

TURKEY SEETHES WITH DISORDER.

Annual Butcheries in Armenia in
Full Swing.

THE FRENCH INTERVENTION

Was Fraught With Grave Possibilities
Regarding the Crumbling Edifice
of Turkish Despotism.

New York, Nov. 9.—The sultan's yielding to the French demands brings out the full gravity of the possibilities of the effect of the French seizure of Mytilene upon the crumbling edifice of Turkish despotism, says the Constantinople correspondent of the World. The whole of European Turkey is seething with disorder. In Armenia the annual butcheries have been in full swing for the past three months, and in the remainder of the empire there is the perennial violence, corruption, waste and lawlessness. From the army down to the magistracy, every part of the machine of government is in a hopeless condition. In the opinion of the diplomatic body at Constantinople any attempt at patching things will be merely futile effort. The news of the French intervention was suppressed at Constantinople for three days but the sultan's cabinet being in constant session showed that a serious crisis had arisen. The sultan has been in a condition of epileptic fury and his ministers, who live in perpetual terror of their lives at the hands of the sultan, were helpless and afraid to do or suggest anything. It is believed in Constantinople that Russia is behind France in this business and it is felt that the present trouble is inevitably destined to lead to developments in the eastern question in which England will be powerless to make her influence felt.

Lutetert Sausage Factory Sold.
Chicago, Nov. 9.—After lying in limbo for over four years the famous Lutetert sausage factory has been sold by the estate of the dead sausage maker. The plant was one of the most extensive private enterprises in Chicago, and it was within the gloomy brick walls of the big factory that Lutetert was accused of having murdered his wife in May, 1897, and placing the bones in one of the rendering tanks and thus consuming it in the crude potash. The trial of Lutetert was one of the most sensational in criminal annals and attracted widespread attention. He was sentenced to the penitentiary and died there of heart disease.

ENGLISH FINANCIAL POLICY.

Financiers Wonder Whether the
Chancellor Will Increase Taxes.

New York, Nov. 9.—The London correspondent of the Tribune cables the following regarding the financial policy of Great Britain: The presence of the chancellor of the exchequer on the platform is not desired by financiers for consoling go down whenever he speaks, although he contents himself with minding the tax payers that war is an expensive business. They are wondering, however, whether he will increase the income tax in commemoration of coronation year or widen the area of indirect taxation. The price of consols is affected by the certainty that there will be borrowing operations on a large scale. The unionist press, under the leadership of the Times, is prepared to welcome a revenue tariff for a complete transformation of England's financial policy. He watches revenue returns more closely than anybody else, and is said to be convinced that the resources of direct taxation are practically exhausted with evidence that lean years are following fat years. A unionist member of parliament is authority for the statement that Sir Michael Hicks-Beach will not take a backward step, but will increase the sugar duties and tax other articles of general consumption. There is a good deal of truth in the general proposition that the Boers by keeping up hostilities against the government will compel the treasury to revert to a tariff system.

Poison Oak Poison Ivy

are among the best known
of the many dangerous
wild plants and shrubs.
To touch or handle them
quickly produces swelling
and inflammation with
intense itching and burning
of the skin. The eruption
soon disappears, the sufferer
hopes forever; but
almost as soon as the little blisters
and pustules appear the poison has reached
the blood, and will break out at regular
intervals and each time in a more aggravated
form. This poison will linger in the
system for years, and every atom of it
must be forced out of the blood before you
can expect a perfect, permanent cure.

SSS Nature's Antidote FOR Nature's Poisons.

is the only cure for Poison Oak, Poison
Ivy, and all noxious plants. It is com-
posed exclusively of roots and herbs. No
poison is the time to get the poison out of your
system, as delay means your condition
worsens. Don't experiment longer with
salves, washes and soaps—they never cure.
Mr. S. M. Marshall, bookkeeper of the Atlanta
(Ga.) Gas Light Co., was poisoned with Poison
Oak. He took Sulphur, Arsenic and various
other drugs and applied various ointments
and salves with no benefit. At times the
swelling and inflammation was so severe he
was almost blind. For eight years the poison
broke out every season. His condition was such
improved after taking one bottle of S. S. S., and
a few bottles cleared his blood of the poison, and
all evidences of the disease disappeared.

