The above Goods can be Purchased of the Wholesale Hardware Dealers in Salt Lake and Ogden. d103 1y

BY TELEGRAPH

FOR WESTERN UNION TELEGRAPH CO.

AMERICAN.

WIRED FROM WASHINGTON.

WASHINGTON, 13.—Gen. Sherman will on November 1st, repair to his home in St. Louis and await his retirement. The Gen. will be attended prior to his retirement by those of his aides-de-camp whom he may designate Adjutant General. Hancock was offered the command of the Division of the Missouri, but declined it, preferring to retain his present command. His letter declining was received at the War Department to-day.

Surgeon Stone of the Marine Hospital Service, stationed at Savannah, has been ordered by the Surgeon General to proceed to Brewton, Ala., and investigate the alleged epidemic at that place. The Louisiana State Board of Health has been requested to send a competent inspector to act with Surgeon Stone in the investigation. A dispatch from the Pensacola Navy Yard was received to-day, reporting that the last case of yellow fever has been discharged, and no signs of any new cases.

A general order promulgating the action of the President upon the findings and sentence by the court martial in the case of Lieut. Robertson, First Cavalry, is issued. The sentence of the court was that Lieut. Robertson be suspended from his rank and command for six months and be confined to the limits of his post for the same period, and be reprimanded in the general orders. The proceedings alone of the court martial are approved by the President; the findings and sentence are disapproved, and Lieut. Robertson is relieved from arrest and ordered to resume his proper duties. In the order promulgating the above, Secretary Lincoln writes as follows: "No assent can be given to the demoralizing idea which seems one of the theories of the defence in this case that no serious offense is committed by an officer falsely certifying to a second pay voucher for the same month if it is given as security for a loan, and is not expected to be presented for payment. An officer may not give as security that which is no less than a power of attorney to disgrace himself. The President is not willing by his approval of this finding and sentence to sanction the view that the conduct of the accused is found by the court to be considered merely a neglect of duty, to be followed by slight punishment. It is to be hoped Lieut. Robertson will not again have occasion to persuade a court that the collection of his monthly pay is so trivial a matter to him that he does not remember a fortnight before it comes due whether or not he has already drawn it, and that he will be more careful in the future to avoid violating the sanctity of his official certificate trusted as being made on the honor of an officer and a gentleman."

A general court martial is ordered to assemble at Fort Keogh, Mont., on the 16th inst., for the trial of First Lieutenant Charles E. Hargous, of the Fifth Infantry, on the charge of having duplicated his pay accounts.

The President has appointed Ed. Stuley, agent for the Indians at the Ponca, Pawnee and Otoe Agency, Indian Territory.

Thirty-three coal shovelers of the Washington Gas Company struck to-day because additional work was imposed upon them without increased pay. The company is endeavoring to secure new hands from Philadelphia and Baltimore, and unless successful within 48 hours the gas supply will be curtailed, and perhaps cut off entirely.

Depravity and Disaster.

UNIONTOWN, Pa., 13.—As a train on the Southwest road to-day was approaching Lemont Station, four miles north of Uniontown, it was run into by an engine at Furnace Siding with terrific effect. The engine crashed into the middle of the passenger train. There were eighteen passengers in the car, and the scene was frightful. Men, women and children were knocked out of their seats in every direction, and few escaped being mangled, bruised or scalded. The car took fire instantly, and was wrapped in flames almost before the passengers could be gotten out. It was entirely consumed. Most of the passengers were bespattered with blood and soot, but miraculous as it may seem, no one was killed, and it is believed none fatally injured.

Chicago, 13.—*Inter Ocean* Port Huron, Michigan: The Ontario propellor, *Ontario*, is ashore on North Point near Southampton, and full of water. She was bound up with a cargo of supplies for the north shore of Lake Superior. One hundred and fifty passengers were landed safely.

InterOcean Cheboygan, Mich.: The schooner *George Sherman*, ore laden, is ashore on the east side of Grand Isle, Lake Superior, and full of water.

