CAIRO, Ills., 10.—Yesterday morning a small boat drifted past Columbus, Ky., containing two dead men, one sitting with his head drooping, the other lying down. The boat was surrounded with heavy ice so that they could not be reached from the shore; but it is supposed they were attempting to cross the river above, and got caught in the ice, and froze to death.

BUFFALO.—Susan B. Anthony was brought before Judge Hall, of the United States Court, to-day, in charge of a Deputy United States Marshal, on a writ of habeas corpus. After consultation of counsel, the hearing of the case was postponed till the 21st instant, at the court to be held at Albany.

Woodhull and Colonel Blood this afternoon were recommitted to Ludlow street jail in default of \$5,000 bail, asked by U. S. Commissioner Davenport, before whom a partial examination was had to-day.

Proceedings were begun in the U. S. Court against Phelps, Dodge & Co., to recover one million dollars. A capias was issued, commanding the marshal to take defendants and keep them to answer for the amount of the suit. The deputy marshal was authorized to serve the capias, but further proceedings are held in abeyance.

The coroner's jury in the Centre st. disaster to-day rendered the verdict that the victims died of suffocation from fire, caused by carelessness, and censuring severely the use of benzine in such establishments. They censure Dun and company for this, and Anderson and Archer for failing to inform the employees of the fire escape.

WASHINGTON.—Mori, Japanese Minister, is in receipt of information from his government to the effect that the western calendar will be adopted in Japan, beginning on the first of January. Though the names of the months and days are changed to correspond with those of the western calendar, the government adheres to their old names for the years, the present year being known as the sixth year of Meiji.

MILWAUKEE, 11.—Reports from the Iowa division of the Milwaukee and St. Paul railroad says that sleighs have succeeded in reaching a train snow-bound between Conover and Ridgeway, and rescued the passengers. Superintendent Prior telegraphs that there are eight freight trains snow-bound between McGregor and Austin, and the snow is packed so tight that snow plows have no effect on it, and it will have to be shoveled out. All that can be seen of some trains is here and there the top of the brake just protruding above the snow, and nothing but the top of the smoke stack of an engine marks the whereabouts of some of them. The thermometer ranges between 20 and 25 degrees below zero, the wind blowing a perfect gale. The drivers who drove teams to the relief of the trains were badly frozen.

NEW ORLEANS.—The Times to-day contains a narrative of Mr. Saville, first officer of the wrecked ship *Golden Head*, who has just arrived from Rio. The vessel was wrecked on the west coast of Patagonia in June last and fourteen of the crew spent 28 days in two open boats in the straits of Magellan. They were compelled by starvation to devour the bodies of five of their companions, who died from privation and exposure.

WASHINGTON, 9.—Before the Credit Mobilier committee to-day, McComb said he understood fifty shares were put in the name of Brooks' son-in-law, Neilson, and Brooks had secured a hundred shares in the Credit Mobilier stock from Durant, Dec. 26, 1867, paid for with his own check for \$7,000 and a draft for \$3,000, which he paid Jan. 20, 1868. On the day Brooks paid the check for \$7,000 he received or had given to his son-in-law two hundred shares in the Union Pacific R. R. stock and \$5,000 first mortgage bonds, in addition to one hundred shares in the Credit Mobilier stock, and that between the 26th of December and the 8th of January Brooks received \$6,000 Union Pacific R. R. bonds and \$6,000 Union Pacific R. R. stock, being about 370 per cent. on the one hundred shares Credit Mobilier stock. Brooks was appointed government director of the Pacific R. R., October 3, 1867, nearly three months before he bought the stock, and was re-appointed by President Johnson five months afterwards.

Committee adjourned till Monday. A letter by Crane, Durant's private secretary, which is published in New York to-day, is explicit confirmation of McComb's statement before the committee this afternoon.

WASHINGTON.—The President to-day nominated Wm. W. Mitchell, Associate Justice of the Supreme Court for Utah, vice Strickland resigned.

PHILADELPHIA, 9.—At Morton station, Pennsylvania, last night, Mrs. Carr and three children were burned to death by the explosion of non-explosive burning fluid while filling a lamp.

R. Parker, counsel for Stokes, is still engaged in preparing a bill of exceptions. Stokes says the exceptions will number twenty-eight and the bill be presented at the general term of the court of Oyer and Terminer on Wednesday next. He has no doubt of obtaining a new trial.

T. B. Kingsland, cashier and business manager of James Brooks, writes a letter in reply to McComb's and Crane's statements in regard to Brooks' alleged operations in the Credit Mobilier, in which he states that the checks mentioned as paid to Durant must have been loans made to him by Brooks.

WASHINGTON.—Sella Martin, colored, now here, has resigned his seat in the fusion legislature of Louisiana.

The Louisiana delegation have prepared an argument, addressed to the Attorney General, to be forwarded to Congress with their memorial.

