Supreme Court Affirms Order in Case Of Convict Clark.

The supreme court handed down an opinion yesterday afternoon affirming the order of the lower court denying the petition of James H. Clark for a writ of habeas corpus. Clark, with Z. Graham and Albert Clark, robbed C. F. Johnsen of a watch and about \$75 in cash in a Commercial street saloon. James H. Clark and Graham were convicted of grand larceny and are now serving time in the state prison. Albert Clark was convicted of receiving stolen property and was sentenced to a

term in the county fail. The petitioner herein appealed from the judgment of the lower court and the supreme court affirmed the judgthe supreme court annual the judg-ment. He then petitioned for a writ of habeas corpus and the lower court de-nied his petition and he again appealed to the supreme court. The opinion of the court, which was written by Chief Justice Baskin, holds that a writ of habeas corpus cannot operate as an appeal or a writ of error and the action of the lower court is accordingly affirmed.

LYON WAS THE WINNER. Victor in Jewelry House Litigation

With W. F. Snyder.

An error occurred in the report of the verdict in the case of W. F. Snyder against A. E. Lyon in last evening's "News." The verdict was in favor of defendant instead of plaintiff, as reported. The jury found that defend-ant was entitled to the recovery of his share of the stock of jewelry of Lyon & Co., which had been sold by Bnyder to another company. The value of the goods was assessed by the jury at \$26,-68.68, and the defendant was allowed interest on that amount in the sum of
