## UTAH IRON FOR THE PUEBLO PLANT

Colorado Fuel and Iron Co. Put 100 Men on Development Work Near Cedar.

## RAILS STACKED UP AT LUND.

Prospect Shafts Are Being Sunk in Iron County Prior to Opening of the Mines.

## BEEHIVE STATE ON EVE OF BOOM.

Everything Indicates That the San Pedro Will Have Its Hands Full Handling Ore Business.

That Utah is on the eve of a decided boom in iron mining becomes more apparent as the days go by. This is brought to mind in a forcible manner by advices which were received by Col. Miner this morning from Cedar City, Iron county. In the communication received by the colonel it is stated that the Colorado Fuel & Iron company has recently increased its force of men at its iron county mines to fully 100. Work is being projected all along the iron zone on the company's holdings, a distance of over 10 miles. This work consists in sinking shafts to determine the extent of the iron deposits.

Between six and eight of these shafts are being driven at the present time. As the ore is taken out tests are made of its quality and character and a record carefully kept. All the shafts so far made, while experimental in their character, are so given that they can be used when the actual work of taking out the ore is reached.

Another significant thing at the present time, is the fact that the big Colorado company has been industriously piling up a large quantity of steel rails at Lund, on the line of the San Pedro railroad. These rails though are lighter than those used on main lines of railroads and it is thought that the material will be used in track building around the mines. Col. Miner says that he is in a position to know that the company is making arrangements to supply its plant at Pueblo, Colo., with iron from the mines it has purchased in Iron county. In speaking of the iron mines around Cedar City, Col. Miner said that he also had a considerable force of men at work on his properties, which lie directly alongside of that of the Colorado company. He intends to keep increasing this force as the time goes by. At present he is busy securing patents upon his ground and yesterday paid in to the receiver of the land office \$1,728 in final proof on a tract.

## CHARLES MOSTYN BOBS UP

Paid Informer Swears Out Complaint Charging Unlawful Co-Habitation.

The notorious Charles Mostyn Owen is again to the fore, this time with a complaint against Elder Heber J. Grant, which was drawn by County Attorney Westervelt yesterday afternoon, sworn to before Judge Diehl at 6 o'clock last night and placed in the hands of Sheriff Emery for service. It charges Mr. Grant with unlawful cohabitation with Mrs. Emily Wells Grant, a plural wife.

On receipt of the complaint Sheriff Emery went immediately to the home of Mr. Grant, at South Second East street, but learned that he was not at home. He then went other places in search of him but all to no purpose. Mr. Grant could not be found. The result is that the complaint has not yet been served, or at least had not up till a late hour this afternoon.

In view of the fact that Elder Grant has been here ever since his return from Japan nearly two months ago, it seems passing strange that the issuance of a complaint against him was not carried out until the eve of his departure for Europe, for which section he was to have left today. It is said that Mr. Owen has other complaints up his sleeve and that he is to repeat his tactics of four years ago in order to assist in the warfare against Senator Smoot.

## GIFT TO UNIVERSITY.

Mrs. Flora L. Clement, wife of the late Victor M. Clement, the prominent mining man who died about a year ago, has presented to the University of Utah her husband's fine collection of 5,000 European rocks, carefully numbered, named and catalogued, with a convenient case in which to keep them. Needless to say, the gift is highly appreciated by the faculty and students of the institution.

## CUPID GIVES A SURPRISE

Miss Eleanor Dooly and Ernest Bamberger Are Married Today.

Their many friends in Salt Lake will be greatly surprised to hear of the marriage at high noon today of Miss Eleanor Dooly and Ernest Bamberger, the assistant manager of the Daily West. The ceremony was performed by Chief Justice Barich, in the drawing room at the home of the bride's father, J. E. Dooly, and was attended by only the two families.

Miss Dooly is the oldest daughter of Mr. Dooly and a beautiful and talented young lady, long a great favorite in society.

Mr. Bamberger is one of the young college men of the city, who has been doing very well since his graduation. Both are deservedly popular and although they preferred a quiet wedding to the more public one, belated congratulations and good wishes will be showered upon them.

After a trip east they will be at home in this city.

## TEACHERS WANTED.

Applications for Men to Fill Four Vacancies Received by Superintendent.

A shortage of school teachers has been reported to State Superintendent of Schools Nelson. Utah county needs three teachers and Davis county one. Applications for the positions will be received at the office of Superintendent Nelson in the city and county building.

## PANGUITCH SCHOOL.

Title to Land Approved, and Building To Be Erected.

(Special to the "News.") Washington, D. C., Nov. 11.—The attorney-general has approved the title to the land for the Indian school at Panguitch which is to be built. Senator Kearns called on the Indian office and was informed that the erection of the school would commence at once.

PENSIONS.

