"I became so discouraged and down-hearted after several years passed with-out getting well; in fact, I only con-valesced enough to be taken out for a short drive each day and was always brought back so tired that I would re-solve not to go again. I lost over 50 pounds. Changing physiclans I was ad-vised to go to the mountains and finally went to the Alleghenys. At my board-ing house a lady at the table ordered Grape-Nuts for breakfast. I had never heard of it before so I asked her about the food and she told me it had done her so much good and suggested that I order some which I did. I liked it and used it while I stayed there several weeks and found to my surprise that it agreed with my delicate stomach and agreed with my delicate stomach and I soon began to feel better nourished and got so strong I could take long walks and not feel tired. The Renewel a Strain.

Vacation is over. Again the school bell rings at morning and at noon, again with tens of thousands the hard-est kind of work has begun, the renewal of which is a mental and physical strain to all except the most rugged. The little girl that a few days ago had roses in her cheeks, and the little boy whose lips were then so red you would have insisted that they had been "kiss-ed by straberries," have already lost something of the apeparance of health. Now is a time when many children should be given a tonic, which may avert much serious trouble, and we know of no other to highly to be record.
