CITY IS IN NEED OF MONEY.

Depleted Condition of the Municipal Treasury.

Sub-Committee Appointed to Devise Ways and Means of Getting Some Money.

The municipality of Salt Lake finds itself in need of cash, and where to get it for current needs is a question that is perplexing the city solons. Last evening the finance committee met to consider the necessity of borrowing money to meet all expenses until November, when the taxes shall come in. No conclusion was reached, but a borrowing committee in the persons of President Buckle, Councilman Robertson, chairman of the finance committee, and City Treasurer Morris was appointed to ascertain the exact amount of the deficit and to consult with the bankers and financiers of the city with a view of finding out on what terms a loan can be negotiated. The special committee is instructed to report to the finance committee as nearly as possible. The exact amount needed is not known, but it is believed that it will take at least $100,000 to tide the city over until November. It was only a few days ago that Treasurer Morris had to borrow $20,000 from the National Bank of the Republic to pay the interest on bonds. There are numerous improvements contemplated, but where to get the money to pay for them is a problem.

MINER SEIZED WITH FITS.

Patsy Drake of Bingham Receives a Severe Injury.

Patsy Drake, a Bingham miner who was seized with epileptic fits last night, is in a critical condition at the Holy Cross hospital, being still unconscious. He was unconscious nearly all night.

Drake was walking along Second South street with two friends last evening, when on reaching West Temple, he suddenly reeled and fell heavily to the pavement. His friends ran for assistance, and while they were gone he got up and walked around the corner and south nearly half a block, when he fell again. He was found lying in a pool of blood that was coming from a gash in the head, caused by the fall. He was carried into the Eagle drug store, where Dr. Thorn attended him. In a few moments re regained consciousness, and as soon as his wound was dressed he again started eastward under the escort of two friends. After walking about a block, Drake again became unconscious, and was carried into a back room of the Comstock saloon, where he was taken with convulsions. Dr. Thorn was again summoned and worked nearly two hours over the unconscious man. All efforts to resuscitate the man were futile, and he was taken to the hospital.

August Flower.

"It is a surprising fact," says Prof. Houton, "that in my travels in all parts of the wold, for the last 10 years, I have met more people having used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and salesmen or for persons filling office positions, where headaches and general bad feelings from irregular habits exist, that Green's August Flower is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion." Sample bottle free at A. C. Smith's Drug Store.

Sold by dealers in all civilized countries.

THE CONTEST AROUSES INTEREST

Young Men Preparing for the Competition in Oratory.

PREPARE SPLENDID PAPERS

Preliminary Contest Will be Held in the Wards Sunday Evening, May 6 —Objects of the Movement.

Keen interest is being manifested in the coming oratorical contest that is to be given under the sanction and auspices of the Young Men's Mutual Improvement associations of Salt Lake Stake. While such contests have occurred in this city before it is the first time the Mutual Improvement societies ever entered into such a project, and for that reason the young men throughout the State will watch the results of this venture very closely. The object is not to encourage or promote a spirit of jealousy or rivalry among the young men, but to subject them to that discipline and training in writing and speaking that they so much require; also to awaken a spirit of enthusiasm in the Mutual Improvement work which is such an important factor in the training of the young men more especially those who are preparing to enter the missionary field.

The only restrictions that are placed on the contestants in regard to the choice of subject are that they are required to choose their subject from the 1899-1900 Manual, not necessarily a subject as outlined or set down by the Manual, but their orations must deal directly with the history or experiences of the Church, within the period of its establishment to the expulsion from Missouri.

Those who enter the contest will meet in their respective wards on the evening of the first Sunday in May and will then compete for the honor of representing their ward in a district contest, to be held a few weeks later. The ablest orators in the district contest, of which there will be six, as the Stake will be divided into that number, will speak in the final contest to be given during the general conference of the young men in June. The champion in the final contest will be awarded a silver cup.

In the adjudications more stress will be laid on the composition and thought than on the delivery, the former being subject to a score of sixty points and the latter thirty points. There will be two sets of three judges each in every ward, one to pass upon the composition and thought, the other to judge the delivery. Each judge will act independent of the others, that is, they will give their individual opinions not knowing whose work they are adjudicating or the opinions of the other judges. By this it may readily be seen that the adjudications will be absolutely free from partiality or undue influence.

It is proper that Salt Lake Stake takes the initiative in this movemnt. If it has a salutary effect upon the young men, and their work in the association, it will be followed by other contests, which will embrace a number of Stakes and possibly the entire complement of Mutual Improvement associations in the Church.

NEW AMUSEMENT HALL.

Steps Being Taken to Erect One in the Third Ward.

The young men and women of the Third ward of this city, who comprise the membership of the Mutual Improvement associations of that district, have entered upon the commendable undertaking of providing themselves with an amusement hall, which it is the intention to erect the coming fall. Steps are now being taken towards raising the money for that purpose. Much of it will be secured through the medium of amusement benefits. In that way the people who contribute will get "their money's worth," and at the same time aid in a good cause.

To this end the members of the associations are arranging to give what they term "A Grand Merry Makers' Carnival," for three nights beginning on the 16th of May. A king and queen of the carnival will be voted for and numerous new and interesting novelties will be among the list of attractions. A committee of forty people is now energetically at work formulating the preliminary plans of the project.

COLLEGE TRUSTEES TO MEET

Directors of Agricultural College Will Gather on May 1.

The trustees of the Agricultural college will meet at Logan on May 1st to elect a president to succeed J. M. Tanner, who resigned some time ago. Dr. Tanner will retain his position, however, until the end of the school year, his successor will not, therefore, assume the duties of the presidency until the opening of the school year next fall.

AT "GENERAL PRINCIPLES."

Alex Cameron Gets Drunk and Tries to Run Things.

"Whoopee turelee s'matter uth me n'hau. I'm a gen'lmen so I am," yelled Alex Cameron as he reeled along First South this morning in the vain endeavor to handle himself properly while transporting a large amount of bad whiskey. Unfortunately for him, just as he gave vent to his expressions of self esteem Officer Jim Williams happened along and took him in. "What do you work at?" the desk sergeant asked.

"General principles," yelled Alex.

When Shakespeare employed this phrase he referred, of course, to healthy, able-bodied men. If he had lived in these days he would have known that men and women who are not healthy may become so by taking Hood's Sarsaparilla.
