

# TURKISH MINISTER TALKS AT LENGTH

Discusses the Situation in His Own Country and the Magelsen Case.

## HASTENS TO SEE SECY. HAY.

He Answers Pertinent and Important Questions Frankly and in Turn Asks the Same.

Sayville, Aug. 29.—Alarmed at the condition of American-Turkish relations, Chelkib Bey, the Turkish envoy to the United States, is hastening to Washington to see Secy. Hay. The minister left his summer residence here today for Washington, and because of the gravity of the situation it is the minister's intention to ask Secy. Hay to receive him immediately. The conference probably will occur at Mr. Hay's home tomorrow afternoon. Hay's visit has caused anxiety.

Dispatch of the American warships has caused anxiety to the minister. He has expressed himself that the American government's only motive in this action was to protect its own citizens. He fears it may have the opposite effect, and render more difficult the efforts of the American government to afford protection to foreigners.

His appearance of the European press of Beirut will, it is pointed out, be taken by the revolutionists as evidence of the Washington government's sympathy with their cause. It thus arouses them to renewed attacks.

### WHAT HE WILL REQUEST.

Until he receives instructions from Constantinople Chelkib Bey will not request the Washington government to withdraw the squadron, but he will request Secy. Hay's attention to the situation in Turkey hoping that the state department might do something to relieve the embarrassment of the ports. No word has been received by the minister of the attack on the American consul at Beirut and he has been without official advice concerning events in Turkey for more than a week. He hopes to find instructions waiting him at Washington upon which will depend largely the scope of his conference with Secy. Hay. There is a possibility that the Washington government may be of service to the minister in solving his international difficulties and it is as well as the local troubles at Beirut which is calling Chelkib Bey to Washington.

### TALKS OF SITUATION.

When the Associated Press representative called at the modest little bungalow at Sayville today, where the minister has established headquarters, the diplomat had just read in the morning papers of the mistake in Minister Leishman's message and was deeply relieved. He talked freely of the present situation and did not conceal the fact that he thought the situation grave.

Some of his remarks regarding Turkey's international complications he requested should be considered as confidential, but in the hope that he might be able to say something to the American people that would relieve the tension of public feeling here, he consented to the publication of a large part of the conversation.

### PROFOUNDLY DISTRESSED.

"I am profoundly distressed," he said, "at the news at Beirut and believe that there must have been some mistake, because I had heard nothing about it from my government. The news today confirms this belief."

"What I am about to say, I believe, is in the spirit in which it is said, for it has always been my endeavor, during the three years that I have represented the ports in the United States to work always for the better relations between the two countries and I certainly will not cease in my efforts in this direction at a critical time like this. But what can I say? It now appears that your vice consul was not assassinated."

### WHAT SULTAN HAS DONE.

"However that may be, you must admit that my government has been able to do what it could, and to do so. As soon as the local authorities learned of the affair they called at the American consulate and expressed their regret and promised to do all in their power to apprehend and punish the guilty person. In addition, the foreign office offered the strongest official assurance to the same effect."

### APPRECIATES SITUATION.

"I appreciate fully the reasons for the dispatch of the American squadron. From Admiral Cady's carrying his ships to protect the lives of American citizens, but have you considered that this may have the opposite effect and stimulate the revolutionists to further outbreaks, thereby increasing the difficulties in the way of the foreign protection of foreigners? I must refuse at this time, however, to comment on this. I fervently hope immediate relief will be forthcoming."

### ATTACK WAS PERSONAL.

"Despite the reports to the contrary," he replied, "and the efforts of the European powers to have it otherwise, I believe the affair was without political significance, and that the attack was made by a personal enemy of your vice consul. The unfortunate feature of it is that, coming at this time, the revolutionists will attempt to profit by the occurrence, and it is this which renders the situation grave."

### WASHINGTON PROGRAM.

"Has your excellency heard any rumor that the Washington government's program calls for the seizure of one or more ports in the event he succeeds in the American demands, and that this in turn would be followed by the recall of Minister Leishman and possibly your own departure from the United States?"

"No, I have not heard that. I hope it is not that bad. Of course, I your government desires it I shall go but let us not take such a serious view of the situation. What demands do you refer to?"

# Ayer's Hair Vigor

Hair falling? Then you are starving it. You can stop hair-starvation with a hair-food. Ayer's Hair Vigor nourishes, feeds the hair. And the deep, rich color of early life comes back to the gray hair.

J. C. Ayer & Co., Lowell, Mass.

Patience is necessary in international affairs. My sovereign has promised what you have asked, or the most of your requests, and he will certainly carry out his promise. You must remember that my country is very much occupied at the present, and I hope the Washington government will appreciate this and not insist on a final settlement of all controversies until the interior troubles have quieted.