People are often poisoned without
knowing when or how. Explain your case
fully to our physicians, and they will
cheerfully give such information and advice
as you require, without charge, and
we will send at the same time an interest-
ing book on Blood and Skin Diseases.

Cook"—over 800 practical
and valuable cooking re-
cipes—free to every
patron. Send full address.

There are cheap baking pow-
ders, made from alum, but
their astringent and cauter-
izing qualities add a
dangerous element to food

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.

PEOPLE COMING TO CONFERENCE.

The Incoming Passenger Traffic is
Unexpectedly Large.

SITUATION IN NORTHWEST.

It is Becoming More Placid
Seems Likely of Early Adjustment
—Strike of Switchmen.

Conference visitors began to come in
this morning, and while the traffic on
this account was not nearly so heavy
as upon the occasion of general con-
ferences, its volume was almost sur-
prisingly large. It is expected that
tomorrow morning will see a big addi-
tion to today's arrivals, making in all
an outside attendance at the confer-
ence that will be gratifying to those
interested.

Mr. D. S. Spencer of the Short Line
report that in addition to his line's
big proportion of conference visitors
there were 250 football players and
"rooters" as passengers from Logan
this morning.

SERVICE UNIM AIRED.

Manager Herbert Says Trains are
Running Regularly.

Manager Herbert of the Denver &
Rio Grande system reports that, not-
withstanding the strike of the switch-
men, the company's trains were mov-
ing yesterday with very little delay. He
says that 85 per cent of the places made
vacant by the strike have already been
filled. The strikers claim that the
switching has been done today by yard-
masters and other officials of the road,
and that the service has been very
seriously crippled.

W. G. Lee, vice grand master of the
Brotherhood of Railway Trainmen, has
issued an order to the members of the
brotherhood to carry out the agree-
ment existing between the organiza-
tion and the Rio Grande company, re-
garding the strike order of the
switchmen's union officials. This agree-
ment, he declares, covers yard service.
Meetings were held tonight by the
Switchmen's union and the brother-
hood.

PEACE IS ASSURED.

Railways in the Northwest are Reach-
ing An Understanding.

The conviction has crystallized in
Wall Street, says the Associated Press,
that an agreement will be arrived at
which will insure peace between the
contentants in the northwestern rail-
road territory and will untie the hands
of capitalists who have been obliged
to lock up enormous capital in the
struggle for control of the Northern
Pacific and the Burlington. Reports of
great activity in iron and steel, of
large percentage increases in railroad
gross earnings for the fourth week in
October and continued heavy traffic
have had a beneficial effect upon the
general market.

The Evening Post, it was said yes-
terday, that so much progress had
been made in the details of the settle-
ment of the Northern Pacific and Bur-
lington situation that it will not be
necessary to hold many more joint
conferences. It is believed that at the
Union Pacific meeting held in New
York during the week the whole plan
as it affects that company's interests
was brought out, though it could not be
learned whether any official statement
will be made.

A large number of the reorganized
board of directors of the Burlington
railroad, probably a half, will, it is
understood, represent the Union Pacific
railway directly and that company will,
in any event, have a half voting inter-
est in the Burlington's affairs. There
will, of course, be no extension to Salt
Lake City to meet Senator Clark's
road, or to any other point not fully
contaminated by the Union Pacific
representatives in Burlington board. It
is believed further that the agreement
includes the transfer of all the Northern
Pacific shareholders of the Union Pacific
interests to the new company
to be organized by President J. J. Hill
of the Great Northern, and which will
hold the control of that company and
the Northern Pacific. Mr. Hill will be

the dominating influence in this new
corporation and thus of the two North-
western railways.

The embracing the retirement of
the Northern Pacific preferred shares,
this plan being now practically through
the turning over of the Northern Pacific
holdings of the Union Pacific. It is
believed that the Northern Pacific
preferred shares will be retired by in-
sue of a bond, although this is a detail
in the new organization of the Hill
financial company which remains to be
settled.

