

LOCAL AND OTHER MATTERS

HOME.—President Young and company reached this city at four o'clock this afternoon.

THEATRICAL.—Last night there was an excellent house to witness the "Octoroon" and the grand railroad scene—the laying of the last rail. The performance throughout was a complete success. The side-splitting humor of the play added greatly to the popularity and enjoyment of the audience.

The tableau scene was done in excellent style; the illuminated motto and the short pyrotechnic display formed a beautiful and appropriate finale to the evening's entertainment.

To-night the beautiful drama of "Two Loves in a Life" will be presented.

SHOOTING ENCOUNTER AND WONDERFUL ESCAPE.—Early last evening Harry Evans and John Mousley got on a bender, quarreled and agreed to have a fierce fight. For this purpose they repaired to the alley behind the Billiard Saloon in East Temple street and stripped for active operations.

Mousley then asked Evans if he was ready, and on receiving a reply in the affirmative, drew a pistol from his belt and fired twice, the first shot taking effect in Evans' right shoulder, the second in his right thigh. Neither wound was dangerous, both balls having been extracted. After the second fire Evans, who was unarmed, closed upon Mousley, and in the struggle the pistol was again discharged, the ball entering the calf of Mousley's leg and passing down about eight inches; it was extracted by Dr. Ormsby. Mousley was then arrested and taken to the city prison, and taken up to the second floor. The police, seeing the serious character of the wound, left him for a few moments in the hall to fetch a doctor. During this absence he went to the window on the second floor, jumped out, badly wounded as he was, and escaped.

NEARING HOME.—We are indebted to the Deseret Telegraph line for the following telegram regarding the return trip of President Young and company:

Provo, May 12.

President Young and company reached Scipio early in the afternoon of the 8th. A meeting was held at 5 p.m., at which Elders H. S. Eldredge, B. Young, Jr., W. Woodruff and President Brigham Young spoke. The company left Scipio early on the morning of the 9th and reached Nephi sufficiently early to eat dinner and prepare for meeting, an appointment for which had been sent by telegraph line. A company of foremen and the company of men from south of Nephi, and upon reaching the center of the town, the principal portion of the population, with the Sunday school children and the brass band, lined the street; the display was a very fine one. The congregation was presided over by D. H. Wells and Brigham Young and Elders W. Woodruff and G. G. Cannon. Much of the Spirit of God was enjoyed by the speakers and hearers, and good cannot fail to result from the teachings then given.

On Monday the company drove to Payson for dinner and reached this city at 5 p.m. The tolling of the bell called the people to the meeting house, and remarks were made to them by Elders B. Young, Jr., G. G. Cannon, W. Woodruff and President D. H. Wells. This is the forty-second meeting which has been held by the members of the company since leaving Salt Lake City, at which one hundred and twenty-two discourses, varying from five to eighty minutes in length, have been delivered. These meetings, besides traveling nearly seven hundred miles, have kept the President and his company very busy.

The company left for Salt Lake City at 7:15 this morning.

STRANGE DELAY.—Our special correspondent at "Promontory Summit" telegraphed to the NEWS, yesterday at noon, a full account of the proceedings, and the names of the leading participants at the ceremony of the laying of the last rail; but by some unaccountable delay it did not reach this city until this morning. We regret this, as much as because a press of other matter has precluded the possibility of publishing it to-day.

THE "EVENT" AT MOUNT PLEASANT.—A telegram by Deseret Telegraph line informs that at Mount Pleasant, the celebration of the laying of the last rail was conducted with considerable vim and enthusiasm. On receipt of the news, the flags were unfurled, the band played and later in the afternoon a meeting was held at which Bishop Seely presided and the speakers were addressed by C. H. Wheelock, Esq., and other gentlemen. Great credit is due for the success of the "celebration" to the committee of arrangements, J. W. Seely, J. Christianson and E. Cliff, Esqs.

