## LOCAL BRIEFS.

Dun's Review of last week's business says: "Trade is quiet with collections unimpaired."

The West Side Dramatic company will present the play entitled "Tatters," in the Fifth ward meeting house on Thursday night and at Goff's hall on Friday night.

The West Side fire department was called out last night to extinguish a small blaze in progress at No. 375 west First South street. The fire was soon put out, no damage being done whatever.

C. R. Savage, the well known photographer, returned last evening from a business trip to Pocatello, an inch and a half of rain had just been knocked down, and the people are, says Mr. Savage, happy in consequence.

The Rapid Transit company is in a state of jubilation. The long lost motor trucks have arrived from Kingston, N. Y., and the new big cars will be placed on the line in a few days. They will be used on the Calder's Park line.

Norman Simpson had two fingers broken yesterday while playing ball at the Summer school. He had been put out on first base and was coming in when a ball that had just been knocked struck him on the back of the hand with the serious result already mentioned.

Secretary J. A. Wright of the State board of horticulture was busy today sending out circulars to State fruit growers, instructing them how and when to spray their trees, etc. Those who fail to get a circular are requested to write Secretary Wright, or County Fruit Tree Inspector, John P. Sorenson.

"I am pleased to see that the 'News' is handling Funk and Wagnall's standard dictionary," said Dr. James E. Talmage, "and it is the best dictionary of the English language ever compiled, and I bought one of them, paying \$15 each. I note that in England this dictionary is forcing everything else out of the market."

A bicyclist ran into Kitty White, a 13-year-old girl, last evening, knocked her down and rendered her unconscious. She was picked up and conveyed into Godde-Pitts drug store, where it was discovered that a scalp wound three inches long had been inflicted. Dr. McEachin attended to her injuries, and the little sufferer fainted while her wound was being dressed.

At a meeting of the principals and teachers of the eighth grade last evening it was decided, for the sake of the pupils, to hold graduating exercises. Superintendent Cooper also announced that Mr. Moreton would also announce that for the current month on May 14, instead of having the six weeks' payments in one, as was once planned. The teachers tendered Mr. Moreton a vote of thanks for his kindness.

William Pearson, an employee of the Co-operative Vase and Machine company, received a severe injury yesterday afternoon while on the large elevator at the rear of the building. He was standing too near the edge of the elevator and on reaching the third floor his foot caught and he was badly crushed. Although amputation will not be necessary, he will be unable to work for several weeks.

Monday, June 4, has been set by the management of the Salt Palace for its formal opening for the season; it is likely that no bicycle events will be scheduled for that day, the other attractions provided being considered strong enough to attract heavy public patronage. A big force of workmen is still kept busily employed on the grounds, and the public will be astonished by the many changes and improvements made.

In view of the fact that the board of public works is constantly advertising for bids for various improvements ordered by the Council, Councilman Hartenstein has a resolution which he intended introducing at last evening's meeting of the city solons, but which went over for one week. The resolution instructs the board to solicit bids from the three daily papers and award the contract for advertising to the one making the lowest bid for all such advertising covering a period up to January 1, 1901.

During a full in the council proceedings last evening, and while Sergeant at Arms Groway, Parry had gone to the meeting of the board of education that the council desired their

## 100 VOLUMES

## OF THE

## STANDARD DICTIONARY

This rare work of nearly 2,400 pages, each volume weighing 17 1/2 pounds, beautifully bound in embossed leather, issued by Funk and Wagnall of London and New York, is now on sale at the Deseret News office. One hundred volumes have just been received. This is the work in the compilation of which Dr. James E. Talmage was engaged as one of the 200 editors. Its thoroughness is well illustrated by its treatment of the single word "Quorum," as follows:

"Quorum." 1. Such a number of persons of any deliberative or corporate body as is necessary for the legal transaction of business; otherwise ordered, a majority 2. (U.S.C.) Certain designated justices of the peace commissioned as JUSTICES OF THE QUORUM. Without the presence of some one of whom the others could not act. E. Mor. Ch. A council or organized body of the priesthood; as an Elders' quorum; the quorum of the First Presidency. 4. Necessary constituents. (L., of whom, gen. pl. of quorum) (who, from the Latin words "quorum" and "sumus" (of whom we desire A. B. to be one) forming part of ancient commissions, as of justices.

This rare dictionary is offered at \$12 per copy. A limited number can be had for Church pay, and our schools and colleges are asked to correspond with us at once should they desire a copy.

## THE DESERET NEWS.

presence, Councilman Robertson, on behalf of the local order of Elks, presented President Buckle with a beautiful gavel made out of the horn of an elk, and tied with purple ribbon. In a neat little presentation speech Councilman Robertson said he hoped the gavel would always rise and fall in fairness and honesty. President Buckle was completely taken by surprise and, after thanking his brother Elks for the token, said he hoped no member of the council would exasperate him so as to bring it down on the table.

