Dr. Van Hummell's success these diseases stands unrivaled, and he openly defies the medical profession to produce a physician or inst!totion that will equal him in show ing as great a proportion of genuine living cures.

He has successfully treated more cases of these diseases than any other physician in the world.

His cures are scattered all over the United States, as his testimonals will show.

Dr. Van Hummell has been in Salt Lake but one month. To show how highly his professional skill is appreciated here, he refers to the following well known citizens who have some member of their families under his care :

SALT LAKE CITY, UTAH, Dr Van Hummell: I take great pleasure in certifying to the efficacy of your treatment for Nose, Ear, Throat and Lung Diseases. I attribute my rapid reatoration to what I consider permanent goad health to the treatment I received at your hands in 1879, and I unhesitatingly recommend your treatment to all afflicted with Catarrh, Throat or Lung Disease.

Very truly yours, U.J. WENNER.

Nasal Catarrh Cured. Dear Doctor: I have been troubled with Chronic Nasal Catarrh for the past ten years. I am happy to state that your treatment was entirely successful in my case. If by publishing this you can influence others suffering with this dreadful disease to try your skill, you are at liberty to do so. Because the physicians who can cure this disease are very scarce, and when one is found skillful enough to succeed, I think the public should know it.

I remain yours,

STRPHEN B. LEYBOURNE,

Corner First S. ath and Third West.

From Mr. Warren Hussey, former bank-er of Salt Lake, owner of Jay Gould Mine, Bullion, Idaho.

This is to certify that I have been for many years a great sufferer from masal and bronchial catarrh, the pain from it in my head and eyes being at times almost unbearable. I have tried many doctors and remedies, with temperary relief from some, growing gradually worse, until last winter, being in a very bad condition, I consulted Dr. Van Hummell and put myself under his treatment. From the first week my head and throat were relieved, have not had a headache—they were the bane of my life—since he began with me, and now I remain entirely well.

I write this for the benefit of like sufferers who may be seeking relief and urgently recommend them to give Dr. Van Hummell a trial. The benefit I had from his treatment is invaluable, and I know of many others he has treated equally successfully.

WARREN HUBSET. DERVER, Cot., August 2, 1878.

Van Hummell for the position. Dr. Van Hummell was a long resident of this city, and a very near neighbor and friend of mine. He makes the treatment of Nose, Ear, Throat and Lungs and other Chronic Discases a specialty and therein has been very successful. But he is also well learned in his profession generally. He is a very successful. But he is also wen searned in his profession generally. He is a gentleman of excellent habits and character, and would prove a valuable member of the Board. With great respect.

TALES OF A STAGE ROBBER

The popular belief that it takes a

brave man to rob a 'stage is rudely dispelled by John Marshall, a highwayman now in jail here awaiting trial for stopping the Sierra Valley slage a 'ew weeks ago and compelling the passengers to give up their valuables. Marshall is not a formid able looking man, but he has never theless a reckless air about him that makes a man whom he threatens to