Pensions granted: Utah—Stephen Mc Barnes, \$12. Wyoming—Charles A. Robinson, \$6. Idaho—Mary G. Dorgan, \$5.

PAYSON RESERVE ENLARGED.

The president has issued a proclamation enlarging the Payson forest reserve.

IDAHO POSTMASTERS.

Idaho postmasters appointed: Gilmore, Lemhi county, Frederick G. Lauer, vice James H. Campbell; resigned. Hawkins, Blaine county, Franklin P. Riggs, vice Anna H. Jensen, resigned.

RESERVE AGENT APPROVED.

The Third National bank of St. Louis has been approved as reserve agent for the National Bank of the Republic of Salt Lake City.

## SAN PEDRO TRACKLAYER.

Engineer McCartney of the San Pedro leaves this evening for Caliente to superintend the assembly of the Harrington track laying machine, which is arriving there in sections. While daily track laying is in progress, when the big machine is in readiness, the progress will most materially increase.

## MORE SNOW COMING.

Weather Man Predicts Colder Weather For This Section.

The high barometric area which was pushing in from the coast of California yesterday was shoved down and to one side last evening and another storm center swept down from the Vancouver region. The temperature in this city fell to 22 degrees, but rose as the day progressed. It snowed some this morning, and has been cloudy and threatening all day. Snow and colder weather are expected tonight and tomorrow. The lowest thermometer last night was nine degrees above zero at Caliente, and it was 10 degrees at Lander, Wyo. Considerable snow has been falling in the mountains, but not enough to bother the railroads any.

## BOARD OF CORRECTIONS.

The board of corrections is in session at the state prison today. It is expected that the findings of the board in relation to the recent prison break will be completed.

## PETITIONS PRESENTED AGAINST SENATOR SMOOT.

Senator Hoar Takes Occasion to Remind the Signers That Their Petitions Are Absolutely Out of Place—Case Will be Determined According to Laws and Constitution of U. S.

Washington, Nov. 11.—The senate began business in earnest today by receiving a number of petitions and also many bills. Some of the petitions protested against Senator Smoot of Utah remaining in the senate.

In presenting a numerously signed petition asking the senate to expedite the consideration of the charges against Mr. Smoot, Mr. Hoar took occasion to remind the senders of petitions bearing upon Mr. Smoot's case that the proceeding is out of order and is improper. He based his remarks upon the fact that the determination of Mr. Smoot's rights will be a purely judicial proceeding, to be determined by the laws and the Constitution of the United States.

"With all respect to the signers of this character," he said, "I want to say to them that their petitions are as much out of place when addressed to this court as similar petitions would be if addressed to the supreme court of the United States in any case pending before that tribunal."

## CRY IS, DOWN WITH MARROQUIN!

Mass Meeting in Bogota Denounces Colombian President and Calls For a New Government.

## CITY IS UNDER MARTIAL LAW.

Troops Disperse Crowds—U. S. Legation Under Protection of The Authorities.

Washington, Nov. 11.—The state department has received a cablegram from United States Minister Beaupre at Bogota, dated Nov. 9, in which the minister states that large crowds were parading the streets on the 8th inst., crying "Down with Marroquin." There was a mass meeting denouncing the president and calling for a change of government. Hundreds gathered at the palace, and the orator, a prominent national general, called for the resignation of the president. The gathering was dispersed by the troops, several people being wounded, but there were no fatalities. The city was under martial law and well guarded by soldiers. The legation of the United States was under the protection of the government but there were no manifestations of hostility demonstrated. The residence of Lorenzo Marroquin (believed here to be a senator and son of the president), has been attacked with stones.

## THOUSANDS OF MEN IN BUTTE GO TO WORK.

Butte, Mont., Nov. 11.—The action of Gov. J. K. Toole in calling a special session of the Montana legislature has resulted in the resumption of work in all the properties of the Amalgamated Copper company in the state. In Butte 6,000 men went back to work today, in Anaconda, 2,000 men are again employed in the Washoe smelter and at Great Falls the Boston and Montana smelter has started up again with a full force of 2,000 men.

General Manager John Gillette, of the Amalgamated company, states that the resumption of work in every part of the state where his company has properties will be full and complete. The work of lowering mules, horses and tools in the mines was begun this morning and before 24 hours, the three shifts will be working as before.

The Butte Miners' union has passed resolutions thanking Gov. Toole for his action. The working people of Butte and the state are jubilant and the depression that has been felt in business circles for the past 20 days is much relieved.

The other properties of the Amalgamated in Idaho and Wyoming will also be started up at once. Directly and indirectly nearly 21,000 men will return to work.

## HEINZE ON THE EXTRA SESSION.

Special to the News.