THE CELEBRATION AT ST. GEORGE.—We glean, by a telegraphic dispatch dated St. George, May 10th, the following particulars of how "the event" was celebrated in our "Dixie":

"At thirty-three minutes past noon the telegraph line flashed the word to this city that the connecting rail of the trans-continental railroad was being laid by Governor Stanford. From information received this morning the ecclesiastical, civil and military authorities and the people were on the very eve, and immediately on receipt of the welcome intelligence, greeted it by unfurling the Stars and Stripes, salutes by the artillery and music by the brass and martial bands after which eloquent speeches were delivered by President Erastus Snow and Jacob Gates. Even while we write the concluding hearty cheers of the assembled people are making our red hills ring. The committee were Messrs. Richard Bentley and Joseph Birch."

A CRYING EVIL.—The reprehensible practice, which we referred to in our issue of yesterday, of discharging fire-arms within the city limits, has again been brought before our notice. Yesterday morning a shot, fired in front of the residence of Elder Albert Carrington, in the 17th Ward, passed through one of the windows and very nearly hit one of his little sons, passing near to another person in the room. We hope the city authorities will more stringently exercise their power to lessen this daily increasing evil.

ARRIVALS AND DEPARTURES BY STAGE.

To the Terminus of the Union Pacific Railroad.
D. E. Priest, Mr. Sundland, J. L. Butler, S. H. Morse, D. H. Wood, J. M. Emore, T. G. Almy, Bishop Hill and wife, G. Patterson, Mr. Samble, wife and three children, Mr. Mitchell and child, J. G. Cabbesson, S. T. Brown, S. R. Bayler, M. J. O'Leary, C. H. Stewart, S. Spencer, S. Mohren.

From the Terminus of the Union Pacific Railroad.
Warren Hussey and wife, John A. Clark, Jr., S. C. Patterson, Mr. Ireland, Dani Englebrecht.

By Telegraph.

GENERAL.

Chicago, 10.—An Omaha dispatch says that Gen. Wheaton, with a detachment of the 21st Infantry, left Omaha last evening for the Pacific.

The Jewish synagogue at Quincy, Ill., and the residence of the pastor adjoining, were destroyed by fire last night.

Chicago, 10.—To-day has been one long to be remembered in the history of this city. The demonstration in honor of the completion of the Pacific Railroad was a true uprising of the people, spontaneous and not manufactured to order. The city, all day, was decorated with flags, banners, etc., and when the bells announced that the last spike had been driven, an immense procession began to move, but owing to its enormous length, it was found impossible for anyone to see it as it passed. Apparently, almost every vehicle in the city took part in it, and nearly the total of the population turned out. Never were the streets of Chicago so densely packed.

Business was totally suspended during the afternoon. A thousand vehicles, bearing cases of goods, directed to Nevada, California, the Sandwich Islands, Japan, China, Egypt, etc., and displaying unique and grotesque congratulatory and other devices, were paraded through the streets, while the bells were ringing, nearly all the steam whistles in the city were sounded, and cannon booming forth congratulations over the great event. While the procession moved along Michigan Avenue, some fifty tugs were maneuvering in the lake in front of the city. The celebration was, in fact, universal, and the most imposing ever seen here. Tonight many buildings were greatly illuminated, fire works being let off and a large mass meeting of the citizens was held at the Library Hall, which was addressed by Vice President Colfax, Mayor Rice and others. Arrangements were made to strike the fire bells of St. Louis, Milwaukee, Cincinnati and other cities simultaneously with the last stroke of the hammer driving the spike.

The telegraph worked splendidly, and persons in the office here had the scene at Promontory Summit brought vividly before them, every stroke of the hammer being announced here.

The Journal's Washington special says the Spanish Minister has informed Secretary Fish that he has positive information that extensive organizations are afoot in the leading cities of the Union to aid the Cuban insurgents with men, arms and money.

San Francisco, 10.—The Pacific Railroad was completed to-day, at 11:45 a.m. San Francisco time; when the last rail and rail were laid and the last spike driven; the telegraphic wires, which had been attached to the City Hall bell in this city and to a fifteen inch gun at Fort Point, at the first stroke of the hammer on the last spike, fired the gun at the Fort and rang the City Hall bell; the news created great enthusiasm here, and in the interior cities of the State.

The first invoice of Japan teas, by the Pacific Railroad, was shipped for St. Louis to-day, inaugurating the overland trade with China and Japan.

