

SLOOP CAPSIZED SEVEN DROWNED

Party of Ten Out for Pleasure in
Penobscot Bay When
Squall Struck Them.

SIX OF VICTIMS WERE WOMEN

When Boat Was Thrown on Beam
Ends and Occupants Into Water,
Was Every One for Himself.

Deer Island, Me., Sept. 1.—Seven
summer visitors out of a party of 10
were drowned by the capsizing of a
35-foot sloop in Penobscot bay off this
island today.

DROWNED.

Miss Alice Torro, Washington, D. C.
Miss Eleanor Torro, Washington, D. C.

Miss Kellogg, Baltimore.
Miss Lillie Kellogg, Baltimore.
Mrs. Lucy S. Crawley, Philadelphia.
Mrs. Elizabeth C. Evans, Mount
Holyoke seminary, Massachusetts.
Jason C. Hutchins, Bangor, Me.

SAVED.

Capt. Haskell, Deer Island.
Prof. Edwin S. Crawley, Philadelphia,
University of Pennsylvania, husband
of Mrs. Crawley.

Henry B. Evans, Mount Holyoke,
brother of Miss Elizabeth Evans.
The bodies of Little Kellogg and
Miss Evans were recovered.

There is some hope that Mr.
Hutchins has been saved, as when last
seen he was making a brave struggle
through the choppy waters towards
Barren Island, nearby. A boat was
sent from this place tonight in an effort
to locate him or his body.

With Capt. Samuel Haskell the
party started out this afternoon for a
sail in Penobscot bay. It had no deck
forward, as the party of 10 weighed
the boat down quite heavily. Capt.
Haskell, an experienced navigator in
these waters, thought that the craft
would be well behaved.

The party had scarcely been gone an
hour before the wind freshened up,
heeling the sloop well over. There was
no thought of danger until the after-
noon when a squall came on, and the
boat was thrown on its beam ends.

All the party were perched high up
on the weather side, as the sloop cut
through the waves with the water almost
coming over the gunwales of the
lee side. When Capt. Haskell gave a
sudden shout of warning that he was
tack and then threw over the tiller.

THROWN INTO WATER.
Just at this moment the boat rose
high upon a wave, exposing her to the
full brunt of the wind. An unusually
heavy gust struck her, and in a twinkling
the sloop went over on her beam ends
and the party of 10 was thrown into
the water.

For one brief moment it was every
one for one's self. Capt. Haskell,
however, had been clinging to the sheet
and his tenacious hold had not been
loosened by the sudden plunge into the
cold waters. He saw that the boat's
tender was right side up, and shouting
to Prof. Crawley and Henry Evans he
directed them to make for the tender,
doing so at the same time himself.

Prof. Crawley, however, still clung to
the overturned sloop, looking for his
wife, while Evans was trying vainly
to locate his sister.

In the meantime Haskell had gained
the tender and had clambered aboard,
cutting it loose from the overturned
sloop, he picked up the oars and bring-
ing the boat up near Crawley and
Evans helped them aboard, persuading
them that the only way they could help
the women folk was from the row-
boat. But even then the women were
beyond help. With their heads in the
water-soaked clothing and chilled, they
had been unable to keep themselves
afloat. Some had grabbed the person
nearest them by the neck, and in some
instances they had gone down together,
clashed in each other's arms.

The three men in the tender found
that they were almost as incapable of
giving assistance to their boat as they
had been in the water. The wind was
now high and the sea too rough. The
unlucky, however, had been seen from
Ledge Island, and as soon as possible
a boat was sent out to pick up the sur-
vivors. The rescuing party reached the
tender just in time and pulled the three
exhausted men aboard. Of the rest of
the party, only two were seen, and the
boat headed for them. They were
Lillie Kellogg and Miss Evans. They
were unconscious, and although the
rescuers worked vigorously over them,
all efforts to restore life failed.

The boat was well back on its way

Any illness
caused by
a lack of
blood will be
benefited by
a course of
treatment
with
Dr. Williams' Pink Pills.

They increase the
red matter in the
blood and enable
it to carry to every
organ and tissue an
increased supply of
oxygen, the great
supporter of life.

are sold by all druggists or
will be sent postpaid on
receipt of price, 50 cents
per box, six boxes for
\$2.50.

Dr. Williams Medicine Co.,
Schenectady, N. Y.

to the island before the fate of Hutch-
ins was recalled. Then some one re-
membered that he had seen Hutchins
swimming strongly for Barren Island.
It was too late then to change the
boat's course, for by that time the
young man had either gone to the bot-
tom or had managed to reach the
rocks.

Hutchins was a student in the senior
class of the Bangor theological semi-
nary and had been filling a pulpit at
Sunset, on Deer Island, for the sum-
mer. His home was in Billerica, Mass.
A boat was sent to hunt for him as
soon as the survivors reached here.

MRS. CRAWLEY.

Philadelphia, Sept. 1.—Mrs. Lucy S.
Crawley of Chestnut Hill, a suburb,
who was drowned today in Penobscot
bay, was well known in this city espe-
cially in educational circles. Her hus-
band, Dr. Edwin S. Crawley, is profes-
sor of mathematics at the University
of Pennsylvania. The Crawleys, with
their two daughters, went to Maine in
July and were expected home in a few
days.