\$50,000,000 MORTGAGE.

Ohio, Michigan and Indiana Elec-
tric Lines to be Consolidated.

A meeting in New York which is to
take over the various electric street
railways in Ohio, Michigan and Indiana,
the properties of the Everett-
Moore syndicate, will take place today.
Moore syndicate, was to have taken
place today, but has been forwarded
to another date. More than 1,000 miles
of track are involved, and the prop-
erty acquired are to be covered by a
blanket mortgage for \$50,000,000.

Acquisition of western toll roads by
the Everett-Moore syndicate, of
Cleveland and Detroit, have been re-
ported at intervals for the last six
months, but the magnitude of the deal
was not disclosed until recently, when
it was admitted that the plan included
all lines between Cleveland and Port
Huron, Mich., with branches reach-
ing into Indiana and extending as
far south as Wheeling, W. Va., by
consolidating these lines, and erecting
great power plants to replace the many
small generating stations, and by the
development of express business, it is
believed the value of the roads can be
greatly increased.

August Belmont, of Belmont & Co.;
Walter G. Culver, president of the
Guarantee Trust company, and George
W. Young, president of the United
States Mortgage and Trust company,
will act as trustees for the stockholders
of the consolidated plan, in fur-
therance of the consolidation plan have
deposited their stock with the Guar-
antee Trust company.

MERCHANTS COMPLAIN.

Interstate Commerce Commission
Investigate Denver Troubles.

In rates established between the Pa-
cific coast and Denver the merchants of
the Queen city complain that the South-
ern Pacific is discriminating against
them most shockingly. They also ar-
gue the Interstate Commerce commis-
sion should investigate the matter.
The Interstate Commerce commis-
sion is to meet in Denver next week and
the chamber of commerce proposes to show
the members of that commission where-
in the merchants have a grievance. In
their turn the accused railway compa-
nies intend to also produce facts in their
defense before the commission and to
show that there are circumstances and
conditions surrounding the business of
freight transportation which may justify
higher rates upon certain commodities
to Denver than to Missouri river
points. In fact, a list of commodities
surrounded by such conditions has been
submitted to the Southern Pacific and
the railway people propose to show jus-
tification for their action. Contained in
this list of charges is baking powder, to
Denver, in less than carload lots, \$1.50
per hundred, while to Missouri river
points the rate is \$1.25. Blankets, if
bales are shipped to Denver at a rate
of \$3.00 per hundred pounds; they go to
Missouri river points for \$1.50. Choco-
late and cocoa, to Denver, \$2.29; to Mis-
souri river points, \$1.00. Hides, sheep
pelts, etc., to Denver, \$2.00, against
\$1.20 to points further east. Mohair,
compressed in bales, to Denver, \$3.00,
against \$1.50. Quicksilver, in flasks, to
Denver, \$3.00, against 75c. Fur seal
skins, to Denver, \$4.50, against \$2.50.

USING OIL.

Southern Pacific Runs Engines and
Steamers With That Fuel.

A couple of steamships and twenty
locomotives belonging to the Southern
Pacific were recently fitted up so as
to burn oil for fuel in the production
of their steam. The experiment has
proved to be so successful that steps are
being taken to fit up the remainder of
the machinings with similar apparatus,
and at Oakland the Southern Pacific is
now erecting an oil tank, with a capac-
ity of 1,500,000 gallons, to serve as a
supply tank for the locomotives.

SPIKE AND RAIL.

The Short Line-San Pedro cases at
Carson City, Nev., have been postponed
to Feb. 8, 1902.

Next week the Bingham Consolidated
mining company will begin laying rails
from the Dalton & Lark branch of eight
miles.

A trainload of Logan football players
and rooters came down on the Oregon
Short Line this morning, arriving at
11 o'clock.

At the meeting of the Trans-conti-
nental Passenger association to be held
in St. Louis on the 12th, the question

of isolation of consumptive passengers
will be considered.

Pocahontas people say that "all news is
good news for Pocahontas now." They
are so justly proud of their new shops
that everything "looks good" to them.

