

FAIRBANKS TALKS TO VERMONTERS.

Vice Presidential Candidate Makes His First Formal Speech of The Campaign.

A DEMONSTRATION OF WELCOME

Got Up for Indiana Senator Whose Father Was Born in Windsor County, Vermont.

White River Junction, Vt., Aug. 29.—Senator Charles W. Fairbanks of Indiana delivered his first formal speech of the campaign here this afternoon. Large numbers of people from all parts of Windsor county and from western New Hampshire were present. The demonstration was arranged particularly as a welcome from the people of Windsor county to the Indiana senator, whose father was born within its limits.

Senator Fairbanks' address was, in part, as follows: "The four years succeeding General Harrison's defeat will not be soon forgotten. They stand in sharp contrast with the years of Republican administration both before and after. They were four years of arrested development, of panic and distress without a parallel in American history. Field, factory and mine suffered alike. Vast armies of unemployed marched through the country, hopelessly seeking for an opportunity to work, regardless alike of either the number of hours or the rate of wages. To many from foreign shores who have since then sought our hospitality, and many of the young men of our own country, who for the first time will exercise the highest privilege of an American freeman this may seem an overdrawn picture. There are many of our countrymen who will confirm it with testimony gathered in their own hard experience.

In 1896 the American people resolved to return to Republican administration and to Republican policies. We came into power pledged to overthrow the Democratic tariff law and to enact in lieu of it a genuine protective measure. In due time we put upon the statute books the Dingley law. Prosperity returned and spread her blessings among all sections and all people within the ample limits of the republic.

Three years ago our great and beloved leader in the contests of 1896 and 1900 fell at his post of duty. His successor has since then administered our national affairs with a conscientious ability. He has been an earnest student of the country's needs. He has been conscientious and untiring in the discharge of his great responsibilities. He has been inspired by but one purpose, and that has been to do well the work committed to his hands.

"Judged by any test we may apply, the administration of President Roosevelt has been eminently satisfactory. The last three years have been years of exceptional prosperity.

"Prosperity has not been confined to limited areas, but has extended throughout the country. "As in 1892 the Democratic party now denounces protection as a robbery of the many to enhance the few," and pledges itself to overthrow the Dingley law, through a revision and reduction of the tariff. What will be the result of such a policy? We will find a most conclusive answer in the four years of the last Democratic administration. Let the American people take the Democratic platform and the record of the last Democratic administration during the last three years in the other, and pronounce their potential judgment."

Senator Fairbanks, who returned to the west this afternoon, expects to return to New England after his speech at Kansas City, Sept. 6. He will participate in the Maine campaign, and also will deliver an address at the annual dinner of the Home Market club in Boston.

FIDELITY SAVINGS CO.

Depositors Will Probably Realize 85 Cents on the Dollar.

Denver, Colo., Aug. 29.—Depositors of the defunct Fidelity Savings association will probably receive between 80 and 90 cents on the dollar, according to the estimate of Receiver R. H. Malone, made today after reading the report of the appraisers appointed by the court to investigate the affairs of the defunct association. The appraisers set the value of the lands at \$375,000. The lands represent the Fidelity association an outlay already of \$214,000. In addition there is a vendor's lien of \$171,000, on which \$70,000 is due Sept. 7. Receiver Malone is confident that the association's assets will amount to all other indebtedness aggregate \$700,000.

It is the purpose of the receiver to make a loan of \$250,000 to pay off the mortgage on the timber lands and other pressing claims, in order that the estate may not suffer.

Norwegian Ministerial Changes.

Christiania, Norway, Aug. 29.—M. Micholien has been appointed minister of finance and customs in succession to M. Kildal, and M. Vogt has been appointed minister of foreign affairs, commerce, navigation and industry in succession to M. Scheenig. M. Kildal and Scheenig having retired in accordance with the constitution. M. Micholien and Vogt had therefore formed a delegation of the council of state "residing at Stockholm near the King."

MUNYON TALKS TO WOMEN.

Tells How They May Have a Beautiful Complexion and Grow Luxuriant Hair.

Munyon's Witch Hazel Soap is really a skin food and vitalizer. The only soap containing witch hazel. It nourishes the skin just as much as food nourishes the body. It puts every pore into a healthy condition, assists nature in throwing off poisons from the body; allays inflammation, cools, soothes and heals all irritated parts. It cures chapped hands and lips and all forms of chafing. No soap, no lotion, no wash ever made will so quickly quiet a baby suffering with prickly heat or any form of rash as Munyon's Witch Hazel Soap. For the general toilet it is an exquisite luxury. It improves any complexion and makes the skin soft as velvet.

