

## TAFT ATTACKING THE SOLID SOUTH

Praises the Charm and Beauty Of the Southern Young Women.

### HE TALKED OF MATRIMONY.

Declared It Was Not the Only Future to Which a Young Woman Should Look.

Augusta, Ga., Jan. 19.—What might be considered an entirely new point of attack on the "solid south" was made today by the president-elect when he put in a good word for the warmth and ardor of northern men, "who know a good thing when they see it" in the charm and beauty of the southern young women. This lighter vein of Mr. Taft's humor was given vent before what he termed a "hoquet of bright and charming faces," the students of Tubman high school for girls.

The charming appearance of the student body, he said, impressed him as an entirely new and convincing argument in favor of the separation of the sexes for education.

When trained, intelligent women of the country wanted suffrage, he predicted they would get it, on the very natural ground that they always get what they want.

### WOMAN'S TRUE DESTINY.

Matrimony, as Mr. Taft said at Athens last week, was not the only future to which a young woman should look, and no satisfactory acceptance should be made of the marriage proposals simply to avoid being an old maid. The great success of many unmarried women of his acquaintance justified this assertion.

### TALKS TO COLORED MEN

Mr. Taft then went to the Haines Normal and Industrial institute for negroes, where he delivered an extended address on the benefits of industrial education.

Expressing the most profound sympathy for the struggle upward of the negro race, Mr. Taft remarked, having in mind the recent utterances of Senator Tillman:

### TO EXTEND CAREY ACT TO ARIZONA AND NEW MEXICO

Washington, Jan. 20.—The house committee on public lands has favorably reported the bill introduced by Mr. Andrews of New Mexico extending to the territories of Arizona and New Mexico the provisions of the Carey act. In a letter Secy. of the Interior Garfield says that there are in New Mexico and Arizona many opportunities for reclamation under the Carey act and he urgently recommends the enactment of a bill extending the provisions of the act to the two territories. The states which have taken advantage of the act are Colorado, Idaho, Montana, Oregon, Utah, Wash-

## Constipation Caused By Indigestion

Is Cured By Helping the Stomach Do Its Work As It Should.

All forms of constipation, bowel or intestinal trouble owe most of their origin to the improper digestion of food. The bowels measure 20 feet. The inside walls or surfaces are coated tightly about with millions of nerves. These nerves give life and control millions of little mouths or suckers which are supposed to take nourishment from the food as it leaves the stomach and passes along this 20-foot human canal.

When indigestion, dyspepsia or stomach trouble occurs, the food being undigested, passes over these millions of mouths. It is a fermented decaying mass and holds no nourishment as it should.

The little mouths suck it up, impart these impurities to the blood, impregnate the little nerves with poison and so the work of constipation and bowel trouble begins.

A natural juice or secretion belongs normally in the little cells and glands along the mucous membrane of the 20-foot canal or bowel. When indigestion occurs this juice is lacking and so the mass of waste matter cannot pass along as it should and is piled up and caked in the bowel thus bringing pain and misery.

After a while the nerves and nerve centers which give vigor and life to the bowel become paralyzed, thus forever prohibiting the bowel from performing its natural duties.

Stuart's Dyspepsia Tablets, when taken after meals, digest the food properly even though the stomach is sick and it passes to the bowels. It acts on the glands which help the intestines not only to do their work at once, but builds them up, restores vitality to the nerves, brings new secretion to the glands and helps the bowels action and enriches the blood.

The stomach is the cause. Common sense and science are one on this point. You see it yourself. One little grain of Stuart's Dyspepsia Tablets will perfectly digest 3,000 grains of food. The assimilation of a meal by one of these tablets is an easy matter and it keeps the stomach clean and sweet so that in a brief time the organ is restored.

Every drugstore carries them in stock; price 25 cents. Send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 159 Stuart Bldg., Marshall, Mich.

