Provo, Utah Co., Jan. 28 .- There was a large congregation at the Tabernacle yesterday afternoon, the occasion being the special conference called for the purpose of presenting all the officers selected to complete the Church organizations in the Utah Stake.

Apostle Smoot presented the Stake authorities, who were all unanimously sustained. Before presenting the names, Apostle Smoot explained that all Stake officers should be tithe payers and observers of the Word of Wisdom, in order that they might set a good example before the people, and that if any of those selected felt they could not comply with this requirement they should make it known to the Presidency of the Stake, and ask to be released. Elder J. M. Tanner and Apostle Smith delivered discourses, speaking of the value of good example and encouraging the people to perform the various duties devolving upon them as members of the Church,

GALA DAY IN GLENWCOD.

Dedication of New Meeting House-Organ Recital-Painful Accident.

Richfield, Sevier Co., Jan, 26 .- Yesterday was a gala day for the people of the town of Glenwood-the event was the dedication of their new meeting

The house, which is located on a hill in the east part of town, is a beauty from an architectural standpoint, and reflects great credit upon those who planned the same, but greater praise still should be given those who fur-nished the means for the erection of the same. The building cost \$5,500, and was same, the binding cost solo, and be begun some two years ago by an al-lotment being made upon the ward members; the work was retarded by the cold weather in the winter months and some other unavoidable obstacles. It was completed a few days ago and

used for Sunday school and quorun meetings. The main room has a seat ing capacity of between five and six hundred, which is large enough to

day morning, Short addresses were de-livered by the ward Bishop, his counselors and others. After the adjourn-ment of this meeting, all the people of the town, together with the many visitors, enjoyed a most delicious banquet. The older people ate first, then the young and young women, and then all the children.

Richfield is to enjoy a musical treat next Saturday evening. Profs. J. J. Mc-Clellan and H. S. Goddard will give an organ and song recital at the taberna-cle. Our tabernacle organ is a firstclass instrument, so we know that Prof. McClellan will render music on it that

vill delight and charm his heavers. Prof. Goddard so pleased the people when he was here last winter that they the last twenty one years, he has lived in this valley. Had he lived until the 3rd of March next, he would have been 79 years of age. He has left nine liv-ing children, five sons and four daughare all anxious to hear him again. Our ward choir under the direction of Prof. Geo. M. Jones has a number of choice selections prepared for this concert. The affair is given under the auspices of

SAD DEATH OF AN A. C. STUDENT. A student of the Agricultural college by the name of Johanson, and whose home is in Morgan county, died in this city Friday night from pneumonia. He was sick but three days. His remains were shipped to Morgan yesterday, be-

ing escorted to the depot by the col-lege militia and vehicles containing the faculty and students of the college. The case of Elmer Johnson vs L. R. Martineau, which came up before Judge Hart yesterday, had not progressed far before the plaintiff's attorney moved

for a dismissal at plaintiff's cost, thus vindicating Mr. Martineau. When threatened by pneumonia or any other lung trouble, prompt relief is necessary, as it is dangerous to delay

Miss Lizzie Thompson Wanders from Home, Rescued by Sheepherder.

Special Correspondence. Ephraim, Sanpete Co., Jan. 25,-This morning at about 4 o'clock a. m., Miss Lizzie Thompson wandered away from the home of Mr. Peter Thompson and was lost in the hills. For some time the young lady has been sick, so much so that the sickness has affected her nerves; of late it has appeared as thought she was loosing her mind. She would often say: "If I could get to the mountains I would get well." Some think she has wandered to the hills; if of it may be hard to find her. A party of men on horsehack have been hunt-ing in every direction all day and the hunt is being kept up tonight,

Ephraim, Jan. 26 .- Miss Thompson, who so mysteriously disappeared yes-terday morning, was found this after-noon wandering aimlessly on the hills about three miles north of the town. She was discovered by Lawrence Peterson, a boy who was herding a flock of

The Old Folks Are Feasted and Entertained.

Special Correspondence.

Lawrence, Emery Co. Utah, Jan, 26. -The old folks were entertained here yesterday and last night. The people gathered at the meeting house about 1 p. m., set two tables the whole length of the room and filled them to their utmost capacity with dainty and substantial refreshments. At 2 o'clock the people were all seated at the tables and ex-Bishop Moore offered thanks, and the repast was greatly enjoyed. After dinner the tables were taken out the time was spent in dancing, singing reciting and speeches. At nine o'clock supper was served and the program was continued afterwards until about 12:30 o'clock. The affair was a grand

success. We are enjoying the best of health here. Have had no sickness at all this winter except slight colds.

We have a good school here and an able teacher.

COVEVILLE.

Smallpox Situation-Bad Results of Vaccination - Resent Coercion.

Special Correspondence. Coveville, Cache Co., Jan. 25 .- The

sentiment of the people here is strongly against compulsory vaccination. The eltizens met in mass meeting and they think this compulsory vaccination is an imposition upon the schools; and the people of Coveville will never submit to the same, for they do not have to take reports of others in regard to the evils of vaccination. When the first case of smallpox developed in our ward, there was a great scare among the peothere was a great scare among the peo-ple, and the family living next to the affilieted family, thinking vaccination was a preventive against smallpox, were vaccinated, but oh! how they have regretted it since! The mother has developed a severe case of eryslpe-las, one of the boys is left deaf, and there is another who is breaking out all over in sores; but the family who had the smallpox were running around all the time and today they say they

never feit better in their lives. The people, knowing this to be a fact, feel that they never will submit

to vaccination. Inspector Baker stated there were forty-five cases in Coveville, but there

It is intended especially for coughs, colds, croup and whooping cough, and is the best medicine made these diseases. There is not the least danger in giving it to children for it contains no oplum or other injurious drug and may be given as confidently to a babe as to an adult.
