More Official Rascality.

BOSTON, 20.—This evening's *Herald*, referring to the labors of the naval investigating committee at the Kittery navy yard, says it can be stated on authority that the evidence taken before the committee fully sustains the charges against the institution, made by congressman Busby, of Maine, in the House, last year; the report will not be made for six weeks or two months. It is asserted that it implicates certain parties in very questionable transactions, and some astounding irregularities.

Exceptions Overruled.

The Judicial Court in full bench overruled the exceptions in the case of Thos. Piper, convicted of the murder of Mabel H. Young, in the belfry of Warren Avenue Church, and judgment is to be pronounced on the verdict.

Want Dana Confirmed.

A memorial has been signed by the presiding officers of both branches of the legislature, and by the members nearly unanimously, irrespective of party, asking the United States Senate to confirm the nomination of the Hon. R. H. Dana, jr., United States Minister to England.

More About Straw Bids.

WASHINGTON, 20.—Bradley Barlow, of the firm of Barlow & Sanderson, was again under examination by the House postal committee to-day. He testified that the firm had, in several instances last year, bought off lower bidders for mail contracts in order to obtain them at the firm's higher figures, but he denied that any money had ever been paid or loaned by him or his partners to any official in the post office department. He admitted in reply to questions that he had loaned considerable between Redding, Cala., and Roseburg, Oregon, and that he paid to Gov. Thompson, of Idaho, $15,000 for relinquishing his lower bid on the long route from Dallas, Oregon, to Kelton, Utah.

At the afternoon session of the House postal committee Barlow swore that he never made any improper suggestion to any Government official, and never asked or expected any man to whom he gave or loaned money to convey any such suggestion to a Government official. He had employed Mr. Earl to act as an attorney for him before the department during his absence from Washington; he admitted that the fact that Earl had formerly been the law partner of P. M. General Cresswell partly influenced him in making his selection of an attorney, on account of the latter's facility of access to Creswell, and his ability to obtain information affecting his interest; but he paid him less than $5,000 in all for his services. His employment commenced after he had ceased to hold the office of assistant Postmaster-General.

Continuation of Bristow's Statement.

There were involved in the case two interesting questions of law. The majority of the court gave judgment for $108,750. The Secretary believed then, and now believes, that the judgment was right. The case was argued by him in October, 1873, and judgment was rendered January 5, 1874. The case had been referred to the court of claims by the war department and the payment was made from the fund under the control of that department. The Secretary had nothing more to do with the case than to argue it before the court of claims. Groom paid him as his fee $10,870. The Secretary said that since the publication of the letter in the *Herald* he had procured the original papers on which the payment was made, which he read to the committee. One of the papers showed that Attorney General Williams informed the Secretary of War that no appeal would be taken from the judgment of the Court of Claims to the Supreme Court. The money was paid to John A. Thompson, Ben B. Groom and others. The Secretary repeated that he was engaged in the case only professionally, for which he received pay as already stated. What compensation Fuller received he did not know. The statement that the Secretary received half the claim was unqualifiedly false. Secretary Bristow, on cross-examination, repeated his statements. He did not regard the fee of ten per cent. as unusual; he had been told that the fee was not up to the usual maximum. In conclusion he intimated that he would be very glad if the committee could undertake to ascertain how such stories as that in the *Herald* obtained circulation. The chairman replied that they could not undertake such a work at this time, but they would be happy during this examination to have such information disclosed, and would be glad to have the Secretary's co-operation in this or any other such case.

Indian Appropriation Bill.

The House committee on appropriations, to-day, commenced the consideration of the Indian appropriation bill by sections. This bill, as prepared by Randall for the committee's action, is based upon the assumption that the proposed transfer of the Indian bureau from the Interior to the War Department will be enacted; it therefore makes no provision for Indian agents, superintendents, inspectors, &c., nor for any miscellaneous objects except such as are required by the express stipulations of treaties. All the usual appropriations for general and incidental expenses, &c., are therefore omitted. The amounts which, in the judgment of the committee, are needed for subsistence and clothing, and for transportation for the Indian service, will hereafter be provided for in the army appropriation bill, to be expended by the commissary and quarter-master's departments, under these heads. Randall believes that at least one and a half millions will be saved annually. The plan contemplates making a great saving in transportation by removing all the principal agencies to the vicinity of military posts.

