GREAT SCENES IN KANSAS CITY. (Continued from page one.) Like a concerted movement to stampe... after delegation rose in their seats and the chairman's gavel fell, Mr. Hill was compelled to rise and bow. This was the signal for pandemonium, and nothing seemed to be able to stop the torrent of applause. A few hisses were met with volleys of cheers and, finally, a part of New York's delegation arose and joined the applauding hosts.

MEETING OF SILVER REPUBLICANS. Kansas City, July 4.—The national convention of the Silver Republican party met in the auditorium theater today. The delegates were rather slow in arriving, and it was some time after 12 o'clock, the hour fixed for the convention, when Chairman Charles A. Towne's gavel fell and the party, formed in St. Louis four years ago after the bolt of the advocates of free silver from the Republican national convention, was launched on its first regular national gathering.

SANTA FE IS COMING TO UTAH. Assistant Traffic Manager Bissel Says it Will be BUILT IN THE NEAR FUTURE. Claus Spreckles the Big Sugar King also Here—Recital at Tabernacle—Visit to Saltair.

W. A. Bissel, the assistant general traffic manager of the Santa Fe railroad system, and Claus Spreckles, of the San Joaquin Valley railroad, came in this morning from the East over the R. G. W. in Mr. Spreckles' private car. The party is composed of the two gentlemen and their families, who are on their way back to California, after a conference with the officials of the East.

We will be pleased to give estimates for all kinds of interior decorating. We have experienced artists, who will give you any information you may desire in this line.

BODIES RECOVERED. At 10 o'clock nineteen dead bodies had been received at Hoska's undertaking rooms. They were: Four boys, one girl, fourteen men, Only one, Robert Steele, was identified. There are the dead bodies of five at Roberts' undertaking rooms. They are: One boy, three women, one man, the conductor of the unfortunate train, and one with dead bodies are constantly arriving.

ANOTHER ONE IN MASSACHUSETTS. Webster, Mass., July 4.—A car on the Webster and Dudley Street railway, and a car on the Worcester and Webster road came together on a down grade at east Webster this morning. Nearly a score of persons were injured, three of whom, it is feared, may die.

THEY BLEW UP THE OIL CAR. Six Men Dead, and Many Others Injured, Some Fatally. Disastrous Effect of Using a Cannon Shot to Let Fluid Out of Oil Tanks.

Parkerburg, W. Va., July 4.—At the Ohio river railroad shops in this city early today a yard engine running at a good rate of speed, went through an accidentally opened switch, and struck a large train of gasoline cars. One of the tanks took fire. A cannonball was fired through the remaining tanks of oil to let the fluid out. Instantly after the shot was fired one tank exploded. The make rose hundreds of feet into the air and after it had cleared dead bodies were seen scattered here and there and injured were lying all over the surrounding territory. The dead: H. Hamilton, general superintendent, Bradley Beeves, engineer, Edward Shannon, telegrapher, Yard Master Clark, Master Mechanic McLime, Conductor Bradford. There are from 25 to 35 seriously injured, some fatally.

SEVEN CHILDREN KILLED. All These are Victims of Fireworks in Philadelphia. Philadelphia, July 4.—Seven children were killed by an explosion of fire works in the heart of the Italian quarter in this city today. Three are so badly burned that they will probably die, and about twenty others are seriously injured. The explosion was caused by a colored boy firing a shot from a revolver into a mass of fire works owned by a sidewalk merchant. The boy was among those killed.

OVERWORKED TELEPHONE. So Much Talk Between Mr. Bryan and Convention Leaders. Lincoln, Neb., July 4.—The long-distance telephone between Lincoln and Kansas City is being overworked. From noon yesterday until late last night Mr. Bryan was in frequent consultation with convention managers. In addition hundreds of telegrams were received from Kansas City and from New York, and from all over the country, proffering advice. The Lincoln end of the convention has dwindled down to Mr. Bryan himself, and it is true that at this distance he is able to dominate the proceedings; he is doing so gracefully and without sign of friction. Mr. Bryan will spend the entire day at home. He summoned the telephoners who are to furnish him details of the convention from the wires run into his house to be on hand an hour before the convention convenes prepared for work. Mr. Bryan handed no special invitations to friends to discuss with him the proceedings as they come over the wires. But he has notified the newspaper men they were welcome to join him and share in the news at their pleasure. If Mr. Bryan goes to Kansas City as assured by the national committee, he will start probably in time tomorrow for the convention dress the same day. Mr. Bryan has not even said he will go, but the belief is that he will and return almost immediately ahead of the crowd which is coming to Lincoln when the convention is over.