## ARIZONA HOTEL BURNED.

A Famous Hostelry That Had Sheltered Many Utah People.

Was Built and Owned by a William A. Kimball a Former Salt Laker — A \$20,000 Loss.

The Kimball House in Mesa caught fire last Saturday morning and before the local fire department could reach the scene the flames had gained such headway that the entire structure, with its handsome furnishings, was consumed, says the Graham Guardian. The hotel was built and opened about five years ago and was one of the most costly finished buildings in the valley, costing \$20,000. The property will be a total loss.

The Kimball House had come to be a famous hostelry even beyond the immediate confines of the region of country where it stood and had sheltered many Utah people who had traveled through that part of Arizona. Hon. Heber J. Grant, in speaking of it today, said that on his recent visit there in company with Apostle Rudger Clawson and Dr. Maeser, he had found it a very beautiful place and its proprietor a most genial and prosperous host. The hotel grounds were particularly picturesque, being dotted and beautified by numerous trees and plants of a semi-tropical character. Mr. Grant was the first to see the destruction of the hotel. The loss will be a severe blow to Mr. Wm. A. Kimball, its owner, who went to Mesa twenty-three years ago to assist in founding the town and building the original Mormon settlement. His nephew, Solomon F. Kimball, now city jailor, also went to Mesa at the same time, but remained only four years. Wm. A. Kimball was the son of Wm. H. Kimball, a son of Heber C. Kimball.

The Kimball House was by far the finest hotel in the valley and represented the hard earnings and careful savings of years of toil. When Mr. Kimball went there from Salt Lake he was a poor man, but triumphed over many obstacles and became well to do. The announcement that his loss is complete is interpreted as meaning that the hotel was uninsured. In the event that this conclusion is correct, it will indeed be heavy for Mr. Kimball. His hotel was in the very center of the thriving little city and was built upon the ground where stood the hotel erected by George Larrin, formerly of Bear Lake, Utah. Mr. Kimball purchased the ground from Mr. Larrin, who was his father-in-law, and who was also among the first settlers to go from Utah to Mesa.

## HOBOS SHOULD BE MADE TO WORK

Views of Chief Hilton Submitted to the Council.

## MAYOR'S VETO SUSTAINED

Chief Devine Recommends Increasing Fire Department Ten Men—Referred to Committee.

Chief of Police Hilton sent in a communication to last evening's Council meeting protesting against the repeal of the ordinance recently passed providing for the employment of city prisoners. The chief said the system should be continued, claiming that its tendency was to deter hobos and vagrants from coming to the city; that the expense would not be great, especially if the number of prisoners were, as he said they would be, reduced by one-half, because criminals would keep away rather than work; that the patrol wagon can be used to take them to and from the place of work and that no extra expense need be incurred for better food because the men were being worked, as meals at 7 1/2 cents apiece were good enough, he said.

The communication was referred to the committee on police and prison.

## MAYOR THOMPSON SUSTAINED.

Mayor Thompson returned unapproved the report of the waterworks committee, recommending an extension of watermain from Sixth South and Sixth West streets. This work, the Mayor said, should be done under the supervision of the board of public works. The veto was sustained.

Chief Devine, in anticipation of the arrival of the new apparatus for the new fire house on street, suggested that the ordinance fixing the number of men in the fire department be amended to increase the present force ten additional men, with the understanding that the increase shall take place when the department is prepared to man the new engine house. Referred to fire department committee.

In line with the recommendation in his annual report for 1899, endorsing that of the superintendent of first alarm, Chief Devine called the Council's attention to the fact that his department should have at the earliest possible date fourteen rolls of fire alarm wire, to replace that which is now worn and unfit for further service. Referred to fire committee.

Fire Chief Devine also notified the Council that 4,000 feet of 2 1/2 fire hose was needed for his department this season, and requested authority to invite bids on that amount of hose, with the understanding in the contract that payment shall be made by December 1, 1900. Referred to committee on fire department. Later in the evening the fire committee recommended that the city attorney be instructed to draw up an ordinance providing for an increase in the number of firemen, as recommended by Chief Devine.

## WOULD BE ILLEGAL.

Referring to a request from the Council on an opinion as to the legality of the city approving rates from persons convicted of cruelty to animals, to the Utah Humane society, in accordance with the provisions of an ordinance introduced by Councilman Eddy at a week ago, City Attorney Stephens gave it as his opinion that the city had no authority to appropriate money for the benefit of any private organization. Received and filed.

F. C. Schoppe & company was the only bidder on the contract for improvements with copper the eagle and cross beams of the historic gate. The firm's bid was \$250. Referred to committee on improvements.