Col. Benton reports that J. E. Dooley
went west today on the Rio Grande
and that Mr. Cheever of the Contin-
ental Oil company went east this after-
noon, leaving on the same line.

The New York Commercial thinks
that the Burlington will be forced to
come to Salt Lake to protect itself
against conditions that must inevitably
be established by the Eastern interest in
the Rio Grande in connection with the
Missouri Pacific.

Beginning November 24th the Bur-
lington will shorten by three hours the
time of its Nebraska-Colorado express
from St. Louis, Kansas City and St.
Joseph to Denver. The eastbound
service from Denver will also be ma-
terially shortened.

Switchmen employed by other roads
have refused to handle Denver & Rio
Grande cars. This applies only to
freight trains, as passenger and mail
trains will be handled by members of
other railroad organizations. There will
be no strike on the Rio Grande West-
ern road.

One item included in the changes
made by the Consolidated Railway and
Power company in its street car ser-
vice is the improvement put into effect
on Murray line. Every night now
one can find a car leaving for Murray
up to 11:45, the last one leaving Murray
for town at 12:20. Murray people have
expressed their gratification at the
change.

These are the names of gentlemen
who today left for Los Angeles to at-
tend the convention of traveling pas-
senger agents: Hoyt Sherman, Color-
ado & Southern; Harwood M. Cushing,
Denver & Rio Grande; W. J. Ridd, Rio
Grande Western; George Forrester,
Rio Grande; Charles W. Watson, Wat-
son & Rock Island; L. W. Hahn, Charles P.
Pruitt, Burlington.

Final surveys of the Nome-Council
City section of the road which the Alas-
ka-Siberia Railroad company last sum-
mer announced it would build from a
point on Cook Inlet to Bering Strait
have been completed and construction
is to be commenced soon after the open-
ing of Bering sea navigation. The in-
formation comes from G. S. Canfield, a
passenger from Nome, who had charge
of the survey work.

James Dutton of Helper, tried to
board a south-bound Rio Grande
Western train last night, and in the at-
tempt he fell in such a manner as to
have the fleshy part of his foot caught
beneath the rolling wheels. Dutton
was carried to the roundhouse and
Dr. King found that no bones were
broken. The wound was dressed and
the patient rested at police headquar-
ters during the remainder of the night.

The Santa Fe, Prescott & Phoenix
railway was yesterday turned over to
the Santa Fe. The road is over 200
miles long, and has a large branch to
Phoenix, besides half a dozen branches,
and is said to be the second largest
dividend-paying in the United States.
The retiring owners of the road will, it
is said, build at once a road from
Phoenix to Benson, through the Salt
River and Gila valleys and tapping the
Southern Pacific at Benson, and then
another line west, touching the South-
ern Pacific again at Yuma.

SOCIAL AND PERSONAL.

An evening with J. Whitcomb Riley
was enjoyed Thursday evening in the
Old Farm House, Forest Dale, under
the auspices of the amusement com-
mittee of the large gathering of
lovers of poetry and prose. Selections
from the author's works were read by
S. H. Love, R. J. Stewart, Lucie Young,
Magie Cardall, Mrs. Little Grant Tay-
lor, George W. Cannon, W. A. More-
ton and J. T. Dunbar. The audience was
highly entertained, being alternately
stirred to tears and laughter during the
hour and a half devoted to the poet.
J. Whitcomb Riley's verses will long
be remembered by those who were pres-
ent, and a vote of thanks was tendered
those who had charge of the affair.

The literary program was the beginning
of a series which will be given during
the winter season, under the auspices of
the Forest Dale Amusement company.

Mrs. Geo. F. Foster and Mrs. Albert
L. Paul entertained at a shower party
Thursday afternoon at the home of
the former, residing at the corner of East
and Parley Aves., complimentary to
Miss Lidia Johnson and Miss Hattie
White, who are to be November brides.
The afternoon was spent pleasantly in
revelry and conversation. Dainty
refreshments were served by Miss
Emily Foster and Miss Cora White.
The invited guests were: Miss Lidia
Johnson, Miss Hattie White, Mrs. Geo.
B. Hill, Mrs. Angus Cannon, Jr., Mrs.
Ben Briggs, Mrs. Arthur Lyons, Mrs.
Annie Young, Mrs. Henry Cox, Mrs.
Jos. Paul, Miss Cora White, Miss Lily
Foster, Miss Emily Foster, Miss Bertha
Howe.

