The funeral services over the remains of the late **Bishop A. McRae** were held in the Eleventh ward meeting house on Thursday, June 25th. It was filled to overflowing. The floral offerings were handsome and numerous. The music was excellent. Appropriate remarks were made by **Elders Joseph E. Taylor, Jacob Gates, Joseph B. Noble, R. T. Burton, C. W. Peurose, F. Kesler, F. M. Lyman, Heber J. Grant, J. W. Taylor, J. H. Felt and R. Morris.**

A long cortege followed the remains to the cemetery.

Indians Reported Hostile.

LOS ANGELES, Cal., June 23.—The assistant adjutant-general has received a dispatch from **Lieut. Brett**, commanding a detachment in **Koins Canton, Arizona**, dated **Araba Village**. The lieutenant says, when about to enter the village to make arrests for destroying the surveyor's marks and threatening to destroy the schools, his force was confronted by about fifty hostiles, armed and stationed behind a barricade. They openly declared hostility to the government, and a fight was barely averted. He says a strong force should be sent there, as serious trouble is anticipated if the hostiles are not summarily dealt with.

The Arizona Indians.

WASHINGTON, June 25.—Commissioner **Morgan** of the Indian Bureau received a telegram from Superintendent **Collins** of the **Mogui Pueblo** Indian school in **Kean's Canyon** in **Arizona**, in which he stated that the **Indians** were threatening to kill the whites and forcibly take their children from the school, and asked that military reinforcements be sent to the school.

The Commissioner referred the telegram to the War Department, with recommendation that additional reinforcements be forwarded and the ring-leaders in the present trouble be arrested and held pending a settlement of the difficulty. The present trouble has grown out of the fact that the **Indians** opposed having their children attend school.

Colned in 1091.

I wish to state through the columns of the News that a very old and interesting coin is in the possession of **Brother John A. Jones** of **Scofield, Emery county**. It is a **Welsh half-penny** and bears the following words:

"**Jestyn Ap Gwrgan Twysog Morganiog, 1091 y. Brenhin, ar Gyfrasth.** see againe, **Jestyn** son of **Gwrgan** prince **Glamorgan** A King on the Lam."

The little coin is somewhat thicker, heavier and of a more red color than that of the ordinary English half-penny. **Brother Jones** refused \$20 for it a short time ago, stating that the coin has been handed down through generations of the **Bustler** family.

The Haytian Insurrection.

NEW YORK, June 30.—The steamer "**Zama**" which arrived this morning from **Haytian** ports reports that all is quiet at the places they touched and that **Hippolyte** has effectually quelled the insurrection of **May 28**. At that time it was learned that 280 persons in all were killed.

CHICAGO, June 29.—A **Washington** special says: **N. B. Walker**, who has been engaged in business in **Hayti** for a dozen years, and who was in **Port-au-Prince** at the time of the recent uprising which **Hippolyte** put down so savagely, says: The end of the trouble will be either the resignation or assassination of **Hippolyte**. He is greatly thought of by the people of the republic. He is an educated man himself and has naturally the support of the wealthy and refined classes.

The Italian Mafia.

NEW YORK, June 29.—The **Sun's** **Berlin** cable says: Dispatches from **Tunis** say the **Italian Mafia** is doing deadly work there. A series of outrages has been committed, and friends of the victims and detectives are seeking to discover the perpetrators. As they were on the point of succeeding, they have been stilled in the street. **Suza**, a **Sicilian**, has been arrested and confessed to three murders. The terrible work of the **Mafia**, nevertheless, still goes on, and at last accounts the number of undetected homicides averaged four a week. Each crime propagates another to conceal it, and something like a reign of terror prevails, resembling in some degree the condition in **New Orleans** before the lynching.

The French authorities in **Tunis** have

so far been unable to deal efficiently with this outburst of crime, and the French residents in their wrath may rise and take a fearful vengeance on the **Italians** without discrimination between the innocent and the guilty. In the meantime the protectorate is inclined to expel the entire **Italian** population from the country. Either of these courses could not fail to arouse the indignation of **Italy**; and serious complications are possible at any moment in the already precarious state of relations between the **French** and **Italian** governments in the **Mediterranean**.

A Destructive Cyclone.

DENVER, Colo., June 27.—News has been received of a destructive cyclone which passed over the country twenty-five miles east of this city Thursday night. Houses were blown away, trees uprooted and carried away, and crops for many miles completely ruined. A dozen persons were injured, but none seriously.

At **Clark's** ranch rail fell for twenty minutes and killed about 250 sheep. **Mrs. J. W. Adams**, living two miles northeast of **Deer Trail**, says the hailstones killed innumerable chickens and ducks.

EMPORIA, June 27.—Word has been received in this city of great damage caused by the heavy rains of Thursday in this and adjoining counties. Many farms have been entirely flooded and barns, implements and the entire crops washed away. On the farm of **John Stotler** on **Jacobs creek** a large orchard was destroyed. At **Taylor's** ranch many fat hogs and a lot of poultry were lost. People were compelled to flee for their lives to the high land and leave their property to be destroyed.

All the farms about this place are submerged. At **Soden's** mill, just below **Emporia**, the **Cottonwood** is out of its banks and spread over the country for miles. In the flood, as it passed may be seen all kinds of wreckage, barns, parts of all kinds of farm machinery, wheat in abundance, and here and there a piece of driftwood or wagon bed or dead animal. The flood is now subsiding.

HOLSTEIN, Iowa, June 27.—Another most disastrous storm occurred yesterday. Lightning and hail have done irreparable damage in this section to crops and cattle. The district stricken by hail is three miles wide and ten miles long. The barley crop is almost totally destroyed, and wheat and oats are damaged. At **Cushing** and **Correctionville** houses were flooded. Two children were drowned at **Correctionville** and lightning killed **Chris Kinne**. The whole country in this vicinity is a picture of desolation and ruin. Hogs, cattle and horses in large numbers are seen floating down the river.

DES MOINES, June 27.—A heavy rainstorm struck this city this afternoon. Rain fell at the rate of nearly three inches an hour, soon flooding the streets. For a while the wind blew seventy miles an hour. Trees were broken, and some streets were littered with their branches. Several buildings were unroofed and otherwise damaged. Reports from the surrounding towns show that the storm was even more severe north and west of **Des Moines**. Considerable damage was done to grain.
