, but between the sovereign and a group of men composed of the heads of the secret organizations which tried to operate through parliament. The European residents of Teheran had never been in the slightest danger. It always had been possible for them to traverse the streets in the daytime with complete security.

A WIFE MURDERER.

Sentenced to Sing Sing from Ten to Twenty Years.

New York, July 17.—William Campbell, a bricklayer, who on June 3 killed his wife Carrie, with a bread-knife, stood like a man unconscious of what he was doing in the courtroom yesterday, when on his plea of guilty to manslaughter, Judge Mulqueen sentenced him to not less than 10 or more than 20 years in Sing Sing. He is 36 years old.

He had been indicted for murder, but the district attorney, believing his crime had been committed in drunkenness, recommended that a plea of manslaughter be accepted. The chief witness against him before the grand jury which brought the indictment, was his son Edward.

According to him, his father had been long out of work. He came home that night when the family were at supper, apparently in bad mood, perhaps intoxicated. He complained of the corned beef and cabbage, which he said they had every night. Edward remonstrated, Campbell ordered him out of the house, blows were passed. Then Mrs. Campbell, taking her son's part, broke between them. Her husband, catching up a bread-knife, slashed Edward in the arm twice, then seeing blood, plunged the knife into his wife's breast, and she fell dead.

POWDER MAGAZINE EXPLODES KILLING NINE PERSONS

Tacoma, July 16.—A special to the Ledger from Cleelum, Wash., says: "An explosion in the powder magazine of the Northwestern Improvement company near here at 5 o'clock this afternoon killed at least nine persons and seriously injured a number of others."

THE DEAD.

George Mead, manager Northwestern Improvement company's store. Gifford McDougal, clerk in store. Andy Grill, clerk in store. Mrs. Peter Moffatt, wife of a brick-maker. Infant child of Moffatt. Joe Rossi, miner. Joe Pochriappi, miner. Two miners, names unknown. Shortly before 5 o'clock Manager Mead and the clerks from the store went to the powder house to assist in unloading a carload of powder. How the accident happened is not known. The magazine is three-quarters of a mile from the center of the town and the explosion shook the town like an earthquake. Windows for a mile around were shattered and rocks and brick from the powder house were broken hundreds of feet.

Mrs. Peter Moffatt, wife of a brick-

maker, was living in a tent near the magazine with her two children. The tent was blown to pieces and Mrs. Moffatt's body was not yet found. Muffled cries were heard soon after the explosion, but they have died down.

ZOTTI'S BANK FAILS.

Chicago, July 17.—Frank Zotti's foreign banking house and steamship agency, closed its doors here yesterday. There are branches of the institution in New York city and Pittsburgh. Jesse Watson of New York was appointed receiver yesterday. Frank M. McKay of Chicago was notified from New York city of his appointment as Chicago representative of the receiver, and immediately took charge of the bank.

The closing of the doors of the Zotti bank in three cities is a direct result of a run started six months ago in Pittsburgh, which is Mr. Zotti's headquarters. Within a few days \$100,000 was paid out in an effort to satisfy the depositors.

TO MEET HITCHCOCK.

Portland, Ore., July 17.—William M. Calk, chairman of the Republican state central committee, and Ralph E. Williams of Dallas, national committee man for Oregon, have left for Colorado Springs, Colo., to attend a con-

ference of the state chairman and national committee men of the states lying west of the Mississippi river. This conference has been called by Frank H. Hitchcock, chairman of the Republican national committee, and its purpose is to arrange for an aggressive campaign in the interest of the nominees on the party's presidential ticket.

EXCURSION TO CANADA.

August 4th. Via Oregon Short Line. Greatly reduced rates to Stirling, Raymond, Magrath, Cardston and Lethbridge, 30 mile limit. See display advertisement in this paper for rates, or City Ticket Agent, 201 Main St.