If you are constipated, bilious, or if your blood is out of order don't fail to take my Paw-Paw Laxative Pills, which I know to be the best liver pills ever compounded.—MUNYON.

land office here; they are camped near the entrance to the office, sleeping on stumps and other things, carrying their own provisions or having friends bring food to them. Those here have inaugurated rules of their own as to numbering consecutively upon arrival, for preference right to file, temporary absences, etc. As the crowd will be steadily augmented upon the arrival of every train, great confusion is likely to ensue before the end of the week as choice tracts near Pocatello will be applied for by numerous applicants, who are not aware of this early move to secure favorable positions.

Instructions from Washington are meager and the proposed procedure may not be endorsed by the commissioner of the general land office. Local officers have wired for instructions. About 41,000 acres are to be thrown open.

VON PLEHVE'S MURDERER.

Statement that He Has Been Sent In Court.

St. Petersburg, Aug. 29.—The statement in these dispatches last week that the assassin of Minister of the Interior von Plehve, has been sentenced to death, proves to be incorrect. The question as to whether the assassin will be tried by court-martial or by a civil court has not yet been decided. This is one of the questions that the new minister of the interior will have to pass on, the fact that St. Petersburg is technically in a state of siege giving the minister this power. Haimshoff, the murderer of M. Stolypin, who is the predecessor of von Plehve, was tried by court-martial. It is expected that the emperor will appoint a new minister of the interior as soon as he returns from the Don.

W. W. WRIGHTMAN'S WILL.

His Only Child Made Heir to Fifty Millions.

Philadelphia, Aug. 29.—The will of W. W. Wrightman, head of the firm of Powers & Wrightman, manufacturing chemists, who died a few days ago at the age of 91 years, was probated today, his entire estate, valued at more than \$50,000,000, being left to his daughter, Mrs. Anna M. Walker, widow of the late Congressman J. C. Walker of Williamsport, Pa. By the terms of the will Mrs. Walker, who is the only child, becomes sole proprietor of the extensive chemical works, which makes her one of the richest women in the world.

Mrs. Walker assumes active management of the drug business beside looking after the real estate left her by her father, who was one of the largest holders of real estate in the country. He owned much property in Pennsylvania, outside of Philadelphia, and also in Ohio, Nebraska, Delaware, West Virginia, Missouri and Wisconsin.

Pullman Shops to Close.

Chicago, Aug. 29.—The great shops of the Pullman company are to be shut down on Sept. 1, and thousands of men employed in the various departments of the car-building corporation will be without work. Thirty thousand people at Pullman and in the surrounding towns will be affected. When the Pullman company is working on full time 7,000 persons are employed. During the last few months, owing to a lack of new orders, men have been laid off 300 and 400 at a time, until now the force does not aggregate more than 2,000. These men are engaged in finishing the construction of the cars already under way and when these are ready for the rails the shops will be closed and the plant rendered idle. The plant may remain closed for more than a month.

A MYSTERIOUS MURDER.

Christopher Ellis Found With His Head Blown Off.

Pendleton, Or., Aug. 29.—Christopher C. Ellis, 29 years of age, was mysteriously murdered on Sunday morning on Basket mountain, 16 miles southeast of Milton, Or. Ellis, who lived on Basket mountain with his aged mother, left the cabin and half an hour later was found with his head blown off by a charge of buckshot fired at short range. Tracks of a deer were found near by on the trail. The position of the body indicates that it was not touched after it had fallen. A rigid investigation will be instituted. Basket mountain has been the scene of several mysterious tragedies in the past.

Paraguayan Rebels Active.

Buenos Ayres, Aug. 29.—The Paraguayan insurgents are actively preparing for a land attack by foot and mounted soldiers. Serious resistance is not expected. Government troops at Asuncion are freely deserting. Their rations are now reduced to three biscuits a day. The country is almost entirely dominated by the insurgents.

In an interview today with Senor Viera, the Paraguayan minister, Jose A. Terry and O. Betbeder, respectively Argentine ministers of the foreign affairs and of marine, promised that Argentina would maintain strict neutrality.

Policeman Stabbed and Beaten.

New York, Aug. 29.—Policeman John P. Shea was stabbed and brutally beaten by a gang of alleged holdup men in Washington square tonight and is in a critical condition. A pickpocket attempted to rob a man who was listening to the band concert in the square. Shea gave chase and caught the robber under the Washington arch. Here a crowd of 15 men, members of a gang, attacked the policeman. He was stabbed in the head, three ribs were fractured, and his body was marked with bruises. One man was arrested.