### INTERESTING PAPER ON "LEPROSY IN NORWAY"

New York, Jan. 20.—Three persons afflicted with leprosy were exhibited last night before members of the New York academy of medicine. A fourth of the interested spectators were women. Dr. H. L. Shively, in a paper entitled "Leprosy in Norway," said that references to the disease could be found in books as far back as the eleventh century. The excellent campaign against the disease in that country, he said, had so stamped it out that the total number of cases would not exceed 500. One bit of information of particular interest to medical men in this country was the assertion that in a certain hospital in Norway he found a number of returned emigrants who were suffering from the disease while in the United States, but who had not been discovered. Out of 150 leprosy who had come to this country from Norway, he said, only one had been deported.

### TO BUMP AUTOS.

New York, Jan. 20.—"Bump the bumps" is the latest plan of the Long Island Railway company to force automobilists to check the speed of their cars at crossings. If the project is a success humpbacks will be erected on each side of the tracks at all crossings of the road on Long Island. No exception is to be made where crossings are already protected by gates or flagmen, as it is said that some of the crossings are so narrow that they cannot dash past despite the flagmen's warnings. The bumps will be five and a half inches high.

### VOLCANO OF LAGNAN.

Manila, Jan. 20.—The latest dispatches from Tayabas express the opinion that the alleged outbreak of the volcano of Lagnan was not an eruption, but merely a great cloudburst over Mount Banahao. The area damaged by the storm is apparently very wide. Detachments of constabulary have been ordered to ascend the mountains to investigate the causes of the disaster.

## PREST. ROOSEVELT TO GOV. GILLET

Writes California Executive Deprecating Proposed Anti-Japanese Legislation.

### NO EXCUSE FOR SUCH COURSE

Present Arrangement With Japan Satisfactory—President Can Use No Power but Own Moral Influence.

Washington, Jan. 19.—That President Roosevelt feels sufficiently concerned about the proposed anti-Japanese legislation in California to write an important letter to Gov. Gillett at that state, is admitted at the White House today. The letter was mailed from the White House three or four days ago, and will be received by the governor in a day or so.

The president strongly feels that the objection to Japanese immigration to this country is fast being settled by the agreement in existence between the United States and Japan, under the terms of which, the president points out, 2,000 more have left America in the last six months than have come in. The president is convinced that Japan is sincere in her intentions to greatly reduce the number of her citizens in the United States and territories, both by prohibiting their coming here and by advising their departure when their employment and business interests will permit. Because this decrease of Japanese in this country is actually going on, as the figures show, the president considers it seriously unwise to attempt legislation discriminating against these people. He has no power except his own moral influence to stop this legislation, and he will not attempt to exert any other influence. Not only does he deem discriminatory legislation unwise, but he thinks that it is unfair to the Japanese that are here or the question also be suppressed by leading men of the Pacific coast.

### LETTER TO GOV. GILLET.

President Roosevelt's letter to Gov. Gillett, dated Jan. 16, follows: "My Dear Governor—I am greatly concerned over the anti-Japanese bills which are apparently going on their way through the California legislature. They are in every way most unfortunate. At last we have in first-class working order the arrangement, which was made through the California legislature, through two years ago. The Japanese government is obviously acting in good faith. During the six months ending Oct. 31, last, the total number of Japanese who have come to the mainland of the United States has been 2,074, and the total number who have left has been 3,181. In other words, the whole object now desired by those who wish to prevent the incoming of Japanese laborers has been achieved.

More Japanese are leaving the country than are coming in, and by present indications in a very few years the number of Japanese here will be no greater than the number of Americans in Japan; that is, the movement will be as normal in one case as in the other, which is just as we desire. There is, therefore, no shadow of excuse for action which will simply produce great friction and make no real good in the present agreement and throwing open the whole situation again.

