

WILL LEAVE FIELD FOR THE OUTLAWS

Quitting of Los Angeles and San Francisco Means Much for Pacific National League.

FOUR CLUB ORGANIZATIONS.

Local Magnates of the League Are Pleased With the Present Situation—The Outlook Good.

When the news reached Salt Lake yesterday afternoon that the San Francisco and Los Angeles ball teams had dropped out of the Pacific National League, there were many Salt Lake fans who said:

"Well, it's all up with the league now." But according to the view of Manager Reynolds of the local club and Manager Dugdale of the Seattle team, the action of the two clubs referred to is about the best thing that could have happened to the league. San Francisco has always been regarded as a losing proposition and Los Angeles was looked upon as being little better. The expense of making the jump from the northwest towns to the coast and back was something enormous and when the teams got there they had the rival league to fight. It now means that the Pacific National league will leave the field in the hands of the so-called outlaws while the organization will get along with four clubs and possibly six. It depends upon what disposition can be made of the Helena and Tacoma franchises. It is almost a certainty that the league will try more California towns. As before noted, the trip is too long and the expenses too great to admit of money making, and as the ball promoters are not in the game for their health alone, it is hard to see why California should even be considered in reorganization of the league.

The league managers have known for a long time that the two coast towns were too big a load to carry, and that sooner or later there would be a break up. As the time Salt Lake was taken into the league, Hart was offered a good price to drop out, but he declined. He was game and proposed to stick as long as there was a fighting chance. Hart is the man who stands to lose. He has furnished the money for the two California towns and stood the pressure as long as he could.

For the present the league will be a four club affair, and it is possible that it will continue so. According to the manager of the respective teams, Seattle, Spokane, Butte and Salt Lake will hang together for the present season at least. A new schedule is to be arranged at Spokane next Thursday evening, and the four towns will be given more games than they would have had under the schedule now in force. All things considered, the dropping out of the two towns is regarded as a good thing for the remaining teams.

SEATTLE TOOK ANOTHER.

Pounded Out the Winning Run Just at the Right Time.

Salt Lake was taken into camp again yesterday afternoon at Walker's by the Swashes, the score being 6 to 5. It was a fast game from start to finish and Salt Lake played good ball. But somehow or other the crowd from Washington managed to play just a shade better and got away with the goods.

Tozer pitched for the local crowd and with the exception of two innings when his control was faulty, he did some twirling good enough for almost any town. In the third he was hit for two singles and a triple and gave a pass. This netted the visitors three runs. In the fifth three more singles were secured off his delivery and the visitors got two more runs. Their last and winning run came in the ninth on a double and a scoring grounder.

The locals started out well, getting five nice hits and four tallies. In the second Davis brought Flannery in by a two-bagger, but right there is where the scoring came to an end. The teams play double-headers this afternoon and tomorrow. The summary follows:

LAST NIGHT'S BIKE RACES.

Motors Showed Remarkable Speed and Pleased the Crowd Greatly.

A good program of bike races at the Salt Palace track last evening was witnessed by nearly 2,000 enthusiastic cycle fans. Every event proved interesting and the riders were cheered to the echo. The features of the evening's racing were the riding of Billy Samuelson in the professionals' 10-mile lap race, and Earl Staley's riding in the motorcycle race. Both boys put forth their best efforts and the crowd showed its appreciation by giving them the glad hand repeatedly. Samuelson's sprint in the finish of the lap race was about the best seen on the track this season and he showed how to pedal some. He crossed the tape a half a wheel's length to the good over the other boys. In the five mile motor race Staley started out in front from the jump and he was never in danger of losing. The machine seemed to respond to his slightest wish and he won handsily over Hopper and Hoolay. It was announced that Johnnie Fisher and Billy Samuelson would ride a match race Tuesday night. It will be a half mile event, best two out of three. Fisher was in duty to the crowd. The summary follows:

Final, one-half mile open, amateur—Blum first, Hargren second, C. Redman third. Time—1:40.

Ten-mile lap race, professional—Samuelson first, Downing second, Williams third, Staver fourth. Time—23:02.

One mile, handicap, amateur—Starbuck first, C. P. Redman second, Blum third. Time—7:35.

Five-mile open motor race—Staley first, Halway second, Hopper third. Time—7:10.

Horse Races at Ogden.

The attendance at the horse races at Ogden yesterday afternoon was very light. The summary follows:

Five and one-half furlongs dash—Come Again won, Corvus second, and Gold Bird third. Time—1:13.

Honest King captured the three-quarter mile by three lengths over Mollie Alstott and Baldo. Time—1:19.

In this race Baldo's owner was fined \$10 and the jockey ruled off the track because he had interfered with one of the other horses.

Two furlongs race, best two in three, won by Rattler, Populist second, Little Ribbons being second in the first heat, when the time was 24, and Mary W. third in the second heat, making time of 24.

After the races there was a 100-yard dash foot race between William Tuttle of Boise and A. Cameron of California for a purse of \$50. The former won by a yard in 1:15.

Events at Chicago.

SCHEFSKI TO LEAVE SALT LAKE SOON.

Will Build a Big Bike Track Near Denver and Manage It Himself.

HE HAS SECURED FRANCHISE.

Practically All the Fast Local Riders Have Agreed to Ride for Him Next Summer.

