

HAVE GONE EAST ON BOND MISSION

Mayor Morris, Attorney Richards
And Councilman Wells Left
This Afternoon.

A. J. DAVIS IS MAYOR PRO TEM

Took Seven Ballots to Decide Who
Should Assume the Place During
Mayor's Absence.

The city council at its special meeting last night, appointed a committee, consisting of Mayor Morris, Attorney F. S. Richards, and Councilman Rulon S. Wells to go to New York to confer with the Mutual Life Insurance company in regard to its purchase of the city's special water and sewer bond issue of \$1,000,000. The committee is authorized to ascertain why the company has refused to purchase the bonds and to take such action and make such pledges on behalf of the city as is deemed advisable in order that there may be no further delay in the sale of the bonds. The committee left at 1:30 o'clock this afternoon on its mission. During the absence of Mayor Morris, Councilman A. J. Davis will act as mayor pro tem, having been elected as such by the council last night.

MAYOR EXPLAINS.

When the council was called to order Mayor Morris stated the object of the special meeting and recommended that, inasmuch as City Attorney Dey and his assistant, Mr. Bramel, could not leave the city at this time, Attorney F. S. Richards be appointed to accompany him to New York to investigate the matter. City Attorney Dey stated to the council that neither he nor Mr. Bramel could go at this time and concurred in the suggestion to appoint Mr. Richards. He said that he could not understand why the company had refused to carry out its agreement, as he had met every legal objection raised by the company's counsel and he thought that it would be advisable to have the matter attended to at once.

DULY AUTHORIZED.

Councilman Wells then introduced the following resolution:

Resolved, that the mayor of the city and F. S. Richards be authorized and instructed to go to New York City and consult with the Mutual Life Insurance company in the matter of the water and sewer bonds sale; and be it further

Resolved, that said mayor and said Richards be and hereby are authorized to make and give all proper pledges and assurances of the city that said monies from said bond sale will be used for the purposes for which said bonds were voted and that said pledges and assurances will be ratified by the city council.

WELLS INCLUDED.

Tuddenham offered an amendment which included Mr. Wells as a member of the party to go east. The amendment was carried by a vote of 8 to 6. Black offered a substitute motion that the matter be laid over until Monday night. The substitute was lost by a vote of 7 to 5. The matter was taken on the resolution and it was adopted. Barnes, E. H. Davis, Dean, Fernstrom, Hartenstein, Freese, Tuddenham, Wells and Hewlett voted for it and Black, A. J. Davis, Hobday, Martin, Newhausen and Wood voted against it.

A. J. Davis then introduced a resolution appropriating \$750 to defray the expenses of the trip, which was also adopted.

DAVIS HONORED.

President Hewlett then called attention to the necessity of selecting a mayor pro tem to act during Mayor Morris' absence. A. J. Davis, Tuddenham, Howlett and Hartenstein were placed in nomination. It took seven ballots to make a choice but on the last ballot Davis won. He received 9 votes, Tuddenham, 5, and Hartenstein 1. An adjournment was then taken.

MISS ORTH APPOINTED.

Becomes Assistant Director of Educational Exhibit at Portland.

At the afternoon session of the Lewis & Clark commission yesterday, Miss Elizabeth Orth, primary supervisor of the Ogden schools, was appointed as assistant director of the Utah educational exhibit at the Portland fair. Miss Ada Nook of Ogden, Miss Bevel Madsen of Mt. Pleasant and Lester H. Walton, of this county, were appointed as attendants in the Utah building. All the appointees will leave for Portland on Monday.

It was decided that Commissioners Rudolph Kuchler, Wesley K. Walton and Webb C. Greene should represent the commission at the opening of the fair. They will also leave for Portland Monday. The Utah building is now completed and the work of installing the exhibits will be pushed to an early completion.

MADE A GREAT HIT.

Juniors of L. D. S. University Delighted a Large Audience Last Night.

The surprise program to which the third year students of the Latter-day Saints' University invited their friends last evening in Barratt Hall, was a decided hit. The entertainment was original and humorous in its nature, and was cleverly presented. The hall was filled by an appreciative audience that enjoyed the affair and manifested its satisfaction, paying strict attention and by frequent bursts of applause and laughter. The most taking part of the program was the representation of the last faculty meeting, at which the merits of the seniors were discussed with a view to their graduation. In this proceeding M. P. Eakle, representing President Paul, Mervin Bennion, impersonating Prof. Hinkley, and J. M. Thomas as Prof. Jensen, carried off the honors, in skilfully exaggerated personal traits of the professors.

The seniors were scored in many a hit, of which the best, perhaps, was the scene enacted by six ladies representing the entrance to hades. The parts of the three "angels" in this scene by Misses Lucetta Jones, May Brown and Irene Miller, were especially good. The quartet of Messrs. J. M. Thomas and S. Johnson, and Misses Edith Grant and Marie Thomas, was a piece of fine singing, as usual, with words that raked the seniors. One scene was borrowed from the seniors—the "fibros condere,"

CATTLE MARKET FIRM.