GERMANY AS A GREAT SEA POWER. Berlin, July 4.—At a banquet at Wilhelmshaven of the officer of a club yesterday subsequent to the launching of the warship Wittelsbach, Emperor William in response to a toast proposed by Prince Rupprecht, of Bavaria, "To the head of the German navy," made some emphatic declarations upon the subject of Germany as a sea power, asserting that the ocean was indispensable to Germany's greatness, and that it had been demonstrated that no great nation could ever again be reached in respect to the world without conquering the sea. "The German people," said he, "did not conquer and shed blood years ago in order to be thus made when great foreign problems are being settled, all that happens, then, the position of the German empire as a world power would be at an end. I am not inclined to allow matters to reach such a pass. It is the emperor's duty and highest privilege to employ suitable and even the sharpest methods to prevent it."

THE BEAUTIFUL CITY. The pretty little four-year-old daughter, Felice, of Mr. John and Louisa Beck, was badly burned this afternoon about the face, neck and arms, as a result of her clothes catching on fire. In some unaccountable way, the little tot got a handful of matches after particular pains had been taken during the day to prevent her from satisfying her desire to celebrate the Fourth. Wild screams attracted members of the family, only to see the little girl a mass of flames. Her burning clothes were extinguished by means of the lawn hose, and Dr. Bower was immediately called. While little Felice was in much pain after the accident, she was perhaps equally shocked by the fright. The doctor could not say this afternoon whether the burns are deep enough to leave life-long scars, over which the family is deeply anxious.

COULD NOT STOP APPLAUSE. Finally Hill himself, hoping to stem the torrents of applause, arose. Then the delegates and the crowd howled themselves hoarse. "Hill's platform," they screamed. "Hill's platform," he ejaculated, but his voice was drowned in the fierce outburst of applause. "Mr. Chairman," he tried again to say and then, drowned out again, sank fainting in an armchair.

When Augustus Van Wyck was announced as the New York member of the platform committee, there was a storm of hisses and cheers and another demonstration for Hill. Delegates Grady and Muller, of New York, led in the applause for Van Wyck's name. It took a vigorous play with the gavel to restore order, and allow the call to succeed. After the name of the last committee member had been given, Chas. Thomas announced the motion had been made giving the thanks of the convention to the lady who had sung the "Star Spangled Banner."

ADJOURNED IN TUMULT. While the cheering over the Bryan motion was at its height the booming of a brass band was heard at the South entrance and down the aisle came the band which came here with Clark of Montana, and behind it in column of two or as nearly they could keep that number of ladies, and as there were no seats for them a dense throng was soon packed in front of the chairman's desk. It was impossible for Chairman Thomas to hear a word uttered four feet from his desk, and some of the delegates near him made a motion to adjourn until 4 o'clock, which was put and carried, amid confusion so great that not a word of the adjournment was taken, and the adjournment had been taken.

DEMOCRATIC COMMITTEES. J. L. Rawlins and D. C. Dunbar Named from Utah. Kansas City, July 3.—The following are the members of the committees: COMMITTEE ON RESOLUTIONS: Alabama—John W. Tomlinson, Arkansas—James K. Jones, California—James McGuire, Colorado—S. R. Fitzgerald, Connecticut—Homer S. Cummings, Delaware—L. Irving Handy, Florida—C. Gilchrist, Georgia—L. F. Garrard, Idaho—J. "Want of Watchfulness Makes the Thief." Many cases of poor health come from want of watchfulness. But if you keep your blood pure no thief can steal your health. The one effective, natural blood purifier is Hood's Sarsaparilla. Disordered Blood—"My father has long been troubled with disordered blood and weak back. Hood's Sarsaparilla made him strong and healthy; he works every day." A. S. Wyles, S. Easton, Pa. Humor—"When I need a blood purifier I take Hood's Sarsaparilla. It cures my humor and is excellent as a nerve tonic." John Eaton, Stafford Springs, Ct.