Frank E. Schefski, the man who has piloted the local bike game through two of the most successful seasons since the famous saucer track was built, and who was largely responsible for the erection of the track, will leave Salt Lake this winter for new fields to conquer. Mr. Schefski stated to the "News" sporting editor this morning that he had secured a franchise to run bike races within five miles of Denver, Col., and that he had the necessary capital behind him to erect one of the finest tracks in the United States. The site he has selected will be easy to reach from the city, and Schefski says the game is sure to become popular with Coloradoans.

Shortly after the local season closes, Mr. Schefski will go to Denver, draw up the plans for the track and begin work on the structure. It will probably be patterned after the Salt Palace saucer, but will have some improvements over the local track.

"You may say for me," said Schefski, "after the six-day race closes, I will retire from the game here. I have the exclusive franchise to run races within five miles of Denver, and I will build a track there. This winter and start the season off there next summer with the fastest bunch of riders obtainable. Practically all the fast local men have agreed to ride for me there, and while the undertaking is a big one, it is bound to be a success."

Many Salt Lake cycle fans will regret very much to see Schefski leave the game here. Two of the most successful seasons of the track has been experienced under his management. It has always been his aim to see that the sport was run absolutely on the square and to give the track patrons the best there was in the game.

ON THE RACE TRACK.

Bonner Stocks Worth \$20,000, Taken by Hawthorne, a Rank Outsider.

New York, Aug. 21.—After a day's delay on account of a heavy track the Grand Circuit meeting was resumed today at Brighton Beach before 8,000 people.

The big event of the card was the \$20,000 Bonner stakes for the 2:12 trotters. The betting was very heavy. Billy Buck selling for \$1,000 to \$700 for the field. The favorite won the first heat by half a length from Jim Ferry, with Swift a close third, but in the second he was beaten in a close and exciting finish.

In the third heat the first turn Swift stumbled and swerved into Hawthorne, and both went down, the horses being soon caught. In the meantime Kinney Lou had got the lead and won the heat by a narrow margin amidst a volley of cheers for the driver, Budd Deale.

For the fourth heat Kinney Lou led to the top of the homestretch, with Billy Buck and Hawthorne close up, but here Hawthorne came up with a splendid burst of speed and won easily by a length. The next heat was close from start to finish, Hawthorne winning by two lengths, with the other two in a close finish.

BIKE SEASON TO CLOSE SEPT. 12.

Big Six Day Race Will Begin Monday, Sept. 7, and End Saturday Following.

THE PROGRAM IS ANNOUNCED.

Riders Will Go One Hour Each Night With Sprint and Motor Races Added.

The local bicycle season will come to a close on Saturday, Sept. 12; that is, so far as the present track manager, F. E. Schefski, is concerned. Such is the announcement made by Mr. Schefski to the "News" this morning. He proposes to bring the season to a close in a "burst of glory," and local cycle fans will be given a feast of good things in the way of bike races, the like of which they have never enjoyed before.

On Monday, September 7th, a big six-day race, open to all professionals, will be inaugurated. The riders will go one hour each night for six nights and sprint races and motor paced events for the amateurs, with big purses offered, will be added.

On the last night, prizes will be given to the men winning the greater number of points. The points will be 5, 3, 2, and 1. On Monday, the 7th, the first event will be a five mile handicap lap race for amateurs, the prizes being \$50, \$20, \$10, \$5, and \$3, and fifty cents to the winner of each lap. After this event the riders will start on the six day grind.

On Tuesday night the amateurs will have a chance at the money in a five mile motor paced event, followed by the continuation of the six-day race.

The program for Wednesday night will be a five mile tandem lap race for amateurs, and the big race continued.

Thursday night, the amateurs will compete in an Australian pursuit race with the one hour continued.

Friday night there will be a five mile motor paced amateur, followed by the one hour grind.

On Saturday night the big race ends, and so does the season. There will be a two mile handicap lap race for amateurs. This will be a point race and the prizes for points will be \$50, \$20, \$10 and \$5. This will be in excess of the regular finish money, which will be \$20, \$10, \$5, \$3 and \$1. Mr. Schefski says that this is the largest prize list ever offered for bike races in this part of the country. Immediately after this event, the tired professionals will complete their six-day race.

DROWNED WHILE BATHING.

Wm. Kleemann Perishes in View of a Thousand Spectators.

Newport, Ore., Aug. 21.—William Kleemann of Portland was drowned at 11 o'clock this morning while surfing bathing on the ocean beach at Nye creek, in full view of a thousand spectators. The surf was light and the enjoyment of riding over the swell attracted the young men to venture out too far from shore.

He soon became exhausted, and cried for help, which was at once responded to by two other bathers. They succeeded in reaching Kleemann and made a desperate effort to reach the shore, but they could make little progress. They finally became exhausted from

THE WRONG DIAGNOSIS.

Prompt Use of Worthless Remedies.

Even an experienced physician will sometimes make a mistake in diagnosis, in which event his entire treatment is wasted and may even be injurious to the patient.

The advocates of all other hair restoratives save Herpicide have wrongly diagnosed the cause of Dandruff and Falling Hair.

They figure on a functional disease whereas it is now known and generally accepted that hair loss is due to a parasitic germ which Newbro's Herpicide destroys.

There is no substitute for Herpicide, accept none.