HEAVY FIGHTING NOW IN PROGRESS

Russian Army From Anping Has Debouched Upon the Liao Yang Plain.

SOLDIERS SING AS THEY MARCH

Fate of the Year's Campaign May Be Decided in the Next Forty-Eight Hours.

Hsiatun, (Eleven miles east of Liao Yang), Aug. 29.—The Russian army from Anping this afternoon debouched upon the Liao Yang plain, after fighting a rear guard action for nearly 10 miles from Anping, bringing its wounded and burying its dead on the way. Six guns are reported to have been lost, a number of Japanese were captured, showing signs of great fatigue and hardships.

The enormous army, most of which passed out on the Liao valley at 5 o'clock this afternoon seems to fill the entire plain from foothills to the ancient walls. The army was disposed in an orderly manner through the vast fields of Chinese corn, the soldiers singing as they went into camp, despite their unbroken series of reverses, while the baggage and transport trains caught in the muddy rivulets, attracted the fiery assistance of the Chinese. Nothing apparently affects the hardiness of the men in the ranks.

The line of wounded men which reached the great east gate this afternoon passed silently through the streets, as deserted as the isles of the catamounts. The litter bearers, with their solitary lanterns, presented an impressive spectacle. The Chinese, who today for the first time realized the imminence of a battle.

The above dispatch was filed this afternoon on the ground over which the decisive battle of this campaign of the war between Russia and Japan will apparently be fought in the immediate future.

Hsiatun, which, as indicated in the date line of the dispatch, as being 11 miles east of the Liao Yang, is a small town or village situated where the small river Liao empties into the larger Taitz river. The importance of the dispatch is in the fact that while it gives the situation at that part of the battlefield up to this evening, it also shows beyond any doubt that the Russian line of communication is not cut.

VERY ANXIOUS FOR NEWS.

St. Petersburg, Aug. 29.—Even late last night the greatest uncertainty prevailed regarding the actual situation at Liao Yang. There is intense anxiety for definite news from the front, but even the authorities are practically ignorant as to whether or not the long expected battle will be fought at Liao Yang or further north.

It is expected that a great battle is now proceeding and there are many indications that such is the case. It is so the fate of the year's campaign may be settled within 48 hours. At the same time opinion is almost equally divided, many believing that Gen. Kuropatkin will not make a determined stand and that the Japanese will crack the shell only to find that the bird has flown.

One of the Russian correspondents of the Associated Press says the fighting so far has been confined wholly to rear guard actions. The Russian force is now concentrated in a series of exceedingly strong positions around Liao Yang, but the whole withdrawal was in accordance with a prearranged plan.

It is certain that the armies are now in close touch. The Japanese are advancing in great force along both of the main converging on Liao Yang, but the crucial question, whether it is the main Russian army that is concentrated there to receive them, or merely a strong screen, has not been answered up to this time.

Much depends upon the weather. It is possible that the recent rains may have made Gen. Kuropatkin's withdrawal impossible even if he desired to withdraw, or that a further downpour will disarrange the plans of both sides; but the latest indications that the weather and the roads are improving should force a rise of the curtain within 24 hours.

RUSSIAN LOSS AT ANPING.

Harbin, Manchuria, Aug. 29.—The

Mrs. L. C. Glover, Vice-President Milwaukee, Wis., Business Woman's Association, is another one of the million women who have been restored to health by using Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I was married for several years and no children blessed my home. The doctor said I had a complication of female troubles and I could not have any children unless I could be cured. He tried to cure me, but after experimenting for several months, my husband became disgusted, and one night when we noticed the testimonial of a woman who had been cured of similar trouble through the use of Lydia E. Pinkham's Vegetable Compound, he went out and bought a bottle for me. I used your medicine for three and one-half months, improving steadily in health, and in twenty-two months a child came. I cannot fully express the joy and thankfulness that is in my heart. Our home is a different place now, and we have something to live for, and all the credit is due to Lydia E. Pinkham's Vegetable Compound. Yours very sincerely, Mrs. L. C. Glover, 614 Grove St., Milwaukee, Wis." Vice-President, Milwaukee Business Woman's Association.—\$5000 reward if anyone of above letter proving genuine cannot be produced.

TEA
There is better tea than you suspect; and yours is probably worse than you suspect.