"These agitators have themselves to thank if trouble comes from what they do. If there is any rush or influx of Japanese hither, they hamper the national government in what it has so effectively accomplished by the agreement by peaceful means, and through the friendly initiative of the Japanese government to keep Japanese immigrants out of the United States, and keep Americans themselves out of Japan. It is not possible to get the legislature to realize the great unwisdom from the standpoint of the country as a whole, and above all, from the standpoint of California, of what is being done. Sincerely yours,

### "THEODORE ROOSEVELT."

### A JAPANESE VIEW.

Tokio, Jan. 20.—It is believed here among officials and others that the introduction of anti-Japanese bills in the California legislature and the subsequent attempt to create the impression that Americans and Japanese are much aroused is merely a continuation of a plan originally determined upon to insure such unfriendliness between the United States and Japan that talk of war will be continued indefinitely. An official of the foreign office, speaking to the Associated Press said:

"We are absolutely convinced that the people of the state of California and of the United States will always act fairly toward Japan."

Ambassador O'Brien was a guest of honor at a dinner given by Foreign Minister Komura today and conversed at length with the Japanese minister regarding the entire situation. Both said afterward that their informal conversation was eminently satisfactory. Ambassador O'Brien's activity in bringing a favorable effect in influencing the situation in the direction of friendship between the two nations.

The Hochi, one of the extreme sensationalist newspapers, addressed an open letter to the American ambassador, the terms of which are offensive, but the tone informal. All of the better class of newspapers, however, demand the Hochi's course as speaking in the highest terms of Ambassador O'Brien. The Jiji says this morning:

"Evidently the American people are misled by unscrupulous correspondents for American newspapers. The leading thought of Japan, however, does not regard the action of a few people in California representing the real attitude of the anti-Japanese movement in the United States. We have patience of our own."

### LEGISLATORS HOSTILE.

Sacramento, Cal. Jan. 20.—The efforts of President Roosevelt to block anti-Japanese legislation have not been received with much favor by the legislators who are interested in the passage of the bill. Governor Johnson, who has introduced the measure preventing aliens from acting as directors of corporations, is openly defiant and asserts that he will do all he can to push the anti-Japanese measure. Senator Stanford, the leader of the Democratic caucus, resists the interference of the president, calling it impudent. He asserts that California is quite capable of running its own affairs and will not submit to dictation. He also declared that the federal government had not kept the promise it made two years ago when the legislature consented to drop the anti-Japanese legislation then before it. Assemblyman Drew, who introduced the measure forbidding foreigners to hold property in more than one name, but he declares that he has received hundreds of communications advising him to stand by his bill. From Gov. Gillett's attitude it is generally believed

## THE BEST COUGH CURE

A half-ounce of Virgin Oil of Pine, two ounces of Glycerine and a half-pint of Whisky, mixed, will cure any cough, fast or slow, and break a cold in 24 hours. Take a teaspoonful every four hours. Ask your druggist for the genuine. Virgin Oil of Pine compound pure, prepared under supervision by the Leach Chemical Co., Cincinnati, O.

that no anti-Japanese legislation can possibly escape his veto.

## WILLET'S ATTACK ON PRESIDENT REFERRED

Washington, Jan. 19.—Disposing of the speech of Representative Willett on New York yesterday attacking the president by referring it to a special committee, the house of representatives today proceeded to take up the various appropriation bills.

## PEOPLE WILLING TO SELL THEIR BLOOD

New York, Jan. 19.—Whether indicative of hard times among the poor or not, 14 persons, among them a factory girl, were willing to sell their blood for a transfusion operation upon a patient at Mount Sinai hospital. The applicants came to the institution in response to an advertisement for a "healthy man wishing to sell his blood for transfusion to a dying patient." The girl was informed that only men were to be accepted, and after physicians had examined the other applicants, a man employed in an East Side tailor shop was finally accepted. The transfusion operation will be performed today, but the price paid for the "blood of a healthy man" is not known.