### DOCTORS AND STUDENTS.

"You have asked for certain privileges for doctors and students. You want your physicians admitted on certificate to practice in Turkey. My government is very careful of the kind of doctors it licenses to practice. If your government would itself approve the diplomas your physicians would be admitted without examination. This is the reason that the French and other European physicians are admitted on certificate."

"The medical schools in those countries are under the supervision, as it were, of the governments. In this country a man licensed to practice in one state would, in some cases, not be allowed to practice in another without examination. If some of your states discredited the quality of your medical schools it is surprising that my government insists on examining American physicians? And, why, if your physicians are so thoroughly educated, do they object to standing an examination when they come to Turkey to practice? It will require time to adjust this question, but you know the Turk is very tolerant, and I am sure my government will take a liberal view of the matter."

### QUESTION OF MISSIONARIES.

"Now, there is that other troublesome question of missionaries. Do not understand me as criticizing the missionary, for I must again remind you we are a country of free people. We have allowed the missionaries great liberties, and with what result? I read in the American papers frequently of what some missionary from Turkey has to say about wiping my country off the map of Europe. I am advised that certain missionaries when they go to Turkey are constantly arousing the Armenians against the Moslems. They even talk to the Armenians about exterminating us. Is not that inciting the Armenian subjects to rebellion?"

### THE OTHER SIDE.

"Suppose I should establish in Washington a school for negroes and my teachers should tell the negroes that they should not submit to lynching and should rebel. Do you think I would remain in this country long, or that my school would flourish? This is a side of the question that is not often heard."

### AS TO MASSACRES.

"You ask me about the massacres in Turkey. These unfortunately do occur. But do they not occur in Christian lands? No one would be so foolish as to hold your government responsible for the massacres. It is the responsibility of the government to prevent them. So does Turkey deplore the massacres, and we are today doing all in our power to prevent them. And yet if a massacre occurs in Turkey, the cry goes up 'Down with the Turks.' And when my government sends troops to Bulgaria to punish the guilty the same cry is heard. It is always the Turk who gets the blame."

"Can you wonder that a feeling of, I won't say hostility, but coldness, is aroused among my countrymen toward those who are forever blaming them? I do not think the European powers are as glad as they profess to be that your squadron has gone to Turkish waters. They would be still more dissatisfied if they found that the Washington government stood ready to help Turkey in her troubles."

### TO PRESERVE GOOD RELATIONS.

"I am going to Washington to do what I can to preserve the good relations between your country and mine. I think the report of the troubles in Turkey are exaggerated, but I know all is not well there. Your officials are supremely just and have always treated me with such consideration that I am confident the Washington government will appreciate my country's position and not be disposed to act impatiently."

### CLODBURST IN WYOMING.

Railroad Bridges Washed Out, Delaying Traffic.

Butte, Mont., Aug. 28.—A Miner special from Billings, Mont., says: "Word has been received there from Moorcroft, Wyo., that the most disastrous cloudburst in the history of that section occurred there yesterday."

"Two large bridges on the Burlington railroad with a considerable amount of truckage were washed out and destroyed, delaying traffic from 15 to 24 hours. Two passenger trains are stalled there and it is not expected to get trains through until late tonight. Wire communication over the Burlington was interrupted until today."

### Do You Enjoy What You Eat?

You can eat whatever and whenever you like if you take Kodol. By the use of this remedy disordered digestion and diseased stomachs are so completely restored to health, that such foods as would be to one a "double-edged sword" are eaten without even a "rumbling" and with a positive pleasure and enjoyment. And what is more—these foods are assimilated and transformed into the kind of nutriment that is appropriated by the blood and tissues.

Kodol is the only digestant or combination of digestants that will digest all classes of food. In addition to this fact, it contains, in assimilative form, the greatest known tonic and reconstructive properties.

Kodol cures indigestion, dyspepsia and all disorders arising therefrom.

### Kodol Digests What You Eat

# ADMIRAL COTTON OFF FOR BEIRUT.

The Brooklyn and San Francisco Are Expected to Arrive There Next Friday.

## HE WILL NOT BE RECALLED.

Turkish Minister in Washington Fully Realizes that America is Aroused And He is Alarmed

Washington, Aug. 30.—The bureau of navigation of the navy department has been advised by cable that the cruisers Brooklyn and San Francisco sailed from Genoa this (Sunday) morning, and are expected to arrive at Beirut Friday next.