Butte, Mont., Nov. 11.—Mr. F. Augustus Heinze was asked for an expression last night as to the extra session call. He said:

"I believe the governor has made a mistake and established a bad precedent. This action on his part leaves room for the future, and at any time the Amalgamated people are dissatisfied with the course of events, they can intimidate people as they have done in this case, close down the mines and call for special legislation.

"I am glad for the sake of the working people that the mines are to start, in view of the fact that winter is approaching and many are unemployed. As far as my personal interests are concerned, I wish to say that it is a matter of indifference to me who rigs the cases that I have pending. I believe in the integrity and honesty of the supreme court whose members are final arbiters of all matters of litigation and I do not see how the legislature is to affect the ultimate result. I am glad, however, for the sake of the miners that a call for a special session of the legislature has resulted in their being placed back to work. I tried to arbitrate this whole matter at one full sweep instead of having the litigation gone over piecemeal by the supreme court, where it is all now destined to be finally adjudicated."

## Bryan Sails for Europe.

New York, Nov. 11.—William Jennings Bryan will sail for Europe today with his 15-year-old son, William J., Jr., on the steamer Majestic.

Mr. Bryan had expected to sail several weeks ago, but was detained by the Philadelphia case, and he is going to Europe for the first time, partly on business and partly for pleasure, and will take in the most of England and a good part of the continent before returning. He will be gone several weeks.

## YELLOW FEVER IN TEXAS.

Dr. Tabor Issues a Statement Giving Actual Conditions.

San Antonio, Tex., Nov. 11.—Dr. George R. Tabor, the state health officer, has made the following report on the yellow fever conditions in Texas:

"Actual conditions in Texas are as follows: 'About 700 cases with 60 deaths in Laredo; 18 cases, eight deaths in San Antonio, with no cases reported in San Antonio for seven days; five cases, two deaths in Del Rio; these are the only places of infection in Texas, and is a true statement of existing conditions. Two fronts have fallen in Bexar and Del Rio counties. Conditions are favorable in Bexar and I am approaching no further cases. Cases in Del Rio county confined to one house, with no other house nearer than one mile. Disease is ended there. Laredo is well quarantined. No danger whatever to people coming to Texas, as our quarantines will apply protect other sections of the state. We hope to be able to give San Antonio a clean bill of health within a few days. State and federal government are co-operating at Laredo and hope to exterminate the infection there soon.'"

## SAN DOMINGO IS CLOSELY BESIEGED.

Revolutionists Continue to Throw Many Shells Into the City and Commerce is Paralyzed.

## PREVIOUS TO BOMBARDMENT.

Diplomatic Corps and Consular Officers Were Notified—Political Situation Remains Unchanged.

San Domingo, Republic of Santo Domingo, (Tuesday), Nov. 10.—The city is closely besieged by the revolutionists and commerce is paralyzed. Firing around San Domingo continues. Many shells are falling into the city. The political situation is unchanged.

The German warships Panther and Gazelle are here.

Previous to the beginning the bombardment of San Domingo, the revolutionists notified the diplomatic corps and the consular officers that they had previously served notices on the Dominican government that the forces of the revolution intended to adopt all their efforts to capture the city. The representatives of the powers met today and decided that they could only hold communication with the legally established government of the country.

Gen. Paul Cabre, at the head of 800 revolutionists, with six pieces of artillery and a treasure chest containing \$4,000, arrived yesterday before the city. The situation here has become very critical and the presence of more warships at San Domingo is urgently required.

The guard for the German consulate which was landed from the cruiser of Germany now in port is in constant communication with the latter by means of a signal station which has been erected over the consulate.

The German steamer Athen which was prevented some days ago from landing her cargo at San Pedro de Macoris, has, under the protection of a German cruiser, succeeded in landing her freight at that port, and has proceeded to the northern ports of Santo Domingo for which she has cargo and passengers. The Athen has a German escort with her in order to facilitate the discharging of her freight.

## LAST HOUR OF FIGHTING.

Cape Haytien, Hayti, Nov. 11.—Further advice from Monte Cristo, Domingo, from which place it was reported yesterday that the capital of that republic, San Domingo, had capitulated to the revolutionists and that Gen. Jimenez had been proclaimed president, say that during the last hours of the fighting the city of San Domingo was threatened with bombardment as a result of the resistance of the government troops.

A dispatch received in Paris last night from Cape Haytien announced that after three days' fighting the president of Santo Domingo, Gen. W. O. G. O. took refuge in the German consulate at San Domingo. It was added that the revolution was considered to be at an end.

## ABRUZZI GOES TO SAN DOMINGO.

Rome, Nov. 11.—The Duke of Abruzzi, commander of the Italian third class cruiser Liguria, now at New Orleans, has been instructed by the admiralty here to proceed to San Domingo, where the revolution there renders such a step necessary, for the protection of Italian subjects.

## ATTACK AT SAN DOMINGO.

Government Succeeded in Finally Repelling the Rebels.

