Local and Other Matters

FROM TUESDAY'S DAILY, JAN. 20.

The Codling.—The good, but afflicted folks of American Fork have petitioned the Legislature to pass a law compelling a uniformity of method for the destruction of the codling moth throughout the Territory.—*Enquirer.*

The Industrious, but sadly unappreciated codling, will, no doubt, view with gratitude, the measures on foot to provide them all with the same kind of a death. They should publish a card of thanks.

They Protest.—The project to divide the two counties of Sanpete and Sevier, in order to form a new one, to be called Castle County, has awakened objection in the minds of some of the good people of Sanpete. A petition signed by 27 residents of Castle Valley, remonstrating against the proposed division, was presented to the Legislature, this afternoon, and referred to the proper committee for their consideration.

West Jordan Items.—A correspondent at West Jordan, writes under date of the 17th inst:

Editors Deseret News:

"A meeting in the interest of the 'Big' Canal was held here today, Judge E. Smith and Gen. J. W. Fox, of your city, were present. Contracts were let to quite a number, and arrangements entered into to furnish supplies to prosecute the labor. It is the intention to push the work, and we indulge in the hope that the water will be flowing through the ditch, this present season, to the joy of all concerned.

The Ward house is undergoing repairs and will soon be re-opened to the public. When renovated it will be second to none in the Stake. The hall adjacent to the Ward house, has just been completed with fine taste, which makes a very good house for general purposes.

Our woolen mills are still in operation, and it is the intention of the management to keep the machinery running through the winter.

Aylett Bros. had the misfortune to lose some 30 head of sheep this week. Cause, dogs.

The Old Telegraph works are still turning out lots of bullion and will start up two more stacks next week. The B. C. and F. C. R. R. Co. have experienced considerable difficulty in making regular connections, on account of snow; however, they are now running on time. This road is doing a nice business.

This district has been divided into two equal divisions, and trustees will be elected in each this week. It is to be hoped we shall have better schools in the future; the past has been a failure.

FROM WEDNESDAY'S DAILY, JAN. 21.

Settled.—The question about which so much has been said, since the "laying upon the table" of the women's bill, in the Legislative Assembly, viz: The meaning and effect of a motion for such a disposition of any measure, has been settled at last, so far as the House is concerned. The matter was discussed yesterday afternoon, and the Speaker decided that the effect of a motion to lay a bill upon the table, was to kill said bill, practically. It was then moved and carried that hereafter, in the House of Representatives, to "lie upon the table," be un-

derstood simply to mean, remain there during the will of the House. It was also decided that those measures heretofore laid upon the table be included in the effect of this motion.

Supreme Court.—Proceedings in the Supreme Court of the Territory of Utah, Tuesday, January 20, 1880, Chief Justice Hunter and Associate Justices Emerson and Boreman, presiding:

Lucien Livingston, et al.; respondent, vs. Adolph Jansen, administrator, impleaded with others, appellant; argued, submitted and taken under advisement.

The Free Silver Mining Company of Utah, a corporation, plaintiff and respondents, vs. Anthony Godbe et al.; defendants and appellants; argued, submitted and taken under advisement.

Proceedings on Wednesday, January 21st, 1880:

People of the Territory of Utah, respondents, vs. Peter Clausen, appellant; cause argued by Messrs. Woods and Lomax for appellant, and by Mr. Van Zile for respondents. Submitted and taken under advisement.

People, etc., respondents, vs. Frank Butler, appellant; cause argued by F. Tilford, Esq., for appellant, and by J. H. Beatty, Esq., for respondents. Submitted and taken under advisement by the court.

People, etc., respondents, vs. M. T. Sensebaugh, appellant; arguments in progress.

Our New Governor.—The question "Who is he?" having been partially answered by the nomination of General Eli A. Murray, of Kentucky, the query "What is he?" is next in order. Judge Williams, of Ogden, formerly a resident of the State from whence Mr. Murray hails, thus describes the personal appearance and characteristics of the gentleman, who will very likely be the next Governor of this Territory:

Gen. Murray is now less than 40 years old, is a man of good personal appearance, and something over six feet high; is a man of ability, and of noble moral elements, with great firmness of purpose and personal courage.

He entered the Union army at the first outbreak of the late Rebellion, when but a youth, and by his gallant conduct and noble bearing won a brigadier generalship before the close of the war, being the youngest officer of that rank in the army. After the war he was appointed United States Marshal of Kentucky, which position he held for six years or more, and discharged its duties to the satisfaction of the people. Since then he has practiced law in Louisville, Ky.

His past history is a guaranty that he will see the laws faithfully executed to all parties in the true spirit of their enactment, but will not see them prostituted to unholy purposes for any one.

FROM THURSDAY'S DAILY, JAN. 22.

Supreme Court.—Yesterday afternoon, the case of the People, etc., vs. M. T. Sensebaugh, at the conclusion of the arguments, was submitted and taken under advisement.

There was no business transacted today. The Court convened pursuant to adjournment, but Judge Boreman being ill, it adjourned over until to-morrow.

To Presidents of Stakes.—It is the intention of this office to publish, for the public benefit, as soon as possible, a revised list of the authorities of every Stake of Zion. All that is needed, is to communicate with the Presidents of the Stakes, in order to ascertain the changes that have been made since the last list was published. The Presidents who are now in this city, will confer a favor by calling at the office of Bishop Edward Hunter, immediately, and furnish him with the required information regarding their respective Stakes.

Utah Southern Extension.—The grading on the Utah Southern extension is completed to 50 miles beyond Deseret, the present terminus, which leaves but ten miles more of grading to be done this

side of the proposed end of the road. Orders have been received from the east to push the work forward and complete the 60 miles of grading and tracklaying within 60 days. Iron is to be shipped immediately for the completion of the track to that point. Superintendent Sharp and other dignitaries went down the road Tuesday morning and returned last night.
