

GREAT MAY DAY DEMONSTRATION.

Russian Social Democratic Committee Making Plans to Hold One.

WORKMEN'S TEMPER UNCERTAIN

It Varies From Day to Day and Much Depends on It—Railroad Strikes Anticipated.

St. Petersburg, May 3. A. m.—Undertaken by the complete order which prevailed in St. Petersburg on May day, according to the Western European calendar, and the energy and potency of the government's measures to prevent disorders, the Social Democratic committee is going ahead with plans for great demonstration on May 1 according to the Russian calendar, which falls on May 14 according to the western calendar.

The committee has placed the public and police in possession of its plans in a widely distributed proclamation issued today, but doubt is expressed in well posted liberal and industrial circles of their ability to accomplish much in the line of demonstration and disorder which they desire.

The proclamation announces a number of parades in various quarters of the city, converging at a central point. It also declares the intention of offering armed resistance if the police or troops endeavor to disperse parades, but though the most active revolutionaries and anarchists are provided to go on with the demonstration, the great mass of the industrial population, on which they rely for the success of the demonstration, are said to be unopposed with weapons.

Much depends on the temper of the workmen, which varies from day to day. At present the workmen appear to be distinguished to a program of rioting and pillage, but it is quite probable that a strike on a large scale will be declared on May 14.

Railroad strikes especially are anticipated. The employees of the St. Petersburg-Moscow railroad are said to be planning a strike, and on the Trans-Siberian lines strikes are so probable that the government is now sending trained men from the railway division of the army over the roads to acquaint themselves with their operation in order to be able to step in in case of a strike.

Reports of disorder in European Russia as well as in Poland continue to filter in. The latest dispatch from Simferopol said that a renewal of pillaging was expected there last night and that the stores had all been closed and looted. No further report had been received up to 3 o'clock this morning.

ANTI SEMITIC TROUBLES.

In the Crimea They Have Become Quite Serious.

St. Petersburg, May 4.—News of the anti-Semitic disorders in the Crimea arriving here shows that they were on a larger scale than the first reports indicated. At Melitopol the people set upon the Jews and fought a regular battle with stones and revolvers. The few police and 50 soldiers in the town were overpowered. When the Jews fled, they were followed by a mob of Christians until midnight had a carnival of pillage and plunder. Every shop except two Jewish stores was sacked and the crowd only desisting when exhausted. The arrival of M. Trovoff of Taurida province, the following day restored order. The number of killed on one night was not given either from Melitopol or Simferopol.

Women in Our Hospitals

Appalling Increase in the Number of Operations Performed Each Year—How Women May Avoid Them.

Philadelphia, May 4.—The Baltimore Woman's club today won the Washington trophy, the blue ribbon prize of the eighth annual congress of the Woman's Whist League of America, defeating the Hamilton club team of St. Louis.

Discrimination Against America.

New York, May 4.—President Herbert of the New York produce exchange today forwarded to the state department in Washington a protest against "the

appalling increase in the number of operations performed each year—how women may avoid them."

Going through the hospitals in our large cities one is surprised to find such a large proportion of the patients lying on those snow-white beds women and girls, who are either awaiting or recovering from serious operations.

Why should this be the case? Simply because they have neglected themselves. Ovarian and womb troubles are certainly on the increase among the women of this country—they creep upon them unawares, but every one of them patients in the hospital beds had plenty of warning in that bearing-down feeling, pain at left or right of the womb, nervous exhaustion, pain in the small of the back, leucorrhoea, dizziness, flatulency, displacements of the womb or irregularities. All of these symptoms are indications of an unhealthy condition of the ovaries or womb, and if not headed the penalty has to be paid by a dangerous operation.

When these symptoms manifest themselves, do not drag along until you are obliged to go to the hospital and submit to an operation—but remember that Lydia E. Pinkham's Vegetable Compound has saved thousands of women from surgical operations.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulency) general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, headache, excitability, irritability, nervousness, Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

ness, sleeplessness, melancholy, "all-gone" and "want-to-be-fertile" feelings, they should remember there is one tried and true remedy.

The following letters cannot fail to bring hope to despairing women.

Mrs. Fred Seydel, 412 N. 54th Street, West Philadelphia, Pa., writes:

Dear Mrs. Pinkham:—

"I was in a very serious condition when I wrote to you for advice. I had a womb and ovarian trouble and I could not carry a child to maturity, and was advised that an operation was my only hope of recovery. I could not bear to think of going to the hospital, so wrote you for advice. I did as you instructed me and took Lydia E. Pinkham's Vegetable Compound; and I am not only a well woman today, but have a beautiful baby girl six months old. I advise all sick and suffering women to write you for advice, as you have done so much for me."

Miss Ruby Mushrush, of East Chicago, Ind., writes:

Dear Mrs. Pinkham:—

"I have been a great sufferer with irregular menstruation and ovarian trouble, and about three months ago the doctor, after using the X-Ray on me, said I had an abscess on the ovary and would have to have an operation. My mother wanted me to try Lydia E. Pinkham's Vegetable Compound as a last resort, and it not only saved me from an operation but made me entirely well."

Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

Mrs. Pinkham invites all sick women to write her for advice. Her advice and medicine have restored thousands to health. Address, Lynn, Mass.

Freshening Ceremonies Over.

Tokio, May 6.—The enshrining ceremonies concluding today, the crown

apparent determination of the German government to discontinue the new German tariff, and expressing the hope that a treaty will be negotiated with Germany which will place American products on an equal basis with those of competing countries.

ON THE ISTHMUS.

Deputy Auditor West Has Yellow Fever.

Washington, May 4.—The office of administration of Isthmian canal affairs has received a cablegram from Gov. Davis reporting that R. R. West of this city, deputy auditor of the canal zone, is ill there with yellow fever, but that his condition is comfortable.

Gov. Davis says that Mr. West cannot sail home before two weeks. The cablegram reports two other cases, Charles Levent and M. M. Brett.

The news of these new fever cases, coming so soon after the recent favorable report of Gov. Davis, has made a disagreeable impression on the residents of the new patients are of a class of employees regarded as intelligent and competent to observe all the rules of hygiene and follow closely the well-established method of protection against the fever.

Recent reports from the Isthmus, however, show that cases are not normally bad, owing to almost a winter famine and to bad weather. It is believed by the officials here that the conditions will improve steadily and that the American colony is now going through its worst experience.

Within a few weeks the new water supply system, bringing pure mountain water into Panama, will be in operation, and when the city is paved with vitrified brick and sewered it will be the cleanest city in the tropics, with little danger of contagion.

ROSES AND CIGARETTES.

Leona Brooks Carried Them to Tax Collector Smith.

St. Louis, May 4.—Leona Brooks, or Blanche Smythe, the latter she claims being her correct name, the woman on whom Edward J. Smith, the alleged defaulting tax collector of San Francisco, says he spent much money, visited the prisoner at the Four courts before departing for the coast tonight.

A warrant charging Smith with being a fugitive from justice was issued today and a full report of his statements was sent to the San Francisco police.

Miss Smythe took to him a bunch of roses and some cigarettes. Detective Richard Joyce stood near by during the five minutes' conversation, and the prisoner and woman had no chance for private talk.

When they parted she gave Smith several kisses and to Asst. Chief Kelly, who had granted her permission to see the prisoner for five minutes, she said: "It was the shortest five minutes I ever spent."

Smith told the girl he had spent a more comfortable night and day than at any time since he had been a fugitive from justice. He is still impatient to return to San Francisco, and it is expected that the officer who is coming after him will not delay on the return trip long after he reaches here on Sunday morning.

Smith is plentifully supplied with cigarettes, and every newspaper printed in the city is sent in to him, as well as those from San Francisco. He reads every line about his case.

Smith still contends that he did not take the \$34,000 that was said to him on the day before his departure from San Francisco. He was asked if he did not take the money to New York and lose it there in speculation, hoping to recoup all his losses in one lucky strike. This Smith denied, declaring that he had applied the money obtained the day before leaving to other accounts.

CATHOLIC IMMIGRANTS.

Their Care Discussed at Meeting of Archbishops.

Washington, May 4.—The care of Catholic immigrants and the general welfare of the church was the main question discussed at the annual meeting of the archbishops of the Catholic church which began here today.

The question of the collection of Peter's pence was also talked about. It is understood that the archbishops prefer the old method rather than the innovation proposed, with Mr. Broderick as the officer in charge of the fund. It is said that if the archbishops are reluctant to transmit their funds through Mr. Broderick's hands instead of directly to the pope, the formation of the proposed new office will be abandoned.

An important feature of the meeting today was a discussion of the duty of the church toward the colored people. The necessity of organized and efficient work and the establishment of centers where Christian faith may be taught.

The archbishops have decided to establish a bureau in this city, putting in charge some distinguished priest who will give all his time to the work of promoting the Christian welfare of the colored people. A committee of bishops also was appointed, with Cardinal Gibbons as presiding chairman, to superintend the work.

DOLAN DENIES CHARGE.

Characterizes Dornan's Statement About Gas as False.

Philadelphia, May 4.—The charge made in a public meeting last night by Robert Dornan, former president of the Manufacturers' club, that in 1897 the United Gas Improvement company bought out the Ridgeway syndicate, the only competitor for the lease of the city gas works, by paying the syndicate members \$100,000 each, is denied today by some of the members of the syndicate, among them William F. Harritt, formerly chairman of the Democratic national committee.

Thomas Dolan, president of the United Gas Improvement company, made a statement today characterizing the charges of Mr. Dornan as false.

Freshening Ceremonies Over.

Tokio, May 6.—The enshrining ceremonies concluding today, the crown

prince visited the Shokokuji temple at 11 a. m. A group of distinguished statesmen and officers greeted the prince, who entered the shrine, where he bowed himself in prayer and briefly addressed the spirits of the departed heroes.