Russian losses in the fighting of Aug. 28, west and south of Liao Yang, were 3,000 killed or wounded. The great majority of the casualties were suffered at Anping. The withdrawals of the Russians from their front at Anshanshan and from their eastern position was made simultaneously for strategic reasons.

AROUND LIAO YANG.

St. Petersburg, Aug. 29, 5:30 p. m.—The operations around Liao Yang have undergone a complete change. Owing to the delay in the concentration of Gen. Kuropatkin's army as a result of the terrible condition of the roads the Japanese seized the opportunity to attack the slow-moving corps and severe fighting occurred Aug. 27 and 28, in which the Russians lost another 1,000 men, and they now probably will have to accept a general engagement. Gen. Kuropatkin himself describes the latest phase of the hostilities in a long dispatch to the emperor from a point on the railroad a few miles south of Liao Yang, where practically the whole army was assembled and awaiting battle.

A MILITARY BRIDGE.

Germans Put One Across Elbe in A Few Days.

Berlin, Aug. 29.—Three regiments of military railroad builders in the last few days have constructed a strong, wide bridge over the Elbe, in the district near Wittenberg, capable of bearing heavy artillery and army transport. It was torn down today. The bridge cost \$500,000. Extraordinary precautions were taken to keep the country people from approaching near the bridge and to prevent photographs of it being taken. The structure, which was perfected by members of the general staff, was built in sections that can be put together quickly. If one or more sections are destroyed by fire or by fire others can be substituted. The bridge can be adapted to streams of varying width and depth. Gen. von Elsen, the war minister, inspected it Saturday and pronounced it admirable.

ALICE ROOSEVELT FAINTED.

She Just Avoided Being in a Serious Automobile Accident.

Newport, R. I., Aug. 29.—It was learned today that Miss Alice Roosevelt, daughter of President Roosevelt, who was driving her car with a dancing party at Col. and Mrs. William Jay's residence, at the corner of a road A. De Narve's chauffeur, running his machine at a rapid rate, suddenly appeared, and had not the Thompson's chauffeur stopped at once a serious accident would have occurred. The Thompson machine was brought to a standstill so quickly that the occupants were not thrown to the bottom in a heap. Miss Roosevelt fainted, but was soon revived. Michael Woods, De Narve's chauffeur, was arrested and sent to jail for five days for fast driving.

THE BALLOON RACERS.

Geo. Tomlinson Was in the Air Twenty-four Hours.

St. Louis, Aug. 29.—A telegram was received today saying that George Tomlinson of Syracuse, N. Y., contestant with Prof. Carl E. Myers of Frankfort, N. Y., in a balloon race in Washington, D. C., had landed near Wyoming, Ill., after having been in the air for 24 hours. Prof. Myers had landed near St. Charles, Mo., after having been in the air a little more than 20 hours. The contest will be continued until Nov. 1, when the cash prize of \$1,000 will be awarded. Tomlinson covered a distance of 200 miles, which may be beaten by another aeronaut.

A NEGRO MURDERED.

First Whipped by Three Men And Then Shot to Death.

Statenboro, Ga., Aug. 29.—Sebastian McBride, a negro man living near Port, in the upper part of Bulloch county, was taken out of his house Saturday night by a mob of five whites, who carried him to the woods, whipped severely and then shot, from the effects of which he died soon afterward.

Before death came, however, he related to the sheriff the manner in which he was handled, and told the names of three of his assailants. They, according to his statement, were Perry Barnes, Henry Barnes and Wesley Walters, all white men. The names of the others he did not seem to know. After his death Coroner Stanford held an inquest.

The verdict of the coroner's jury recommended that the persons named be taken into custody and the affair investigated, and the sheriff has gone to arrest the three men.

Weinsheimer Resigns.

New York, Aug. 29.—Philip Weinsheimer, resident of the Building Trades alliance, a union organization, who has twice been indicted for extortion, today resigned his leadership and William F. Nason, president of the Reliance Labor club of Marine Cutlers, was elected his successor.

Nason has been for a long time an active factor in the alliance, but he is regarded as one of the more conservative element. Twice recently he and John MacLester have headed committees which have gone to the employers' association in the hope of negotiating a settlement of the building lockout now in force here. Each time they failed because they insisted on a technical recognition of the alliance, a point the employers' association always refused to concede.

In his letter of resignation Weinsheimer said he realized that persistence on his part in retaining the office would not only jeopardize the present movement, but would be against the best interests of the organized labor. He expressed the feeling that he would be vindicated in the future.

Despite Weinsheimer's action, the employers made no headway today in the effort to break the tie-up.