NEW YORK.—The billiard match for the championship of America and a diamond cue was won by Cyril Dion, score 1500, to Daly's 1147. The largest runs of Dion were 159, 141, 125, and 105, of Daly 159, 153, 117, 124, and 107. Fifty-nine innings were played. The audience was large and orderly.

Woodhull and Col. Blood were arrested this evening and locked up in Ludlow St. jail, on a new indictment for circulating obscene literature through the mails.

NEW YORK, 10.—It is stated in a Washington special that the French minister there remarked, on the death of Napoleon, "The Empire is dead, now the man is dead." The minister does not think his death will make any change in affairs in France. His death will only destroy the fallacious hopes of his few personal adherents who still cherish the idea of his restoration.

There is some excitement at Poughkeepsie at the discovery that the ex-county treasurer, who is now under arrest, defrauded the county of about \$150,000.

Extreme cold weather, with severe snow, has prevailed throughout the northwest the past three days. The thermometer here yesterday was six below zero. This morning at 8 o'clock, eight below. Trains on many of the railroads are snowed up. On the Iowa and Minnesota division of the Milwaukee and St. Paul road, a passenger train was snowed in yesterday three miles from any town. The railroads throughout Michigan are in a similar fix to those of Wisconsin, Iowa, and Minnesota. The storm has been accompanied with the most remarkable electric storm ever known here, interfering considerably with telegraphing.

## EUROPEAN.

LONDON, 9.—In the course of a speech before the Devonshire agricultural chamber yesterday, Stafford Northcote, while declining to discuss the merits of the treaty of Washington, declared that he intended to support the government's policy in regard to it. He urged speedy payment of the damages awarded by the Geneva Board.

LONDON.—It has been definitely decided that the funeral of Napoleon will take place next Wednesday morning at 11 o'clock.

The upper floors of a granary at the Lion brewery, Lambeth, fell to-day, burying the manager of the establishment, the clerks, and other employees in the ruins. The fire brigade is trying to rescue the victims, with but little hope that any will be saved.

BERLIN, 9.—In the Prussian Diet to-day, interpellation, signed by a large number of members, was introduced, asking the government by what authority of law public journals were prosecuted for publishing the Papal allocution.

Von Roon made a personal explanation. He had some time ago requested permission to retire from the ministry, solely because he desired release from the burdens of office, of which he had become weary, but by the special desire of the Emperor he had withdrawn his application and would continue to perform the duties of his department.

BERLIN, 12.—The Post, in an article, evidently inspired by the government, says the proclamation of the dogma of papal infallibility has created a new religious creed, and its believers should be treated in the same manner as the members of other new religious societies.

## THE CELEBRATED

## HOME STOMACH BITTERS.

Are indorsed and prescribed by more leading Physicians than any other tonic or stimulant now in use. They are a SURE PREVENTIVE for Fever and Ague, Intermittents, Biliousness, and all disorders arising from miasmatic causes. They are highly recommended as an Appetizer and Recuperant, and in cases of General Debility they have never in a single instance failed in producing the most happy results. They are particularly BENEFICIAL TO FEMALES, strengthening the body, invigorating the mind and giving tone and elasticity to the whole system. The HOME BITTERS are compounded with the greatest care, and no Tonic Stimulant has ever been offered to the public SO PLEASANT TO THE TASTE, and at the same time combining so many remedial agents, indorsed by the medical fraternity as the best known to the Pharmacopoeia. It costs little to give them a fair trial, and

## Every Family should have a Bottle.

We ask every one to read the following Certificates from many of the most eminent physicians in the country: Sir, Louis, July, 1870.—JAMES A. JACKSON & CO., Gentlemen.—As you have communicated to the medical profession the recipe of the "Home Bitters," it can not therefore be considered as a secret or patent medicine, no patent having been taken for it. We have examined the formula for making the "Home Bitters," and unhesitatingly say the combination is one of rare excellence, all the articles used in its composition are the best of the class to which they belong, being highly Tonic, Stimulant, Stomachic, Carminative and slightly Laxative. The mode of preparing them is strictly in accordance with the rules of pharmacy. Having used them, seen its effect in our private practice, we take pleasure in recommending them to all persons desirous of taking Bitters, as being the best Tonic and Stimulant now offered to the public.

Sir, Louis, July 6, 1870.—JAS. A. JACKSON & Co., Having examined the formula from which your celebrated "Stomach Bitters" are prepared, and having witnessed the method of combining the different ingredients, we can safely recommend them as the best tonic with which we are acquainted. From the great care with which they are compounded, and from the choice materials which enter into them, we have no doubt that they will prove, as they deserve to be, the most popular tonic and stimulant in use. Respectfully yours, T. J. VASTINE, M. D. T. G. COMSTOCK, M. D.

We cheerfully concur with every word contained in the above testimonial.

They are very scientifically and pleasantly combined, and as stimulating tonics will be found especially adapted as corroborants to the treatment of low or debilitated stages of the system, whether arising from impaired digestion, or from malarious disease.