New York, 10.—There was much enthusiasm over the completion of the Pacific Railroad. A commemorative service was held in Trinity Church. Dispatches from Washington and Philadelphia and other places, report a general jubilation over the news. The bell at Independence Hall was rung, and there has been no such demonstration at Philadelphia since the news of Lee's surrender.

Washington, 10.—Orders have been telegraphed to the Federal officials in New Orleans to look sharp after certain Cuban expeditions, said to be fitting out there.

The receipts of Internal Revenue for the present month, average about half a million a day; the receipts of customs also continue, and there are heavy indications of a large revenue in that branch of the public service the present month. The coin balance in the Treasury is \$87,000,000, besides 20,000,000 of coin certificates.

The Government, to-day, received advice direct from the insurrectionary district in Cuba, giving information of movements in that quarter. Cuban sympathizers here state that there are now 25,000 men in the Cuban army, 25,000 of whom are Americans, and that three thousand more Americans have recently been added to these parties. They say the success of the revolution is assured if the Government will recognize the belligerent rights of the Cubans.

Fabius, confidential agent of the San Domingo government, had an interview with Secretary Fish recently on the subject of annexation, which will soon receive official consideration.

A letter has been published from Professor Gobb, who says he has prospected two hundred square miles of gold bearing territory, surpassing in richness any known in California or Australia.

Admiral Farragut was recently tendered a post at New York, but declined; Admiral Stringham has been appointed. A retired compositor, the first ever appointed, has been assigned to a case in the Government printing office.

Secretary Boutwell says he has come to a conclusion on the subject of a sinking fund: In order to sell bonds he has nothing to do with that matter. The President has appointed John T. Taggart, of Galena, Assessor of Utah.

Much Chunk, Pa.—A strike in the coal region commenced to-day; work in the Lehigh and Schuylkill regions is suspended.

St. Louis.—The revenue officers have made more seizures of contraband coffee and sugar to-day.

Richmond.—Chief Justice Chase delivered an opinion on the appeal from Judge Underwood's decision, declaring null a sentence of Judge Shaffley through ineligibility under the Fourteenth Amendment.

Chief Justice then proceeded to show the anomaly which would be produced by declaring past legal proceedings void. He then considered the character and intent of the third section of the Fourteenth Amendment, which he declared to be punitive. The Fourteenth Amendment is not self-executing, and needs further legislation by Congress. Two months after judgment was delivered, Congress passed a joint resolution providing for the removal of all ineligible officers, showing thereby, that persons then holding office were regarded as de facto officers; also providing means for their removal by a military court. He said the Supreme Court unanimously held that any person, sentenced by a Judge de facto, though not a Judge de jure, could not be reached by habeas corpus. Judge Underwood's decision was reversed and the prisoner remanded to the State authorities.

FOREIGN.

London, 10.—There was a great mass meeting at Cork, on Saturday evening, to express popular condemnation of the Government, in the matter of Mayor O'Sullivan.

Madrid, 10.—In the Cortes, on Saturday, Senator Ormaiztegui asked what action had been taken by the Government towards acquiring Gibraltar. Delorenzas, Minister of State, replied that the Government fully recognized the importance of the Gibraltar question, but before negotiations for its cession the nation must be strongly constituted and financially reorganized.

Paris, 10.—The Emperor visited the horticultural exhibition at Chantres yesterday, and was received by the Mayor, who delivered an address. The Emperor made a short speech in reply. He recalled the visit he made to Chantres while President, and referred to the coming elections. He invited men of all parties to aid the advancement of the cause of liberty and progress by choosing, as representatives, men worthy of such a mission.

Havana, 10.—Fighting is reported to be going on near Neuquitas; no particulars have been received.

London, 10.—In the House of Commons, to-day, Fortescue, Chief Secretary for Ireland, in reply to an inquiry from Lord John Manners, said the Ministry were already considering the best means of increasing the powers of the Lord Lieutenant of Ireland, for the more effectual suppression of outrages in that country.

Died.

In the 9th Ward, May 10, at 10 a.m., of inflammation of the bowels, Sarah Ann Sharpe, wife of William Wilson.
She was born Nov. 14, 1827, in Liverpool, England; was married July 3, 1850.
Funeral services at 10 o'clock, on Wednesday, at the 9th Ward school-house.
Salt Lake City Telegraph and St. Louis papers please copy.

Special Notices.
