The Relief Society Woman's Mercantile Association

Is opening a store for the sale of home manufactures in the building lately occupied by the Woman's Centennial Territorial Fair, known as the Old Constitution Building, opposite Z. C. M. I. store.

We are now ready to receive home-made useful and ornamental articles of all kinds, which we will sell on commission.

Many of our citizens have felt the want of a place devoted exclusively to Utah productions, and now that we are, in accordance with the wishes of President Young, uniting our humble efforts in this direction, we confidently trust that we shall not only have the support of all branches of the Relief Society throughout the valleys of the mountains, but also of our brethren and all others who feel an interest in the future welfare and prosperity of Utah.

Commencing as we do without capital, we wish it distinctly understood that at present we can only sell on commission.

ELIZA R. SNOW, President.
PRISCILLA M. STAINES, Vice President.
ELIZABETH DAVIS, Secretary.

Bad Advice of the Unco Loyal.—"Let our citizens refuse to pay taxes." Why? Because "we" can't get at them when they are paid.

Theatre. The Theatre opens this evening with Mr. James M. Ward and Miss Winnetta Montague in McCloskey's sensational drama of "Through by Daylight."

From Beaver.—This morning we received a call from Mayor Fotheringham, of Beaver, who is in the City to attend the Territorial Convention, to which he is a delegate from Beaver county, and also to attend the General Conference.

Twentieth Ward Institute.—The directors of the above institution are requested to meet in the upper room of the Ward School-house, on Sunday next, the 8th inst., at 7 o'clock p.m.

CHAS. W. STAYNER, President.

Concert. — On Saturday night there will be a concert at the Sixth Ward school-house, for which a variety programme has been prepared. The proceeds will be devoted to aiding in paying for an organ that has been purchased for the hall.

Motion to Vacate.—The matter pending between Ex-Mayor Wells and Register Patton came up in the District Court this morning, on the latter's motion to vacate the restraining order issued by the court, enjoining the Register from selling Mr. Wells' lumber. On the application of Mr. Patton the hearing was continued till to-morrow.

A Good Movement. — We are pleased to notice that the ladies are about to open, in the Old Constitution Building, a manufacturing and commission establishment, for the manufacture and sale of home made goods of every description. Such an establishment will create and extend a market for home productions, and be beneficial in providing a good deal of employment for those who now have nothing to do.

Home Manufactures. — In the Old Constitution Building the Provo Manufacturing Company have a splendid display of cloths, linseys, flannels, shawls and other goods of their production. A look at the assortment on exhibition gives a good idea of the progress being made in home manufactures in Utah. The company are taking orders, their agent, Mr. Robert Kirkwood, being on the premises for that purpose.

Another Large Picture. — Mr. Alfred Lambourne, another young local artist, has just completed a large picture of a scene in Southern Utah, on which he has labored the best portion of a year. This production of his pencil shows that he is making progress in the beautiful art of painting, to which he is passionately devoted. He has been successful in throwing into this specimen of his skill some telling effects, and manifesting his possession of considerable native talent, which he is developing by assiduous application, which is the only road to excellence. The picture is on exhibition at Mr. Savage's art gallery.

Sticking Stuff.—A party by the name of Jones, the same who runs an itinerant scissors and knife grinding establishment near the Kimball and Lawrence corner, is making a species of cement of remarkable adhesive properties, being not only suitable for mending glass, potteryware, marble, &c., but nearly every kind of metallic substance, also leather, rubber goods, &c., being valuable in patching up arctics or other shoes, of that description. He showed us specimens of the adhesive power of this substance, which appeared to be remarkable. He claims to be the only person who makes the compound.

Third District Court.—Wednesday, Oct. 4th, afternoon.

R. C. Chambers *vs.* Wm. H. Pitts *et al*; jury empanelled to try the case.

In three separate suits of W. H. Harlowe *vs.* C. W. Bennett it was ordered that D. F. Walker be substituted as plaintiff.

Thursday, October 5, morning.

The trial of the suit of R. C. Chambers *vs.* Wm. H. Pitts *et al* proceeded with.

Returned Missionary.—This afternoon we met with Elder David D. Bullock, of Cedar City, who returned from a mission on Tuesday evening, with the last emigrant company. He left here in November last, and proceeded to the eastern States, where he remained during the Winter, proceeding to England last Spring, and after his arrival there was appointed to labor in the Scottish Conference, where he remained until released to return home. He returns in good health.

Bear Lake.—To-day we had a call from Brother C. Merkley, of St. Charles, Bear Lake Valley, who is in to attend Conference. That settlement has suffered less from frost this season than any other in that region, and considerable wheat has been raised there, in consequence.

He informs us that a man who had been trapping near the north end of the Lake realized from his operations no less than 7,000 muskrat skins; quite a large yield.

Brother Merkley was much interested lately in the Bear Lake region in witnessing the dam-building operations of a number of beavers. The intelligent little brutes gnawed down good-sized cottonwood trees, as neatly as if cut with an axe, trimmed off the branches, and cut the logs into lengths suitable for the purposes for which they wanted to use them. This must be stopped, or Register Patton will be after them with a *posse*, for cutting timber on the public domain.

Z. C. M. I.—The annual meeting of the stockholders of Zion's Co-operative Mercantile Institution convened at the Old Tabernacle at two o'clock this afternoon, President B. Young presiding.

The report of the president was read and [illegible] the cost of the ground upon which the new building is erected was $30,000 and the building itself $136,000, all of which has been paid for by the Institution.