Supreme Court Decision.

The U. S. Supreme Court, to-day, decided that the present county of Laramie, in Wyoming Territory, is responsible for the payment of the entire debt contracted by it previous to the segregation from it of two other counties; this case has excited much interest, for the reason that it is understood to involve the same question that is now in controversy between the States of Virginia and West Virginia, as to the liability of the former as now constituted for debts incurred by the old State when it comprised the whole of the territory that was subsequently divided between them.

More Retrenchment, &c.

The House committee on appropriations, to-day, by a vote of six to three, refused to grant an additional appropriation of half a million dollars to the Government Centennial Board.

The sub committee of the same committee on the P. O. appropriation bill propose an amendment to pay for the conveyance of mails on railroads according to the space occupied, and not according to the weight as at present; they also propose to base the pay of postmasters on a graded percentage of the receipts of their respective offices and box rents, by which a saving of $300,000 or $400,000 will be effected. The salary of the postmaster at New York would be $6,000, and the salaries of the postmasters at Boston, Philadelphia, Chicago, Cincinnati and San Francisco $4,000 per annum.

It having been charged that the confidential letter of the Attorney General to the District Attorney, pending the whiskey ring trials, met with the approval of the President, it is authoritatively denied that the President ever saw the letter until it appeared in print.

The bill to utilize the products of gold and silver mining in the U. S., introduced by Banks, provides that the Secretary of the Treasury shall establish in the great gold and silver mining districts additional depositories and refineries, and shall receive from the miners and owners gold and silver to be coined upon the certificate of a government assayer, and shall issue certificates of deposit therefor, payable to bearer, for such sums as depositors may desire; and when issued for more than $500 in one certificate, they may be made payable to order. Each certificate shall promise a return of the amount of gold and silver called for by the certificate, and shall be legal tender in all transactions. The Government is to be liable for the safe keeping of the gold and silver, and may become the owner thereof by obtaining a certificate through purchase or redemption. The secretary is also authorized to issue similar full value certificates for coin that is now or may hereafter be in the treasury, reserving coin for their redemption.

Looks Like Fraud.

The House committee on expenditures in the post office department, to-day, examined H. L. Johnson, chief of the lock and bag division. He testified that several years ago a contract was awarded to Mix & Co., to furnish locks, and that after they had employed ex-assistant P. M. General Earl as their attorney they secured an increase in the price, which amounted, during the term of their contract and its extension, to $30,000 additional expenditure by the government; he said the price was increased on the basis of certain changes and improvements.

Testimony About Sutlerships.

Fisher, partner with Evans, post trader at Fort Sill, testified, to-day, before the committee on expenditures in the War Department, that the firm paid C. P. Marsh at the rate of $12,000 a year for two years and a half, and $6,000 a year thereafter until April, 1875.

Jas. Tomlinson, brother-in-law of Belknap, testified that he was appointed post trader at Camp McDowell; his brother was his partner. They gave up the place because it yielded but little profit. He paid no money to any person, directly or indirectly, for the tradership.

Heavy Snow Storm.

LITTLE ROCK, 20.—A very heavy snow storm visited this city yesterday, the heaviest for years; snow is on the ground to the depth of nine inches. Business is suspended and trains delayed.

Drowned.

NEW YORK, 20.—By the sinking of the brigantine off Barnegat, on Saturday morning, the captain and his wife and the first mate were drowned.

Heavy Rains and Snow.

NEW ORLEANS, 20.—Telegrams report heavy rains or snows through the South yesterday, extending along the coast to Galveston, and reaching Shreveport, Jackson, Vicksburg and other points. Considerable damage has been done here and elsewhere.

Damage by Storm.