Utah Feeders Brought \$1.40 at Kansas City Last Week.

Special Correspondence.

Kansas City, Mo., May 22.—Outside of corn fed steers, of which there was a large proportion, cattle market gained 10 to 25 cents last week. Fed steers held about steady. Colorado feeders, \$2.50 to

2.55 pounds, sold at 4.20 to 4.40, and new her feeders, 1,000 to 1,200 pounds, at 4.65 to 4.90. Killing cattle from Brush, Colo., 1,200 pounds and upwards, sold at 5.45 to 5.60. Rough Utah feeders, 1,000 pounds, sold at 4.45 and Utah cows, 800 pounds, at 3.80. Panhandle stockers, 500 to 800 pounds, sold at 4.35 to 4.50, and some light southwestern stockers at 3.65 to 3.80. The supply of cattle today is moderate at 11 points, and market is strong to 10 higher all around. Eleven ears of various kinds were received today from Colorado and the west and only a small representation from the Panhandle country. Some 100 Colorado bulls sold at 3.90 today. Fed steers sold at 5.40 to 5.65, feeders, 4.25 to 4.50.

Nearly all the sheep coming now are Texas and Arizona muttons, which advanced about 25 cents last week. Lambs gained 25 to 35 cents. Market is 10 cents lower today on muttons, steady on lambs. Colorado wooled lambs are quoted at 7.00 to 7.35. Some medium ones, 60 pounds, sold at 7.10 today. Clipped lambs bring 5.50 to 6.40. Mixed Arizona sold last week at 4.00 to 5.25, containing a large percentage of yearlings. Wethers and ewes mixed sold at 4.65 today. Mixed Texas wethers and ewes sold today at 4.40 to 4.85, ewes at 4.50. As long as the quality of the Texas and Arizona stuff is good buyers take hold actively. Lamb supply continues to be short and strong markets on them are expected.

Among the sales last week was one by Halsey & Saunders of Salt Lake, who disposed of 50 rough feeders averaging 1,045 pounds, at 4.40, and 34 cows aver-

aging 974 pounds, at 2.80.
Most of the sheep now coming are Texas and Arizona grass sheep. Lambs supply is short, and the quality averages medium to common, generally. Packers are particularly anxious for more lambs, as they are having trouble getting enough to fill in with their mutton orders. Market for them is good and strong, 25 to 40 cents higher than a week ago.

Beef steers are about steady with a week ago, butcher stuff and stockers and feeders 15 cents to a quarter higher. Packers are buying cheap cattle better now than the good ones, relatively. Demand for stockers and feeders this week was ahead of the supply, as very few country grades of cattle are coming to market just now.

NOT SUICIDE.

Jury Says George M. Hill Died From
Overdose of Morphine.

The jury holding the inquest over the body of George M. Hill alias Harper, who died Friday, an account of which appeared in last evening's "News," concluded in the hearing yesterday afternoon and forenoon that it was the effect that the young man died from an overdose of morphine taken accidentally, and not with suicidal intent. The body of the young man may be sent to Indiana for burial.

GOOD ROADS MEET.

Gov. Cutler Has Requested County
Commissioners to Name Delegates.

A proclamation has been issued by Gov. Cutler requesting the county commissioners of the various counties of the state and the mayors of the cities to appoint three delegates from each county and each city to attend a Good Roads convention to be held in this city on June 2 and 3. Speakers of national prominence in connection with the good roads movement will be present. Among them will be Col. W. H. Moore, president of the National Good Roads association, and Hon. Martin Dodge, of the bureau of roads of the United States government.

WARD ENTERTAINMENTS

Twenty-seventh Ward.—The Twenty-seventh ward choir will give a concert, dance and refreshment social in their new meetinghouse, corner of P and Fourth streets, on Friday evening, May 26, for the purpose of defraying the expense of new music for their use. The following program will be rendered, after which the audience will adjourn to the dance hall in the basement:

Anthem—"Jerusalem, My Glorious Home".....Choir
Duet.....Miss Harris and Mrs. E. Snyder
Harp solo.....Miss D. B. Jermy
Soprano solo.....Miss Ruena Raleigh
Clarinets solo.....Mr. R. Nelson
Violin solo.....Mrs. Alice Tuddenham
Violin solo.....Prof. Herman Schettler
Soprano solo.....Miss Lottie Owen
Piano solo.....Miss Edna Mellette
Mandolin and guitar trio.....The Blazeway Guitar and Mandolin club

Third Ward.—The "Festival of Fun" in the Third ward is now in full swing. Last night another appreciative audience listened to the excellent program and enjoyed the novelty prepared for the entertainment. The raffish and the best of the best were introduced, especially well. Both of the booths are very beautifully arranged and a choice lot of flowers and raffles have been secured. The specialty room is also attractive and patrons are much pleased with the bill provided.