The report also shows that a fair business has been done during the year. Owing, however, to the general scarcity of money the trade has been more in staples than in the higher priced lines of goods, and in consequence of this the dividend is not so high as it would otherwise have been. Altogether the business and condition of the Institution are satisfactory.

The following officers and directors were elected—

Brigham Young, President.

Theodore McKean, Vice-President.

William H. Hooper, Horace S. Eldredge, Hiram B. Clawson, David O. Calder, Aurelius Miner, George Reynolds, James Jack, Directors.

David O. Calder, Secretary and Treasurer.

General Conference.—To-morrow morning, October 6th, at 10 o'clock, the Forty-sixth Semi-annual Conference of the Church of Jesus Christ of Latter-day Saints will convene at the New Tabernacle.

The weather being exceedingly pleasant, with a prospect of its continuing favorable during the few days Conference will last, it is probable the gathering will be a large one. No Latter-day Saint can doubt the beneficial effects of the people who are interested in the glorious work of building up the Kingdom of God on the earth coming together twice a year for the purpose of counselling as to the coure that will best conduce to the attainment of the object of their pursuit. Coming together they hear the wise counsels of the leaders of Israel, and are refreshed by the outpourings of the Spirit of the Lord in the Conference assemblies and are enabled to return to their homes strengthened, refreshed and better prepared to fulfil the duties of their various callings and positions.

Our Country Contemporaries.

Ogden *Junction*, Oct. 4—

We learn from the Idaho *World* that Judge David Noggle, formerly Chief Justice of Idaho, is a complete mental wreck, and that there is no hope of his recovery.

We had an opportunity of examining some specimens of ore taken from a late discovery in the Wasatch range north of this place, which we found to be of a superior quality. Mr. Arnstein, the owner of the mine (jointly with another), thinks he has struck a bonanza which he intends to work during the coming Winter. The discovery is about four miles from Wellsville.

We regret to say that Mrs. Smout, the old lady who was injured by a fall last Sunday, is in a precarious condition. On a further examination of her injuries it was discovered that in addition to a fractured hip she had three ribs broken. Her husband being an aged invalid and almost blind. Mrs. Smout is really an object of sympathy.

We learn from P. C., our correspondent at Logan, that on Monday a boy about twelve years of age, son of Mr. R. Latham, of Wellsville, Cache Co., was out hunting, and while loading his gun, he put in a charge of shot, the cap being on. The gun was discharged accidentally, and he was soon minus a thumb. The charge just grazed his head. He was taken to Logan, where Dr. Ormsby attended to his wounds. He is doing well. Boys ought to be careful in the use of firearms and never attempt to load a gun with a cap on it.

Provo *Enquirer*, Oct. 4—

A regular meeting of the stockholders of the Provo Woollen manufacturing company was held in the Meeting house, Provo, on Saturday last, September 30th, and business of importance transacted. President Brigham Young presided during the deliberations. It was stated that the coupons, due October 20th, 1876, would be paid in cloth, to the amount of $10,000. Through the courtesy of President B. Young, the privilege was granted the company, to exhibit their goods, during conference, in the Old Constitution building, Salt Lake City.

On October 2, a meeting of stockholders was held in the Meeting House, Provo, when the shareholders present expressed themselves satisfied with the present board of directors, and the following gentlemen were re-elected, without a dissenting voice: Brigham Young, A. O. Smoot, M. Tanner, O. Simons and James Dunn. After the adjournment of the stockholders' meeting, the newly elected board met to elect officers, and the following were re-elected: Brigham Young, President; A. O. Smoot, Vice President; Henry A. Dixon, Secretary; John R. Twelves, Treasurer; James Dunn, Superintendent.

The semi-annual meeting of the stockholders of Provo Co-operative Mercantile Institution was held on Saturday, the 30th ult., at which a dividend of five per cent. on the capital stock was declared, to be paid to the stockholders in merchandise on and after the 2nd of October, 1876. Two and four-ninths per cent. of the profits being reserved, to make up the depreciation of the real estate. The election of the officers of the institution for the ensuing year was then entered upon, resulting as follows: Abraham O. Smoot president; Myron Tannel vice president; James W. Loveless, Isaac Bullock, John P. R. Johnson, William Bringhurst, David John directors; Albert Jones secretary; Samuel S. Jones treasurer.

Count Von Arnim's Trial

BERLIN, 5.—The Stetz Goarlichtochop met to-day for the trial of Count Von Arnim on the charge of high treason. A letter from the Count, dated from Ouchy, was read, stating that the weather prevented his coming to Berlin. As his illness was not legally attested, the court, on demand of the public prosecutor, decided to proceed against him in contumaciam. The court also decided that its proceedings should be private. Count Von Arnim's counsel was not permitted to plead.

The court, after three hours deliberation, pronounced judgment on Count Von Arnim, but the sentence has not transpired

Fatal Railroad Accident.

PARIS, Ont., 5.—An accident occurred to the express bound east on the Great Western Railroad last night, two miles west of Princetown, by which five persons, the engineer, fireman, two express messengers and a baggage man were killed. The train was going at the rate of thirty-five miles an hour, and in a moment was thrown from the track and hurled into a ditch. Passengers, who are unhurt say the accident was caused by one of the wheels of the engine catching fire and breaking off.

Efforts for an Armistice.

Private telegrams received here state that the Powers are now making great efforts to obtain an armistice or at least a month's truce, accompanied by various guarantees. It is stated that the question of a congress is not at present under discussion. The *Journal des Debats* states that Prince Gortschakoff has sent a circular to the Powers, asking them to impose on the Porte a general amnesty and a month's armistice.
