

# LARGEST IN THE WORLD.

In the department of baking powder and flavoring extracts the **PRICE BAKING POWDER CO.** of Chicago and St. Louis is the largest in the world. Hundreds of tons of the crystals of Cream of Tartar, direct from the grape vineyards of France, are annually used in DR. PRICE'S CREAM BAKING POWDER, and the entire product of a large Mexican grower of vanilla beans is consumed every year in DR. PRICE'S EXTRACT OF VANILLA. This immense business is accounted for by the purity and excellence of their productions.

No better proof of the superiority of DR. PRICE'S CREAM BAKING POWDER could be offered than that it is recommended for use in every family by the following State and National Chemists.

TERRITORIAL ITEMS.

CULLED FROM LATEST EXCHANGES.

On the 26th ult., a heavy train was passing over the Santa Rita mountain and vicinity. It is said that heavy rain in that section of Arizona for several months, and foretold an early rainy season. The country is much in need of it.

On June 26th the east-bound train on the Southern Pacific failed to connect at Benson with the New Mexico & Arizona road, and was left at that point in California. As a consequence there was no freight, express or mail from the West.

In Butte, Mont., last week, the miners' union proceeded to a body of 1,100 strong to the Blue Bird mine, and there they held a meeting. It was as work for less than the union scale, and getting the Italians, marched to the mine and insisted that the union violence was used, but some forcible persuasion. Hereafter they will get the 50¢ per day when they work underground. Their addition increased the membership of the union from 1,000 to 2,000, and the mine will only employ union men hereafter. Notice was given that strikers at the mine, if not otherwise they will be blacklisted.

A dispatch dated Benson, A. T., June 26th, says: The German syndicate which recently purchased large tracts of land in Northern Sonora has re-sold a large portion thereof to a German company for colonization. The intention is to settle the land with German families. It was purchased of the French company merely for speculation, and will be sold to the highest bidder. Agents of the German colony have gone to Sonora with surveys and maps, and the land is expected before the end of the year. The soil is said to be exceedingly fertile, and particularly adapted to fruit and grape culture.

At Helena, Montana, on the 27th the coroner was investigating a case which may develop into a brutal murder. A Jew named Bobt. J. Chapman was found dead in a room in the lodging house kept by Rogers & Luke, on upper Main Street. About 11 o'clock on Tuesday morning a stranger came in and asked the clerk for a room, and while the clerk was dressing the man went into Chapman's room where he was lying helpless and dead with a pair of knuckles in his forehead. His face was badly lacerated, his eyes closed, the scalp severely cut with several large and severe contusions on his breast and abdomen. The same evening he was removed by Walter Holden to the poorhouse where he became delirious, with rational moments, and died on Sunday afternoon. The matter was kept quiet to facilitate arrests. Chapman was 50 years old on the 6th of last month, was slender and about five feet six inches high, with dark reddish-brown hair and moustache. He had been married twice, having eight children by his first wife.

From the Orient.

The steamer San Pablo brings Hong Kong advices to June 24, and Tokyo news to June 15th. It is feared that riots will be stirred up against the American missionaries at Chinan-Poo. Several large sections of opium have been made at Amoy. Deaths at San Pak got away with \$10,000 worth of silk. In a dark with the gang who they killed four and wounded nine. A great drought prevails at Ningpo. Several seizures of opium have been made at Amoy. It is reported that all the Japanese consuls will be raised to peerage. Treaty signed at a stand still, owing to investigations of matters relating to customs duties. The Chinese adviser of the King of Corea has been killed by the Viceroy. Li Piran in Tonquin are giving much trouble.

THEY FOLLOWED HIM.—A citizen of Albany and his wife, weary by the prolixity and long sermons of the pastor of the church that they attended, decided to change their place of worship. So on a recent Sunday they attended a neighboring church to see how they liked it. Hardly were they seated when their pastor entered the pulpit. He had exchanged pulpits for service, and the new pastor was an unusually long sermon. At the close of the services he met his two parishioners and thanked them very heartily for leaving such an interest in his preaching as to follow him to a strange church.—New York Sun.

SHE WAS POOR BUT WITTY.—Miss Sawyer, who is poor, was introduced at a lunch party to Miss Taylor, who is rich, and was coldly received. Miss Sawyer is bright and knows her antecedents and Miss Taylor's also. She was unabashed and spoke cheerily. "I'm so glad to meet you, I've often wanted to." It is so true, my dear Miss Sawyer and my grandfather was a tailor, and your name is a sawyer. Mine used to make clothes for yours and yours used to saw wood for mine."—Elmira Gazette.

AN INCOMPLETE STOCK.—"Let me have a couple of gallons of good whiskey." "Why, we don't keep any whiskey in stock." "What do you mean, then, by advertising that you have a complete line of fishing tackle?"—Detroit Free Press.

WHERE THE RUN WAS.—"How much are strawberries to-day?" "Fifteen cents." "I thought they were plenty this year." "So they are, ma'am, but the money ain't."—New Haven News.

When General Fairchild heard of the order to raise the battle-flags to the several states, it will be remembered that he became so emphatic in his denunciation of the order that he called upon God to pay the brain that conceived it, etc. The Courier-Journal commenting on this expression says: It is perhaps to be regretted that Gen. Fairchild has so little influence in heaven. Notwithstanding the earnest and patriotic prayer, the government at Washington still lives, and no severe case of palsy had occurred there up to a late hour.

**SIMMONS LIVER REGULATOR**  
BILIOUSNESS  
Is an affection of the Liver, and can be thoroughly cured by taking this Grand Regulator of the Liver and Biliary Organs.

MANUFACTURED BY J. H. ZEILIN & CO., PHILADELPHIA, PA.  
I was afflicted for several years with biliousness, which resulted in a severe attack of jaundice. I had as good medical attendance as our section affords, which failed utterly to restore me to the enjoyment of my former good health. I then tried the favorite prescription of one of the most renowned physicians of Louisville, Ky., but to no purpose; whereupon I was induced to try Simmons' Liver Regulator. I found immediate benefit from its use, and it ultimately restored me to the full enjoyment of health.

A. H. SHIRLEY, Richmond, Ky.
