It. Denver, therefore, is fortunate to be rid of Tebeau. But there are larger in-terests than those of Denver. They are the interests of the league. The league is fortunate for the same reason that Denver is fortunate. But after all it is no credit, but a decided reflection on the other magnates of the league that Tebeau has bossed things so long in this league. He has had men knocking their heads on the ground to him for years to the general disgust of the pa-trons of the game. There never was any reason why these magnates should not have stood up straight and told White Wings just where his power stop-ped. Of course we are selling HUSLER'S

San Francisco, Nov. 5.—It is said that arrangements have been made by the National Surety company to file a ball bond of \$100,000 in order to secure the release of Walter J. Barnett, former vice president of the California Safe De-posit & Trust company, who was re-cently convicted of hypothecating sc-curities of the wrecked institution. The bond, it is expected, will be filed some time this week. A peculiar feature of the affair is that the men who are will-ing to furnish the money for Barnett's temporary release from prison, are said to be well known New York financiers, who have been interested in his case since his conviction.

He beg in nlaying semi-professional ball with the Healdsburg team in 1900. Two years lat-cr he was playing the professional kind with Henry Harris' 25.6 Trancisco team as a right fielder. He played that p-si-tion for three months, and then was moved to second base, and in 1903 play-ed second base. In 1904 he played second for the Salt Lake team of the North-west league, and the next year was at second for the Vancouver team, which was managed by McCloskey, now of the St. Louis Nationals. In 1906 he played third base and shortstop for the Fres-no team of the Coast league, and came to the Los Angeles team last year. Talk about "wings!" Delmas has year. Talk about "wings!" Wehlta to the Western league has act-ually been consummated will be receiv-ed in Omaha and every other Western league city with great satisfaction, says 14 Omaha Bee. This means the expansion of the league to eight teams. The news had already been published of the tentative sale and its confirma-tion will doubtless be the source of some surprise to those patient and long-suffering fans who have been in the habit of waiting for this very bit of information so long. For several years the men who really had the best inter-ests of the league at heart have per-sistently demanded the addition of two more citles. So far as Omaha is con-cerned the addition of Wichita and To-peka to the circuit is not all nor the most that could be desired. Omaha is really a bigger league town, but this is so much better than Omaha has had and so much better than it feared it would have to put up with for at least another season, that local fans will imp at this proposition with avidity. Wichita and Topeka are both good ball towns and in faster company than they have been before they should become better ball towns. With such veterans as Dick Cooley and Isbell at the head of the two teams there need be no fear that they will bring strength rather than weakness with them. The fans of the old Western have bright days ahead of the two teams there need be no fear that they will bring strength rather than weakness with them days out of the league the circuit would be ex-panded. Scarcely had he made the wag-er than he won. The Western league is to be congratulated that Tebeau has gone-if he has-and the report that he has is thought to be confirmed. Mr. Gunthorpe of Plainview, Neb., is said to have turned over his money for the Dever team. Denver is a fine bas-providing it has a good team and fair treatment. This is just a short talk on Rheumatism, pointing out its causes and some of the reasons why so many fail to find a cure for this painful, and often far-reaching trouble.

No other disease is more persistent and discouraging than Rheumatism. Those persons in whose blood this painful ailment has taken root, often grow dishcartened, and sometimes conclude there is no permanent cure. Patiently they have blistered and rubbed their aching joints and muscles with liniments, oils, etc., and faithfully taken pot-

ash and other mineral salts, only to find when the treatment is left off the disease returns, and usually with increased severity.

Rheumatism is due to an excess of uric acid, an irritating, inflammatory accumulation, which gets into the circulation because of weak kidneys, constipaindigestion, tion. and other physical irregularities which are usually regarded as of no importance. Nothing applied externally can ever reach this trouble,