Other than the advices from Admiral Cotton announcing his sailing, there were no developments in the Turkish situation today so far as Washington is concerned. No additional information came today from United States Minister Leishman, Secy. Hay saying tonight he had not heard from our minister to Turkey since yesterday morning.

The orders to Admiral Cotton to proceed to Beirut will not be canceled, it is authoritatively stated tonight, unless the president so directs. Such an order at this time, however, apparently would not avail anything, as the admiral is now on his way to Turkey.

The Associated Press interview with Chelkib Bey, the Turkish minister, at Sayville, N. Y., was a topic of almost general discussion in official circles today. That the minister's visit is so widely discussed is a realization here.

His announcement over the presence of an American fleet in Turkish waters, lest it be taken by the revolutionists as evidence of the American government's sympathy with their cause, it is thought, will not be a strong enough reason for its withdrawal. The admiral's intention regards it as a sacred duty to see that adequate and prompt protection should be given American interests in the disturbed district, and for this reason feels justified in having the warships sent to Turkey.

Contrary to expectation, Chelkib Bey had not arrived in Washington up to 9 o'clock tonight, and inquiry at the leading hotels failed to disclose that he had telegraphed he was coming. A number of dispatches were awaiting his arrival here. Presumably some of the dispatches are from Constantinople. Secy. Hay will grant the minister an audience tomorrow if he comes to the city.

With the departure of the cruisers Brooklyn and San Francisco for Beirut this morning, as announced by Admiral Cotton to the navy department, the entire European squadron is now on its way to the Turkish coast.

### BEIRUT AUTHORITIES ACTIVE.

Constantinople, Aug. 30.—Since the representations made by United States Minister Leishman regarding the attack on the life of Vice Consul Magelsen, the authorities at Beirut are displaying a marked activity in their efforts to find the culprit.

It is understood that after an interview with Foreign Minister Tewfik Pasha, Minister Leishman requested Washington to recall the European squadron that had been ordered to Beirut. It appears that the report by the Austrian consul at Cakub that a detachment of troops discharged their rifles at the Austrian consulate there, arose from the simple circumstance that a party of Albanian servants, on leaving the Ussub station in a train, fired in the air, as is their custom on joining the colors, and the Austrian consulate happened to be close to the station.

The Bulgarian insurgents, on capturing the town of Naxos, on August 25, leveled a contribution of \$5,000 on the town and then withdrew to the mountains. The Turkish troops, on their arrival, bombarded the town, but receiving no response they entered without molesting the inhabitants.

### MURDERED IN CUBA.

Ira C. Bradley Who Was Trying To Establish a Colony.

Washington, Aug. 28.—Minister Cady at Havana, has informed the state department of the murder of Ira C. Bradley, near Holguin, Cuba, on June 9. Bradley was about 60 years old and a resident of California, and had been trying to establish in Cuba an American settlement under the name of "Bradley's colony." The motive ascribed for the murder was robbery, although Bradley was mutilated and badly beaten. The dispatch says that the country in the vicinity is infested by a gang of murderers and robbers.

### WOMAN KILLED INTRUDER.

Mrs. Solano Brained Criminal Gonzales with an Axe.

Springer, N. M., Aug. 29.—Cornelia Gonzales, on attempting to enter the home of Mrs. Sarah D. Solano, who was at home with her two children, was killed by the woman with an axe. The woman struck him over the head six times breaking the skull in as many places.

### FRANK BAKER CAPTURED.

Member of Notorious Curry Band Operating in Montana.

Have, Mont., Aug. 30.—Stock Inspector George W. Hall captured Frank Baker, one of the Curry gang, who had positive information that the hold-up westbound flyer at Malta this morning, and would have captured the other two members of the gang had not the sight of the numerous Pinkerton detectives deterred the gang. The company had positive information that the hold-up would occur near Wagner this morning, where the famous hold-up of two years ago occurred.

### BOILER EXPLODES

And Big Compound Engine Blown to Pieces.

Baker City, Ore., Aug. 2.—One of the big compound engines of the Oregon Railroad & Navigation company pulling through freight train east into Weatherford, Oregon, was blown to pieces by the explosion of the boiler at 10 o'clock last night. Engineer Faust was killed instantly and Engineer Gillman was so badly injured that it is almost impossible for him to live. Conductor J. B. Connor escaped serious injury. The brakeman, named Wade, a new man, is seriously hurt but thought to be fatally injured. Neither the train nor track was damaged to any extent.

### GREAT AMALGAMATION.

Proposed to Unite Six Powerful Structural Trades.