New York, 13.—Helyn Leonard the young woman who shot and seriously wounded Mrs. Clarence Smith, was convicted of assault in the second degree, and sentenced to the penitentiary for three and a half years. The young woman became an orphan early, was educated in a convent in Canada; later was a governess in Cuba, and later still became identified with a wealthy man here who abandoned her. She charged the abandonment to the influence of the woman whom she shot, then followed the arrest, imprisonment, trial, conviction and sentence.

New York, 13.—Ira C. Bellows, who while in the Water Register Bureau is alleged to have defrauded the city out of various sums, gave bail to-day to answer two indictments charging embezzlement and grand larceny, found against him.

New Orleans, 13.—*Times-Democrat* Helena, Arkansas special: Yesterday, near Livingston, Sanders Blount, constable, attempting to arrest Wyatt Ames (colored) was shot dead. A posse is pursuing Ames, and lynching is probable.

Denver, 13.—This afternoon A. M. Harrison, residing on Ninth street, shot his sixteen-year-old wife and then himself, both dying almost instantly. Cause assigned jealousy and interference in their domestic affairs on the part of his mother-in-law. The couple were married in Shawnee, Kansas, last March. They had lived in Denver a month.

New Orleans, 13.—A special to the *Times Democrat* says: A negro, Lewis Woods, under life-sentence for rape, was taken from a deputy sheriff yesterday at Edgerly station and lynched.

Denver, 13.—*Tribune's* Grand Junction, Col.: A year ago the wife of H. A. Herrick, a well-to-do ranchman of this county, left him. Herrick afterwards obtained a divorce and married Margaret Thompson. Mrs. Herrick number one returned a short time since, and meeting Herrick and wife, shot and instantly killed his second wife. She was admitted to bail, and commenced proceedings to recover some property. This afternoon while the sheriff with Mrs. Herrick were at a ranch looking up cattle, Herrick shot and killed Mrs. Herrick, then gave himself up to the sheriff. The excitement is intense.

San Francisco, 13.—Col. Finnegan of the Secret Service Division of the Treasury Department, seized to-day six sets of steel dies for making gold quarters and half dollar pieces, in possession of C. F. Mohrig, jeweler of this city. The manufacture of these small coins has been on a large scale, the profits to the makers being enormous. It is said that the quarter dollar pieces cost only seven cents, and half dollar pieces fifteen cents. Large quantities of them were sold in the east to emigrants on trains coming this way. Criminal proceedings have been suspended pending advices from Washington.

Chicago, 13.—*Inter-Ocean* Lafayette, Ind.: Jacob Neiling is arrested this afternoon on suspicion of having murdered Ada Atkinson. A bundle of his clothes was found concealed in the woods near the Atkinson homestead, covered with blood. Neiling had been employed on the Atkinson farm.

Syracuse, N. Y., 13.—Hial Stoddard and Owen McManus had a knock out with soft gloves last night for $100 aside. Stoddard had the best of it after the first round. At the beginning of the third round McManus fell, and Stoddard struck at him. The umpire for McManus claimed a foul. A general fight followed in which the seconds and friends of the pugilists participated. Stoddard was struck several times. McManus did not take part in the melee. The police cleared the stage, but the fight was not continued.

Scranton, Pa., 13.—The John L. Sullivan combination, billed at the Driving Park this afternoon, failed owing to threatening weather to give an exhibition. The crowd was greatly incensed, and clamored to have their admission money refunded, and overpowered the ticket seller. A number of persons were bruised and trampled upon. The manager escaped with the money on horseback. To-night while Sullivan was in a barber shop the crowd collected and began hooting and hissing, and threatening his life. The police, trying to disperse the crowd, were assaulted and two of them severely pounded and kicked. Sullivan escaped through a side door and went to his hotel, which was then closed by the proprietor. Several of the rioters were arrested.

Pittsburg, 13.—The result of the fake oil telegram was that huge bundles of oil were dumped on the market, depressing the price. The well in question is not yet completed, and it will be several days before it is. It is reported that the Western Union Telegraph Company will pay a reward of $500 for evidence which will convict the sender of the lying dispatch.