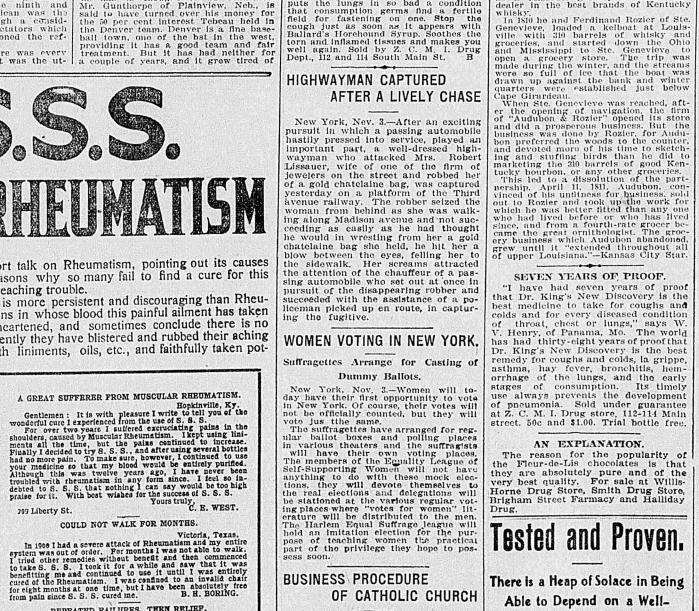

REPEATED PAILURES, THEN RELIEF. Mr. Wm. L. Hill, of Winston, N. C., at one time traveling salesman, and well known in North and South Carolina and Virginia, cays: "Two years ago my blood was in a wretched condition, and in addition to other bodily ailments I suffered severely from Rheumatism. After repeated failures to secure relief from the use of other remedies I begun S. S. S., and it acted like a charm. The rheumatic pains left and my gen-eral health was built up as well. I have the highest opinion of S. S. S., for it is the only medicine that did me any good." while potash and like mineral medicines really add to the acidity of the blood, and this vital RHEUMATISM ALL GONE. Mrs. Ida M. Palmer, of 196 Fulton St., Brocklyn, N. Y. writes as follows: 'I wish you to know what great benefit have received from the use of S. S. S. I have been afflicted with Rheumatism for twenty years, sometimes being entirely laid up by it and always lame in some part of my body. It grew worse until it was minery to attempt to walk at all; my right knes was nearly twice its natural size and was drawn up considerably shorter than the other one. A friend advised me to take S. S. which i commenced. I had tried so many things that I must say that I had very little faith that it would do me any good but I was willing to try anything that promised relief. Before I had been using it long I was greatly relieved, and continuing the medicine I soon found that I was entirely cured. The lameness and sourcess all left, I can straighten, move or bend my leg as well as any cne and I have never known what Rheumatism was since. I am 65 years old and feel deeply grateful to S. S. S.'' fluid, therefore, continually grows more acrid, sour and

weaker. Rheumatism can never be cured until the blood is purified and built up. . S. S. thoroughly cleanses and renovates the circulation by neutralizing the

acids and expelling the foreign matter from the system. It strengthens and invigorates the blood so that instead of a weak, sour stream, constantly depositing acrid and corrosive matter in the muscles, joints and bones, the entire body is nourished by rich, healthful blood, which completely and permanent? cures Rheumatism. S. S. S. contains no potash, alkali, or any other harmful mineral, but is made entirely of blood-purifying and healing roots, herbs and barks which enrich and freshen the circulation while curng Rheumatism. A COLONIZING PLOT

When Ste. Genevieve was reached, aft-er the opening of navigation, the firm of "Audubon & Rozier" opened its store and did a prosperous business. But the business was done by Rozier, for Audu-bon preferred the woods to the counter, and devoted more of his time to sketch-ing and stufing birds than he did to marketing the 30 barrels of good Ken-tucky bourbon, or any other groceries. This led to a dissolution of the part-nership. April 11, 1811, Audubon, con-vinced of his unfitness for husiness, sold out to Rozier and took up the work for which he was better fitted than any one who had lived before or who has lived since, and from a fourth-rate grocer be-came the great ornithologist. The groc-ery business which Audubon abandoned, grew until it "extended throughout all of upper Louisiana."-Kansas City Star.

Baltimore, Nov. 3.—The change in the business procedure of the Catholic church in this country, by which it passand fidae and its bishops are placed on the same basis as those of other im-portant countries, goes into effect today. In future every Catholic archbishop and bishop in the United States will appoint a personal representative of his diocese in Rome, and all business to be transacted directly with the vatican will pass through his hands. The great ad-vantage of the new condition of things will be that business of the church in American will be hastened. For months Salt Lake City readers

For months Sait Lake City readers have seen the constant expression of praise for Doan's Kidney Fills, and read about the good work they have done in this locklity. Not another remedy ever produced such convincing proof of merit. "Mrs. Sarah Pearson, living at 542 Elisabeth St., Sait Lake City Utah, ways," I gave a statement recomending Doan's Kidney Pills in 1902 and at this time think just as highly of them. I have used them on many occasions dur-ing the past five years when suffering from attacks of kidney trouble and backache and they never fail to give the most satisfactory results. I think I can unhesitatingly recomend the re-medy to others suffering from kidney trouble. I inherited my kidney trouble and suffered for many years. Sharp pains passed through my back and loins and there was a weakness of my kidneys. I procured a box of Doan's Kidney Pills at F. J. Hill's drug store and they gave me relief at once. I continued taking them and they oured me in every sense of the word. I advise anyone suffering from the same disease to take Doan's Kidney Pills. "For sale by all dealers. Price 50 cents.
