For You, Madam.

Whose complexion betrays some humiliating imperfection, whose mirror tells you that you are Tanned, Sallow and disfigured in countenance, or have Eruptions, Redness, Roughness or unwholesome kinds of complexion, we say use Hagan's Magnolia Balm. It is delicate, harmless and delightful article, producing the most natural and entrancing tint, the artificiality of which no observer can detect, and which soon becomes permanent if the Magnolia Balm is judiciously used.

So bright at the close of the match for the O'Leary belt, the greatest enthusiasm was caused about 8:30 when O'Leary stood beside Little Bridoy, and great laughter and clapping of hands succeeded. Dan was obliged to run to keep up with the Lilliput. Murphy went to his room at 8:37 p. m., having 505 miles and 1 1/2 to his credit. At 8:45 he reappeared wearing the O'Leary belt and rolling tobacco from his pipe. He was wearing the O'Leary belt and rolling tobacco from his pipe. THE SITUATION IN MEMPHIS.

The Memphis special says: The fever is now confined principally to colored people and those whites who have returned to the city. Hundreds are dangerously infected from persons having been sick and died in them. This year the board of health system of fumigating and disinfecting with sulphur has no effect in stopping the spread of the disease. Our best and most scientific physicians look upon disinfection, fumigation and quarantine as useless. The fever breaks out among the best and the worst of the population, regardless of cleanliness and diet. A Narrow Escape. The steamship Hotel, from Bremen with 514 passengers, reports disaster on Oct. 10. She immediately alofted speed and set the pumps to work, shifted part of the cargo into the storeroom, and at midnight succeeded in extinguishing it. Upon examination it was found it originated in some cases of silk and cotton goods, part of the cargo taken on board at Southampton. The storeroom was totally burned and others damaged by fire and water. The ship suffered no injury. Perfect order was maintained by the passengers and crew.

Program of the Work in the South. BUREAU OF THE DESERT NEWS, Salt Lake City, Va., Oct. 3rd, 1879. Editors Deseret News: I left Ogden City on the 17th June, on a mission to Virginia, with Elder Levy P. Helm, as my companion. In company with Elder Helm and I for Rich Valley, in Smyth County, to labor for a short time. We met with a few Saints there, and on the 28th day of June we held meeting in the Ridge School House, after which we were invited by several persons to call and see them, which we did with pleasure, and inform them of the doctrine that we advertised. We remained in Smyth County for a month, held several meetings and visited private families. Before leaving Smyth County we were kindly invited to call and see them again. Some few were investigating our doctrine, and will likely embrace the truth when we return.
