

vidends. Other Utah association subscribed for

Major G. F. Bucner, forest supervisor, by request, addressed the meeting on the forest reserve question. He said that the association won because it made such a strong fight. He con-plimented the sheepmen on thoroughly complying with the regulations, par-ticularly in the reatter of camp fires. He said there was not one-tenth the area burned this year that was burned last year. He and an inspector from naton recently went over the reserve and the latter expressed himself as being well pleased with the condition of the reserve and will likely mak a report recommending the admitting of sheep next year. Maj. Bucher stat him and that was that he was only permitted to admit 200,000 sheep onto the reserve and in all probability applications for 300,000 or more will be made. He expressed the hope that the members of the association would help

him through the d'fliculty. At the conclusion of Maj. Bucher's remarks, President Smith arose and stated that the association was deeply indebted to Maj. Bucher for the very fair way in which he had treated the

The election of officers was then held and Jesse M. Smith was again made president in the face of a protest from him. He pleaded that he had not the time to devote to the office that its duties required. Henry Harker intro-duced a resolution, which was prompt-ly adopted, providing for the reim-burging of President Smith and also giving him a monthly concentration. giving him a monthly compensation. Mesers, J. H. Moyle, E. P. Ellison and E. J. Kearns were made the executive committee, and after President Smith had expressed his appreciation of the honor shown him the meeting

WESTERN STOCK MARKET.

Special Correspondence.

Kansas City Stock Yards, Oct. 3 .-Cattle and hog receipts for September were 231,578 head and 170,557 head, respectively, and showed losses as compared with September last year of 8,000 cattle and 2,000 bogs. This shortage was anticipated, as large numbers of hogs and cattle were prematurely mar-keted during the dry summer months. The sheep supply during the month of September was very heavy at all points and at the Chicago market cutded all and at the Chicago market outdid all previous records for receipts during any one month. At the local market, receipts amounted to \$1,217 head, or 21, 000 more than during September last year, but fell far short of the one month's record which was in April, 1897,

when 155,525 head were received. During the past week all classes of live stock have broken somewhat. Corn fed cattle were in better supply and. after Monday, showed some weakness which resulted in a 15c to 20c decline by the close of Thursday's trading. Grass beeves continued slow all week. Cows and helfers, while well represented, were in active demand and there is no quotable change in prices as compared with a week ago. Some choice cows sold to packers up to \$4.25 and only lack of quality prevented dry lot beilers from realizing the \$5.00 to 6.69 price of the week before. export and dressed beef steers sold up to \$5.25 as late as Thursday but the range of prices shound range of prices showed a lower basis as compared with the week before and ass steers sold largely at \$3.25 to

During the month of September there were 72.8% cattle shipped to the coun-try, against \$9,875 during September, 1990. This shows quite a shrinkage for one month, but when the fact is taken into consideration that many outside Into consideration that many outside points that usually patronize the fall market here were filled up during the low price period of July and August and that there is more or less shortage of feed as a result of the dry summer, the stocker and feeder purchases have been heavier than could well be ex-pected. Heavy feeders lost none of their prestige during the past week and leration that many outsid

PERSONALS.

One of the very interesting characters who has been attending the late conference is J. J. Walser of Juarez, Mexico. He is director of music of the Juarez Stake and his ability in the musical line is not on a mean order by a long ways. Mr. Walser was Prof. Me-Ciellon's first musical instructor and it e due to him that that talented young man chose a musical carger,

HE TOOK IT FOR A PICNIC.

A young Cleveland woman, who teaches a Sunday school class, told her small flock several Sundays ago about the long journey of the children of Is rnel on their way to the promised land. She described the march of the column through the wildernees and told how the priests walked behind the vanguard

earing their sacred burdens. Last Sunday she thought she would iscover how much of this lesson the ittle fellows remembered. To her charin the first boy she asked remembered

othing about it. "Come now," she said, "some of you surely remember what the priests carried when they marched through the vilderness. But no one remembered until she

"Now, Hally," she said, "you know what they carried, don't you?"

Hally nodded. "They carried the lunch," he said, with a look of triumph at his stupid assmates .-- Cleveland Plain Dealer.

Aching Joints

In the fingers, toes, arms, and other parts of the body, are joints that are inflamed and swollen by rheumatism-that acid condition of the blood which affects the muscles also. Sufferers dread to move, es-

pecially after sitting or lying long, and their condition is commonly worse in wet weather.

" It has been a long time since we have been without Hood's Sarsaparilla. My father thinks he could not be without it. He has been troubled with rheumatism since he was a boy, and Hood's Sarsaparilla is the only medicine he can take that will enable bim to take his place in the field." MISS ADA DOTY, Sidney, Iowa.

"Rheumatism affected my right knee so I could hardly walk and I suffered four years. Medicines did not give relief and the disease grew worse and penetrated all through my body. I got a bottle of Hood's Saraaparilla and it did me so much good I got two more. When I had taken them I was cured and can now do my work with satisfaction." WM. A. CARL, Edgewood, Md.
