IMPORTANT TO THE TRAVELING PUBLIC.

It is the duty of all persons here starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more roads leading to the same point, to decide which is the safest and pleasantest to travel.

We take pleasure in stating, that the CHICAGO & NORTH-WESTERN RAILWAY is the oldest, and several miles the shortest, route between Omaha and Chicago. Within the past two years the road bed has been put in admirable condition, and almost the entire line has been re-laid with steel rails.

The Depot in Chicago is centrally located, and as their trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making Eastern connections.

These connections are made at Chicago with the Lake Shore & Michigan Southern, Michigan Central, Baltimore & Ohio, Pittsburgh, Fort Wayne & Chicago, Kankakee Line and Pan Handle routes, for all points EAST and SOUTH-EAST.

If you are going to Chicago, or East, you should, by all means, purchase your tickets the Old Pioneer Route.

The Chicago and North-Western. You will find on all through trains Pullman Sleepers, new and magnificent Day Coaches, and the best Smoking and Second Class Cars now on any road in the United States.

Particular information with maps, time tables, etc., may be had at any of the Through Ticket Offices in the West, or upon personal

or written application to J. W. Travis, Ticket Agent, Salt Lake City, A. H. East, Ticket Agent at Ogden, or to J. H. Mountain, Western Traveling Agent, Omaha, Neb., or to W. H. Bennett, General Passenger Agent, Chicago. d54

## EVENING NEWS.

Saturday, August 28, 1875.

Local and Other Matters.

Thermometer 74 degrees F in the shade at 4 p.m. to-day. Fine.

Religious Services.—Meetings at the Tabernacle to-morrow at two o'clock, and in the evening at the various Ward meeting-houses.

Expected.—John T. Caine, Esq., editor of the St. Louis Herald, is expected to arrive in this city to-morrow, on his return from his trip to Europe.

Frost.—There was quite a sharp nip of frost last night, which somewhat affected the potato vines and some other tender vegetation in the lower wards, but did no serious damage.

Cache Valley Excursion.—We have received a complimentary to accompany the Cache Valley excursion, which leaves this city Sept. 7th. Being the last of the season it is probable that many citizens of Salt Lake and vicinity will take a run up to what has been sometimes denominated the "granary of Utah," fruitful Cache.

Snake.—This morning Brother Thomas E. Jeremy, of the 10th Ward, who has a reputation for raising superior vegetables, brought to this office a couple of "snake" cucumbers, which measured each about five feet three inches in length. They are well named, resembling a snake so remarkably that a person with a natural repugnance to that class of reptile is apt to shrink from the curiously coiled vegetable at first sight.

A Desperate Character.—In a mining camp near Rawlins, Wyoming, there is a desperate named Sam Montgomery, who has been making himself intensely obnoxious to the people thereabout, who are exceedingly anxious to get rid of him, as best they may. The same rough flourisher for some time not long since in Bingham, where he had a very bad reputation, and made a disreputable record.

Theatre.—The audience was large last evening to see and hear the opera of "The Bohemian Girl." It was condensed a little in places, but was long enough for us, as too lengthy and too late evening performances are not healthy, mentally or physically, to people who have to labor regularly in the day time.

Mrs. Roswald, Mrs. Seguin, and Messrs. Carleton, Peakes, and Castle elicited considerable applause and a number of enthusiastic encores were given.

This evening Wallace's delightful opera of "Maritana" will be presented, with the following cast of talented artists—"Maritana," Miss Annie Beaumont; "Lazzerello," Mrs. Seguin; "Marchioness," Mrs. White; "Don Cesar de Bazan," Mr. Castle; "Don Jose," Mr. Carleton; "King of Spain," Mr. Carleton; "Marquis," Mr. Seguin; "Captains of the Guard," Mr. Marston.

The counterpart of "Maritana" will be remembered by the public as the popular comedy of "Don Cesar de Bazan."

This will be the last night of the appearance of this English opera company, and those who wish to see them should not fail to attend.

Departures from England.—Elder John T. Caine, editor of the Salt Lake Herald, and S. J. Sudbury, sailed from this port on Wednesday, 28th ult., on board the S.S. Wisconsin, Guion Line, bound for New York. Elder Caine arrived at Liverpool, from America, on the 25th of May last, having come from his home in Salt Lake City to Europe to recuperate and visit his friends, his health having been poor for some time past through the performance of arduous editorial duties. He has visited his relatives and friends on the Isle of Man, also sailed to London and Paris. His health, we are happy to say, is much improved. He has enjoyed himself very much in his brief visit.