Pittsburg, Aug. 30.—According to Frank Buchanan, president of the International Bridge and Structural Workers, it is planned to amalgamate the six powerful structural trades into a mighty national building trades council of 600,000 workmen and the absorption of the smaller building trades, such as granite cutters, marble polishers, stone cutters, etc. A meeting to further this object will be held at Indianapolis on Oct. 2, and will be attended by national officers representing the carpenters, bricklayers and masons, the plumbers and gas fitters, painters and decorators and the Building Trade Laborers International union. At the root of the proposed organization is a decision of its promoters to in a great measure abolish strikes.

### DIED ALONE.

Spaniard Thrown from Backboard Dies a Lingering Death.

Ontario, Ore., Aug. 30.—A Spaniard named Domingo, who with much must have been a slow and terrible death near the Quebec, in Malheur county, last week. He had been thrown from a backboard by a runaway team, his shoulder crushed in one leg broken, and had died alone in the hot sun. It was noted that he had passed along the road twice before his remains were discovered, and that life could not have been long. He was found, it had left a trail where he had dragged himself over the hot, dusty road for a long distance before he died.

### Three People Drowned.

### WILL CALLA STRIKE.

Miners' Union & Telluride Decide Upon this Plan.

Telluride, Colo., Aug. 30.—The Miners' union has decided to call a strike Sept. 1 in sympathy with the striking millmen and miners of the Telluride mill. The union of Telluride will tomorrow make a demand for an eight-hour day without a reduction of wages in the case of the highest-paid class of workmen. Should this be refused a strike will be ordered at once.

A special from Denver says that between 80 and 100 men are at work in the smelter, notwithstanding the strike of the union employees. The Citizens' alliance has expressed determination to keep the smelter working, and many business men, members of the alliance, have offered to show are necessary.

### ADRIANOPI IN ASHES.

# TWO MEN KILLED AND TWO WOUNDED

Hold-Ups in Chicago Shoot Down Men in Cashier's Office Without Warning.

## COT THREE THOUSAND DOLLARS

Employees Were Held Up Receipts Of City Railway Company for The Day.

Chicago, Aug. 30.—Without a word of warning two men were killed and two others wounded by holdup men at the cashier's office of the Chicago City Railway company on a car on Fifth and State streets, was done by today. The shooting after securing the men, who escaped.

Three of the men working in the cashier's office and the cashier's office were shot before they had time to get away. The men who were shot before they had time to get away were shot before they had time to get away.

### DEAD.

Frank Stewart, assistant cashier, cashier's office; shot through body; half an hour later.

John H. Johnson, motorman; shot through head; died instantly.

### INJURED.

William B. Edmond, receiving clerk; shot in left thigh; will recover.

The robbers took no chances, but disposed of all the opposition of the employees before they entered the office. Choosing the time when employees were busily engaged in balancing up the receipts of the night, just after the last conductor had turned in his money and left the bars, the robbers suddenly appeared at the receiving window and began shooting without warning.

The first bullet struck Stewart and he fell to the floor without a word. Edmond, who was sitting near Stewart, turned to see what was the matter, but before they could leave their chairs they were rendered helpless by bullets of the robbers.

Johnson, the motorman, who had been asleep on a bench in the outer office, started up to go to the assistance of his companions, but was shot and killed before he could get on his feet.

Making sure that all opposition had been removed, the robbers then broke open the door of the cashier's office with a sledge hammer and took from the desk \$3,000 in bills. They then made their escape.

### REWARD FOR ROBBERS.

Chicago, Aug. 31.—With the incentive of \$1,000 reward and urged on by Chief of Police O'Neill, who has taken personal charge of the case, every member of the police department is on the alert to capture three men who committed the double murder in the cashier's office yesterday morning and then escaped with approximately \$3,000 in cash.

The police have reason to believe that the robbers are the same men who on the night of Aug. 1, shot and killed B. C. La Gross while in his saloon at 2120 North avenue. These robbers also shot and killed Adolph Johnson, a customer, in La Gross' place, and he died from his wound next day.

The bullets fired at La Gross and Johnson were of a peculiar pattern and are discharged from a particularly destructive revolver which was put on the market recently. From the walls of the city railway office a number of bullets have been dug and they are identical with those fired during the North avenue hold-up. The police have made a score of arrests, but they are not satisfied of the guilt of any of the prisoners.

The men held by the Englewood police are John Bender, George McLeroy, John Blake, Daniel Lynch, James Doyle, Lawrence Doyle and Tony Scarpardine. Three men have been detained by the Woodland police, but their names are being withheld.

Shoud, one of the suspects, is said to have contradicted himself several times. He is a former employee of the city railway company.