Dispatches from Shreveport, Vicksburg and Jackson report severe wind and rain storms on Sunday night, followed by a light snow. The storm was severe at all points on the gulf coast between New Orleans and Mobile. Many wharves and boat houses were destroyed, and shipping damaged. The loss at Bay St. Louis Pass, Christian, Mississippi City, Biloxi, Ocean Springs, and Pass Cogenta, will probably exceed $50,000. All the boat houses and wharves here except three were swept away last night by the storm and several schooners driven ashore; the damage is estimated at $10,000.

Peach Crop Destroyed.

RALEIGH, N. C., 20.—Snow prevails throughout the state; in Greensboro it is four inches deep, and in Hillsboro three inches, and the mercury at the latter place was twenty at midnight on Saturday. The peach crop is believed to be destroyed.

Stormy Weather—Loss by the Fire.

CHARLESTON, S. C., 20.—The weather has been stormy and unsettled all day. The estimated loss by the fire this a. m. does not exceed a quarter of a million dollars, the houses burned being chiefly small wooden dwellings. There is much suffering among the poor people deprived of their homes and effects; insurance $85,000.

FOREIGN.

GREAT BRITAIN.

Commenced Practising—Another Failure.

LONDON, 20.—The rival boat crews from Oxford and Cambridge universities have arranged and will begin practising on the Thames, between Putney and Mortlake, to-day; the weather is very cold.

Charles Keekule, a merchant at 34 Mark Lane, has failed, in consequence, it is reported, of operations on the stock exchange; his liabilities are heavy.

Armistice Concluded.

A telegram from Paris states that intelligence has been received that a twelve days' armistice between the Turks and Herzegovinian chiefs has been concluded, and was to commence yesterday.

Business in Parliament.

In the House of Lords, to-night, the Earl of Carnarvon, colonial secretary, announced that negotiations with France for the cession of Gambia to England were at an end, because the French Government objected to ceding full control of the seaboard, which England considered indispensable.

In the House of Commons the royal titles bill was passed in committee. Disraeli stated that it was certain the Queen would not assume the title of Empress in England under any circumstances. All the amendments offered were rejected.

SPAIN.

King and Troops Enter Madrid.

MADRID, 20.—King Alfonso and his victorious troops entered the city this morning amid the enthusiastic cheering of immense crowds, and shouts of "Long live the Pacificator King." Cheers were given for Generals Quesada, Campos, Rivera, and the army generally. Quesada and Campos were especially greeted with cries of "Long life to the defenders of liberty," and "down with the fueros." Crowns were thrown from the balconies and the people presented wreaths to the soldiers as they passed. A decree has been issued, establishing a relief fund for invalid and wounded soldiers, and for the families of those killed during the war. One year's services has been remitted for all men now in the army. The conscripts of '71 and '72 will pass into the reserve. It is believed that the army will be reduced by 100,000 men.

FRANCE.

The Budget, etc.

VERSAILLES, 20.—The various items of the budget for 1877 have been distributed among the senators and deputies. The revenue is estimated at 534,400,000 francs, and the expenditures at 533,400,000. No increase of taxes is proposed. The preamble of the budget says—"Our resources are not greater than our requirements; none of the receipts of the treasury can at present be spared. The Government will not avail itself of the power to borrow 8,000,000 francs from the Bank of France, on the contrary it will be able to refund 5,000,000 francs by anticipatory payments. The treasury will have completely repaid the Bank of France by 1879. This will set free 30,000,000 francs yearly. It will only be possible to propose a material reduction of taxes after this is accomplished."

The republican senators will introduce a motion to-morrow in favor of raising the state of siege; the Senate and Chamber of Deputies will then be able to discuss the raising of the state of siege simultaneously. The committee on the state of siege appointed by the Deputies is unanimously in favor of its abolition.

When Victor Hugo in the Senate and M. Raspail in the Chamber of Deputies introduce their motions, to-morrow, for a complete amnesty, the moderate republicans will at the same time propose an amnesty for political offenses only.