A very pleasant surprise party was
held at the home of Charles Kabisins,
568 west Fourth street, November 6.
A very pleasant evening was spent
of which games and music were the
features. The guests were: Mrs. Edna
Larvin, Jennie Cook, Alice Smith,
Edith Olson, Annie Hanson and Grace
Oatman, Messrs. Charles Kabisins,
Lawrence Nink, Clarence Thompson,
Leander Kabisins and Bert Oatman,
and refreshments were served at 10
o'clock.

The members of St. Paul's choir will
give "Mrs. Jarley's Wax Works" at the
Eighteenth street amusement hall next
Wednesday evening. Musical number
will be given by Walter Jenkins, Karl
Scheid, Prof. Schettler and Ernest
Lambourne. Tickets are 25 cents.

Much interest is being shown by
Salt Lake social circles in the prepa-
ration now being made by the mem-
bers of Company H to give a minstrel
show, which they propose to put on at
the Salt Lake Theater some time in De-
cember.

The adult classes at Christensen's will
finish the first term next Monday night.
The pupils are well pleased with their
rapid advancement in the terpsichorean
art.

The annual collection of garments for
the Needlework Guild will be
made early next Wednesday morn-
ing, Nov. 13. They will be taken to the
Kenyon hotel, where Mr. Porter has
most kindly furnished a room for the
use of the Guild this year. Mrs. Roberts,
Mrs. Adams, Mrs. Bird and Mrs. Wat-
son, the treasurer, are earnestly re-
quested to meet at the room Wednes-
day afternoon at 2 o'clock. The busi-
ness meeting will be held Thursday
morning at 10:15 o'clock sharp. S. O. S.
Neldern, President.

A SENSATIONAL RECOVERY.

A Venerable Wisconsin Lady Re-
stored to Health by Peruna
After Twenty-five Years'
Suffering.

[Special news from Evansville, Wis.]

EVANSVILLE, WIS., Nov. 11.—A
woman cured of catarrh of twenty-five
years' standing was the occasion of Pe-
runa being introduced to the inhabi-
tants of Evansville, Wis. From that
time to this there has been a great de-
mand for Peruna in this vicinity and
hundreds of cases have been cured.

It is in this manner that Peruna
spreads from town to town and from
state to state. No sort of advertising
could have given Peruna the reputation
it has. The secret of its success is that
it makes cures. It cures old cases of
catarrh where other remedies have
failed. This ought to make any remedy
popular.

Mr. C. R. Harden, of Evansville, Wis.,
writes the following letter:

Dear Doctor Hartman—"I wish to
write to certify what Peruna has done
for me. I read of Peruna in the papers,
of what it would do for catarrh, and
sent for a bottle. This was the first bot-
tle of Peruna that ever came to Evans-

ville; from my using it all three of the
druggists now keep it.

"It cured my wife of catarrh with
which she had been troubled for more
than twenty-five years, and I had been
troubled with it for fifteen years. We
are now both all right.

"My youngest son had a gripe four
years ago, and as he had supposed had
got well, or so far recovered that he went
to work. He took a relapse and the
pneumonia set in. He had hemorrhages,
and though we tried everything we
could think of it was to no purpose until
we gave him Peruna. The hemorrhages
stopped, and he soon got up and is well
and hard at work. We think there is
nothing like Peruna."

In a recent letter Mr. Harden writes:
"We keep Peruna always in the house,
as it cured us both of catarrh of long

standing. We have callers every little
while to inquire as to what Peruna has
done for us. I say: 'Look at us. That
is proof enough.'"

"I send you a picture of my residence,
I helped build a house in Iowa City on
the first of last June, and worked eighty-
two days, only losing one-quarter of a
day during the whole time. How is
that for an old man 77 years old? I came
home in September and have built
another house out in the country this
fall and am well and hearty today.