The festival continues for two more nights—tonight and Friday—and larger crowds than ever are anticipated. The drawing for the Portland fair ticket is creating much interest and as the contest draws to a close the interest becomes much more keen.

DESPERATE THUGS STILL OPERATING

Two Young Men Held Up at the
Corner of West Temple and
Third South Streets.

TOOK A SHOT AT JUDGE LANEY.

Latter Gave Chase When They Turned
Around and Fired Point Blank
At Him.

Holdups are at work in Salt Lake again.

Joseph and Harold Levy were held up by two masked men armed with revolvers, on Third South and West Temple street about 11:30 last night. Judge H. S. Laney took after the thugs and one of them turned on the judge and fired a shot at him. Judge Laney fell to the ground and the men escaped. The bullet went wild of its mark.

The Levy brothers were on their way home, when at the point mentioned the two highwaymen stepped out from behind a bill board and ordered the young men to throw up their hands. Judge Levy was some distance away and bolted across the street at the same time calling for help. One of the robbers seized Harold and threw him to the ground. He was then dragged behind the bill board and searched, but the robbers got nothing of value as the Levy's had left their valuables up town. The robbers saw Judge Laney come through a vacant lot toward Second South. The judge was overtaking them when one of the men turned and fired point blank at him. Several persons heard the shot and saw Laney fall. They ran to his assistance, thinking he was shot, but found that he was not injured. The police were notified and searched the lot for the thugs, but without success.

A POLLUTED CITY RESERVOIR

Makes Prudent People Think of Means
to Protect Their Health.

"PERUNA, BY CREATING HEALTHY MUCOUS MEMBRANES IS A GREAT PRECAUTION AGAINST ACQUIRING DISEASES FROM IMPURE DRINKING WATER."—Dr. S. B. Hartman.

CITY reservoirs furnish the water for the vast multitude of people who constitute the population of our numerous cities.

These reservoirs are liable to be contaminated. Contamination is almost unavoidable.

If the people who drink city water could know what happens to the water they are drinking, they would be more careful.

Many cities furnish water absolutely unfit for drinking. The dangerous qualities can be removed by boiling the drinking water. In some cases this is very inconvenient and puts a great burden upon the people. Yet it ought to be done for self-protection.

Put, in spite of all precautions, people are, especially during spring months, exposed to the dangers of impure drinking water.

Wherever the exposure is unavoidable, the system can be protected in some degree by healthy mucous membranes. A mucous membrane free from catarrh is not so liable to absorb disease germs as an unhealthy mucous membrane.

Indeed it may be doubted whether a perfectly healthy mucous membrane is subject to contamination of this sort.

At least this much is certain, a mucous membrane perfectly free from catarrh is not so liable to become infected as a mucous membrane that is deranged by catarrhal congestion. The logic of this is that during the spring time, every one should take the precaution of cleansing and healing the mucous membrane by the use of Peruna. A teaspoonful or two of Peruna taken every day during the spring, when the drinking water is at its worst, is a great precaution against acquiring diseases from impure drinking water.

A few doses of Peruna put the mucous membranes right and guard the system against impurities.

If the cities cannot protect the inhabitants from impure drinking water, the inhabitants must protect themselves by keeping the mucous membrane clean and healthy, and entirely free from catarrh. This can only be successfully accomplished by the intelligent use of Peruna.

Should you desire special instructions regarding the use of Peruna, write to Dr. S. B. Hartman, President of The Hartman Sanitarium, Columbus, Ohio, and he will give you the benefit of his valuable advice gratis.

When the nerves cry

Look to the

Coffee

The cry may be in some one of many ways. Trembling, Sleepy in day time, (comes from stomach), Headache, Dyspepsia, Bowel Trouble, Heart Palpitation, Pains in various parts of the body, and even Piles, Diabetes, and weak eyes originate in a disordered nervous system brought on by coffee.

If you don't heed the "cry" (Nature's hint) you may be sure the trouble will get worse, and not better, until you either quit the coffee habit which is the cause, or you develop fixed organic disease that may carry you down.

It is the finest trade possible, to quit coffee and get well. Health is the most exquisite fun on earth.

It's easy to quit coffee when you have choice, well made Postum Food Coffee, a delicious hot beverage with the deep seal brown of strong coffee that changes to a rich golden brown when cream is added. Then you have the crisp coffee "snap" and a flavor all its own. The nerves are relieved of the old hurt of the poisonous "Caffeine" of coffee and in its place you feed the system on strong food elements in Postum which quickly rebuild the worn out and exhausted nerve and brain cells destroyed by coffee.

These are facts!!! Prove them by 10 days trial.