Enormous crowds filled the temple and the surrounding grounds.

Detachments of soldiers continued their visits to the temple throughout the day.

Prince Charles in Japan.

Tokio, May 5.—Prince Charles, of Hohenzollern, with a group of a few well-lunched at the palace today. The emperor, who is indisposed, was absent, but he commanded the crown prince to return to the capital and act as host.

The guests included the Imperial prince, members of the cabinet, high officers of the army and navy, and the German minister.

Prince Hohenzollern expressed his thanks for the courtesies extended to him here and abroad. The prince will give a farewell dinner tonight and in the morning night at the Shiba palace. Tomorrow, Saturday, he will attend a luncheon given by Field Marshal Yamagata, from which port he will sail for Europe on May 16.

HOLD-UP IN ALASKA.

Lone Man With Mask on Does The Deed.

Fairbanks, Alaska, May 4.—A lone man, roughly dressed and with his features concealed by a cloth mask, entered the cabin of J. H. Knox last night and at the point of a revolver demanded a quantity of gold dust which he claimed to know to be in the cabin. There were present at the time, in addition to Knox, his wife and H. C. Hamilton, but none of them made a move to obey the robber.

In one corner of the room was a strong box, in which was \$20,000 in dust, the result of the winter's work of Knox and Hamilton on their claim on Cleary creek. This box was covered with clothing, which the robber dragged off, all the time keeping the inmates covered with his revolver.

He demanded a key to open the box, but this being refused him he shouldered the box and backed out into the night. Knox and Hamilton immediately gave the alarm, and in a few moments a posse of miners was on the trail. About a mile from the cabin the robber found the badly-dented, evidence from blows of the bandit's revolver, but with its contents untouched.

This is the first holdup ever attempted in the vicinity of Fairbanks or Cleary creek, and it is believed that the man has been caught it would have gone hard with him.

Women Attempts Suicides.

Seattle, Wash., May 4.—Mrs. Matilda Nelson, who attacked her 8-year-old son Alvin with a saw yesterday morning, tried to kill herself in the county jail today. Once she tried to strangle herself with parts of her clothing and the second time made a noose of her stockings and attempted to hang herself. When discovered and cut down she was nearly senseless, but was resuscitated.

Rancher Shoots Himself.

Virginia City, Mont., May 4.—Henry Cahill, a well-known rancher of Madison county, shot himself through the eye this morning with suicidal intent. He may recover. Cahill's mind is believed to have been temporarily deranged as the result of the death of his brother some time ago, who accidentally poisoned himself.

Trapped in Burning House.

Red Lodge, Wyo., May 4.—Mr. and Mrs. H. D. Martin and their seven children were trapped in their burning house last night and all were seriously burned. Two of the children cannot recover.

It is believed a stove in the kitchen exploded and the house was seriously burned before the parents were awakened. Martin and his wife carried their children one at a time through the flames.

TEA

Take a little more care about tea; it's worth it.

and on the last trip, while each was carrying a child, the burning walls fell on them.

All suffered badly from exposure, being compelled to wade through the snow in their night clothes to a neighboring farm.

Later advices states that the two children reported fatally burned are seriously burned but will recover.

KOREAN MAGISTRATE.

Removed for Invading Treaty Rights of Americans.

Washington, May 4.—Minister Ahn, at Seoul, Korea, reports to the state department that a magistrate at Pen Yang who was charged with invading the treaty rights of many Americans and with extorting gross sums of money illegally from the people, finally has been removed from office. His removal, according to the report, aggregated more than \$100,000.

Under date of March 15 Minister Ahn writes:

"Americans in Pen Yang have complained of the conduct of the magistrate, Paing Han Chun, because of his oppression of the people, and because of his interference with American treaty rights. When war broke out it was supposed that this man would be turned down by the Japanese, but he was clever enough to make himself useful in securing lands and other military requirements, for which he received payment, but failed to hand over the money to the natives."

"I was obliged to complain of him be-

cause of his conduct toward the Americans, and in September, 1904, spoke to the Japanese minister of my difficulties and intentions."

Arbor Day in New York.

New York, May 5.—Arbor day will be celebrated in all the public schools of this city and state today. In the crowded sections of the city where the school yards are cramped and in many cases without lawns, tree and shrub planting exercises will be held in the class rooms, where seeds and small plants are set out in window boxes and flower pots.

Against Greene and Gaynor.

Quebec, May 4.—The court of king's bench this afternoon rendered a decision on the three motions presented a few days ago by counsel for Gaynor and Greene, who are wanted in the United States for alleged fraud in connection with harbor work. The court decided against Gaynor and Greene on all three points.

Rochester Banker Dies on Train.

El Paso, Tex., May 4.—P. P. Adams, a banker of Rochester, N. Y., who was on a tour of inspection of the Orient railroad in Mexico, with President Sullivan, died recently of about 75 capitalists, died recently of the special train bearing the party. His remains passed through El Paso tonight on the way to Rochester.