New York, Nov. 11.—A dispatch from Santo Domingo dated Nov. 9 to a newspaper here says the attack on the city by the revolutionists which began last Friday was still in force Monday.

## SENATOR KEARNS TALKS ABOUT HIS CANDIDACY.

(Special to the "News.")

Washington, D. C., Nov. 11.—Senator Kearns when asked about his candidacy to succeed himself in the senate said: "Concerning the ambitions of the gentlemen mentioned to succeed me in the senate, I have nothing to say. Every one in Utah has a right to aspire to the senatorship and there is an abundance of good material in the state."

## Storms in Neighboring States.

Spokane, Wash., Nov. 11.—A storm of snow and rain, which seems to center off the Strait of Juan de Fuca, is covering Oregon, Washington and British Columbia, about an inch of snow has fallen here in the last 12 hours. In the Cascade mountains two feet of snow is reported. The railroads are closed, but telegraph lines are badly crippled, especially toward the west. The snow here is melting rapidly, but the office gives warning that high winds may be expected.

Butte, Mont., Nov. 11.—Light snow began falling here Saturday morning, increasing to a hard storm Saturday night, when the wind reached nearly a gale. It has been snowing continuously since and last night snow came down in inches. No reports of high winds so far, but telegraph facilities have been somewhat crippled.

Helena, Mont., Nov. 11.—For four days snow has fallen throughout Montana. The fall is heavy in the central and northern portions. In Helena five inches cover the ground, and snow is still falling. Range conditions are satisfactory and no damage reported.

## MORGAN WILL NOT RETIRE.

Rumor that He Would Retire Denied From His Office.

New York, Nov. 11.—At the office of J. P. Morgan & Company it was said today that Mr. Morgan had no intention whatever of retiring from active business, and reports that he had such intention were entirely incorrect.

## REPORT FLURRIED AMERICANS.

London, Nov. 11.—The report from New York to the effect that J. Pierpont Morgan had retired from active business, has given prominence in the newspapers here today, and the weakness of Americans on the stock exchange was attributed to the report. "The King of the World," "The Financial Titan," are a few of the titles bestowed on Mr. Morgan by the papers which comment on the report.

Mr. Morgan's London house declares the report of his intended retirement to be "quite untrue."

## KAISER IS IMPROVING.

Wound from Operation Doing Well and Growing Smaller.

Berlin, Nov. 11.—At 10 o'clock this morning the following bulletin regarding Emperor William's condition was issued at the new palace, Potsdam:

"His majesty is better for the walk he took yesterday. The wound made during the operation is in excellent condition and begins to grow smaller."

## RAILWAY EMPLOYEES PROTEST.

Chicago, Nov. 11.—A committee representing the employees of the Chicago City Railway company called upon Mayor Harrison today and protested against the statement which is said to have been made by Chief of Police O'Neil to the effect that the employees of the street railway company cannot be arrested in the event of a strike. It is now believed that a strike of the employees of the street railway company cannot be averted.

## Gold Coming from Europe.

New York, Nov. 11.—Gold to the amount of \$300,000 was today engaged in London for import for the National City Bank.

## Wanted to See the President.

Minneapolis, Minn., Nov. 11.—Peter O. Elliott, the man arrested in Washington because he wanted to see the president, has been released by the Peters insane asylum for an examination as to his sanity.

## Good Order in Coal Camps.

Denver, Colo., Nov. 11.—Reports from all coal camps where miners are on strike are to the effect that good order is maintained. Trinidad union headquarters have received a report from Trinidad, Colo., that 150 men and Iowa has asked for 150. These will likely be furnished at once.

Colorado Fuel & Iron company officials claim to have more men working in this section than at any time in the past. The number of miners on strike in that region is conservatively estimated at 7,000. With 1,500 additional miners in Fremont county and about 2,000 in the northern field the total number of strikers in this state exceeds 10,000.

## Hon. Oliver Simons Dead.

Kansas City, Mo., Nov. 11.—Hon. Oliver Simons of Petrolia, Ont., a member of the Canadian parliament, died here today at the home of his wife, Mrs. C. H. Carson, of heart disease, aged 65 years. Mr. Simons was stricken last April in Kansas and was brought here in the hope that a change of climate might benefit him. Mr. Simons was born in Ohio and up to 1880 lived at Plainfield, Ill.

## Villaverde Refuses to Fight.

Madrid, Nov. 11.—Premier Villaverde has refused to fight Senor Salmeron, the Republican leader, who yesterday challenged him to fight a duel as a result of the premier's speech in the chamber of deputies, reproaching the Republicans for obstructing the government.

"I am not engaged in a duel while he is a minister. The cabinet ministers say that unless after the debate on the elections they receive the resolute support of the king and the chamber, they will resign in a body."