Elder Sudbury came to England, having landed at Liverpool on the 18th of May last, to visit relatives and friends in different parts of this country. He has done so, and enjoyed himself at the company.

On Thursday, the 29th ult., Elders John H. Smith, William Stimpson and Walter Ball, a relative of the latter, sailed from this port on board the S.S. City of Chester, Inman Line, bound for New York.

Elder Smith arrived at Liverpool from Salt Lake City on a mission to the British Isles on July 26, 1874. He was appointed to labor in the Birmingham Conference, under the Presidency of R. V. Morris, where he has been up to the day of his departure, with much satisfaction to himself, and to the edification of the Saints. He has been released to return home through receiving a telegram at 12:30 a.m., at this office, from his father, on the day he sailed, calling him home immediately.

Elder Stimpson arrived here on the same date as Elder Caine. He came from Utah to visit relatives and friends in Nottinghamshire. He has enjoyed himself very well in his visit, and has been very kindly received and hospitably entertained.—Millennial Star, Aug. 18.

Infidelity.—The infelicitous condition of a married couple who run a city hotel was shown up in Justice Pyper's court to-day, the husband being there on a charge preferred by the wife of assaulting and beating her. The quarrel all grew out of a dirty shirt and a plate of grapes. The waiter boy was the wearer of the unwashed undergarment, and the woman objected to his attending to the

guests until his sanitary condition had been improved, but the husband took the part of the unwashed waiter, the woman discharged him and the man hired him back directly. That storm subsided, but another cause of disturbance arose in one of the guests presenting the mistress with a plate of grapes, arousing the "green-eyed monster" in the husband to such an alarming extent that he grasped his better half by the throat, endeavoring to end the drama by a strangulation tableau. The lady, however, was tough-necked and long-winded and escaped, but Justice Pyper assessed a fine of \$25 on the assaulting party.

The Stumpage Question.—The question of stumpage on timber cut from government lands still continues to be agitated by U. S. officials. Yesterday a deputy U. S. marshal arrested six choppers in Big Cottonwood Canyon and brought them to town. They were taken before U. S. Commissioner Sprague and placed under bonds of \$1,200 each, to await the action of the grand jury of the Third Judicial District. A few days previously eight other workmen were arrested in the same canyon, employed by Mr. Archibald Livingstone. They were placed under bonds of \$1,000 each to await the action of the grand jury. It would appear that the only thing the U. S. officers are likely to accomplish in making the arrest of the last named batch will be the piling upon the government of a large amount of unnecessary expense, from which they probably expect to reap some pecuniary benefit. Hon. D. H. Wells, who owns the mill operated by Mr. Livingstone, having, we understand, filed a satisfactory bond in court, with the understanding that the business of the mill proceed uninterrupted pending the final adjudication of the matter in the courts, he being merely required, by the agreement, to make quarterly report of the amount of timber cut, etc., the first report not being due until the 22nd of next month.

The deputy who made the arrests was, we are informed, more armed with an order of U. S. Marshal Maxwell, to arrest any parties found cutting timber from the public lands, but devoid of authority or process of any court. He is a "son of Erin," and when he brought the eight men to town somebody inquired, "What have you arrested those men for?" He replied, in a rich Irish accent—

"Bekase they're been cutting timber that belongs to the government. Wese don't want them logs cut up into lumber. We want to kape them for the miners."

More Scare.—The latest sensation in the scare line is an attempt to get up an Indian scare at Beaver and to have more troops sent there. Send the troops, it will cause an increase in the circulation of greenbacks.

Our Country Contemporaries.

Ogden Junction, Aug. 27.—From the Evanston Age we learn that Hamilton, who shot Watson at Green River, was taken by Sheriff McPherson from the infatuated miners, who had threatened to hang him to a telegraph pole, and was lodged in jail. Watson was shot while attempting to part Hamilton and a man with whom the latter was quarrelling. He is not expected to recover.

Ogden Freeman, August 27.—Mrs. Eggleston, who has been staying with Mr. Clement's family during the small-pox visitation, returned last night to her home and friends. Mrs. Eggleston has done a noble work. This ends the small-pox.

The R. R. Co. has put Chinese into the last coal mine at Evanston, which employed whites. And they talk strongly of substituting Chinese for the terrestrials at Rock Springs. The whites at the latter place have, however, resumed work, and ended the late strike.

Utah County Times, Aug. 26.—Black bears are reported to have been seen in Provo Canyon, and it is said they are preying on the stock in the mountains. Now is the time to get up a bear hunt.