SUBMARINE EARTHQUAKE.

Sea Captains Believe There Has Been
One Near Yaquina Bay.

Newport, Ore., Sept. 2.—That there has
been a submarine earthquake or vol-
canic eruption somewhere near Yaquina
bay is the belief of sea captains coming
into this port during the past week. The
ocean for 35 miles off shore is covered
with dead herring and the beaches for
miles on either side of Yaquina bay are
now piling up with dead fish that ap-
pear to have been killed in some cata-
strophe.

In 40 years so many herring have not
been seen in this bay or at sea as are
now visible on every hand.

Capt. Anderson of the schooner Con-
dor, reports that the sea is literally
covered with dead herring. Capt. Voss
just in from the Big Banks, 20-odd
miles out, has the same report to make.
The launches Koon and Ranger, which
came in from the sea last night, also
had strange tales to tell of vast fields
of dead herring being washed about in
the Pacific.

It is estimated that 1,000 tons of her-
ring are now rotting on the shores of
Yaquina bay and as many more in the
other four bays of this county.

ENTHUSIASTIC FOR SENATOR KEYBURN

Before Idaho Republican Con-
vention Knew What Had Happen-
ed He Was Nominated.

TRIBUTE TO GOV. GOODING

Temporary Chairman Reed Said if
Any One Wanted to Kick, to
Kick Then and There.

Boise, Ida., Sept. 1.—The Republi-
can state convention transacted very
little business today. The delegates
were called to order by Charles F.
Heitman of Kootenai county, who acted
for State Chairman Brady.

He delivered an eloquent address, in which
he lauded Senator Heyburn, Mr.
Brady, candidate for governor; Con-
gressman French and Justice Allshie,
whose nominations have been con-
ceded for some time.

Maj. Fred R. Reed of Twin Falls
was presented as temporary chair-
man. Mr. Reed paid a high tribute to
Gov. Gooding and said his administration
established a record in this state.

Referring to the talk of machine and
state, he said:

"There is no man in this convention
who is muzzled or hobbled. There is
nothing that is not open and above
board. There is no slate. It is a free-
for-all. If any of you have a kick,
kick it right here. If you have any-
thing to throw, do it here, and we
will have good wheat."

C. T. McDonald of Idaho county was
selected secretary, and Deitch
of Bannock assistant. The usual com-
mittees were named.

Thomas R. Hamer was made per-
manent chairman of the committee on or-
ganization and order of business. He
delivered a "ringing" speech.

Shortly before adjournment for the
day nominations for United States
senator were called for. Although
John P. Gray of Shoshone had been
selected to place Senator Heyburn's
name before the convention, a dozen
men jumped up in various parts of
the hall, and in the same breath pre-
sented the senator's name. There was
considerable confusion, and the chair-
man was unable to accord recognition
to Gray. Before the convention realized
what had happened, Senator
Heyburn had been nominated. The
senator spoke at some length on the
platform, devoting himself particu-
larly to the direct primary, which he
opposed.

The convention adjourned until 10
o'clock tomorrow in order to give
the platform committee time to com-
plete its work.

FOUR SEAMEN WERE SUFFOCATED TO DEATH

Boston, Sept. 1.—Succumbing to
the deadly fumes of burning pitch
and kum deep down in the forepeak
of the British bark, Puritan, as she
lay at anchor in President Roads to-
day, four seamen were suffocated to
death. The bodies of the four men
were found in the forepeak, and the
senator spoke at some length on the
platform, devoting himself particu-
larly to the direct primary, which he
opposed.

The fire, which caused only slight
damage, is supposed to have been
caused by spontaneous combustion.
The Puritan is in command of Capt.
Chapman, and had taken on a cargo
of 14,000 barrels of tar, oil, pitch and
oakum for Vancouver, B. C.

IDAHO PIONEER DEAD.

Helena, Mont., Sept. 1.—Specials to
the Record from Bozeman had Lewis
H. Taylor, a pioneer of the 95-year-
old pioneer and the suicide of a
wealthy and prominent ranchman.
They were J. W. Oliver and C. W.
Terry, respectively.

No cause is assigned for the latter,
while in the former case senile decay
was responsible.

NEVADA CATTLE KINGS.

Trying to Secure Water Rights
Claimed by Farmers.

Reno, Nev., Sept. 1.—The suit of
Miller and Lux the cattle kings of Ne-
vada and California, versus 153 farm-
ers in Mason, Sweetwater valleys, along
the Walker river will be held here Sept.
14, before Prof. Thurtell, special mas-
ter in chancery. In this suit Miller and
Lux are endeavoring to secure a title
to water rights on the Walker river,
claimed by 153 farmers.

Reck and Greene, of this city, rep-
resent 52 of the defendants in the suit
and state that they believe the
water rights on the Walker river, upon which
their water rights depend.