L. B. Sutton, residing at 157 Q street, asked that he be permitted to work out his poll tax by putting a box in a ditch in front of his premises. Referred to streets committee.

A Glen Miller and seven others petitioned the Council to complete the grade of the boulevard for a distance of 200 feet from where it intersects State street, adjoining Dr. Park's land. Referred to committee on streets.

Joanna Gregory asked that the sidewalk on First West street between Ninth South and Main street be repaired, the same having been destroyed when the grading of Jefferson subdivision was in progress. Referred to committee on streets.

## ALLOWED AND DISALLOWED.

George H. Austin's claim for damages on account of injuries received on corner of Sixth and I street was reported adversely upon by the claims committee, the committee being of the opinion that the city was in no way to blame for the accident. Adopted.

The same committee recommended that Walter Wiscomb be allowed \$75 in full satisfaction of his claim against the city for injuries received while in the employ of the municipality.

## CASE OF EX-TREASURER MAY.

The city attorney recommended that an appropriation of \$50.00 be made to cover the costs in case of the city vs John L. May. Mr. Stephens gave it as his opinion that it would be useless for the city to appeal the case. Referred to committee on laws.

## PRISONER PLAYS SICK.

An Unsuccessful Attempt to Avoid the Chain Gang.

Tommy Ryan, a little fellow in good standing in the Ancient Order of Hobos, but at present doing 30 days in the city jail, and on the boulevard for being on this mundane sphere with nothing to eat but food and nothing to do but everybody, etc., etc., made an unsuccessful attempt to shirk the affirmations of the chain gang this morning. He played sick, and judging from his actions his sufferings were indubitable.

Jailer Kimball became alarmed and sent for Dr. Mayo. The doctor "caught on" to Ryan's little trick in a few minutes, but gravely remarked that he (Ryan) was in a deplorable state and it would be necessary to administer an emetic and reduce the patient's fever by an ice cold bath.

These kind suggestions on the part of the medical man resulted in Ryan expressing determination to take his chance on the boulevard.

## GONE AFTER WALLACE.

Deputy Marshall Smyth Goes to Fort Duchesne to Get Murderer.

dell, both men being colored members of I troop, Ninth cavalry.

Wallace will have his preliminary hearing before United States Commissioner Tipton at White Rock. As all the witnesses are available, it is probable that the hearing will come up immediately after Marshall Smyth's arrival at the post. Mr. Smyth expects to return with his prisoner on Sunday or Monday.

Wallace is said to be regarded as a vicious man among his comrades.

## HASSING UNDER A CLOUD.

Captain Charged With Unbecoming Conduct—To be Court-martialed.

Captain O. H. Hassing, of Company B, N. G. O., is now under a cloud, charges having been preferred against him, accusing him of conduct unbecoming an officer, prejudicial to good order and to military discipline.

The commander-in-chief has issued an order calling a general court-martial for the trial of Hassing. The personnel of the court is Colonel N. W. Clayton, Colonel M. L. Ritchie, Lieutenant Colonel S. C. Parks, Major H. M. H. Lund and Colonel Benner X. Smith, the latter will act as judge advocate. The court will meet at the adjutant general's office in the City and County building on Friday, the 27th inst., or as soon thereafter as practicable.

The minimum sentence in this case is dismissal. The charge was preferred by Colonel J. F. Critchlow, an assistant surgeon general, and Adjutant General C. S. Burton is one of the witnesses. The specifications allege that Hassing drank with his men, and indulged in other actions in an unbecoming manner.

It was Hassing's company that held the sham battle, on last Sunday, and it was during that day that he is said to have been guilty of these offenses.

## REALTY AND BUILDING.

Jenny A. Geary has purchased 5x20 rods of ground on Second South street between Seventh and Eighth East streets. There is a house on the property and it formerly constituted the home of R. F. Redman. Consideration, \$4,000. Hon. Tom Fitch has purchased from Mrs. Julia McFadden 4x10 rods on the north side of Third Temple street, facing down Third East street. On the property is a home of fourteen rooms and the price paid for the whole was \$14,000.

## The Best Remedy for Rheumatism.

QUICK RELIEF FROM PAIN. All who use Chamberlain's Pain Balm for rheumatism are delighted with the quick relief from pain which it affords. When speaking of this Mr. D. N. Sinks, of Troy, Ohio, says: "Some time ago I had a severe attack of rheumatism in my arm and shoulder. I tried numerous remedies but got no relief until I was recommended by Messrs. Geo. F. Parsons & Co., druggists of this place, to try Chamberlain's Pain Balm. They recommended it so highly that I bought a bottle. I was soon relieved of all pain. I have since recommended this agent to many of my friends, who agree with me that it is the best remedy for rheumatism in the market."