Montreal, 13.—A veritable scare has leaked out. The most extensive wholesale firm in the city, a client of the Bank of Montreal, is in financial trouble; leabilities large, but assets are expected to show well. Nothing definite is announced. If a failure actually takes place, it will cause a terrible sensation, as the head of the house has been credited with being a millionaire. Cotton dullness is said to be the cause. There has been a conference between the head of the firm with the authorities of the leading banks, but no decision is arrived at. There was a semi-panic in the stock market here this morning. Bank of Montreal sold down to 195½.

Later—Negotiations are in progress to avert what would amount to a national calamity in Canada, if the firm to which reference was made in a previous dispatch failed. Thousands of operatives would be thrown out of work, and an immense number of business houses would be embarrassed. Later interviews with banking authorities tend to the belief that the firm would be sustained. Endorsing for others is the cause of their trouble. Their statements show a large surplus, but locked up in inactive securities.

Mobile, 13.—Two death from yellow fever at Brewton this afternoon; two more are expected. Two new cases are reported to-day. Female nurses are needed.

Guaymas, Nexico, 13.—Telegrams have been received announcing the decrease of fever at Hermosillo. Stringent sanitary measures will be taken regarding the graves of those who have died from the fever, so as to prevent the possibility of danger from this source next year. People are returning, and the city is assuming its wonted aspect of activity. Only two persons died the last two days.

Boston, 13.—A cablegram announces the death of Prof. Wm Danton, geologist, who for the past two years has been making scientific explorations in Australia, New Zealand and China, supposed to have been in Java at the time of the earthquake, and to have been one of the victims.

Boston, 13.—Insurance Commissioner Tarbox has made public the result of his examination into the affairs of the City of London Fire Insurance Co., John C. Paige resident manager. Tarbox says the results are satisfactory, and that the company is in a sound financial condition, but unsatisfactory in that it discloses important violations of law, discreditable to the business conduct and reckless false statements made under oath to the Insurance Department. The resident manager who made an oath to the annual statement as correct, professes himself unable to give any information or explanation as to the person who prepared the statement, or to the means by which the results were arrived at. With a reformation in the conduct of its affairs, the Commissioner says there is no reason why the company should not command the entire public confidence.

San Francisco, 13.—The case of Miss Hill, claiming to be the wife of Senator Sharon, and charging him with adultery was called in the Police Court this morning. Owing to the reported absence of Neilson, Miss Hill's attorney, from the city, counsel asked a continuance of one week. The motion was opposed by Sharon's attorney, who insisted that the case should proceed on the day set, Oct. 16th. After a long argument the Court granted a continuance. The probabilities are the case will be tried as a misdemeanor, and not as a felony, as originally intended, it having been discovered by Miss Hill's counsel that the person with whom adultery is charged is a single woman and not married, as was stated in the complaint.

Pittsburg, 13.—A Bradford, Pa., special says: No new developments in the strike at the Rochester and Pittsburg coal mines at Dubois. Sixteen more of Pinkerton's men arrived to-day and were sworn in as deputy sheriffs. The company now have 100 special officers employed, and are determined to protect their property. Railroad hands have been sworn in and armed. Nothing was done at the works yesterday or to-day, but it is the intention to put the miners to work next Monday.

Boston, Mass., 13.—Edwin G Walker, colored lawyer, has entered a libel suit against the Boston *Post* Publishing Company for defamation of character contained in an article in that paper this morning. The papers have been served on the *Post* Publishing Company and a keeper placed in the establishment.

Political Points.

PHILADELPHIA, 13.—A public meeting at which 10 persons were present, was held in the 14th Ward last evening in favor of the renomination of Tilden and Hendricks on the democratic ticket in 1884. Gen. Wm. B. Thomas delivered an address, and an organization was resolved upon, to be called "The National Army of Retribution," with an auxiliary corps in every state.

Buffalo, 13.—The canal boatmen at a meeting last night demanded from Governor Cleveland the removal of Shanahan, Superintendent of Public Works, under whose fostering care it was declared the West Shore railroad was taking possession of the banks of the Erie canal, the regulator of freight rates between the West and the seaboard. Appointment to positions upon the canal of ward bummers and caucus manipulators is one of the specific charges made, calling for the removal of Shanahan.