JUDGE TAFT IS NO GREAT IZAAK WALTON

Middle Bass Island, O., Sept. 1.—
This was not a good day for fishing,
although Mr. Taft tried his best. He
had a choppy sea late in the forenoon.
One sheephead for Mr. Taft and a
bass for Charley were the catch.
Upon landing shortly before 6 o'clock,
Mr. Taft went aboard the yacht Hol-
yon, just in from Detroit on her way
to Toledo, and visited for a time
with Col. Frank J. Hecker and his
guests, a party of veterans from De-
troit and R. H. Denby of that city.

The delegation was on its way to the
G. A. R. encampment and wished
simply to pay a call to the victor of
the battle of Gettysburg. Mr. Taft
about conditions in Panama and re-
ported that the latest estimate of the
engineers in charge of the canal work
was that 15 years would be required
to complete the ditch. He also had a
few words to say about the warm
primary Michigan indulged in today,
and assured the candidate that his
state was "safe for Taft" by 174,000
majority.

STRAUS UPHOLDS OFFICIALS IN EXCLUDING CONVERTS

Washington, Sept. 1.—Secy. Straus
today approved the action of the local
immigration officials at Boston in the
so-called Mormon cases, wherein a
number of immigrants were held up on
the allegation of entering the country
in violation of law. Secy. Straus said
that the two cases of exclusion, out of
the number acted upon, were on the
ground, as to one, of admission of be-
liever in polygamy, and, as to the other,
of physical and other reasons. A num-
ber of other cases have been held up
for further investigation.

Lively interest has been taken in
these cases on account of the question
of Mormonism, but Secy. Straus said
that the decision in all of them was
wholly regardless of the question of
Mormon religion; that the question of
Mormonism was one specifically provided
for by law, and that his action in the
matter followed the plain provisions of
the statute. Senator Smoot had a
conference with the secretary on the
subject today. Senator Sutherland
and Gov. Cutler of Utah have tele-

Nervous Break-Down

Nerve energy is the
force that controls the or-
gans of respiration, cir-
culation, digestion and
elimination. When you
feel weak, nervous, irri-
table, sick, it is often be-
cause you lack nerve
energy, and the process
of rebuilding and sustain-
ing life is interfered with.
Dr. Miles' Nervine has
cured thousands of such
cases, and will believe
benefit if not entirely
cure you. Try it.

"My nervous system gave away
completely, and left me on the verge
of the grave. I tried skilled phys-
icians but got no permanent relief.
I got so bad I had to give up my
business. I began taking Dr. Miles' Nervine
and in a few days I was much better, and I continued
to improve until entirely cured.
I am in the habit of recommending this
remedy." MRS. W. W. BUTTS,
Myrtle Creek, Oregon.

Your druggist sells Dr. Miles' Nervine,
and we authorize him to return
price of first bottle (only) if it fails
to benefit you.

Miles Medical Co., Elkhart, Ind.

graphed to the department expressing
their views and desire for the treatment
of the immigrants without regard to
the religion involved, the governor set-
ting forth that the immigrants were not
"assisted."

Secy. Straus said that Senator Smoot
agreed as to the fairness of the disposi-
tion of the cases.

DEFICIT FOR TWO MONTHS

For July and August of Present Fis-
cal Year Expenditures Exceeded
Receipts by \$28,778,566.

Washington, Sept. 1.—The compar-
ative statement of the government re-
ceipts and expenditures shows a deficit
for the month of August, 1908, of \$3,903,-
127, against a deficit for July, 1908,
of \$2,489,438, and a surplus for August,
1907, of \$3,658,491. This small deficit for
the month just closed is wholly due to
the very large decreases in expendi-
tures, for the receipts for the month
were \$8,875,084 less than for July, 1908,
and about \$13,000,000 less than for August,
1907.

The expenditures were \$27,335,394 less
than for July, 1908, and \$15,424,291 less
than for August, 1907. As compared
with the previous month of July, 1908,
there was a decrease in the expendi-
tures on account of the war department
of over \$20,000,000, and a decrease of
over \$4,000,000 on account of public
works. The navy also shows a decrease
of \$1,700,000. As compared with August,
1907, there was a decrease of \$2,000,000
on account of the war and \$1,472,000 de-
crease on account of the navy. This was
also a decrease of \$2,750,000 on ac-
count of public works.

The receipts from the customs during
August, 1908, amounted to \$22,533,945,
which is an increase as compared with
July, 1908, of nearly \$2,000,000, and a
decrease of nearly \$7,000,000 as com-
pared with August, 1907. The receipts
from internal revenue sources, however,
show a falling off of about \$2,000,000, as
compared with July, 1908, and a de-
crease of about \$2,425,000 as compared
with August, 1907. The total deficit for
the month of August of the present fiscal
year is \$28,778,566, as against a deficit
for the corresponding period of 1907
of \$7,319,000.

An Economical Vacation.

Round trip tickets at figures
slightly in excess of \$1.00 will secure
hundred or more resorts in Canada
and New England will be placed on
sale on various dates after June 1,
1908.

Full particulars of dates of sale, lim-
its, stopovers and descriptive literature
can be obtained by writing to Geo. W.
Vaux, A. G. P. & T. A., Grand Trunk
Railway System, 135 Adams St., Chi-
cago.