"Suffered day and night the torment of itching piles. Nothing helped me until I used Doan's Ointment. It cured me permanently."—Hon. John R. Garrett, Mayor, Girard, Ala.

Dr. T. G. Odell of Murray, Mo. removed his office to the Mercantile Bldg. hours from 10 to 12 a. m.

### EXCURSIONS TO LOS ANGELES.

### THOMAS NIBLOCK'S REAL NAME WAS T. H. PROOBAN

Rawhide, Nev., Jan. 20.—Investigation into the affairs of Thomas Niblock, the broker who committed suicide, shows that his real name was Thomas H. Prooban of the well known family of that name of West Down, Ireland. He served in the common law from West Down, and in the south of his career eloped with a celebrated Irish beauty. Four years later he left her in Paris and went to New York. The day he left his companion was killed in a train wreck and a man crushed beyond recognition in the same compartment of the wrecked train was buried as Prooban by the members of his family. Prooban read of the affair, but maintained silence and allowed his family to continue in the belief that he was a victim of the wreck. He came to Nevada and won and lost a fortune before he committed suicide in a fit of despondency.

Harsh physics react, weaken the bowels, cause chronic constipation. Doan's Regulents operate easily, tone the stomach, cure constipation. 25c. Ask your druggist for them.

### CALIFORNIA EXCURSION.

Elks' Fourth Annual Feb. 6th. Complete tour of Southern California. Phone, write or call Secty. Elks' Lodge. "He Who Hesitates Has to Take An Upper."

Pure Drugs and Prescriptions our specialty. Hall's Drug Company.

### DEAD AT 106 YEARS.

Yuma, Ariz., Jan. 20.—Mrs. Rosa Silvas, the oldest inhabitant of Yuma, died yesterday at the age of 106 years. She was the first woman to settle in Yuma and the first house in the history of the city was built by her upon the site of the military authorities. It still stands on a hill near the territorial prison, its walls intact.

### REFORMER'S LIFE THREATENED

Little Rock, Ark., Jan. 20.—Within the last 30 days Rev. W. A. Allis of Hot Springs, leader of several reform measures pending before the legislature, has received several anonymous letters which threaten him with personal violence.

"Do not know that it is wise on my part to mention this fact," said he, "but the fact remains that I have been the recipient of every sort of letter for the last two years. Within the last 30 days I have received seven anonymous letters and some of these since my return from Washington."

### REVENUE FROM TIMBER.

Washington, Jan. 20.—Uncle Sam's purse was fattened by nearly \$1,000,000 in revenue last year from timber cut of the various national forests. The timber yield being 842 per cent of an increase over the preceding year. Twenty-five per cent of this amount went back into the state treasury in which the forests are located in lieu of taxes, in accordance with the law. The amount of timber cut from all the national forests was 292,790,000 against 194,872,000 feet in 1907.

### A BALLOON RAILROAD.

Los Angeles, Cal., Jan. 20.—A balloon railroad up Mount Wilson, with the passenger car riding swiftly up and down a manorial, the second in the world of the sort, is a possibility. It has been seriously discussed by a number

### POPE ISIO TO HANG.

Manila, Jan. 20.—Pope Isio, the leader of a fanatical band of ladrones of southwest Negros has been sentenced to be hanged next Friday. He has been convicted of murder and adultery. Because of his surrender without a fight the officers who were sent to capture him suggested a commutation of his sentence.

### PUT IN JAIL.

6. The Man from Brodney's. McCutcheon. \$1.50

In addition to the above we have a large stock of other popular books of the day.

DESERET NEWS BOOK STORE, 6 Main St.

of men familiar with the commercial opportunities, including the Klatskan, the aeronaut. He conceived the idea four years ago, when he first ascended the trail to Mount Wilson, and maintained that it is perfectly feasible. Others who shared out the plan independently of Klatskan called on him yesterday to launch the project. The conference resulted in a decision to make up a detailed statement showing all sides of the proposition.