Boston, 13.—Thomas J. Marsh, Jr., formerly superintendent at Tewksbury, removed through the efforts of Gov. Butler, declined the republican nomination to the Legislature.

New York, 13.—At a meeting of Tammany Hall in county convention, John Kelly urged the importance to the success of the Democratic State ticket in this city this year and the Presidential ticket next year, of harmony among the democratic organizations in the city at the approaching election. He also denounced any union of democrats and republicans on local issues, and declared if the county democracy unites with the republicans on the local ticket, the State ticket would be defeated before election.

Herr Most.

PITTSBURG, 13.—The International Socialistic Workmen's Association convened here to-night, and will continue in session several days. Nineteen delegates are present, and it is expected that by Monday, when the real work of the Congress will begin, the number will be increased to 60. Among the most prominent Socialists present are Herr Most, Spiesse and Druiy of New York. No business was transacted to-night, the session being devoted to singing, speech-making and the promulgation of Socialistic views. Herr Most stated that the special business of the Convention would be to harmonize the differences which exist between the conservative and radical portions, and the promulgation of an international constitution and a proclamation to all the "groups" of the Western hemisphere. Pittsburg was selected as the place of meeting to show the fallacies of the tariff. The declaration of principles was prepared by Herr Most, which will be presented for adoption. It recites at great length that government, church, school and all other institutions are controlled by capitalists; declared that a conflict is inevitable; that the existing class must be destroyed by relentless revolutionary activity; that a free community of property must be established; that wealth in the hands of one person must be limited to $100,000; that free commerce between nations and individuals must be universal, and that all other doctrines of socialism must be carried into effect at any sacrifice of life or property.

SUNDAY NIGHT'S DISPATCHES.

Another Last Spike.

MEMPHIS, 14.—The last spike on the Kansas City, Springfield and Memphis Railway was driven at six o'clock last evening, thirty miles west of Memphis, and there is now an unbroken line between these cities. President Nettleton leaves for Kansas City to-morrow morning on a special train. Freight trains will be running on Thursday, and passenger trains on the 22d inst.

Murdered for His Money.

INDIANAPOLIS, Ind., 14.—Robinson Brown, a farmer living near Coal Bluff, was murdered last night and his body placed on the track of the Indianapolis and St. Louis Railroad. Evidence of the coroner's jury developed that he had been murdered at Peterson's saloon for his money. Police are on the track of the man supposed to have committed the deed.

Desperate Strikers and Armed Detectives.

PITTSBURG, 14.—A dispatch from Bradford Pa., says: There were no new developments in the miners strike to-day. The trouble is expected to begin at seven o'clock to-morrow morning when 600 miners in the employ of the Rochester & Pittsburg R. R. attempt to work. The strikers who are heavily armed are encamped near the mines. The R. R. authorities anticipate a bloody time and will use every precaution to protect their men. It is said by one of the officials that the mines will be opened at all hazards to-morrow and we expect the strikers will resort to violence, but we are prepared for them in every way. Our miners are guarded by 100 of pinkertons detectives, all armed with Winchester repeating rifles and thirty-eight calibre revolvers. If the rioters attempt to interfere or use force to prevent our men from working there will certainly be bloodshed.

Capt. Foley arrived from Chicago to-night. I have delivered to Foley twelve repeating rifles, twelve revolvers, and 2,300 rounds of ammunition. The car contained twenty mattresses for the use of the men. The entire force will be there on the 1 o'clock train on Monday morning and will remain on duty until the difficulty is settled.

It is reported here to-night that every precaution has been made to open by force the mines at Reynolds. Over 3,000 armed strikers are encamped near the mine. The owners have engaged special policemen, and say they will resume work, if it becomes necessary to kill off the entire force of strikers.

Another Swift Steamer.

NEW YORK, 14.—The New Gulon line steamer *Oregon* arrived from Liverpool to-day in seven days, eight hours and 33 minutes.

2.10 and 2.11 3-4.

