Sandy City will also soon have a public park. A company is being organized to promote the project, which has secured options on 10 acres of land adjoining the school grounds on the east. Over \$500 has been subscribed for this purpose, the capital stock of the park association is fixed at \$500 and it is expected that all the stock will be taken soon. Over 20 trees will be planted on the school grounds on the east. The school grounds on the east will be cut and the city and school officials have been invited to participate with the school children in planting trees on that day. Work will be commenced to fix up a half-mile bicycle race track, baseball grounds and excursions on the Fourth and Twenty-fourth of July will be held here.
A large dance pavilion with refreshment stands will be built in the near future with the largest and finest floor in the state.

The contract for the turnpiking and grading of Main street has been let to L. H. Sims of Salt Lake City, in having been the lowest bidder. STRENGTH AND ENDURANCE.

Are factors of the greatest success. No person can do full justice to himself without them. In no season of the year are they more easily exhausted than in the spring. We need not discuss the reason for this here. It's enough to say there is one, and that Hood's Serravallo gives strength and endurance, as thousands annually testify.

WESTERN MARKET LETTER.

Special Correspondence.

Kansas City Stock Yards, April 7.—The run of cattle last week was \$2.00 head, about 2,000 head less than previous week. Receipts of cattle from the range country were quite liberal first part of the week, but dwindled down to almost nothing towards the end. Bulk of the arrivals again ran to beef grades, very few stock or feeding cattle included, and yet market on this class made little or no improvement. Steers declined 15 to 25 cents the first part of the week, but closed with the loss regained. The run of cattle here today is 10,000 head, market on steers steady to a dime lower, other grades about steady. Colorado steers 5.50 to 6.25; top steers today sold, cows, 3.50 to 5.50; heifers, 4.00 to 5.10; stockers, 4.00 to 5.25; feeders, 4.75 to 5.50; veal calves, 3.75 to 7.25, quarantined steers, steady to weak, steers 5.25 to 6.00; cows, 3.50 to 4.50. Demand from eastern killers continues good. Cattle received for the month of March at this point broke all records for that month at 170,000 head, an increase of 6,000 over same month last year.
The run of sheep and lambs last week amounted to 23,000 head, approximately the same number as was received during the previous week. The market closed with a gain of 25 to 50 cents. Top lambs sold at 4.25 and spring lambs up to 15.00. The run of sheep and lambs today is 9,000, market steady to 10 cents lower. Lambs today ranged from 3.25 to 7.00, yearlings, 2.25, yearlings, 6.25, ewes, 5.50. Clipper lambs are worth, 6.50 to 7.00; goats, 2.50 to 4.50. There is a good demand for stock and feeding grades, receipts of which are light. Some feeding lambs sold recently at 6.50.

The contract for the turnpiking and grading of Main street has been let to L. H. Sims of Salt Lake City, in having been the lowest bidder. Main street will be graded from the State road to the school house grounds. Trees will be cut down and the sidewalks brought to grade.