"I hope to live twenty years yet, and
if Peruna helps me in the future as it
has in the past, I don't know why I
can't. The druggists say Peruna is one
of the best selling medicines they have
in stock."

C. R. Harden.

Peruna can be relied upon to cure
slight colds and coughs and other cat-
arrhal ailments with a promptness that
is unequalled by any other remedy.

If a cold has settled in any portion of
the body and produced catarrh, it is gen-
erally thought by people that they must
suffer on year after year without any
hope of cure. This is not true, however.
Peruna cures such cases. Thousands of
testimonials that can never be used
attest this fact.

Any one wishing free literature on
this subject should address Dr. Hartman,
Columbus, Ohio.

Startling Statements from Kentucky, Illinois and New Hampshire of Other Remarkable Recoveries.

WILLARD, KY.—The news of the
recovery of Mrs. Elizabeth Prater is a
very striking instance of the wonder-
ful curative powers of Peruna. This
estimable lady had been an invalid
from catarrh of the stomach and bowels
for twenty years. No wonder her many
friends are enthusiastic over her recov-
ery. She writes: "It is through the mer-
cies of God and your medicine that I am
permitted to write you this letter. I
have been a constant sufferer from
bowel and stomach trouble for about
twenty-five years, and could never find
relief until I began the use of Peruna."

"I began the use of your medicine the
first day of last September and have
taken nine bottles of Peruna, and can
say that I believe I am cured of my
troubles, and I think I am enjoying
as good health as an old lady of my age
could expect. I am seventy-one years
old. I recommend Peruna to sufferers
wherever I may meet them, and others
of my friends are being benefited by it.
I think it is a God-send to poor suffering
humanity."

I will always be thankful to you for
your medicine and kind advice, and
trust that many others will take your
remedy and be as greatly benefited as
I have been."

club will hold its regular meeting
Thursday afternoon, November 14, at
3:30 o'clock at the club house.

Judge Elias Smith leaves today to
meet Mrs. Smith.

Mr. and Mrs. W. L. Price have issued
invitations to the wedding reception of
their daughter Birdie, and Walter T.
Lloyd, on Monday, Nov. 25.

WARD ENTERTAINMENTS.

The young ladies of the Twenty-second
ward have been in an unceasing
hustle for weeks making preparations
for their big fair that is to be held in
the ward meeting house during the next
five days of the coming week. All
sorts of things, contributed by the mag-
nanimous people of the ward, are to be
on sale. A healthy rivalry between
the young women to see who shall have
the most attractive booth, is adding a
great deal to the fine decorations.

The concert Monday evening and the
Coon show Wednesday evening are two
of the features that will no doubt be
greatly enjoyed.

At the concert the program following
will be given:

Piano Solo.....Miss
Carrie Margetta, Miss Carrie Hardy
Soprano Solo.....Miss Nellie McBride
Recitation.....Miss Lulu Train
Xylophone Solo.....Mr. Adalbert Bassey
Song.....Little Millie Williams
Recitation.....Prof. H. E. Giles
Soprano Solo.....Mrs. Little Pye Bradford
Tenor Solo.....Mr. Thomas Ashworth
Piano Solo.....Mr. Harold Orlow
Solo.....Mr. Willard Flashman
Recitation.....Miss Annette Salmon
Soprano Solo.....Mrs. Nellie Druce Fugaley

Accompanist, Prof. H. E. Giles.

For the Darkey show the following is
the program:

Darkey Serenade.....Messrs.
Beasley, Morgan, Doney, Brain
Cake Walk.....Twelve Little Girls
Song.....Millie Williams
Stamp Solo.....Miss Annette Salmon
Solo.....Abraham Lincoln Washington
Solo.....Red Hardy
Laughing Quadrille.....Eight Darkeys
Step Dance.....Dollie Andrews
Thanksgiving Story.....Uncle Tom

E. K. THOMAS.

Great inducements to close out our
entire stock of Children's and Ladies'
shoes.