CHICAGO, 14.—The pacer Johnson who paced a mile over the Chicago track last Tuesday in 2.10, beating all former records at trotting, or pacing, has just been sold to Commodore N. W. Kittson of St. Paul, owner of Little Brown Jug with a record of 2.11¾, the next fastest pacer Von Arnim, Fanny Witherspoon and a number of other good trotters and pacers. He paid $25,000 to Peter N. Johnson. His driver says he is confident the horse can go even faster. It seems almost incredible, but he asserts that he has driven Johnson a quarter in 29½ seconds, which is at the rate of 1.58 for a mile, and a half mile in 103, or the rate of 2.06.

Defeated.

CINCINNATI, 14.—The *Commercial Gazette* this morning publishes figures from every county except Stark, showing for the prohibition amendment 309,431 votes, while the total vote of the State is 709,335, by which showing the test amendment has been defeated.

Sutphin & Sons.

MIDDLETON, Ohio, 14.—Joseph Sutphin, owner of a large interest in the firm of Joseph Sutphin & Son, flouring mills, and Sutphen & Sons, paper mills, executed a deed of trust for all his property, yesterday. Liabilities not known; assets about $60,000.

Incendiary Mob at Canton.

SAN FRANCISCO, 14.—A Coolie mob made a desperate attack on the foreign residences and corporations at Shameen in Canton, on the 11th of Sept. As the steamer *Han Kow* was leaving the wharf a Chinaman fell into the water and drowned. The mob accused the watchman of shoving him overboard. Unable to wreak vengance on the officers of the vessel, they marched in a body to the town and set fire to the building of Thomas, Rowe, Smith & Co., and the residences of W. Sanders, imperial custom examiner; Howell, deputy commissioner of customs; Dr. Wales, of the custom house; Rev. J. Grundy and several others. The Consuls fearing the attack would become general hauled down their flags and dispatched the boat *Hong Kong* for assistance. The foreigners seeking shelter aboard the vessels in port. A Company of Chinese military was ordered out, but remained impassive spectators of the depredations being committed. After destroying the buildings, there was a burned steamer launched, the steamer *Hankow*. They then set fire to the wharf, and afterwards proceeded to burn the French cathedral; but the French residents who had gathered in a body informed the mob if they carried out the attempt a French man-of-war would anchor off the town and open fire. Telegrams were sent to the Viceroy who ordered 3,000 troops forward to quell the disturbance. When the mob were informed of this they dispersed. Two British gunboats were sent from Hong Kong, but did not arrive until the trouble was over. Three Chinese were killed and one foreigner wounded.

Keeping Accounts.

Mr. Thomas S. Chappell, Treas. Dept., Washington, D. C., had congestion of the throat and says, that by the great pain-cure St. Jacobs Oil, he was cured.

IF EATING WERE A FELONY IT COULD NOT BE MORE TERRIBLY PUNISHED THAN BY THE TORTURES OF INDIGESTION, WHY ENDURE THEM? EVERY DYSPEPTIC KNOWS, OR OUGHT TO KNOW, THAT TARRANT'S EFFERVESCENT SELTZER APERIENT IS A SPECIFIC FOR THE COMPLAINT. WHY THEN SUFFER? IT IS SHEER FOLLY. SOLD BY ALL DRUGGISTS.

PRICKLY ASH

BITTERS

The majority of the ills of the human body arise from a derangement of the Liver, affecting both the stomach and bowels. In order to effect a cure, it is necessary to remove the cause. Irregular and Sluggish action of the Bowels, Headache, Sickness at the Stomach, Pain in the Back and Loins, etc., indicate that the Liver is at fault, and that nature requires assistance to enable this organ to throw off impurities.

Prickly Ash Bitters are especially compounded for this purpose. They are mild in their action and effective as a cure; are pleasant to the taste and taken easily by both children and adults. Taken according to directions, they are a safe and pleasant cure for Dyspepsia, General Debility, Habitual Constipation, Diseased Kidneys, etc., etc. As a Blood Purifier they are superior to any other medicine; cleansing the system thoroughly, and imparting new life and energy to the invalid. It is a medicine and not an intoxicating beverage.

ASK YOUR DRUGGIST FOR PRICKLY ASH BITTERS, and take no other. PRICE, $1.00 per Bottle.