THEY WANT HILL. The Tennessee delegation was the first to take the floor and set out its program. The resolutions adopted resolutions endorsing Senator Hill for Vice President and pledging themselves to vote for him. Several leaders called on Senator Hill to be a candidate, and urged him to be a candidate. All he answered was that under no circumstances would he be a candidate. To one delegation he said: "I have no desire to be a candidate, and am obliged to you for your support, but I cannot accept, and I hope you will not present my name."

SULZER'S BOOM REOPENS. A feature of the morning was the reopening of the Sulzer boom. Although Mr. Sulzer seconded the nomination of Mr. Keller in the New York delegation yesterday, he was in no mood to act under orders, and he is still inclined to let the Vice President lightning hit him if it can. At 10 o'clock this morning 500 members of the Commercial Travelers' league called at his hotel with a band. They were headed by H. B. Thompson, of Nebraska, the president, and W. H. Love, the secretary, and they were all eager to go with them to Mr. Croker so that they might urge him to support his boom. At 10:30 they were waiting to get Mr. Croker's ear, but with little probability of success in that regard. Mr. Sulzer New York's candidate would necessitate another meeting of the New York delegation.

FOURTH IN WASHINGTON. Washington, July 4.—The birthday of the Republic was celebrated in the capital today with the usual accompaniment of fireworks, cannon and military and burbling blue sky. The Sons of the Revolution, the Sons of the American Revolution and the Oldest Inhabitant association abandoned their customary exercises at the foot of Washington monument and read the Declaration of Independence in the clear recess of the churches and the hotels. The absence of the President from the city accentuated the lack of official life that pervaded the government departments. All the government offices were closed except the post office, and the buildings, where a few officials awaited the tidings that might be received from China.

SHORT LINES DEFEATED. A special to the "News" from Ogden announces that the home team defeated the Short Lines today at a score of 13 to 6. There is no longer an excuse for any one to endure the torture inflicted by piles when TABLER'S BUCKEYE PILE OINTMENT will cure them, a remedy so moderate in price and so effective. Price 50 cents in bottles, Tubes, 75 cents. Z. C. M. I. Drug Dept.

MAN FOR THE SECOND PLACE. Democratic Delegates Offended at New York Shutting Out Hill. He Refuses to be a Candidate—Some of the Others Who Are Not So Shy.

Kansas City, July 4.—The vice presidential situation was the more complicated this morning because of the inclination of many of the strongest adherents to take umbrage at the action of New York State in refusing to put Senator Hill on the platform committee. The Southern delegates were particularly angry, and the suggestion of the morning papers that it was a scheme of Tammany to hurt Bryan, received more than passing notice.

WISCONSIN AGAIN A SPECIFIC FREE SILVER PLANK. Kansas City, July 4.—The Wisconsin delegation in its body in caucus held just before the delegates started for Convention Hall instructed its members of the convention on resolutions to vote for silver re-coinage of the United States platform. A resolution was also passed instructing the committee to work for the insertion in the platform of a plank favoring the immediate admission of Porto Rico and the States and the annexation of Cuba with the consent of the people of that island. Some sharp debate took place prior to the passage of the financial resolution.

WILL BRING THE LAST SPIKE. July 4th has been set as the day when the last spike will be driven on the Park City branch of the Rio Grande, that will transform the line from a narrow gauge to a standard gauge road. The new tunnel at Altu is also nearing completion, and the road will be thrown open to traffic by that day.

SPRINKLE AND RAIL. Frank E. Burrows is to be the chief clerk of the special agent of the Rio Grande Western, receiving the appointment upon the resignation of H. S. Darko. Mr. Burrows has been for some time connected with the special agent.

IMPRESSIVE SERVICES HELD IN THE TWENTIETH WARD MEETING HOUSE TODAY. The funeral services of Andrew C. Brixen were held this morning at 10 o'clock in the twentieth ward chapel, and were presided over by Bishop George Romney. The funeral was one of those particularly sad ones in which the rulings of Divine Providence can hardly be understood. There was a most beautiful display of floral tributes which spoke slightly but tenderly of the deceased. Mrs. Brixen, gates-ajar, large, weeping, bowed and bowed in abundance made a beautiful picture about the casket and the pulpit. But nothing could speak more eloquently than the large congregation of

CLARK MEN WIN. Kansas City, July 3.—The national Democratic committee today opposed of the business before it with alacrity. The contests were first decided, and of these the Montana case was the first to be taken up. The report of the sub-committee was favorable to Clark, and this report was adopted without delay. The temporary chairmanship was decided in favor of Governor Thomas of Colorado.
